Note No. #5

The Request for Expression of Interest (EOI **"Assessment of Liveability in Selected Cites"** was invited from eligible consultants. on 9th May, 2017 publishing in leading newspapers and uploading the same on e-procurement website with the last date of receipt of EOI as 30th May 2017. EOIs were opened on 31st May, 2017 and 17 bids were received.

2. The procurement committee meeting was held on 2nd June, 2017 for shortlisting of the firms. The EOIs were evaluated by the PMU of CBUD Team and reviewed by the procurement committee. it has been found that only 3 firms could only qualify as per evaluation criteria. As per World Bank procurement norms at least six firms need to be shortlisted. Besides as per procurement norms of World Bank any procurement above US$ one million needs prior review of the World Bank. The same was recommended by the Procurement Committee. After getting the approval form the competent authority, the matter was referred to the World Bank for their consideration on 2nd June 2017.

3. The World Bank vide email dated 7th June, 2016 (PUC3)has observed that

"only 3 firms have been shortlisted for the Liveability Index assessment although a lot many had submitted EOI. You may revisit the eligibility criteria and re-issue the EOI after formal/informal market assessment. Kindly give at least 14 days time for submission of EOI. The process must be done through STEP so that REOI is published on UNDB. You may also make efforts for increasing competition and to get a shortlist of 6 qualified firms"

4. **The matter was placed before the procurement committee in its 2nd meeting held on 7th June, 2017. The procurement committee has recommended that the bids may be re invited and programme division may also consider revising the eligibility criteria to have better competition as advised by the World Bank.(PUC1)**

5. In view of the advice of the World Bank, and recommendations of the Procurement Committee, eligibility criteria has been revised. The earlier eligibility criteria and revised criteria is given below:

The difference between sl. no.5&6 of revised EoI is not clear. Any agency that undertakes"Survey and field research" for an assignment will also do "Analysis and assessment of data" for the same assignment. Since the two activities are very similar and interlinked, this will create difficulty at the time of selection of firms.

Notes on pre pages may kindly be seen. the Smart city Division is preparing a Liveability Index of cities based on 79 parameters.

For carrying out the assessment of cities, an EoI was floated and three Consultants were shortlisted. Since as per World bank criteria, the minimum no. of shortlisted firms is 6, the selection criteria was modified and the revised EoI has been submitted for approval of IFD. This appears to be in order and may be concurred.

Reference observations of JS&FA:

The matter has been re-examined and it has been decided that the role of NIUA will be restricted for help in rolling out of the assignment and co-ordination with the selected agency in assessment of the liveability index of cities.

The REOI will be issued by the Smart Cities-III Division, MoUD through CBUD Project funded by the World Bank. The shortlisting/ evaluation of applications for REOI will be done by the Procurement Committee constituted for the CBUD Project with the approval of the Project Director,CBUD/ Mission Director for Smart Cities as is being done in other assignments. After this, the RFP will be issued to the shortlisted Agencies. The Payment will also be made directly to the selected agency by the MoUD under CBUD project for which provisions have already made in the Procurement Plan. **Accordingly**, **REOI has been amended** (**PUC1**)

If considered, **the file may be sent to IFD for their concurrence**, please.

Integrated Finance Division

This is a proposal for concurrence of revised EoI for shortlisting the consultants for "“Assessment of Liveability in Selected Cites”. This is to be funded under CBUD scheme. Initially, it was decided that the work including payment for the consultancy will be made through NIUA.

Now, the Programme Div. has decided that the procurement will be done by the Ministry itself in consultation with the World Bank and the Payment will also be made directly to the selected agency by the MoUD itself. The role of NIUA will be limited to rolling out the assignment and co-ordinating with the selected agency in assessment of the liveability index of cities.

Accordingly, they have amended the REoI. The draft REoI had already been examined and the present one is only amended version which occurred due to change from NIUA to MoUD only.

We may, therefore, concur to the revised REoI please.

Applications were invited from the eligible consulting firms through the Request for Expression of Interest (REOI) **(PUC1)** of Assessment of Liveability in selected Indian Cities was published on 15th June 2017 on www. eprocure.gov.in with the last date of 29th June 2017. The REOI was also published on www.moud.gov.in and in leading English and Hindi daily Newspapers viz. Hindustan Times, Hindu and Hindustan. The applications were to be submitted online through www.eprocure.gov.in only. Accordingly, a total of 21 applications were received by the last date of submission of applications viz. 29th June 2017, and the bids were opened at 15.00 hrs on 30th June 2017. As per the World Bank guidelines, the RFP has to be issued 6 highest scoring/shortlisted firms.

2. In this regard, a meeting of the procurement committee was held on 05th July 2017 to discuss these proposals. Based on the criteria given in REOI, the evaluation of 21 Applications was done by PMU for Capacity Building for Urban Development (CBUD) and reviewed by the Procurement Committee of CBUD Project on the above mentioned date. The detailed Evaluation Sheet is attached as Annexure **(PUC2)**.

3. The Procurement Committee has recommended the shortlisting of the following 6 consulting firms, who have secured more than 75 marks, for issuing the Request for Proposal (RFP). It has also been recommended that the list of shortlisted firms along with their applications, and the evaluation sheet for all 21 participating firms may be sent to World Bank for their concurrence/review.

The REOI for 'Selection of Consultant for Assessment of Liveability in 116 cities" was re-issued on 15th June, 2017 on the Ministry's e-procurement website and was given wide publicity by additionally uploading it on website of MoUD and Smart Cities. It was also published in leading National daily newspapers i.e. Hindustan Times, Hindu and Hindustan.

2. A total of 21 EOIs were received in response. These were evaluated by the Procurement Committee of CBUD and 6 firms were shortlisted as per the prescribed eligibility criteria. Since the present case falls under prior review category, the list of shortlisted firms along with relevant documents was forwarded to the World Bank for their approval.**(PUC1)**

3. In response, the World Bank has noted that the REOI was not uploaded on the "STEP" platform of the Bank and that the same is a mandatory requirement. It is clarified that though REOI was uploaded on the STEP and it was included in the procurement plan but due to certain technical issues it could not be uploaded on the UNDP procurement portal. Every effort had been made to ensure wide circulation and international participation (the e-procurement website is itself a global website). However, given the mandatory nature of the procedure, the World Bank has advised that the REOI be issued afresh (**PUC2**) , so that compliance with all procedural modalities required at the Bank's end may be met.

4. Keeping in view of above, the Procurement Committee of CBUD has

recommended that the REOI may be considered for fresh issuance on the same terms and conditions as before, giving the minimum period of 14 days as required under the World Bank guidelines. Minutes may be seen at **PUC3.**

2. The advertisement was also sent on 8th Septemebr 2017 to DAVP for the publication in two national dailies (Hindi and English) for wide publicity.

3. But, after lapse of one week, no response was given by the DAVP even after repetitive attempts. So, the official from CBUD Division) visited the O/o DAVP on 15 thSeptember 2017 and met to the concerned person Mr. Nitesh Jha, Deputy Director. He informed that for placing of advertisement 100% amount of estimate is required as specified in the Ministry of I & B's order dated 15 th February 2017 (copy enclosed) . He also suggested that the release order of the advertisement shall be issued only upon receipt of letter of acceptance / sanction letter from the Ministry.

4. In view of the above, the O/o DAVP has sent an email on 15 th September 2017 for the **estimation (Copy attached)** in r/o the publication and requested to send the sanction letter for publication the same. The total cost for the publication is **Rs.2,06,870/-.**

5. In this connection, it is also mentioned here that estimation incurred against advertisement done in the last financial year (FY 2016-17) has not been sent to the Ministry by the O/o DAVP after asking for sending the same at several times through telephonic conversation and visting the DAVP office. So, if the outstanding estimate cost received, the same may also be reimbursed.

6. In this context, it may be informed that there is no fund is available under the advertising head of CBUD. Since this is the proposal related to Smart City, so, if agreed, we may use the fund from the advertising head of Smart Cities Mission where sufficient fund is available.

Reference notes above:

An email was sent to the World Bank for their concurrence/comments and thereafter the RFP and the Standard form of Contract concurred by IFD, MoHUA was also provided through STEP of the World Bank.

The World Bank have informed that they have reviewed the shortlist evaluation report for the above-mentioned consulting services, submitted to the Bank on 2017/10/30. Based on the information provided, the Bank has no objection to the qualified consultants being included in the shortlist. However, they have observed that there are 2 firms from outside India, in the longlist. As per Bank's Consultant's guidelines, para 2.6 : "Short lists shall comprise six firms with a wide geographic spread, with no more than two firms from any one country unless there are no other qualified firms identified to meet this requirement". In view of above, MoUD is advised to include the 2 foreign firms along with the 6 shortlisted firms, provided the 2 foreign firms are qualified, irrespective of the marks given.

To this effect, we have written to the World Bank that MoHUA have already provided six shortlisted firms which were recommended by the Procurement Committee of CBUD and approved by the Project Director, CBUD, Ministry of Housing and Urban Affairs.

No other firms {(including foreign firms) among 28 applications} have been qualified for shortlisting.

Since only 6 firms have qualified, we may issue RFP only to the qualified firms only.

Note No. #76

As per the directions of JS(NULM-CBUD), an-email was sent to the World Bank on 15th November 2017 stating that the REOI was issued with approval of the World Bank and minimum of 75 marks were fixed for qualification of firm as per the criteria for evaluation of applications. Based on the Evaluation Criteria, only six firms have been qualified, all of which are registered/incorporated in India. Further, out of 28 responses, only one firm i.e. Ecorys Netherlands BV is registered out of India and could obtain only 65 marks and could not qualify as per evaluation criteria.

In view of the above, we have requested an urgent response from the World Bank through STEP on issuing RFP to the six shortlisted firms.

In response to this, the World Bank vide their e-mail dated 21st November 2017 have stated that based on MoHUA's recommendation that the foreign firm from the Netherlands is not qualified for the assignment, they are fine with the Shortlist.

The World Bank have also requested to incorporate some comments (detailed below with the remarks) and resend the RFP for Bank's review and no objection as MOUD like to follow e-procurement and the RFP will need to be modified to suit the same.

Note No. #110

Please refer to my notes dated 22nd and 27th November 2017:

As per the request made by the World Bank, the following minor changes have been carried out in the RFP and the Standard Form of Contract. This was necessitated as the Ministry followed e-procurement and the RFP was modified to suit the same.

Incorporation of the following Bank comments :	Remarks.
(1) In ITB, Clause no. 17, 23, 24 & 25; the serial number of respective sub-clauses needs to be corrected.	Done
(2) Data Sheet, Cl. 13.1 - Since minimum 28 days time should be given for proposal submission, the pre-proposal conference should be scheduled mid-way, i.e. after 14 days from issuance of RFP.	Done accordingly
(3) Data Sheet, Cl. 13.2 – The process for submitting proposal modification in the online system, before due date is not indicated. The same may please be specified or reference to any procedure available on the portal may be indicated.	Inserted
(4) Data Sheet, Cl. 17.4 and 19.1 - At least 28 days' time should be allowed for proposal submission.	Done
(5) Delete "Foreword" from Section-8 "Conditions of Contract and Contract Forms".	Deleted
(6) The RFP contains both - Time-Based and Lumpsum contract forms. As confirmed through email, please delete the Time-based contract forms including corresponding GCC & SCC. Retain only the Lumpsum contract Forms along with corresponding GCC & SCC.	Deleted Time based
(7)SCC Cl. 11.1 - Nothing is specified. Please delete the instructions and insert relevant option whether "N/A" or the effectiveness conditions.	Inserted
(8) SCC 12.1 - Nothing is indicated. Please insert time period for effectiveness of contract termination. Generally as a standard practice, one month from show-cause notice is stipulated.	Inserted
(9) SCC 13.1 - Noting is specified. Please insert number of days for commencement of services.	Done
(10) SCC 14.1 - Nothing is mentioned. Please insert the time period.	Done
(11) SCC 23.1 : Please insert relevant option	Done
(12) SCC 24.1 : Please indicate the professional liability insurance coverage amount, third party motor vehicle liability insurance coverage, third party liability insurance coverage amount. Delete the instruction in brackets at the top of the clause.	Indicated
(13) SCC 27.1 : either delete this clause from SCC or insert any applicable exceptions	Done
(14) SCC 27.2 : Insert relevant option	Done

(15) SCC 32.1 (a) through (e) : and 32.1 (f) Either delete these clauses from SCC or insert relevant changes/additions.	Done
(16) SCC 39.1 & 39.2 : insert relevant option.	Done
(17) SCC 41.2.1 : Either insert advance percentage which typically should not exceed 10% or if not applicable then delete the clause from SCC.	Done
(18) SCC 42.1 - Indicate the interest rate for delay in payments. For payments in local currency it should be equivalent to the rate of inflation (Please indicate in percentage).	Done
For payments in foreign currency, it should be LIBOR + 2%.	Done
(19) SCC 45.1 Delete the instructions in brackets.	Done
(20) SCC 45.1 (2) : At the end of the para please mention that for any dispute between a domestic Consultant, the proceedings, shall be in accordance with Indian Arbitration Act 1996.	Done
(21) SCC Clause 45.1 5 (a) Please replace with the following : "The proceedings shall, unless otherwise agreed by the Parties, be held in a neutral venue or mutually agreed venue.	Done

There is no major change in the RFP and the Standard Form of Contract due to the fact that the Ministry did not agree for the change in the Evaluation Criteria, which was concurred by the IFD, MoHUA.

We may send the file to IFD, for vetting of the Draft Contract, please.

Reference Notes on pre-pages:

With the approval of the Project Director, CBUD, the draft contract of **Liveability** was submitted to the World Bank through STEP.

The World Bank have given their No-objection for the the combined technical and financial evaluation report and the draft negotiated contract subject to the clearance on The Economist Group (The World Bank's database research on debarred firms has shown that "The Economic Consulting Group, UK" has been permanently debarred. In this regard, the Ministry and the World Bank would like a confirmation from the M/S IPSOS Research Private Limited and the consortium partners that "The Economist Group Limited, UK" is a separate entity/firm from "The Economic Consulting Group, UK") **and they have also requested to send the signed contract to the Bank prior to requesting or making any payments under this contract.**

It may be submitted that M/s IPSOS Research India Private Limited has clarified that The Economist Intelligence Unit (EIU) is a business within The Economist Group. It is a highly reputed organization and working with many esteemed organizations in the world. More information about the organization can be accessed at www.eiu.com. The attached affidavit also confirms that they are not blacklisted anywhere. They also informed that they re not aware of organizations named Economic Consulting Group, UK or Economic Consultancy Associates, UK. These appear to be different organizations and not connected to EIU.(copy attached)

Meanwhile, the IFD, MoHUA has concurred the draft contract (refer p. 42-46/N) subject to following minor corrections:
(i) in 4th line of Part I, word 'with' may be added after 'consortium'.
(ii) in the 1st line of Part I (c), word 'or ' has to be deleted.
(iii) Para 41.2.4 continued in 41.2.3. This may be segregated.

Ref. Program Div's notes on pg 51-54/N.:

This is regarding payment of Rs.2,18,85,640/-(excl. GST) to M/s. IPSOS Research Private Limited (India) for submission of first deliverable i.e. inception report w.r.t. consultancy work for providing assessment of liveability indices in 116 cities. The work has been awarded to M/s. IPSOS Research Private Limited (india) in consortium with M/s Athena Infonomics India Pvt. Ltd and Economist Group Ltd (UK) for Rs.10,94,28,200/- plus taxes.

2. The Inception Report submitted by the consultant, has been recommended by the Project Implementation Committee and approved by the Mission Director. As per the contract agreement, the consultant is eligible for payment of 20% of the total contract amount. The bill has been verified by the Programme Division and AO and recommended for payment excluding GST since the consulting firm has not submitted the proof of depositing the same.

3. On going through the contract document, in accordance with Para 7.5 (p.35 of the contract document), the consultant had to submit separate inception reports for each city. This has not been confirmed by the Programme Div. in their notes.

4. In view of above, we may concur to release Rs.2,18,85,640/-(excl. GST) to M/s. IPSOS Research Private Limited (India) for submission of first deliverable with the condition that before releasing the payment to the consultant the Program Div. may confirm themselves that a separate report for each city has been submitted by the consultant.

Minutes of the Meeting of Procurement Committee for shortlisting the EOIs for

Assessment of Liveability in Selected Cities held on

2nd June, 2017

A meeting of the Procurement Committee of Capacity Building for Urban Development (CBUD) Project for shortlisting the Expression of Interest (EOIs) for above mentioned assignment for "Assessment of Liveability in Selected Cites" (STEP reference number IN-MoUD-14653-CS-QCBS) was held on 2nd June, 2017 in the chamber of Economic Advisor-II (Room No.665-A) Nirman Bhawan, New Delhi.

The following were present:

- Sh. Anupam Mishra, Economic Adviosr-Chairman
- Mr. Sajessh Kumar N., Director (Smart Cities)-Member
- Ms. Yashodhara Vijayan, Dy. Secy (IFD)-Member
- Sh. Uptal Deka, Team Leader, CBUD- Member
- Mr. Raja Dawn, PMU (CBUD), Member
- Mr Nilesh Rajayadhaksha, PMU (CBUD), Member

(Sh. Shiv Pal Singh, Director (AMRUT) was on leave)

The Request for Expression of Interest (EOI **"Assessment of Liveability in Selected Cites"** was invited from eligible consultants. The EOI was uploaded on e-procurement website of the Ministry on 9th May, 2017 and was also published in the Newspapers. The last date of receipt of EOI was 30th May. EOIs were opened on 31st May, 2017.. **The list of EOIs received is at Annexure 1.**

After detailed discussion, the committee derived the detailed evaluation criteria. The EOIs were evaluated based on this detailed criteria and as per Procurement Guidelines of CBUD and in accordance with the Quality Cost Based Selection method set out in the World Bank's Guidelines: Selection and Employment of Consultants by World Bank Borrowers (May 2011).

As per World Bank procurement guidelines a panel of 6 firms needs to be shortlisted, but in this case after evaluation the following 3 firms were found to be qualified. Hence the committee recommends that the minutes of the meeting, shortlisting 3 firms, may be forwarded to the World Bank for their consideration.

Sl. No	Lead Firm	Consortium Partner	Primary Eligibility	Technical Score (max. 100)
1	M/s CRISIL Risk and Infrastructure Solutions Limited	Hansa Research Group	Lead partner registered as Company, hence eligible	100

2	Deloitte Touche Tohmatsu India LLP		Lead partner registered as LLP, hence eligible	100
3	Infrastructure Development Corporation (Karnataka) Limited (iDecK)	Institute for Social and Economic Change (ISEC), Public Affairs Center (PAC) and SIGMA Research and Consulting Pvt. Ltd.	Lead partner registered as Company, hence eligible	90

The abstract sheet of marks obtained by each firm is as per Annexure 2 and evaluation sheets are at Annexure 3.

As mentioned in para above and since the cost of project is estimated more than 1 million US$, the procurement requires prior-review by the World Bank as per procurement guidelines of the World Bank. The recommendations of procurement committee may be forwarded to the World Bank for prior review as per World Bank procurement guidelines.

- Sh. Uptal Deka, Team Leader, CBUD- Member
- Sh. Raja Dawn, PMU (CBUD), Member
- Sh. Nilesh Rajayadhaksha, PMU (CBUD), Member

The minutes of the procurement committee meeting held on 2nd June, 2017 have been shared with the World Bank on 2nd June 2017 itself. Only three firms could qualify as against six required under the procurement guidelines of World Bank. The procurement also needed prior review by the World Bank being above US$ One million.

The World Bank vide email dated 7th June, 2017 has observed as under:

"We observe that only 3 firms have been shortlisted for the Liveability Index assessment although a lot many had submitted EOI. You may revisit the eligibility criteria and re-issue the EOI after formal/informal market assessment. Kindly give at least 14 days time for submission of EOI. The process must be done through STEP so that REOI is published on UNDB. You may also make efforts for increasing competition and to get a shortlist of 6 qualified firms."

In view of observations of the World Bank, the procurement committee recommends to re-invite the bids by giving due publicity. Programme division may also consider revising the eligibility criteria to have better competition as advised by the World Bank.

1 INTRODUCTION

1.1 Background

a) The Government of India along with State and Local Governments is implementing several flagship urban missions for improving various aspects of urban development in Indian cities. An underlying goal of these initiatives is to make Indian cities more 'Liveable. This will not only providing good quality core infrastructure and services, but also developing cities with ample opportunities for work, entertainment and cultural activities, improved social infrastructure and economic opportunities.

b) In order to do this through a structured approach it is important to create a common minimum framework, which cities can use to assess their 'Liveability' and measure their progress over time. In this context Ministry of Urban Development has developed a set of 'Liveability Standards of Cities'. These will act as a guiding framework for cities to chart their pathway towards liveability and result in a systematic improvement in the quality of life of citizens in Indian cities. The draft 'Liveability Standards' are available at Smart City website.

c) A total of 79 different standards are proposed across 15 different categories. The Ministry proposes to conduct an 'Annual Assessment of Liveability in the various standards and develop a 'City Liveability Index' of the liveability standards in selected cities.

d) A total of 119 Cities have been selected. Shortlisting process is being undertaken to identify a panel of consultants who will be eligible for selection to do assessment of liveability standards in selected cities.

In case the Applicant or member of Consortium during period of Shortlisting, fails to perform on any legal agreement, as evidenced by imposition of a penalty or a judicial pronouncement or arbitration award against the Applicant or member of Consortium, or been expelled from any project or agreement or have had any agreement terminated for breach by such Applicant or member of Consortium, such Applicant shall cease to be empanelled with NIUA.

i) While submitting an Application, the Applicant should attach clearly marked and referenced continuation sheets in the event that the space provided in the specified

forms in the Appendices is insufficient. Alternatively, Applicants may format the specified forms making due provision for incorporation of the requested information.

2.3 Change in Consortium Composition

Any change in the composition of a Consortium during the term of Shortlisting shall be permitted only with prior written approval from NIUA.. After Shortlisting no change in the consortium will be allowed.

2.4 Number of Applications

Each Applicant shall submit only one (1) Application for the assignment. Any Applicant, who submits or participates in more than one Application for the Shortlisting will be disqualified and will also cause the disqualification of the Consortium of which it is a member.

2.5 Application Preparation Cost

The Applicant shall be responsible and shall bear all costs and expenses associated with the preparation of its Application and its participation in the Shortlisting. It is clarified that NIUA shall be not responsible or in any way liable for such costs, expenses regardless of the conduct or outcome of the Shortlisting.

2.6 Acknowledgement by the Applicant

a) It is desirable that each Applicant submits it’s Application after collection of required information and analysis or any other matter considered relevant by it.

b) It would be deemed that by submitting the Application, the Applicant has:

   a. Made a complete and careful examination of the REOI Document; and
   b. Received all relevant information requested from NIUA.

c) NIUA shall not be liable for any mistake or error on the part of the Applicant in respect of the above.

2.7 Right to Accept or Reject any of the Applications

a) Notwithstanding anything contained in this REOI Document, NIUA reserves the right to accept or reject any Application or to annul the Shortlisting Process or reject all Applications at any time, without assigning any reasons thereof and without any liability or any obligation, of any nature whatsoever, for such rejection or annulment.

b) NIUA reserves the right to reject any Application if:

   a. At any time, a material misrepresentation is made or discovered; or
   b. The Applicant does not respond promptly and diligently to requests for additional information or clarification required for evaluation of the Application.

c) Rejection of the Application by NIUA, as aforesaid, would lead to the disqualification of the Applicant. If the Applicant is a part of Consortium, then the entire Consortium would be disqualified.

2.8 Amendment of REOI Document

At any time prior to the Application Due Date, NIUA may, for any reason, whether at its own initiative or in response to clarifications requested by an Applicant, modify the REOI Document by the issuance of Addenda posted on the website: https://eprocure.gov.in/cppp, Any Addendum thus issued will also be posted on the website: http://moud.gov.in/cms/tendersandcorrigendum.php and http://smartcities.gov.in/content/innerpage/rfps.php

a) In order to provide the Applicants a reasonable time to examine the Addendum, or for any other reason, NIUA may, at its own discretion, extend the Application Due Date.

2.9 Clarifications

An Applicant requiring any clarification on the REOI Document may request NIUA online through mail at **Email:niua@niua.org** Telephone No.01124643284.
The Applicants should send in their queries latest by the relevant date and time mentioned in Clause 1.7 'Schedule of Shortlisting Process'. NIUA would endeavour to respond to the queries by the date mentioned in the Schedule of Shortlisting Process. The responses will be uploaded on the website: https://eprocure.gov.in/cppp,

1 INTRODUCTION

1.1 Background

a) The Government of India along with State and Local Governments is implementing several flagship urban missions for improving various aspects of urban development in Indian cities. An underlying goal of these initiatives is to make Indian cities more ‘Liveable. This will not only providing good quality core infrastructure and services, but also developing cities with ample opportunities for work, entertainment and cultural activities, improved social infrastructure and economic opportunities.

b) In order to do this through a structured approach it is important to create a common minimum framework, which cities can use to assess their ‘Liveability’ and measure their progress over time. In this context Ministry of Urban Development has developed a set of ‘Liveability Standards of Cities’. These will act as a guiding framework for cities to chart their pathway towards liveability and result in a systematic improvement in the quality of life of citizens in Indian cities. The draft ‘Liveability Standards’ are available at Smart City website.

c) A total of 79 different standards are proposed across 15 different categories. The Ministry proposes to conduct an ‘Annual Assessment of Liveability in the various standards and develop a ‘City Liveability Index’ of the liveability standards in selected cities.

d) A total of 119 Cities have been selected. Shortlisting process is being undertaken to identify a panel of consultants who will be eligible for selection to do assessment of liveability standards in selected cities.

1.2 Brief Terms of Reference

1.2.1 Scope of work for the Smart City Agencies

The broad tasks to be performed and key activities under the assignment ***(This is indicative and detailed scope of work will be provided in the RFP to be issued to the shortlisted empanelled Firms)*** will include:

2.13 Application Due Date

a) The Application or its modifications must be uploaded on the portal no later than the deadline mentioned in the Schedule of Shortlisting Process (refer Clause 1.7), or any extension to this deadline. The electronic system will not accept any Proposal or its modification for uploading after the deadline. Applications submitted by either facsimile transmission or telex shall not be accepted.

b) NIUA may, in exceptional circumstances, and at its sole discretion, extend the Application Due Date by issuing an Addendum in accordance with Clause 2.8 (a), uniformly for all Applicants.

2.14 Late Applications

The electronic system will not accept any Application or its modification for uploading after the deadline.

Evaluation Process

2.15 Opening of Applications

The NIUA evaluation committee shall conduct the opening of the Applications online after the Application submission deadline.

2.16 Evaluation of Applications

a) The Applications, so received, would subsequently be examined and evaluated in accordance with the criteria set out in Section 3.

b) NIUA reserve the right to utilise the services of consultant/s or advisor/s, to assist in the examination, evaluation, and comparison of Applications.

c) NIUA reserves the right to reject any or all the Applications, if:
   a. At any time, a material misrepresentation is made or discovered; or
   b. The Applicant does not respond promptly and diligently to requests for supplemental information required for the evaluation of the Application.

2.17 Confidentiality

a) Information relating to the examination, clarification, evaluation, and recommendation for the Shortlisted Applicants shall not be disclosed to any person not officially concerned with the Shortlisting Process. NIUA will treat all information submitted as part of Application in confidence and would require all those who have access to such material to treat the same in confidence. At the conclusion of the evaluation process, NIUA shall notify the list of Applicants who have been shortlisted.

b) NIUA shall not divulge any such information unless it is ordered to do so by any authority pursuant to applicable law or order of a competent court or tribunal, which requires its disclosure.

2.18 Tests of Responsiveness

a) Prior to evaluation of Applications, it shall be determined whether each Application is responsive to the requirements of the REOI Document. An Application shall be considered non responsive if the Application:

  a. is not received online as indicated at 2.11;
  b. is not digitally signed with the submission letters as stipulated in Clause 2.12 (a);
  c. does not contains all the information and documents as set out in Clause 2.12 (b) and in the formats set out in this REOI Document; and
  d. Does not mentions the Application Validity Period as set out in Clause 1.4.

b) NIUA reserves the right to reject any Application which is non-responsive and no request for alteration, modification, substitution or withdrawal shall be entertained by NIUA in respect of such Applications.

2.19 Clarifications to Facilitate Evaluation

a) To facilitate evaluation of Applications, NIUA, at its sole discretion, seek clarifications in writing from any Applicant regarding its Application. Such clarifications shall be provided within the time specified by NIUA, as the case may be, for this purpose. Any request for clarifications and all clarifications shall be in writing.

b) If an Applicant does not provide clarifications sought under Sub-Clause 2.19 (a) above within the prescribed time, its Application shall be liable to be rejected. In case the Application is not rejected, NIUA may proceed to evaluate the Application by construing the particulars requiring clarification to the best of its understanding, and the Applicant shall be barred from subsequently questioning such interpretation.

2.20 Conflict of Interest

a) NIUA requires that the Shortlisted Consultants provide professional, objective, and impartial advice and at all times hold paramount the interests of NIUA, strictly avoid conflicts with other assignments or its own interests, and act without any consideration for future work. The Shortlisted Consultants shall not accept or engage in any assignment that would be in conflict with, or that may place it in a position of not being able to carry out the assignment for which it has been engaged.

C. Shortlisting and Notification

2.21 Shortlisting of Consultants

a) After the evaluation of Applications, NIUA shall prepare a list of Applicants who meet the qualification criteria as set out in this REOI Document. Other Applicants may be informed that their Applications have been unsuccessful.

b) The shortlisted Applicants would be duly notified that they have been shortlisted for the assignment.

c) The NIUA reserves the right to make additions in the panel after following due process.

Shortlisting of applications in response to REOI for

"Shortlisting of Consulting Firms for Assessment of Liveability in selected Cities under Capacity Building for Urban Development (CBUD) Project"

The REOI for 'Selection of Consultant for Assessment of Liveability in 116 cities" was re-issued on 15th June, 2017 on the Ministry's e-procurement website and was given wide publicity by additionally uploading it on website of MoUD and Smart Cities. It was also published in leading National daily newspapers i.e. Hindustan Times, Hindu and Hindustan.

A total of 21 EOIs were received in response. These were evaluated by the Procurement Committee of CBUD and 6 firms were shortlisted as per the prescribed eligibility criteria. Since the present case falls under prior review category, the list of shortlisted firms along with relevant documents was forwarded to the World Bank for their approval.

In response, the World Bank has noted that the REOI was not uploaded on the "STEP" platform of the Bank and that the same is a mandatory requirement. It is clarified that though REOI was uploaded on the STEP and it was included in the procurement plan but due to certain technical issues it could not be uploaded on the UNDP procurement portal. Every effort had been made to ensure wide circulation and international participation (the e-procurement website is itself a global website). However, given the mandatory nature of the procedure, the World Bank has advised that the REOI be issued afresh, so that compliance with all procedural modalities required at the Bank's end may be met.

It is therefore, recommended that the REOI may be considered for fresh issuance on the same terms and conditions as before, giving the minimum period of 14 days as required under the World Bank guidelines.

OFFICE MEMORANDUM

Subject: Clearing of Outstanding dues of DAVP – reg.

The undersigned is directed to say that the matter regarding the outstanding payments in DAVP from the client Ministries/Departments has been under consideration in this Ministry. This issue was also raised in the meeting of Committee of Secretaries (CoS) held on 17.7.2014 and it was inter-alia decided that DAVP should be provided 85% advance payments by client Ministries/Departments.

2. In this regard, it has been noted that the bills pending with DAVP for 2014-15, 2015-16 and 2016-17 comes upto Rs. 26.72 Crore, Rs. 100.12 Crore, Rs. 577.06 Crore. The total effective pendency after discounting the funds made available to DAVP amounts to Rs. 589.39 Crores. It is further noticed that the situation of release of outstanding payments is not improving and the LoAs are not being received in times and client Ministries/Departments have failed to release their payments in time.

3. Therefore, it has been decided that DAVP henceforth shall follow the following instructions in letter and spirit:

(i) In cases where Ministries/departments have already placed 85% of advertisement budget through LOA, DAVP will honour their bills till exhaustion of LOAs. DAVP will request the Ministries for committing 100% of their budget through LoA, as soon as the expenditure reaches 75%.

Contd......./-

: 2 :

(ii) In all other cases, it will be mandatory for Ministries/Departments to make 100% advance payment through LoAs of the estimated expenditure of campaign/advertisements to DAVP.

(iii) In all cases where there is a pendency of payment for more than one year, DAVP shall send a consolidated statement to Secretaries of concerned Ministries/Departments with a copy endorsed to CCA of the respective Ministries/Departments for immediate release of payments. If the payments are not received within a month, DAVP shall not entertain any further new request for campaign/ advertisements in respect of such Ministries/Departments.

(iv) In cases of urgency where a campaign/advertisement has to be released without accompanying funds, DAVP shall ask the concerned Department/Ministry to send a request from their Secretary to Secretary(I&B). Only on the instruction of Ministry of I&B, DAVP shall consider release of advertisements and the funds should be recouped immediately thereafter from the concerned Ministries. DAVP shall also send a monthly statement of all those Ministries to Ministry of I&B which have failed to honor in the commitment of release of funds, with a copy to the respective Secretaries of the Ministries.

4. This has approval of the Competent Authority.

Dear Madam,

This is regarding selection of a consulting firm for the assignment of "**Shortlisting of Consulting Firms for Assessment of Liveability in Selected Cities under Capacity Building for Urban Development (CBUD) Project**", which is an activity under Procurement Plan of CBUD Project.

2. As per the World Bank's requirements, the Request for Expression of Interest (REOI) was published in STEP, World Bank and subsequently published in UN Development Business online with a Procurement Reference No. IN-MoUD-27866-CS-QCBS.

3. The applications were invited from the eligible consulting firms through REOI published on 8th September 2017 on www. eprocure.gov.in with the last date of 03rd October 2017. Besides, The REOI was also published on www.moud.gov.in and in leading English and Hindi daily Newspapers viz. The Hindustan Times, The Times of India, Amar Ujala and Punjab Kesari through DAVP. The applications were to be submitted online through www.eprocure.gov.in only. Accordingly, 28 applications were received by the last date of submission of applications viz. 03rd October 2017, and the bids were opened on 04th October 2017.

4. Further, 28 applications were evaluated by PMU for Capacity Building for Urban Development (CBUD) and reviewed by the Procurement Committee of CBUD Project in its meeting held on 24-25 October 2017. The detailed Evaluation Sheet is also attached..

5. On the basis of minutes/recommendations of the Procurement Committee, the Ministry has approved the shortlisting of the following 6 consulting firms, who

have secured more than 75 marks, for issuing the Request for Proposal (RFP).

Sl.No	Name of Lead Partner	Consortium Member 1	Consortium Member 2	Consortium Member 3	Consortium Member 4	Total Marks Obtained (Max.100)

Subject:- REOI for shortlisting of agencies for assessment of liveability index in selected cities.

***

The Government of India along with State and Local Governments is implementing several flagship urban missions for improving various aspects of urban development in Indian cities. An underlying goal of these initiatives is to make Indian cities more 'Liveable. In this context, the Ministry of Urban Development has developed a set of 'Liveability Standards of Cities'. These will act as a guiding framework for cities to chart their pathway towards liveability and result in a systematic improvement in the quality of life of citizens in Indian cities. About 79 standards are proposed across 15 different categories. Based on this framework, the Ministry proposes to conduct an 'Annual Assessment of Liveability and develop a 'City Liveability Index' as well as sub-indices across 15 categories. To start with, only 116 cities will be assessed on liveability during 2017-18.

02. The National Institute of Urban Affairs (NIUA) has been asked to undertake the overall assignment through a professional firm. NIUA will be overall responsible for releasing the Liveability Index every year during 2017 to 2020. The index will be made public on the first day of January starting from 2018. Accordingly, NIUA has prepared an action plan to procure agency/agencies for data collection and other activities connected to the assessment. NIUA will follow GFR in all their procurement processes and payments, operations and CBUD (World Bank Funds) norms during 2017-18. Below are given the details of implementing the framework. The proposal has already been approved by IFD in another file.

03. An agency will be hired by NIUA to provide professionals at the National level (to be located at NIUA) and Regional team to do the assessments of cities. City level assessments including surveys, collection of samples, etc. will be done by data collectors having expertise in different domains .

04. The selection of the agency shall be made through two tier procurement process of the World Bank. In first step REOI will be issued and based on the qualification criteria, as per World Bank procurement process, 6 consulting firms will be shortlisted. In the second step, RFP will be issued to the Shortlisted firms and based on QCBS method of selection, the eligible firm will be selected for carrying out the assignment. The QCBS wil be on the basis of 80:20.

05. The budget for the assignment is estimated at Rs. 16.41 crore. World Bank has also given in principle approval for this assignment *(may be seen at correspondence side)*. IFD has given approval to the assignment in a separate file.

REOI is attached below for concurrence of the IFD please.

The general principle for shortlisting firms through EoI is that more weightage is to be given to past experience of the firms (60%), Experience of Key personnel(25%) and financial strength of Consulting firm 15%. In the REoI no weightage has been given to financial strength of the firm and weightage given to experience of key personnel is only 10.Appropriate weightages may be assigned to different parameters as per Manual of Policy and Procedures for Employment of Consultants.

This is regarding REoI for shortlisting of agencies for assessment of liveability index in selected cities.

The draft REoI was examined in IFD at pg.2/N. and it was suggested that appropriate weightages may be assigned to different parameters as per Manual of Policy and Procedures for Employment of Consultants.

Accordingly, the Programme division has provided weightage as under:

Experience of Key personnel	25%
Experience of Firm	60%
Financial strength of the firm	15%

We may now concur to the proposal.

With reference to RfP, the following clarifications may be furnished by the Division:-

1.Under the heading Instructions to Consultants – E. Data Sheet clause No. 16.2 it has been mentioned that price adjustment provision applies to remuneration rates.It has been mentioned in ToR that reimbursement will be adjusted every twelve months based on a formula. However, this is not normally done and remuneration is fixed for the entire period of contract. This may be revised.

2.Clause 25.1 only the basic contract price and service tax are to be included in the financial bill and not all taxes payable by the Consultants.

3.As per section-7.1(iv) of ToR, 116 cities will be covered in 1st year and the coverage of cities may be extended in subsequent years. As the number of Smart Cities is 100 (number of AMRUT cities 500, what is the criteria for selection of cities for liveability index).

As per the observations of IFD, it has been decided that there will be no adjustment in the price. Appropriate modification has also been made in the updated RFP in the TOR Clause 7.1 (v),(vi),(vii) attached herewith to reflect the same.

2. The Basic Contract Price along with applicable GST will be payable by the client. Appropriate modification has been made to clause 25.1 in the updated RFP attached herewith.

3. The list of 116 Smart Cities represent shortlisted Smart Cities and other million plus cities which may not have been shortlisted. The number of million plus cities may increase in subsequent years and hence the statement that “the number of cities may be extended” has been included. In any case fresh procurement will be undertaken every year for the appointment of an agency(s) for undertaking the study with a fresh list of cities and fresh scope of work.

4. The REOI was issued by MoUD and the evaluation is under process. In a similar way, the RFP is also be issued by MoUD and the necessary modifications have been carried out in the revised RFP. The file may be sent to IFD for their concurrence.

Ministry of Urban Development has already developed a set of 79 standards across 15 categories to assess the liveability standards in cities. However, the need to assess the 'Liveability Index' from budgetary support without any defined outcome is not clear. There is already a service level benchmark for the schemes that are being implemented by the Ministry. The entire scheme of AMRUT rests on the outcome parameters that have been fixed on the foundation of these service level benchmark which has been carried out for 500 Urban Agglomerations by the states. This was an unique exercise in capacity building.

Secondly, MoUD also undertook a massive exercise of competition for Smart Cities which helped the cities spell out, in clear-cut terms, the scale and kind of development they wish for their cities to achieve. Towards this, we had empanelled a large number of consultancy firms to do the hand-holding for the cities, wherein a basic exercise was carried out by the cities along with its citizens and the consultants which realised the inherent lacunae in their cities and determine projects which will make their city 'Smart'. Accordingly, a number of cities and States changed policies to strengthen and enable their existing municipalities and parastatals.

Thirdly, there are also a list of urban reforms which determines the quantum of reform funds and funds of devolution of Finance Commission that the city will receive.

In view of the preceding scenario, wherein the cities already have a number of parameters to achieve with clearly defined measurable outcomes linked directly to funds disbursal and which has third-party verification (Bloomberg and MoUD through objective parameters), it is not prudent to clutter the area with another index which is not linked to any outcome. However, NIUA may carry out its own activity if it so desires.

I am unable to concur to the proposal under MoUD's budget.

The 'Liveability Standards in Cities' is a unique effort initiated by the MoUD for assessing the standards of living in Indian cities. This is the first attempt by any country to systematically identify, track and improve upon critical parameters that define urban quality of life.

02. The framework touches upon all institutional, social, economic and physical aspects that impact the lives of citizens, captured through a detailed set of 79 indicators spread across hitherto unmapped aspects like safety, mixed land use and compactness, availability of open spaces, identity and culture, pollution etc. The framework also covers various traditionally non-urban aspects (not covered under urban missions) which are crucial for making cities more liveable such as health, education, availability of power etc.

03. On the other hand, the indicators adopted under AMRUT and other missions are limited and are meant to be specific milestones for measuring mission progress rather than assess the overall liveability.

04. The Standards have thus been envisioned both as a reference framework as well as a planning tool for cities. The 'City Liveability Index' developed will result in a ranking framework, thereby fostering a competitive environment amongst cities for improving their Liveability. The standards are also strongly linked to the Sustainable Development Goals and successful achievement of standards will contribute to the achievement of such SDGs.

05. The 'Annual Assessment of Liveability Standards' is an ambitious national project that will involve yearly survey (including field surveys) and compilation of a large number of datasets across the various indicators, analysis of such datasets, development of indexes and ranking of cities. This will require extensive human resources and field survey experience, which can be brought in through third party agencies. NIUA will coordinate and provide knowledge support on behalf of the MoUD.

06. The Liveability Standards document (conceptual framework) and the REOI for 'Selection of Consulting firms for assessment of Liveability in 116 cities in India' have both been approved by the IFD earlier.

07. The REOI was issued after concurrence of the IFD and in response, 21 applications were received. Procurement committee duly represented by IFD has shortlisted 6 firms based on their techno-financial capabilities to undertake the assignment. The RfP is in continuation of this process, which has already been concurred by the IFD.

08. It is expected that the implementation of this framework will help cities understand their baseline and pursue tangible outcomes over time,

and result in systematic transformation of Indian Cities over time. The assessment of liveability index was launched by Hon'ble UDM in the National Workshop on Urban Transformation held on 23.06.2017 at Vigyan Bhavan.

09. In light of the above, IFD is requested to reconsider and concur the RfP please.

It has already been pointed out in note#35 that concept of livability standards should have been part of the Smart City proposals. The proposals were prepared by professional agencies keeping in mind the standards of Smart living and Sustainability. It was expected that application of these concepts would improve the livability of these cities. Moreover, the cities are already competing for Smart City ranking, Swachh Sarvekshan ranking, Reforms incentives etc. As noted earlier, it would not be prudent to introduce another index which is not related to any outcome.

It is also not clear as to how the expenditure of Rs. 16.41 crore for this activity could be met out of CBUD funds since the entire amount of Rs 268.4 crores has already been either spent or committed as per the budget allocation of CBUD funds circulated by Smart City Division in May 2015.

It has been indicated in Para-5 in preceding pages that this "is an ambitious project that will involve yearly survey (including field survey) and compilation of a large member of datasets, development of indexes and ranking of cities".

As stated by SCM Division, it will require large scale investment to engage human resources for carrying out field survey, data mining and data interpretation.

Before initiating a permanent ongoing yearly exercise of this scale, which tantamounts in its structure, ambition and expenditure , as a new scheme , it will necessitate an in-principle approval of Ministry of Finance, consultations with NITI Ayog, etc. followed by an EFC . The proposal, is its present format , cannot be considered for concurrence.

The concept of Liveability and the design of the annual assessment of Liveability has been vetted and approved at all levels before initiation of the REOI for the project. The approval of the Hon’ble UDM was received on 10th April 2017, after which the roll out design and modalities were duly vetted and approved by the IFD on 25th April 2017. Based on this the project was publicly launched by hon’ble UDM on 23rd June 2017.

Funding of the assignment under CBUD has been approved by IFD and the project has been acknowledged as one of the items for funding during the last PMB meeting of the CBUD Project. The procurement plan and budget of CBUD have also been duly realigned for this purpose. The REOI for procurement of consultants was also issued after concurrence of the IFD, and 6 firms have been shortlisted by the Procurement Committee. The RfP is in continuation of this process.

This RfP for assessment of Liveability Standards is only for 1 year. The assessment may be repeated in subsequent years on the basis of the outcomes achieved. It is pertinent to note that Swachh Sarvekshan (on similar lines) has been implemented as an initiative of the Ministry, but not as a separate scheme. This is also an annual exercise, which is now being repeated in the second year.

In light of the above, IFD is requested to reconsider and concur the RfP please.

There are two other facts, (1) the Swacch Sarvekshan is similar (not a scheme), and (2) the idea of competition to rank cities based on revenue generation and service levels was also sent in a meeting held on PMO. Please get from Ravinder (CPHEO) and link up.

Reference remarks of AS (UA) above.

As brought out in the above note, *'Swachh Survekshan'* has been rolled out on similar lines as proposed liveability index (not as a scheme).

Moreover, the RoD of the meeting chaired by the Hon'ble PM to discuss the progress of 'Clean Ganga Mission' on 18th May 2017 may also kindly be perused at Annexure *(attached below)*. As per point No.XV of the RoD, it is observed that "*the municipal administration in India needs major reforms to make the cities sustainable in terms of generating own revenue to run the operations of basic utilities. In this regard, MoUD can think of ranking the cities in terms of own revenue generated and performance of key utilities.*"

The Liveability Index is an effort in this direction. The Index aims to assess the performance of cities across four pillars such as institutional, social, economic and physical. The comprehensive assessment will also involve 79 indicators which include data on tax collection, capital expenditure, performance of utilities such as water supply, transportation, power supply, sewerage etc. The assessment of such liveability indicators and ranking of cities is thus, directly linked to the outcome being targeted under the various urban Missions. This kind of ranking will create a competitive

environment among cities to improve their overall performance and quality of life of citizens.

Notes on pre-pages may please be seen

This is not a new scheme, but a contract similar to what SBM has done in the Swacch Sarvekshan Survey. We have also completed the empanelment of six agencies and now the RfP has to be issued to them. Moreover, the Liveability standards are largely impact indicators which the Niti Aayog is monitoring through the IFD.

Most important, based on the approval of IFD, the Hon'ble Minister has announced the start of the survey to assess the Liveability of cities and this fact has also been informed to the PMO in several meetings and communications. After going forward so much retreat will cause great embarrassment to the government and loss of face for all of us.

In view of the above JS&FA may kindly concur.

3. The Programme Div. has informed that this is not a new scheme, but a contract similar to what SBM has done in the Swachh Sarvekshan Survey. Ref. Discussion with JS&FA

This is regarding draft RfP for hiring a consultancy service by NIUA for "assessment of Liveability Index in selected cities".

2. The proposal was last examined in IFD at p.13/N. and it was observed that since the proposal is an ongoing yearly exercise, which tantamounts in its structure, ambition and expenditure, as a new scheme, it will necessitate an in-principle approval of Ministry of Finance, consultations with NITI Ayog, etc. followed by an EFC.

3. The Programme Div. has stated that this is not a new scheme, but a contract similar to what SBM has done in the Swachh Sarvekshan Survey. It may be mentioned that basic structures of SCM and SBM are very different.While a gap analysis and a Service Level Benchmark is already inbuilt in the Smart City Proposals prepared by various empanelled agencies and cities were selected after comprehensive analysis of the proposals, no such exercise was undertaken for SBM. Swachh Sarvekshan was carried out to gauge the progress of the Mission from the baseline.

4. However, the Division has referred to a meeting chaired by Hon'ble PM, wherein it was noted that the municipal administration in India needs major reforms to make the cities sustainable in terms of generating own revenue to run the operations of basic utilities. In this regard, MoUD can think of ranking the cities in terms of performance of key utilities. The Liveability Index is an effort in this direction.

5. In view of para 4 above and preceding notes of Programme Division , we may concur to the proposal for assessing the Livability Standards of proposed 116 cities for one year. This would also give a fairly good idea of the progress of the Scheme. The estimates may be pruned accordingly.

1 INTRODUCTION

1.1 Background

a) The Government of India along with State and Local Governments is implementing several flagship urban missions for improving various aspects of urban development in Indian cities. An underlying goal of these initiatives is to make Indian cities more 'Liveable. This will not only providing good quality core infrastructure and services, but also developing cities with ample opportunities for work, entertainment and cultural activities, improved social infrastructure and economic opportunities.

b) In order to do this through a structured approach it is important to create a common minimum framework, which cities can use to assess their 'Liveability' and measure their progress over time. In this context Ministry of Urban Development has developed a set of 'Liveability Standards of Cities'. These will act as a guiding framework for cities to chart their pathway towards liveability and result in a systematic improvement in the quality of life of citizens in Indian cities. The draft 'Liveability Standards' are available at Smart City website.

c) A total of 79 different standards are proposed across 15 different categories. The Ministry proposes to conduct an 'Annual Assessment of Liveability in the various standards and develop a 'City Liveability Index' of the liveability standards in selected cities.

Section 1. Letter of Invitation

RFP No. CBUD/FIN/34 **Credit No**.4997-IN

New Delhi ____/ March/2017

Dear Mr. /Ms.:

1. The Government of India (hereinafter called "Borrower") has received financing from the International Development Association (IDA) (the "Bank") in the form of a credit (hereinafter called "credit") toward the cost of Capacity Building for Urban Development (CBUD) Project. The Ministry of Urban Development (MoUD), Government of India, an implementing agency of the Client, intends to apply a portion of the proceeds of this credit to eligible payments under the contract for which this Request for Proposals is issued. Payments by the Bank will be made only at the request of the *Ministry of Urban Development* (client) and upon approval by the Bank, and will be subject, in all respects, to the terms and conditions of the financing agreement. The financing agreement prohibits a withdrawal from the credit account for the purpose of any payment to persons or entities, or for any import of goods, if such payment or import, to the knowledge of the Bank, is prohibited by a decision of the United Nations Security council taken under Chapter VII of the Charter of the United Nations. No party other than the Borrower shall derive any rights from the financing agreement or have any claims to the proceeds of the credit.

   The Client now invites proposals to provide the following consulting services (hereinafter called "Services"): "Selection of Consulting Firms for Conducting Surveys for Assessment of Liveability Indices for 116 cities in India". More details on the Services are provided in the Terms of Reference (Section 7).

2. This Request for Proposals (RFP) has been addressed to all eligible Consultants:

3. Deleted.

4. A firm will be selected under Quality and Cost Based Selection method (QCBS) **(Lump Sum)** and in a Proposal format as described in this RFP, in accordance with the policies of the Bank detailed in the Consultants' Guidelines which can be found at the following website: www.worldbank.org/procure.

5. The RFP includes the following documents:

   Section 1 - Letter of Invitation
   Section 2 - Instructions to Consultants and Data Sheet
   Section 3 - Technical Proposal - Standard Forms
   Section 4 - Financial Proposal - Standard Forms

Section 5 – Eligible Countries
Section 6 – Bank's Policy – Corrupt and Fraudulent Practices
Section 7 - Terms of Reference
Section 8 - Standard Forms of Contract (Time Based)

6. Please inform us by *[insert date]*,in writing by E-mail *[insert e-mail address]*:

   (a) That you have received the Letter of Invitation; and
   (b) Whether you intend to submit a proposal alone or intend to enhance your experience by requesting permission to associate with other firm(s) (if permissible under Section 2, Instructions to Consultants (ITC), Data Sheet 14.1.1).

7. Details on the proposal's submission date, time and address are provided in Clauses 17.7 and 17.9 of the ITC.

Yours sincerely,

Section 2. Instructions to Consultants and Data Sheet

A. General Provisions

1. Definitions	(a) "Affiliate(s)" means an individual or an entity that directly or indirectly controls, is controlled by, or is under common control with the Consultant. (b) "Applicable Guidelines" means the policies of the Bank governing the selection and Contract award process as set forth in this RFP. (c) "Applicable Law" means the laws and any other instruments having the force of law in the Client's country, or in such other country as may be specified in the **Data Sheet**, as they may be issued and in force from time to time. (d) "Bank" means the International Bank for Reconstruction and Development (IBRD) or the International Development Association (IDA). (e) "Borrower" means the Government, Government agency or other entity that signs the *[loan/financing/grant[1]]* agreement with the Bank. (f)"CBUD" means Capacity Building for Urban Development

---

[1] *["loan agreement" term is used for IBRD loans; "financing agreement" is used for IDA credits; and "grant agreement" is used for Recipient-Executed Trust Funds administered by IBRD or IDA]*

(g) "Client" means the implementing agency that signs the Contract for the Services with the selected Consultant.

(h) "Consultant" means a legally-established professional consulting firm or an entity that may provide or provides the Services to the Client under the Contract.

(i) "Contract" means a legally binding written agreement signed between the Client and the Consultant and includes all the attached documents listed in its Clause 1 (the General Conditions of Contract (GCC), the Special Conditions of Contract (SCC), and the Appendices).

(j) "Data Sheet" means an integral part of the Instructions to Consultants (ITC) Section 2 that is used to reflect specific country and assignment conditions to supplement, but not to over-write, the provisions of the ITC.

(k) "Day" means a calendar day.

(l) "Experts" means, collectively, Key Experts, Non-Key Experts, or any other personnel of the Consultant, Sub-consultant or Joint Venture member(s).

(n) "Joint Venture (JV)" means an association with or without a legal personality distinct from that of its members, of more than one Consultant where one member has the authority to conduct all business for and on behalf of any and all the members of the JV, and where the members of the JV are jointly and severally liable to the Client for the performance of the Contract.

(o) "Key Expert(s)" means an individual professional whose skills, qualifications, knowledge and experience are critical to the performance of the Services under the Contract and whose CV is taken into account in the technical evaluation of the Consultant's proposal.

(p) "ITC" (this Section 2 of the RFP) means the Instructions to Consultants that provides the shortlisted Consultants with all information needed to prepare their Proposals.

(q) "LOI" (this Section 1 of the RFP) means the Letter of Invitation being sent by the Client to the shortlisted Consultants.

(r) "MoUD" means Ministry of Urban Development

	(s) "Non-Key Expert(s)" means an individual professional provided by the Consultant or its Sub-consultant and who is assigned to perform the Services or any part thereof under the Contract and whose CVs are not evaluated individually. (t) "Proposal" means the Technical Proposal and the Financial Proposal of the Consultant. (u) "RFP" means the Request for Proposals to be prepared by the Client for the selection of Consultants, based on the SRFP. (v) "SRFP" means the Standard Request for Proposals, which must be used by the Client as the basis for the preparation of the RFP. (w) "Services" means the work to be performed by the Consultant pursuant to the Contract. (x) "Sub-consultant" means an entity to whom the Consultant intends to subcontract any part of the Services while remaining responsible to the Client during the performance of the Contract. (y) "TORs" (this Section 7 of the RFP) means the Terms of Reference that explain the objectives, scope of work, activities, and tasks to be performed, respective responsibilities of the Client and the Consultant, and expected results and deliverables of the assignment.
2. Introduction	2.1 The Client named in the **Data Sheet** intends to select a Consultant from those listed in the Letter of Invitation, in accordance with the method of selection specified in the **Data Sheet**. 2.2 The shortlisted Consultants are invited to submit a Technical Proposal and a Financial Proposal, or a Technical Proposal only, as specified in the **Data Sheet**, for consulting services required for the assignment named in the **Data Sheet**. The Proposal will be the basis for negotiating and ultimately signing the Contract with the selected Consultant. 2.3 The Consultants should familiarize themselves with the local conditions and take them into account in preparing their Proposals, including attending a pre-proposal conference if one is specified in the **Data Sheet**. Attending any such pre-proposal conference is optional and is at the Consultants' expense.

	2.4 The Client will timely provide, at no cost to the Consultants, the inputs, relevant project data, and reports required for the preparation of the Consultant's Proposal as specified in the **Data Sheet**.
3. Conflict of Interest	3.1 The Consultant is required to provide professional, objective, and impartial advice, at all times holding the Client's interests paramount, strictly avoiding conflicts with other assignments or its own corporate interests, and acting without any consideration for future work. 3.2 The Consultant has an obligation to disclose to the Client any situation of actual or potential conflict that impacts its capacity to serve the best interest of its Client. Failure to disclose such situations may lead to the disqualification of the Consultant or the termination of its Contract and/or sanctions by the Bank. 3.2.1 Without limitation on the generality of the foregoing, the Consultant shall not be hired under the circumstances set forth below:
a. Conflicting activities	(i) Conflict between consulting activities and procurement of goods, works or non-consulting services: a firm that has been engaged by the Client to provide goods, works, or non-consulting services for a project, or any of its Affiliates, shall be disqualified from providing consulting services resulting from or directly related to those goods, works, or non-consulting services. Conversely, a firm hired to provide consulting services for the preparation or implementation of a project, or any of its Affiliates, shall be disqualified from subsequently providing goods or works or non-consulting services resulting from or directly related to the consulting services for such preparation or implementation.
b. Conflicting assignments	(ii) Conflict among consulting assignments: a Consultant (including its Experts and Sub-consultants) or any of its Affiliates shall not be hired for any assignment that, by its nature, may be in conflict with another assignment of the Consultant for the same or for another Client.
c. Conflicting relationships	(iii) Relationship with the Client's staff: a Consultant (including its Experts and Sub-consultants) that has a close business or family relationship with a professional staff of the Borrower (or of the Client, or of implementing agency, or of a recipient of a part of the Bank's financing) who are directly or indirectly involved in any part of (i) the preparation of the Terms of Reference for the assignment, (ii) the selection process for the Contract, or (iii) the supervision of the Contract, may not be awarded a Contract, unless the conflict

	stemming from this relationship has been resolved in a manner acceptable to the Bank throughout the selection process and the execution of the Contract.
4. Unfair Competitive Advantage	4.1 Fairness and transparency in the selection process require that the Consultants or their Affiliates competing for a specific assignment do not derive a competitive advantage from having provided consulting services related to the assignment in question. To that end, the Client shall indicate in the **Data Sheet** and make available to all shortlisted Consultants together with this RFP all information that would in that respect give such Consultant any unfair competitive advantage over competing Consultants.
5. Corrupt and Fraudulent Practices	5.1 The Bank requires compliance with its policy in regard to corrupt and fraudulent practices as set forth in Section 6. 5.2 In further pursuance of this policy, Consultant shall permit and shall cause its agents, Experts, Sub-consultants, sub-contractors, services providers, or suppliers to permit the Bank to inspect all accounts, records, and other documents relating to the submission of the Proposal and contract performance (in case of an award), and to have them audited by auditors appointed by the Bank.
6. Eligibility	6.1 The Bank permits consultants (individuals and firms, including Joint Ventures and their individual members) from all countries to offer consulting services for Bank-financed projects. 6.2 Furthermore, it is the Consultant's responsibility to ensure that its Experts, joint venture members, Sub-consultants, agents (declared or not), sub-contractors, service providers, suppliers and/or their employees meet the eligibility requirements as established by the Bank in the Applicable Guidelines. 6.3 As an exception to the foregoing Clauses 6.1 and 6.2 above:
a. Sanctions	6.3.1 A firm or an individual sanctioned by the Bank in accordance with the above Clause 5.1 or in accordance with "Anti-Corruption Guidelines" shall be ineligible to be awarded a Bank-financed contract, or to benefit from a Bank-financed contract, financially or otherwise, during such period of time as the Bank shall determine. The list of debarred firms and individuals is available at the electronic address specified in the **Data Sheet**.
b. Prohibitions	6.3.2 Firms and individuals of a country or goods manufactured in a country may be ineligible if so indicated in Section 5 (Eligible Countries) and:

	(a) as a matter of law or official regulations, the Borrower's country prohibits commercial relations with that country, provided that the Bank is satisfied that such exclusion does not preclude effective competition for the provision of Services required; or (b) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Borrower's Country prohibits any import of goods from that country or any payments to any country, person, or entity in that country.
c. Restrictions for Government-owned Enterprises	6.3.3 Government-owned enterprises or institutions in the Borrower's country shall be eligible only if they can establish that they (i) are legally and financially autonomous, (ii) operate under commercial law, and (iii) that they are not dependent agencies of the Client To establish eligibility, the government-owned enterprise or institution should provide all relevant documents (including its charter) sufficient to demonstrate that it is a legal entity separate from the government; it does not currently receive any substantial subsidies or budget support; it is not obligated to pass on its surplus to the government; it can acquire rights and liabilities, borrow funds, and can be liable for repayment of debts and be declared bankrupt; and it is not competing for a contract to be awarded by the government department or agency which, under the applicable laws or regulations, is its reporting or supervisory authority or has the ability to exercise influence or control over it.
d. Restrictions for public employees	6.3.4 Government officials and civil servants of the Borrower's country are not eligible to be included as Experts in the Consultant's Proposal unless such engagement does not conflict with any employment or other laws, regulations, or policies of the Borrower's country, and they (i) are on leave of absence without pay, or have resigned or retired; (ii) are not being hired by the same agency they were working for before going on leave of absence without pay, resigning, or retiring (in case of resignation or retirement, for a period of at least 6 (six) months, or the period established by statutory provisions applying to civil servants or government employees in the Borrower's country,

	whichever is longer. Experts who are employed by the government-owned universities, educational or research institutions are not eligible unless they have been full time employees of their institutions for a year or more prior to being included in Consultant's Proposal.; and (iii) their hiring would not create a conflict of interest.
B. Preparation of Proposals	
7. General Considerations	**7.1.** In preparing the Proposal, the Consultant is expected to examine the RFP in detail. Material deficiencies in providing the information requested in the RFP may result in rejection of the Proposal.
8. Cost of Preparation of Proposal	**8.1.** The Consultant shall bear all costs associated with the preparation and submission of its Proposal, and the Client shall not be responsible or liable for those costs, regardless of the conduct or outcome of the selection process. The Client is not bound to accept any proposal, and reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Consultant.
9. Language	**9.1.** The Proposal, as well as all correspondence and documents relating to the Proposal exchanged between the Consultant and the Client, shall be written in the language(s) specified in the **Data Sheet**.
10. Documents Comprising the Proposal	**10.1.** The Proposal shall comprise the documents and forms listed in the **Data Sheet**. **10.2.** If specified in the **Data Sheet**, the Consultant shall include a statement of an undertaking of the Consultant to observe, in competing for and executing a contract, the Client country's laws against fraud and corruption (including bribery). **10.3.** The Consultant shall furnish information on commissions, gratuities, and fees, if any, paid or to be paid to agents or any other party relating to this Proposal and, if awarded, Contract execution, as requested in the Financial Proposal submission form (Section 4).
11. Only One Proposal	**11.1.** The Consultant (including the individual members of any Joint Venture) shall submit only one Proposal, either in its own name or as part of a Joint Venture in another Proposal. If a Consultant, including any Joint Venture member, submits or participates in more than one proposal, all such proposals shall be disqualified and rejected. This does not, however, preclude a Sub-consultant, or the Consultant's staff from participating as Key Experts and Non-Key Experts in more than one Proposal when circumstances justify and if stated in the **Data Sheet**.

12. Proposal Validity	**12.1. The Data Sheet** indicates the period during which the Consultant's Proposal must remain valid after the Proposal submission deadline. **12.2.** During this period, the Consultant shall maintain its original Proposal without any change, including the availability of the Key Experts, the proposed rates and the total price. **12.3.** If it is established that any Key Expert nominated in the Consultant's Proposal was not available at the time of Proposal submission or was included in the Proposal without his/her confirmation, such Proposal shall be disqualified and rejected for further evaluation, and may be subject to sanctions in accordance with Clause 5 of this ITC.
a. Extension of Validity Period	**12.4.** The Client will make its best effort to complete the negotiations within the proposal's validity period. However, should the need arise, the Client may request, in writing, all Consultants who submitted Proposals prior to the submission deadline to extend the Proposals' validity. **12.5.** If the Consultant agrees to extend the validity of its Proposal, it shall be done without any change in the original Proposal and with the confirmation of the availability of the Key Experts. **12.6.** The Consultant has the right to refuse to extend the validity of its Proposal in which case such Proposal will not be further evaluated.
b. Substitution of Key Experts at Validity Extension	**12.7.** If any of the Key Experts become unavailable for the extended validity period, the Consultant shall provide a written adequate justification and evidence satisfactory to the Client together with the substitution request. In such case, a replacement Key Expert shall have equal or better qualifications and experience than those of the originally proposed Key Expert. The technical evaluation score, however, will remain to be based on the evaluation of the CV of the original Key Expert. **12.8.** If the Consultant fails to provide a replacement Key Expert with equal or better qualifications, or if the provided reasons for the replacement or justification are unacceptable to the Client, such Proposal will be rejected with the prior Bank's no objection.
c. Sub-Contracting	**12.9.** The Consultant shall not subcontract the whole of the Services.
13. Clarification and	**13.1.** The Consultant may request a clarification of any part of the RFP during the period indicated in the **Data Sheet** before the Proposals' submission deadline. Any request for clarification must be sent in

Amendment of RFP	writing, or by standard electronic means, to the Client's address indicated in the **Data Sheet**. The Client will respond in writing, or by standard electronic means, and will send written copies of the response (including an explanation of the query but without identifying its source) to all shortlisted Consultants. Should the Client deem it necessary to amend the RFP as a result of a clarification, it shall do so following the procedure described below: 13.1.1. At any time before the proposal submission deadline, the Client may amend the RFP by issuing an amendment in writing or by standard electronic means. The amendment shall be sent to all shortlisted Consultants and will be binding on them. The shortlisted Consultants shall acknowledge receipt of all amendments in writing. 13.1.2. If the amendment is substantial, the Client may extend the proposal submission deadline to give the shortlisted Consultants reasonable time to take an amendment into account in their Proposals. **13.2.** The Consultant may submit a modified Proposal or a modification to any part of it at any time prior to the proposal submission deadline. No modifications to the Technical or Financial Proposal shall be accepted after the deadline.
14. Preparation of Proposals – Specific Considerations	**14.1.** While preparing the Proposal, the Consultant must give particular attention to the following: 14.1.1. If a shortlisted Consultant considers that it may enhance its expertise for the assignment by associating with other consultants in the form of a Joint Venture or as Sub-consultants, it may do so with either (a) non-shortlisted Consultant(s), or (b) shortlisted Consultants if permitted in the **Data Sheet**. In all such cases a shortlisted Consultant must obtain the written approval of the Client prior to the submission of the Proposal. When associating with non-shortlisted firms in the form of a joint venture or a sub-consultancy, the shortlisted Consultant shall be a lead member. If shortlisted Consultants associate with each other, any of them can be a lead member. 14.1.2. The Client may indicate in the **Data Sheet** the estimated Key Experts' time input (expressed in person-month) or the Client's estimated total cost of the assignment, but not both. This estimate is indicative and the Proposal shall be based on the Consultant's own estimates for the same. 14.1.3. If stated in the **Data Sheet**, the Consultant shall include in its Proposal at least the same time input (in the same unit as

	indicated in the **Data Sheet**) of Key Experts, failing which the Financial Proposal will be adjusted for the purpose of comparison of proposals and decision for award in accordance with the procedure in the **Data Sheet**. 14.1.4. For assignments under the Fixed-Budget selection method, the estimated Key Experts' time input is not disclosed. Total available budget, with an indication whether it is inclusive or exclusive of taxes, is given in the **Data Sheet**, and the Financial Proposal shall not exceed this budget.
15. Technical Proposal Format and Content	**15.1.** The Technical Proposal shall not include any financial information. A Technical Proposal containing material financial information shall be declared non-responsive. 15.1.1 Consultant shall not propose alternative Key Experts. Only one CV shall be submitted for each Key Expert position. Failure to comply with this requirement will make the Proposal non-responsive. **15.2.** Depending on the nature of the assignment, the Consultant is required to submit a Full Technical Proposal (FTP), or a Simplified Technical Proposal (STP) as indicated in the **Data Sheet** and using the Standard Forms provided in Section 3 of the RFP.
16. Financial Proposal	**16.1.** The Financial Proposal shall be prepared using the Standard Forms provided in Section 4 of the RFP. It shall list all costs associated with the assignment, including (a) remuneration for Key Experts and Non-Key Experts, (b) reimbursable expenses indicated in the **Data Sheet**.
a. Price Adjustment	**16.2.** For assignments with a duration exceeding 18 months, a price adjustment provision for foreign and/or local inflation for remuneration rates applies if so stated in the **Data Sheet**.
b. Taxes	**16.3.** The Consultant and its Sub-consultants and Experts are responsible for meeting all tax liabilities arising out of the Contract unless stated otherwise in the **Data Sheet**. Information on taxes in the Client's country is provided in the **Data Sheet**.
c. Currency of Proposal	**16.4.** The Consultant may express the price for its Services in the currency or currencies as stated in the **Data Sheet**. If indicated in the **Data Sheet**, the portion of the price representing local cost shall be stated in the national currency.
d. Currency of Payment	**16.5.** Payment under the Contract shall be made in the currency or currencies in which the payment is requested in the Proposal.

C. Submission, Opening and Evaluation

17. Submission, Sealing, and Marking of Proposals	17.1 The Consultant shall submit a signed and complete Proposal comprising the documents and forms in accordance with Clause 10 (Documents Comprising Proposal). The submission can be done by mail or by hand. If specified in the **Data Sheet**, the Consultant has the option of submitting its Proposals electronically. 17.2 An authorized representative of the Consultant shall sign the original submission letters in the required format for both the Technical Proposal and, if applicable, the Financial Proposal and shall initial all pages of both. The authorization shall be in the form of a written power of attorney attached to the Technical Proposal. 17.2.1 A Proposal submitted by a Joint Venture shall be signed by all members so as to be legally binding on all members, or by an authorized representative who has a written power of attorney signed by each member's authorized representative. 17.3 Any modifications, revisions, interlineations, erasures, or overwriting shall be valid only if they are signed or initialed by the person signing the Proposal. 17.4 The signed Proposal shall be marked "ORIGINAL", and its copies marked "COPY" as appropriate. The number of copies is indicated in the **Data Sheet**. All copies shall be made from the signed original. If there are discrepancies between the original and the copies, the original shall prevail. 17.5 The original and all the copies of the Technical Proposal shall be placed inside of a sealed envelope clearly marked "**TECHNICAL PROPOSAL**", "[Name of the Assignment]", reference number, name and address of the Consultant, and with a warning "**DO NOT OPEN UNTIL [INSERT THE DATE AND THE TIME OF THE TECHNICAL PROPOSAL SUBMISSION DEADLINE]**." 17.6 Similarly, the original Financial Proposal (if required for the applicable selection method) shall be placed inside of a sealed envelope clearly marked "**FINANCIAL PROPOSAL**" followed by the name of the assignment, reference number, name and address of the Consultant, and with a warning "**DO NOT OPEN WITH THE TECHNICAL PROPOSAL**." 17.7 The sealed envelopes containing the Technical and Financial Proposals shall be placed into one outer envelope and sealed. This outer envelope shall bear the submission address, RFP reference

	number, the name of the assignment, Consultant's name and the address, and shall be clearly marked "**DO NOT OPEN BEFORE** [insert the time and date of the submission deadline indicated in the Data Sheet]". 17.8 If the envelopes and packages with the Proposal are not sealed and marked as required, the Client will assume no responsibility for the misplacement, loss, or premature opening of the Proposal. 17.9 The Proposal or its modifications must be sent to the address indicated in the **Data Sheet** and received by the Client no later than the deadline indicated in the **Data Sheet**, or any extension to this deadline. Any Proposal or its modification received by the Client after the deadline shall be declared late and rejected, and promptly returned unopened.
18. Confidentiality	18.1 From the time the Proposals are opened to the time the Contract is awarded, the Consultant should not contact the Client on any matter related to its Technical and/or Financial Proposal. Information relating to the evaluation of Proposals and award recommendations shall not be disclosed to the Consultants who submitted the Proposals or to any other party not officially concerned with the process, until the publication of the Contract award information. 18.2 Any attempt by shortlisted Consultants or anyone on behalf of the Consultant to influence improperly the Client in the evaluation of the Proposals or Contract award decisions may result in the rejection of its Proposal, and may be subject to the application of prevailing Bank's sanctions procedures. 18.3 Notwithstanding the above provisions, from the time of the Proposals' opening to the time of Contract award publication, if a Consultant wishes to contact the Client or the Bank on any matter related to the selection process, it should do so only in writing.
19. Opening of Technical Proposals	19.1 The Client's evaluation committee shall conduct the opening of the Technical Proposals in the presence of the shortlisted Consultants' authorized representatives who choose to attend (in person, or online if this option is offered in the **Data Sheet**). The opening date, time and the address are stated in the **Data Sheet**. The envelopes with the Financial Proposal shall remain sealed and shall be securely stored with a reputable public auditor or independent authority until they are opened in accordance with Clause 23 of the ITC.

	19.2 At the opening of the Technical Proposals the following shall be read out: (i) the name and the country of the Consultant or, in case of a Joint Venture, the name of the Joint Venture, the name of the lead member and the names and the countries of all members; (ii) the presence or absence of a duly sealed envelope with the Financial Proposal; (iii) any modifications to the Proposal submitted prior to proposal submission deadline; and (iv) any other information deemed appropriate or as indicated in the **Data Sheet**.
20. Proposals Evaluation	20.1 Subject to provision of Clause 15.1 of the ITC, the evaluators of the Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is concluded and the Bank issues its “no objection”, if applicable. 20.2 The Consultant is not permitted to alter or modify its Proposal in any way after the proposal submission deadline except as permitted under Clause 12.7 of this ITC. While evaluating the Proposals, the Client will conduct the evaluation solely on the basis of the submitted Technical and Financial Proposals.
21. Evaluation of Technical Proposals	21.1 The Client’s evaluation committee shall evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and the RFP, applying the evaluation criteria, sub-criteria, and point system specified in the **Data Sheet**. Each responsive Proposal will be given a technical score. A Proposal shall be rejected at this stage if it does not respond to important aspects of the RFP or if it fails to achieve the minimum technical score indicated in the **Data Sheet**.
22. Financial Proposals for QBS	22.1 Following the ranking of the Technical Proposals, when the selection is based on quality only (QBS), the top-ranked Consultant is invited to negotiate the Contract. 22.2 If Financial Proposals were invited together with the Technical Proposals, only the Financial Proposal of the technically top-ranked Consultant is opened by the Client’s evaluation committee. All other Financial Proposals are returned unopened after the Contract negotiations are successfully concluded and the Contract is signed.
23. Public Opening of Financial Proposals (for QCBS, FBS, and LCS methods)	23.1 After the technical evaluation is completed and the Bank has issued its no objection (if applicable), the Client shall notify those Consultants whose Proposals were considered non-responsive to the RFP and TOR or did not meet the minimum qualifying technical score (and shall provide information relating to the Consultant’s overall technical score, as well as scores obtained for each criterion and sub-criterion) that their Financial Proposals will be returned unopened after completing the selection process and Contract signing. The Client shall simultaneously notify in writing those

	Consultants that have achieved the minimum overall technical score and inform them of the date, time and location for the opening of the Financial Proposals. The opening date should allow the Consultants sufficient time to make arrangements for attending the opening. The Consultant's attendance at the opening of the Financial Proposals (in person, or online if such option is indicated in the **Data Sheet**) is optional and is at the Consultant's choice. 23.2 The Financial Proposals shall be opened by the Client's evaluation committee in the presence of the representatives of those Consultants whose proposals have passed the minimum technical score. At the opening, the names of the Consultants, and the overall technical scores, including the break-down by criterion, shall be read aloud. The Financial Proposals will then be inspected to confirm that they have remained sealed and unopened. These Financial Proposals shall be then opened, and the total prices read aloud and recorded. Copies of the record shall be sent to all Consultants who submitted Proposals and to the Bank.
24. Correction of Errors	24.1 Activities and items described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, and no corrections are made to the Financial Proposal.
a. Time-Based Contracts	24.1.1 If a Time-Based contract form is included in the RFP, the Client's evaluation committee will (a) correct any computational or arithmetical errors, and (b) adjust the prices if they fail to reflect all inputs included for the respective activities or items in the Technical Proposal. In case of discrepancy between (i) a partial amount (sub-total) and the total amount, or (ii) between the amount derived by multiplication of unit price with quantity and the total price, or (iii) between words and figures, the former will prevail. In case of discrepancy between the Technical and Financial Proposals in indicating quantities of input, the Technical Proposal prevails and the Client's evaluation committee shall correct the quantification indicated in the Financial Proposal so as to make it consistent with that indicated in the Technical Proposal, apply the relevant unit price included in the Financial Proposal to the corrected quantity, and correct the total Proposal cost.
b. Lump-Sum Contracts	24.2 If a Lump-Sum contract form is included in the RFP, the Consultant is deemed to have included all prices in the Financial Proposal, so neither arithmetical corrections nor price adjustments shall be made. The total price, net of taxes understood as per Clause

	ITC 25 below, specified in the Financial Proposal (Form FIN-1) shall be considered as the offered price.
25. Taxes	25.1 The Client's evaluation of the Consultant's Financial Proposal shall exclude taxes and duties in the Client's country in accordance with the instructions in the **Data Sheet**.
26. Conversion to Single Currency	26.1 For the evaluation purposes, prices shall be converted to a single currency using the selling rates of exchange, source and date indicated in the **Data Sheet**.
27. Combined Quality and Cost Evaluation	
a. Quality- and Cost-Based Selection (QCBS)	27.1 In the case of QCBS, the total score is calculated by weighting the technical and financial scores and adding them as per the formula and instructions in the **Data Sheet**. The Consultant achieving the highest combined technical and financial score will be invited for negotiations.
b. Fixed-Budget Selection (FBS)	27.2 In the case of FBS, those Proposals that exceed the budget indicated in Clause 14.1.4 of the **Data Sheet** shall be rejected. 27.3 The Client will select the Consultant that submitted the highest-ranked Technical Proposal that does not exceed the budget indicated in the RFP, and invite such Consultant to negotiate the Contract.

c. Least-Cost Selection	27.4 In the case of Least-Cost Selection (LCS), the Client will select the Consultant with the lowest evaluated total price among those consultants that achieved the minimum technical score, and invite such Consultant to negotiate the Contract.
D. Negotiations and Award	
28. Negotiations	28.1 The negotiations will be held at the date and address indicated in the **Data Sheet** with the Consultant's representative(s) who must have written power of attorney to negotiate and sign a Contract on behalf of the Consultant. 28.2 The Client shall prepare minutes of negotiations that are signed by the Client and the Consultant's authorized representative.
a. Availability of Key Experts	28.3 The invited Consultant shall confirm the availability of all Key Experts included in the Proposal as a pre-requisite to the negotiations, or, if applicable, a replacement in accordance with Clause 12 of the ITC. Failure to confirm the Key Experts' availability may result in the rejection of the Consultant's Proposal and the Client proceeding to negotiate the Contract with the next-ranked Consultant. 28.4 Notwithstanding the above, the substitution of Key Experts at the negotiations may be considered if due solely to circumstances outside the reasonable control of and not foreseeable by the Consultant, including but not limited to death or medical incapacity. In such case, the Consultant shall offer a substitute Key Expert within the period of time specified in the letter of invitation to negotiate the Contract, who shall have equivalent or better qualifications and experience than the original candidate.
b. Technical negotiations	28.5 The negotiations include discussions of the Terms of Reference (TORs), the proposed methodology, the Client's inputs, the special conditions of the Contract, and finalizing the "Description of Services" part of the Contract. These discussions shall not substantially alter the original scope of services under the TOR or the terms of the contract, lest the quality of the final product, its price, or the relevance of the initial evaluation be affected.
c. Financial negotiations	28.6 The negotiations include the clarification of the Consultant's tax liability in the Client's country and how it should be reflected in the Contract. 28.7 If the selection method included cost as a factor in the evaluation, the total price stated in the Financial Proposal for a Lump-Sum contract shall not be negotiated.

	28.8 In the case of a Time-Based contract, unit rates negotiations shall not take place, except when the offered Key Experts and Non-Key Experts' remuneration rates are much higher than the typically charged rates by consultants in similar contracts. In such case, the Client may ask for clarifications and, if the fees are very high, ask to change the rates after consultation with the Bank. The format for (i) providing information on remuneration rates in the case of Quality Based Selection; and (ii) clarifying remuneration rates' structure under Clause 28.8 above, is provided in Appendix A to the Financial Form FIN-3: Financial Negotiations – Breakdown of Remuneration Rates.
29. Conclusion of Negotiations	29.1 The negotiations are concluded with a review of the finalized draft Contract, which then shall be initialed by the Client and the Consultant's authorized representative. 29.2 If the negotiations fail, the Client shall inform the Consultant in writing of all pending issues and disagreements and provide a final opportunity to the Consultant to respond. If disagreement persists, the Client shall terminate the negotiations informing the Consultant of the reasons for doing so. After having obtained the Bank's no objection, the Client will invite the next-ranked Consultant to negotiate a Contract. Once the Client commences negotiations with the next-ranked Consultant, the Client shall not reopen the earlier negotiations.
30. Award of Contract	30.1 After completing the negotiations the Client shall obtain the Bank's no objection to the negotiated draft Contract, if applicable; sign the Contract; publish the award information as per the instructions in the **Data Sheet**; and promptly notify the other shortlisted Consultants. 30.2 The Consultant is expected to commence the assignment on the date and at the location specified in the **Data Sheet**.

Under the ITC 6.3.2 (b): None

Section 6. Bank Policy – Corrupt and Fraudulent Practices

Guidelines for Selection and Employment of Consultants under IBRD Loans and IDA Credits & Grants by World Bank Borrowers, dated January 2011:

“**Fraud and Corruption**

1.23 It is the Bank’s policy to require that Borrowers (including beneficiaries of Bank loans), consultants, and their agents (whether declared or not), sub-contractors, sub-consultants, service providers, or suppliers, and any personnel thereof, observe the highest standard of ethics during the selection and execution of Bank-financed contracts [footnote: In this context, any action taken by a consultant or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, to influence the selection process or contract execution for undue advantage is improper.]. In pursuance of this policy, the Bank:

(a) defines, for the purposes of this provision, the terms set forth below as follows:

   (i) “corrupt practice” is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party[4];

   (ii) “fraudulent practice” is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation[5];

   (iii) “collusive practices” is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party[6];

   (iv) “coercive practices” is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party[7];

---

[4] For the purpose of this sub-paragraph, “another party” refers to a public official acting in relation to the selection process or contract execution. In this context “public official” includes World Bank staff and employees of other organizations taking or reviewing selection decisions.

[5] For the purpose of this sub-paragraph, “party” refers to a public official; the terms “benefit” and “obligation” relate to the selection process or contract execution; and the “act or omission” is intended to influence the selection process or contract execution.

[6] For the purpose of this sub-paragraph, “parties” refers to participants in the procurement or selection process (including public officials) attempting either themselves, or through another person or entity not participating in the procurement or selection process, to simulate competition or to establish prices at artificial, non-competitive levels, or are privy to each other’s bid prices or other conditions.

[7] For the purpose of this sub-paragraph, “party” refers to a participant in the selection process or contract execution.

(v) "obstructive practice" is

(aa) deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede a Bank investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation, or

(bb) acts intended to materially impede the exercise of the Bank's inspection and audit rights;

(b) will reject a proposal for award if it determines that the consultant recommended for award or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;

(c) will declare misprocurement and cancel the portion of the Loan allocated to a contract if it determines at any time that representatives of the Borrower or of a recipient of any part of the proceeds of the Loan were engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices during the selection process or the implementation of the contract in question, without the Borrower having taken timely and appropriate action satisfactory to the Bank to address such practices when they occur, including by failing to inform the Bank in a timely manner they knew of the practices;

(d) will sanction a firm or an individual at any time, in accordance with prevailing Bank's sanctions procedures[8], including by publicly declaring such firm or an ineligible, either indefinitely or for a stated period of time: (i) to be awarded a Bank-financed contract, and (ii) to be a nominated[9] sub-consultant, supplier, or service provider of an otherwise eligible firm being awarded a Bank-financed contract.

---

[8] A firm or an individual may be declared ineligible to be awarded a Bank-financed contract upon (i) completion of the Bank's sanctions proceedings as per its sanctions procedures, including inter alia: cross-debarment as agreed with other International Financial Institutions, including Multilateral Development Banks, and through the application of the World Bank Group corporate administrative procurement sanctions procedures for fraud and corruption; and (ii) as a result of temporary suspension or early temporary suspension in connection with an ongoing sanctions proceedings. See footnote 12 and paragraph 8 of Appendix 1 of these Guidelines.

[9] A nominated sub-consultant, supplier, or service provider is one which has been either (i) included by the consultant in its proposal because it brings specific and critical experience and know-how that are accounted for in the technical evaluation of the consultant's proposal for the particular services; or (ii) appointed by the Borrower.

Section 7. Terms of Reference

7.1 Background

i. The Government of India along with State and Local Governments is implementing several flagship Urban Missions for improving various aspects of urban development in Indian cities. An underlying goal of these initiatives is to make Indian cities more 'Liveable'. This will mean not only providing good quality core infrastructure and services, but also developing cities with ample opportunities for work, entertainment and cultural activities, improved social infrastructure and economic opportunity;

ii. In order to do this through a structured approach it is important to create a common minimum framework, which cities can use to assess their 'Liveability' and measure their progress over time. In this context, the Ministry of Urban Development has developed a set of 'Liveability Standards in Cities'. These will act as a guiding framework for cities to chart their pathway towards liveability and result in a systematic improvement in the quality of life of citizens in Indian cities. The draft 'Liveability Standards in Cities' are attached at Annexure X;

iii. A total of 79 different Liveability Standards are proposed across 15 different categories. The Ministry proposes to conduct an 'Annual Assessment of Liveability in Cities' across the various standards and develop a 'City Liveability Index' – an annual index of the liveability standards in Indian cities. This is an ambitious national project requiring yearly compilation of a large number of datasets across the various Liveability Standards;

iv. A total of 116 cities will be covered in Year 1 (list of cities for Year 1 is provided at Annexure XX), and the coverage of cities may be extended in subsequent years. The following classification of cities will be used for the purpose of the study

Classification*		Population range
1	Small Towns	Less than 50,000 population
2	Medium Towns	Population ≥ 50,000 < 5 lakh
3	Large Towns	Population ≥ 5 lakh < 1 million
4	Metropolitan Cities	Population ≥ 1 million < 5 million
5	Megapolis	Population ≥ 5 million

* *Based on the Classification given in the URDPFI guidelines, 2014*

v. Given the magnitude of data collection and field surveys required, the MoUD wishes to engage the services of a reputed national/international agency/institution for **Conducting a study and field survey of Liveability Standards** (the **'Assignment'**) across all cities included in the study. This will cover all relevant data required by the MoUD for computing the 79 Liveability

Standards. The data generated from the assignment will be used by the MoUD for calculating the City Liveability Index of cities on an annual basis;

vi. The contract will be valid for activities in Year 1 (as defined in Clause 7.5) only.

7.2 Objective of the Assignment

i. Compile reliable and high quality data for all cities included in the study, as required by the MoUD for the computation of Liveability Indexes and as prescribed in the 'Liveability Standards in Cities' document;

ii. Develop a robust electronic database of datasets that can be used to assess the progress of cities on an annual basis.

7.3 Description of Tasks

The Tasks to be performed and key activities under the assignment will include:

Initiation Activities

i. Conduct State-level workshops (1-day each) on behalf of MoUD. Cost for such workshops must be included in the proposal. The workshops shall achieve the following:

  a. Familiarise States and City governments regarding the overall programme, process that will be followed for data collection, and likely timelines;

  b. Provide State and City governments with a detailed list of data points needed, likely areas of support and information on how the cities should prepare for the surveys;

  c. Help in preparing a preliminary time-line for city meetings and field visits based on preferences indicated by states and cities;

ii. Conduct a Reconnaissance Study of all cities included in the project (as per Annexure X). The study shall inter-alia include:

  a. City-level kick-off meetings with key officials from City governments, Smart City SPVs, various departments and utilities, DISCOMs etc. for assessing data availability and sources, preferred timelines, key nodal officers etc.;

  b. Study of city demography, socio-economic stratification and geography that has a bearing on sample size and distribution;

  c. Study of existing reports, studies, alternative data sources etc.;

iii. Prepare and submit to the MoUD, an Inception Report (separate for all cities included in the study), including inter-alia the following:

  a. Detailed Plan of Action including likely sources of data, proposed field surveys, sample size and distribution, nodal officers etc.;

   b. Proposed timelines for city field visits as discussed and finalized with MoUD and State/City governments;
   c. Specific survey and raw data collection formats for the 79 standards as finalized in discussion with MoUD;

iv. Convey the finalized schedule and Plan of Action to cities allowing them to mobilise support for the activities. A Minimum of 15 days of preparation period must be given to cities before data collection and surveys;

Data Collection and Field Surveys

v. Mobilize Field Teams (with adequate and qualified manpower as indicated in Clause 7.6) for obtaining data required for all 79 Standards;

vi. Conduct field surveys for a statistically relevant sample as per nationally/internationally accepted standards for sampling size and distribution. The method for determining sample size and distribution should be as proposed in the bid during RfP stage and finalized in consultation with the MoUD as part of the Inception Report;

vii. Maintain and submit all raw data and data collection forms to MoUD without any editing and/or masking (including particulars such as names of respondents, exact address and contact details, date and time of survey, and GPS coordinates in case of samples taken for pollution etc.);

viii. Conduct analysis of the raw data through the Analytics Team ((with adequate and qualified manpower as indicated in Clause 7.6) and prepare aggregate data sets for all 79 standards for each of the cities;

ix. Submit Draft City Assessment Report to the MoUD (separate for each city), including inter-alia the following:

   a. Database of aggregate data in the format attached at Annexure X;
   b. All raw data and data sheets;
   c. Sources of data, assumptions (if any), record of discussions with key stakeholders, minutes of city kickoff meeting and other relevant documentation;

x. Submit Draft City Assessment Report to respective city and state governments for inviting comments and suggestions (if any). A period of 15 days shall be given to cities to submit their responses, after which the data will be deemed to be accepted by the city;

xi. Submit Final City Assessment Report to the MoUD after including any recommendations of the MoUD and after suitably incorporating any valid feedback received from cities/states with the approval of the MoUD;

xii. Develop and maintain a digital database of all data sets collected every year for each city. The format should be finalized in consultation with the MoUD and enable examination of raw data as well as aggregated numbers on a year-on-year basis;

Other support activities

xiii. Provide all necessary support to the NIUA or other reputed third-party agency(ies) appointed by the MoUD for undertaking verification of the data submitted by the Consultant;

xiv. Provide any technical support as required by the MoUD or its assigned team during the development of scoring sheets and city indexes for the various Standards;

xv. Conduct a National workshop (1-day) on behalf of MoUD for disseminating the findings of the Ministry. Costs for the workshop must be included in the proposal.

7.4 Results to be achieved

The Assignment will result in the creation of a robust database (updated annually) of critical datasets across 79 different Liveability parameters in Indian Cities. This will form the basis for the Ministry to compute an annual City Liveability Index of cities. This can also act as a repository of critical data for encouraging research on cities in India.

7.5 Timelines and Deliverables for Year 1*

Report	Time line	Documents	Deliverables and Contents
Inception Report	8 weeks from start date as per contract	Hard copies, and Electronic version	Separate for each city, including: a. Detailed Plan of Action including likely sources of data, proposed field surveys, sample size and distribution, nodal officers etc.; b. Proposed timelines for city field visits as discussed and finalized with MoUD and State/City governments; c. Specific survey and raw data collection formats for the 79 standards as finalized in discussion with MoUD;

Report	Time line	Documents	Deliverables and Contents
Draft City Assessment Report	12 weeks from start date as per contract	Hard Copies, and Electronic version	Separate for each city, including: a. Database of aggregate data in the format attached at Annexure X; b. All raw data and data sheets; c. Sources of data, assumptions (if any), record of discussions with key stakeholders, minutes of city kickoff meeting and other relevant documentation;
Final City Assessment Report	20 weeks from start date as per contract	Hard Copies, and Electronic version	Separate report for each city. The Reports should include all recommendations of the MoUD on the Draft Reports. The Report should also incorporate any valid suggestions/feedback received from cities/states with the approval of the MoUD.

***** Timelines for subsequent years will be as decided by MoUD

7.6 Team Composition and Qualification Requirement for key Experts

The assignment is to be undertaken by a full-time Team Leader supported by a Core team of experts and an Analytics Team. Actual data collection and field surveys will be done through city-level Field Teams.

i. **Core Team (full-time):** Given that the assignment requires a deep understanding of the urban sector, as well as of economics, statistics and field studies, the Team Leader and the Core Team of experts must have suitable skills for undertaking the assignment and successfully completing the tasks enumerated. The Team Leader should bring to the table a strong mix of academic accomplishments, urban sector experience and experience of leading similar national/international assignments.

ii. **Analytics Team (full-time):** should be manned with experts capable of analysing large data sets, checking and correcting for errors and inconsistencies, development and management of digital databases and preparation of reports. The team should therefore include adequate number of IT specialist(s), database management/ MIS expert(s), urban economics/planning specialists for data analysis and verification.

iii. **Field Teams per city:** should be manned with adequate number of persons (depending upon city size, stratification and geography) capable of conducting field surveys and extracting credible secondary data from various city/state departments and utilities. Each team should therefore include adequate number of qualified urban professionals for extracting secondary data from various sources, persons with market/field research experience and data processors/ data entry operators. Each team should be led by a suitably experienced Urban Specialist (Urban Planner/ Urban Economist) with at least 10 years of experience in the urban sector and at least 5 years of experience in secondary and primary data collection and analysis

The Core Team proposed should be able to demonstrate the qualifications and experience as prescribed in table below:

7.6.1 Core Team (CV to be evaluated)

Position	**Minimum Qualifications & skills**	**Minimum Experience**
Team Leader	Qualification - Bachelor’s Degree in Engineering/Architecture/Planning/Economics/Management with post-graduate degree in Planning/Management or equivalent from a recognized University In-depth knowledge of all aspects of urban sector, including governance-related, socio-economic, environmental and engineering aspects Proven academic credibility in terms of published papers, articles etc. Experience of leading national level urban research assignments Experience of leading national/international ranking assignments	At least 20 years of which at least last 10 years must have been for the Urban Sector
Urban Management Specialist/ Planning Expert	Bachelor’s Degree in Engineering/Architecture/Planning with post-graduate degree in Management or equivalent from a recognized University Good knowledge of urban sector Experience of playing a core role in similar national/international data collection and ranking assignments	At least 15 years of experience in the Urban Sector
Market Research Specialist	Master’s Degree in Management from a recognized University Good knowledge of mobilization and organization for market research Experience of leading national/international field research assignments	At least 15 years of which at least last 7 years must have been in the field of Market Research
Statistician	Master’s Degree in Statistics from a recognized University Good knowledge of urban data sources and urban data analysis Experience of statistically designing and managing sample surveys	At least 15 years of which at least last 5 years must have been for the Urban Sector

7.7 TA management and counterpart staff

The assignment will be contracted by the MoUD for carrying out the assignment.

7.7.1 Items to be provided by the MoUD

a. The MoUD will set up a Coordinating Team at the national level for providing guidance and support to the Core Team for executing the assignment;
b. Provide support for organizing various State and city level workshops and meetings;.
c. Provide feedback from time to time for finalizing deliverables;
d. Set up a monitoring system for timely validation of data and finalization of aggregate data.

7.7.2 Items to be provided by the agency

In addition to the results and deliverables listed above, the Consultant will:

a. Provide for all manpower, materials and equipment necessary for carrying out the assignment;
b. Provide all resources for report production and necessary translations;
c. Provide all Computers and software required by the teams for carrying out the tasks;
d. Arrange for all transportation and travelling required for the teams including Investigations.

Record of Discussions of the Meeting chaired by Hon. PM to discuss the progress of 'Clean Ganga Mission', 18th May 2017, 7 pm, South Block

Prime Minister chaired a meeting to discuss the progress of 'Clean Ganga Mission'. The list of the participants is attached.

2. Secretary, M/o Water Resources, River Development and Ganga Rejuvenation made a brief presentation on the concept. Following decisions were taken after detailed deliberations:

i. The voluntary organizations like that of Mata Amritanandmayee, who have made huge donations towards the cause of cleaning of Ganga, may be appropriately involved in the community awareness programmes.

(Action: NMCG)

ii. A system should be put in place to regularly cross-verify the performance of the Real Time Water Quality Monitoring Stations.

(Action: CPCB)

iii. Amongst the Grossly Polluting Industries (GPIs), those which are complying with the pollution control norms should be publicly felicitated, while names of those which are not complying with the pollution control norms may be prominently displayed at public places.

(Action: NMCG, CPCB)

iv. An effort be made to explore whether different eco-friendly technology could be used for the process of tanning by the tanneries, so as to reduce the pollution load in the Ganga.

(Action:MoWR, NMCG)

v. The big temple trusts in the country could be appealed to participate in the process of cleaning of ghats and banks of Ganga. An appropriate plan be made to allocate defined stretches of Ganga, across its length, to these temple trusts for cleaning.

(Action: NMCG)

vi. The possibility deploying of solar operated trash skimmers for river surface cleaning may be explored.

(Action: NMCG)

vii. The possibility of banning usage of plastic within certain zone from the banks of Ganga may be explored.

(Action:MoEF, NMCG)

viii. The works of construction of ghats and crematoria as well as that of cleaning of ghats etc. should be left to the local municipal / village administration and the State Governments. The NMCG should mainly focus on controlling and reducing the pollution of the river Ganga due to sewage and industrial effluents.

(Action: NMCG)

ix. An attempt be made to organize competition in the 5 States on the parameter of Swachhata in the villages located on the banks of the Ganga.

(Action: MoDWS)

x. Regarding the upcoming turtle sanctuary at Varanasi, a holistic view be taken about the location.

(Action: MoEF, NMCG)

xi. For increasing awareness amongst the citizens visiting Ganga, hoardings containing appropriate messages be put up at suitable places near the banks of the river.

(Action: NMCG)

xii. The administrative capacity of local self-governments along the banks of Ganga needs to be augmented. The Ministry should prepare a proposal on comprehensive reforms in UP Jal Nigam with technical assistance of experts.

(Action:MoWR, NMCG)

xiii. The mission should ensure dissemination of information about the works done and about the ongoing activities.

(Action: NMCG)

xiv. M/o Railways may be appealed to buy the treated and recycled water from the STPs.

(Action:M/oRailways, NMCG)

xv. The municipal administration in India needs major reforms to make the cities sustainable in terms of generating own revenue to run the operations of basic utilities. In this regard, MoUD can think of ranking the cities in terms of own revenue generated and performance of key utilities.

Dear Madam,

Please find enclosed herewith a REOI for shortlisting of firms for assessment of livability of selected cities out of 79 indicators (may be varied). At present, 114 cities have been identified and the same may be varied.

The procurement will be done by NIUA, which is an Institute under Ministry of Urban Development (MoUD), Government of India, on behalf of the MoUD. The payment for the assignment for the first round will be made by the Ministry directly to the selected agency on successful completion of assignment and duly certified by NIUA out of CBUD funds.

You are requested to convey no objection/comments of World bank at the earliest.

Justification for the Liveability Index Assessment Proposal

The Government of India along with State and Local Governments is implementing several flagship urban missions for improving various aspects of urban development in Indian cities. An underlying goal of these initiatives is to make Indian cities more 'Liveable. In this context, the Ministry of Urban Development has developed a set of 'Liveability Standards of Cities'. These will act as a guiding framework for cities to chart their pathway towards liveability and result in a systematic improvement in the quality of life of citizens in Indian cities. About 79 standards are proposed across 15 different categories. Based on this framework, the Ministry proposes to conduct an 'Annual Assessment of Liveability and develop a 'City Liveability Index' as well as sub-indices across 15 categories. To start with, only 116 cities will be assessed on liveability during 2017-18.

The National Institute of Urban Affairs (NIUA) has been asked to undertake the overall assignment through a professional firm. NIUA will be overall responsible for releasing the Liveability Index every year during 2017 to 2020. The index will be made public on the first day of January starting from 2018. Accordingly, NIUA has prepared an action plan to procure agency/agencies for data collection and other activities connected to the assessment. NIUA will follow GFR in all their procurement processes and payments, operations and CBUD (World Bank Funds) norms during 2017-18. Below are given the details of implementing the framework.

An agency will be hired by NIUA to provide professionals at the National level (to be located at NIUA) and Regional team to do the assessments of cities. City level assessments including surveys, collection of samples, etc. will be done by data collectors having expertise in different domains (e.g. solid waste management, transport) and accredited with or belonging to inspection bodies (such as **Bureau Vertitas** (India) Pvt. Ltd., **TUV SUD South Asia** Pvt. Ltd. etc.) having extensive experience in doing such kind of surveys and assessments.

Regional breakup of 116 cities is given as Annexure below – where it emerges that 9 Regional clusters having 13 cities each are formed, based on which city assessment costs are derived. Suggested indicators that require surveys are also described in Table 2. About 15 indicators are assumed to need surveys and/or laboratory tests which are costed tentatively, as survey sample size and need would vary as per indicator and the city. The agency estimates are based on charge-out rates (manpower + expenses + profits) as have been deployed in Project Management Unit (PMU) teams hired by the Ministry till date. Travel and other cost estimates are based on similar costs in other current projects, market trends and contracts given by the Ministry.

NIUA will deploy a team of 5 professionals to monitor the overall project, maintain quality & integrity of data & standards across cities, and capture lessons from the assessment exercise. This will include development of a standard methodology and software to be used by all the teams, so that the assessment is uniform and indexation is possible. The NIUA team is considered for 9 months (May 2017 to January 2018, inclusive) with the first 3 months given for internal team setup, agency procurement process and a universal software development for the Assessment. The next 6 months will be working in tandem with the different teams. The last month is kept for wrapping up the process for 2017 after the results are announced.

The NIUA team will consist of human resources as given in Table 1 below.

Table 1

Position	Minimum Qualifications & skills	Minimum Experience
Team Leader	Post Graduate degree in Engineering/Planning/Architecture/Economics/ Management/Mathematics/Statistics from a recognised University/Institution. Experience of working in Urban Sector. Experience of leading national/international level Urban Research assignments related to indexing of cities. Managed at least 1 projects of similar nature.	At least 20 years' experience in urban/management/research/ sector
Data Analytics and Indexing Specialist	Post graduate level qualification in Statistics from a recognised University/institution. Experience of data analysis developing composite indexes at national level.	15 years professional experience. Managed/worked in at least 2 assignments of similar nature
Urban Specialist (cross sectoral)	Post Graduate degree in Planning from a recognised university/institution. Experience of planning projects or city development aspects across planning sectors of transport, environment, services, etc.	15 years professional experience. Managed/worked in at least 2 assignments of similar nature
IT Specialist/Software Developer	Post Graduate in Software development from a recognized university/institution. Experience in developing software for Database Management System and data analysis	10 years' experience in the field. Developed at least 2 software for similar nature.

NIUA team will also have an Administrative Officer / Office Manager (qualifications and experience to suit the requirement) to manage the above project and its related matters.

Professionals deployed by Agency at the National level

The National level team to be located at NIUA is considered for 7 months (July 2017 to January 2018, inclusive), of which 6 months are common with the regional teams who will do the assessment of the cities. There are 12 workshops planned overall to be attended by the qualified members of the national level team: 1 each at National level for pre-bid, launch with selected agencies and at closing; and 1 each at each of the 9 Regional Centres midway to ascertain progress. The national team will consist of human resources as given in Table 2 below.

Table 2

Position	Minimum Qualifications & skills	Minimum Experience

Team Leader	Post Graduate degree in Engineering/Planning/Architecture/Economics/ Management/Mathematics/Statistics from a recognised University/Institution. Experience of working in Urban Sector. Experience in Environmental Impact Assessment and Environmental Management Plan	15 years professional experience. Managed/worked in at least 2 assignments of similar nature
GIS Specialist	Post Graduate degree in Geography/Urban Planning / Engineering from a recognized university/institution Experience of undertaking GIS mapping and analytics for urban local bodies	15 years professional experience. Managed/worked in at least 2 assignments of similar nature

The national team will also have Data Entry Operators (4 Nos.).

The national level team will be responsible for aggregating data received from the teams, etc . An important function of the National level team will be quality control to ensure the authenticity of the data collected through surveys. The authenticity of data shall be ensured through visual backup like photographs etc. and using geo-tagging technology through hand held devices. A useful precedence is the *Swacch Sarvekshan*.

Teams for City level assessment aggregated at Regional Cluster levels

The data collection and ground surveys of all the cities will be carried out by teams deployed by the Agency at Regional levels and travelling to the cities in the cluster. Each City team will carry out the assessment of indicators across in 15 categories through verification of secondary data and deployment of necessary surveyors for each city, and the laboratory tests as required in some

indicators. About 15 indicators are assumed to need surveys and/or laboratory tests. Table 2 gives the details.

1 INTRODUCTION

1.1 Background

a) The Government of India along with State and Local Governments is implementing several flagship urban missions for improving various aspects of urban development in Indian cities. An underlying goal of these initiatives is to make Indian cities more ‘Liveable. This will not only providing good quality core infrastructure and services, but also developing cities with ample opportunities for work, entertainment and cultural activities, improved social infrastructure and economic opportunities.

b) In order to do this through a structured approach it is important to create a common minimum framework, which cities can use to assess their ‘Liveability’ and measure their progress over time. In this context Ministry of Urban Development has developed a set of ‘Liveability Standards of Cities’. These will act as a guiding framework for cities to chart their pathway towards liveability and result in a systematic improvement in the quality of life of citizens in Indian cities. The draft ‘Liveability Standards’ are available at Smart City website.

c) A total of 79 different standards are proposed across 15 different categories. The Ministry proposes to conduct an ‘Annual Assessment of Liveability in the various standards and develop a ‘City Liveability Index’ of the liveability standards in selected cities.

d) A total of 114 Cities have been selected. Shortlisting process is being undertaken to identify a panel of consultants who will be eligible for selection to do assessment of liveability standards in selected cities.

REOI FOR SHORTLISTING OF CONSULTING FIRMS FOR ASSESSMENT OF LIVEABILITY IN SELECTED CITIES

RESPONSE TO PRE-BID QUERIES

S.NO	QUERY	RESPONSE
	REGARDING ELIGIBILITY	
	'A business entity' - Government entities, formed by cabinet decisions are not incorporated in companies Act/LLP Act. There should be a provision for such entities.	Explained in Clause 2.2 (b) page 7. As per procurement guidelines, State-owned enterprises are eligible to compete if they are: i. Legally and financially autonomous ii. Operate under commercial law iii. Are not under supervision by the agency contracting them In any case, such entities can participate as a consortium partner
	EMD processing fee required in EOI phase or not?	No
	REGARDING FINANCIAL QUALIFICATION CRITERIA	
	How do you define 'financial strength of the organization'? (What secures full marks?)	Information needs to be provided as per Annexure 4 of the REOI. The Procurement Committee will decide the same.
	Financial strength of the firm (Pg. no. 15, 3.1 b) Vague statement: Is there any lower limit?	
	Elucidation required for 'Financial strength evaluation'.	
	Is there any limit of turnover to apply for this bid?	No
	Valuation of consortium to be for 'lead partner' or consortium as a whole?	Technical criteria valuation will be for all consortium partners. For financial strength Lead partner shall only be evaluated.

	REGARDING SCOPE	
	You give assignment in a single company for PAN India. (Can someone apply for few cities only?)	Single selected agency has to carry out the entire assignment for 116 cities.
	There are 116 cities given in Annexure - 1, whether NIUA is going to split this assignment among many organizations or will it be given to one agency?	
	Would single or multiple agencies be deployed to conduct the research? If multiple, what would be min/max size of deliverables(state wise/zone wise)?	
	Please clarify if this is a single project or how would the cities be packaged if multiple projects.	
	Will you select one agency for 116 cities or there will be multiple agencies?	
	Will the complete assignment be taken by a single firm?	
	In case the number of firms are to be engaged, how would the lot be divided?	
	How many bidders will be considered for contract award for all 130 cities/towns.	
	How many firms are to be selected?	
	Can a consultant bid for few states or it has to bid for all the 116 cities?	
	In the background, 114 cities is mentioned whereas Annexure A has names of 116 cities in the list. So what is the exact number?	116 cities

	Standard of Liveability is defined or it has to be redefined by the consultant?	Please refer to the "Liveability Standards in Cities" along with "Methodology for Collection and Computation of Liveability Standards in Cities " which may be downloaded at http://smartcities.gov.in/content/innerpage/otherstoolkit.php
	Is the methodology and related indices confirmed or are under development?	
	Do you expect us to contribute to development of indices and calculations?	No
	Once the data is submitted, does the research agency gets a role in policy defining?	No
	What all does city inspection report contains?	In case this refers to 'Inception Reports': Refer 1.2.1.b for details on City wise Inception Report
	What is the definition of a city - Municipality area or UA?	Municipal area
	Will there be separate reports for each city?	Yes
	REGARDING TECHNICAL QUALIFICATION CRITERIA	
	What is the type of expertise required for the assignment?	Refer Clause 3.1 of REOI
	Why is accreditation with B.V. or UV SUD or equivalent necessary?	To ensure quality
	Can 'equivalent' in the above query be elucidated?	Please follow the terms of reference.
	Why specific certification required when we have more experiences of Market Research/Field surveys urban slums surveys/socio- economic surveys?	
	Teams consisting of data collectors accredited with or belonging to inspection bodies such as Bureau Vertitas (india) pvt. Ltd., UV SUD South Asia pvt. or of equivalent status and	

	repute (Pg. no. 15, 3.1b) Which all bodies do include under this head? However, it is very difficult to get investigators/team for such a huge assignment	
	Section 3.1(e): Will ISO certifications quality? If yes, please specify how many projects or people to get 30 marks. If no, please specify the kind of accreditation.	
	Consideration of 30 marks in evaluation criteria for accreditation with Bureau veritas / UV SUD is too high. This criterion needs to be dropped to allow wider participation by industry in the project.	No change
	With respect to section 3 (b) of REOI on evaluation parameters, We have significant experience in undertaking field surveys and research and analysis in urban areas including household surveys, property survey and mapping etc. We have well laid out processes for data collection and quality assurance and are ISO 9001-2015 certified. As we mostly use in house survey designers, supervisors and data collectors, we have not worked with external terms specifically accredited by the specific organizations listed in REOI. The specific reference to inspection bodies may be removed in favour of generic quality assurance processes or certification or process demonstration.	
	From 3.1 Evaluation: Within each evaluation parameter, how will the marking be done? Is there any breakup of marks based on no. of assignments?	This will be decided by the Procurement Committee

	From 3.1 - Experience of staff- 25 marks: For how many similar assignments, maximum 25 marks will be awarded?	
	Point 3: Criteria for evaluation 3.1: Evaluation of applications a. What is the min number of experience for general experience? b. What is the minimum of staff having experience for similar assignment c. What is the minimum number of assignments related to market research and field survey in urban areas? d. What is the minimum number of assignments for experience of the firm in implementing assignments for analysis and assessment of data related to governance, transportation etc.	
	What is the score given to each assignment	
	The query is for the 'criteria for evaluation' marked at section 3. Under section 3.1 sub-point b, 4 parameters are grouped in 2 and marked as (3) and (4). The parameters include experience of the firm and the related assignments. The collective staff experience defines the firm's experience thus in that view the pointers are same except the expectations raised for the data collectors to be accredited with inspection bodies. Suggestion: In order to get more reliable data, one pointer should be added or weightage should be given to the consultants who are conducting the field work digitally.	

	Geotag information gives you more accuracy in terms of relying on data collected from that city itself.	
	On evaluation criteria what would be treated as Gold standard for each parameter i.e. what credential will make one eligible for full marks under each? What financial strength criteria will ensure 15 marks? How many projects as reference/experience?	
	Is the surveys held as large scale urban planning assignments will be counted or not?	Eligibility based on project details to be evaluated by the Procurement Committee
	Can we obtain global experience?	Yes
	Can study conducted in domain like governance, transportation, environment, conducted globally be shown in the experience?	Yes
	Is our global experience in similar studies relevant here?	Yes
	Reference Appendix 6 - Pg 28 ; Specific experience of the firm in implementing……….lead firm. Please clarify why pvt. Companies are mentioned and what kind of affiliation/equivalent status needed.	Self-Explanatory
	Reference Appendix 5,7 - Pg 26 and 30; A copy of the work order/agreement.........as per clause 2.19 Work order may not mention the survey work in most of the cases. But projects like PMAY are totally based on ground level survey as per the SOW mentioned by MOHUPA. Please consider these projects as under survey related work.	Project details to be submitted as per REOI

	REGARDING METHODOLOGY	
	Is primary data collection expected or the data needs to be collected from the ULB officials?	Both
	From 1.2 Brief TOR: What should be the methodology for data collection? Is this fixed or we have flexibility to opt for digital or other solutions?	This will be part of the detailed Terms of Reference as part of the Request for Proposal
	Research mode : physical surveys, government data, online research about the city. These need to be defined (for accuracy) and how to submit data (pre defined formats)	
	Please elaborate on secondary data availability from different line departments and primary data collection requirements in the project.	
	Data collection and field survey- What would be the universe/TG selection process?	
	REOI refers to a detailed methodology already developed for this experience. Will the selected consultant be allowed to improvise it?	
	Will usage of 'lateral' or 'proxy' data sources such as satellite imagery to access traffic patterns, built density, green cover, water bodies, open spaces etc, telephone data on mobility patterns etc be supported or encouraged?	
	What does identification of data resources and submission of resources of data mean?	This will be part of the detailed Terms of Reference as part of the Request for Proposal

	Has there been a baseline study conducted on the availability of administrative data across all the indicators mentioned in REOI? If so, will that be made available to the consultants at RFP stage?	No.
	Will data collected previously under other mission and programs viz. Swachh Survekshan etc. be made available for Liveability Index? (Can be very useful and avoid duplication of efforts)	This will be part of the detailed Terms of Reference as part of the Request for Proposal
	Will the government agencies provide support? To what extent? How?	
	Can data collection be a 'computer assisted personal interview' using CAPI devices (hand handled). REOI does mention that 'maintain and submit raw data and data collection forms to NIUA'.	
	Are you okay with digital form of data collection as you mentioned to submit raw data and data collection forms?	
	How is data to be submitted? Digitally or manually?	
	REGARDING DURATION OF ASSIGNMENT	
	What is the duration of this assignment?	This will be part of the detailed Terms of Reference as part of the Request for Proposal
	What would be the expected duration of the project(s)?	
	Once the purpose is defined then the research will make more sense. Also regarding the research - What is the time frame?	
	How much time is available for the actual execution of the project?	

	OTHER QUERIES	
	Define the purpose of research.	Please refer to the "Liveability Standards in Cities" and the "Methodology for Collection and Computation of Liveability Standards in Cities " documents, which can be downloaded from http://smartcities.gov.in/content/innerpage/otherstoolkit.php
	Assuming [that] in data collection for the government, [it is necessary] to identify the core areas which need to be addressed in the city, then the research need to be divided into three main parts - a. Physical structure - infrastructure b. social structure - occupation/education c. governance structure - how are things managed for a common man's life	
	Existing city infrastructure is required? Mapping the existing infrastructure in terms of connectivity, utilities, garbage management, education, employment opportunities and air quality.	
	Social structure : Liveability? What is the basic parameter which needs to be defined?	
	Governance structure : How is a common man's basic life and need governed? Who is accountable and answerable? Does the existing structure meets a common man's need?	
	Please provide the link for accessing liveability standards. Current link redirects to a page where it asks for EOI for Kakinada KMPs.

Section 1. Letter of Invitation

RFP No. CBUD/FIN/34 **Credit No.**4997-IN

New Delhi ____/ March/2017

Dear Mr. /Ms.:

1. The Government of India (hereinafter called "Borrower") has received financing from the International Development Association (IDA) (the "Bank") in the form of a credit (hereinafter called "credit") toward the cost of Capacity Building for Urban Development (CBUD) Project. The National Institute of Urban affairs, (an autonomous body under Ministry of Urban Development), the implementing agency of the Client, intends to apply a portion of the proceeds of this credit to eligible payments under the contract for which this Request for Proposals is issued. Payments by the Bank will be made only at the request of the *Ministry of Urban Development* (client) and upon approval by the Bank, and will be subject, in all respects, to the terms and conditions of the financing agreement. The financing agreement prohibits a withdrawal from the credit account for the purpose of any payment to persons or entities, or for any import of goods, if such payment or import, to the knowledge of the Bank, is prohibited by a decision of the United Nations Security council taken under Chapter VII of the Charter of the United Nations. No party other than the Borrower shall derive any rights from the financing agreement or have any claims to the proceeds of the credit.

   The Client now invites proposals to provide the following consulting services (hereinafter called "Services"): "Selection of Consulting Firms for Assessment of Liveability in 116 Cities cities in India". More details on the Services are provided in the Terms of Reference (Section 7).

2. This Request for Proposal (RFP) has been addressed to all eligible Consultants:

3. Deleted.

4. A firm will be selected under Quality and Cost Based Selection method (QCBS) **(Lump Sum)** and in a Proposal format as described in this RFP, in accordance with the policies of the Bank detailed in the Consultants' Guidelines which can be found at the following website: *www.worldbank.org/procure*.

5. The RFP includes the following documents:

   Section 1 - Letter of Invitation
   Section 2 - Instructions to Consultants and Data Sheet
   Section 3 - Technical Proposal - Standard Forms
   Section 4 - Financial Proposal - Standard Forms

Section 5 – Eligible Countries
Section 6 – Bank’s Policy – Corrupt and Fraudulent Practices
Section 7 - Terms of Reference
Section 8 - Standard Form of Contract (Time Based)

6. Please inform us by *[insert date]*, in writing by E-mail *[insert e-mail address]*:

   (a) That you have received the Letter of Invitation; and
   (b) Whether you intend to submit a proposal alone or intend to enhance your experience by requesting permission to associate with other firm(s) (if permissible under Section 2, Instructions to Consultants (ITC), Data Sheet 14.1.1).

7. Details on the proposal’s submission date, time and address are provided in Clauses 17.7 and 17.9 of the ITC.

Yours sincerely,

Section 2. Instructions to Consultants and Data Sheet

(y) "TORs" (this Section 7 of the RFP) means the Terms of Reference that explain the objectives, scope of work, activities, and tasks to be performed, respective responsibilities of the Client and the Consultant, and expected results and deliverables of the assignment.
2. Introduction	2.1 The Client named in the **Data Sheet** intends to select a Consultant from those listed in the Letter of Invitation, in accordance with the method of selection specified in the **Data Sheet**. 2.2 The shortlisted Consultants are invited to submit a Technical Proposal and a Financial Proposal, or a Technical Proposal only, as specified in the **Data Sheet**, for consulting services required for the assignment named in the **Data Sheet**. The Proposal will be the basis for negotiating and ultimately signing the Contract with the selected Consultant. 2.3 The Consultants should familiarize themselves with the local conditions and take them into account in preparing their Proposals, including attending a pre-proposal conference if one is specified in the **Data Sheet**. Attending any such pre-proposal conference is optional and is at the Consultants' expense. 2.4 The Client will timely provide, at no cost to the Consultants, the inputs, relevant project data, and reports required for the preparation of the Consultant's Proposal as specified in the **Data Sheet**.
3. Conflict of Interest	3.1 The Consultant is required to provide professional, objective, and impartial advice, at all times holding the Client's interests paramount, strictly avoiding conflicts with other assignments or its own corporate interests, and acting without any consideration for future work. 3.2 The Consultant has an obligation to disclose to the Client any situation of actual or potential conflict that impacts its capacity to serve the best interest of its Client. Failure to disclose such situations may lead to the disqualification of the Consultant or the termination of its Contract and/or sanctions by the Bank. 3.2.1 Without limitation on the generality of the foregoing, the Consultant shall not be hired under the circumstances set forth

	below:
a. Conflicting activities	(i) Conflict between consulting activities and procurement of goods, works or non-consulting services: a firm that has been engaged by the Client to provide goods, works, or non-consulting services for a project, or any of its Affiliates, shall be disqualified from providing consulting services resulting from or directly related to those goods, works, or non-consulting services. Conversely, a firm hired to provide consulting services for the preparation or implementation of a project, or any of its Affiliates, shall be disqualified from subsequently providing goods or works or non-consulting services resulting from or directly related to the consulting services for such preparation or implementation.
b. Conflicting assignments	(ii) Conflict among consulting assignments: a Consultant (including its Experts and Sub-consultants) or any of its Affiliates shall not be hired for any assignment that, by its nature, may be in conflict with another assignment of the Consultant for the same or for another Client.
c. Conflicting relationships	(iii) Relationship with the Client's staff: a Consultant (including its Experts and Sub-consultants) that has a close business or family relationship with a professional staff of the Borrower (or of the Client, or of implementing agency, or of a recipient of a part of the Bank's financing) who are directly or indirectly involved in any part of (i) the preparation of the Terms of Reference for the assignment, (ii) the selection process for the Contract, or (iii) the supervision of the Contract, may not be awarded a Contract, unless the conflict stemming from this relationship has been resolved in a manner acceptable to the Bank throughout the selection process and the execution of the Contract.
4. Unfair Competitive Advantage	4.1 Fairness and transparency in the selection process require that the Consultants or their Affiliates competing for a specific assignment do not derive a competitive advantage from having provided consulting services related to the assignment in question. To that end, the Client shall indicate in the **Data Sheet** and make available to all shortlisted Consultants together with this RFP all information that would in that respect give such Consultant any unfair competitive advantage over competing Consultants.
5. Corrupt and Fraudulent Practices	5.1 The Bank requires compliance with its policy in regard to corrupt and fraudulent practices as set forth in Section 6. 5.2 In further pursuance of this policy, Consultant shall permit and shall cause its agents, Experts, Sub-consultants, sub-contractors,

	services providers, or suppliers to permit the Bank to inspect all accounts, records, and other documents relating to the submission of the Proposal and contract performance (in case of an award), and to have them audited by auditors appointed by the Bank.
6. Eligibility	6.1 The Bank permits consultants (individuals and firms, including Joint Ventures and their individual members) from all countries to offer consulting services for Bank-financed projects. 6.2 Furthermore, it is the Consultant's responsibility to ensure that its Experts, joint venture members, Sub-consultants, agents (declared or not), sub-contractors, service providers, suppliers and/or their employees meet the eligibility requirements as established by the Bank in the Applicable Guidelines. 6.3 As an exception to the foregoing Clauses 6.1 and 6.2 above:
a. Sanctions	6.3.1 A firm or an individual sanctioned by the Bank in accordance with the above Clause 5.1 or in accordance with "Anti-Corruption Guidelines" shall be ineligible to be awarded a Bank-financed contract, or to benefit from a Bank-financed contract, financially or otherwise, during such period of time as the Bank shall determine. The list of debarred firms and individuals is available at the electronic address specified in the **Data Sheet**.
b. Prohibitions	6.3.2 Firms and individuals of a country or goods manufactured in a country may be ineligible if so indicated in Section 5 (Eligible Countries) and: (a) as a matter of law or official regulations, the Borrower's country prohibits commercial relations with that country, provided that the Bank is satisfied that such exclusion does not preclude effective competition for the provision of Services required; or (b) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Borrower's Country prohibits any import of goods from that country or any payments to any country, person, or entity in that country.
c. Restrictions for Government-owned Enterprises	6.3.3 Government-owned enterprises or institutions in the Borrower's country shall be eligible only if they can establish that they (i) are legally and financially autonomous, (ii) operate under commercial law, and (iii) that they are not dependent agencies of the Client

	To establish eligibility, the government-owned enterprise or institution should provide all relevant documents (including its charter) sufficient to demonstrate that it is a legal entity separate from the government; it does not currently receive any substantial subsidies or budget support; it is not obligated to pass on its surplus to the government; it can acquire rights and liabilities, borrow funds, and can be liable for repayment of debts and be declared bankrupt; and it is not competing for a contract to be awarded by the government department or agency which, under the applicable laws or regulations, is its reporting or supervisory authority or has the ability to exercise influence or control over it.
d. Restrictions for public employees	6.3.4 Government officials and civil servants of the Borrower's country are not eligible to be included as Experts in the Consultant's Proposal unless such engagement does not conflict with any employment or other laws, regulations, or policies of the Borrower's country, and they (i) are on leave of absence without pay, or have resigned or retired; (ii) are not being hired by the same agency they were working for before going on leave of absence without pay, resigning, or retiring (in case of resignation or retirement, for a period of at least 6 (six) months, or the period established by statutory provisions applying to civil servants or government employees in the Borrower's country, whichever is longer. Experts who are employed by the government-owned universities, educational or research institutions are not eligible unless they have been full time employees of their institutions for a year or more prior to being included in Consultant's Proposal.; and (iii) their hiring would not create a conflict of interest.
B. Preparation of Proposals	
7. General Considerations	**7.1.** In preparing the Proposal, the Consultant is expected to examine the RFP in detail. Material deficiencies in providing the information requested in the RFP may result in rejection of the Proposal.
8. Cost of	**8.1.** The Consultant shall bear all costs associated with the

Preparation of Proposal	preparation and submission of its Proposal, and the Client shall not be responsible or liable for those costs, regardless of the conduct or outcome of the selection process. The Client is not bound to accept any proposal, and reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Consultant.
9. Language	**9.1.** The Proposal, as well as all correspondence and documents relating to the Proposal exchanged between the Consultant and the Client, shall be written in the language(s) specified in the **Data Sheet**.
10. Documents Comprising the Proposal	**10.1.** The Proposal shall comprise the documents and forms listed in the **Data Sheet**. **10.2.** If specified in the **Data Sheet**, the Consultant shall include a statement of an undertaking of the Consultant to observe, in competing for and executing a contract, the Client country's laws against fraud and corruption (including bribery). **10.3.** The Consultant shall furnish information on commissions, gratuities, and fees, if any, paid or to be paid to agents or any other party relating to this Proposal and, if awarded, Contract execution, as requested in the Financial Proposal submission form (Section 4).
11. Only One Proposal	**11.1.** The Consultant (including the individual members of any Joint Venture) shall submit only one Proposal, either in its own name or as part of a Joint Venture in another Proposal. If a Consultant, including any Joint Venture member, submits or participates in more than one proposal, all such proposals shall be disqualified and rejected. This does not, however, preclude a Sub-consultant, or the Consultant's staff from participating as Key Experts and Non-Key Experts in more than one Proposal when circumstances justify and if stated in the **Data Sheet**.
12. Proposal Validity	**12.1. The Data Sheet** indicates the period during which the Consultant's Proposal must remain valid after the Proposal submission deadline. **12.2.** During this period, the Consultant shall maintain its original Proposal without any change, including the availability of the Key Experts, the proposed rates and the total price. **12.3.** If it is established that any Key Expert nominated in the Consultant's Proposal was not available at the time of Proposal submission or was included in the Proposal without his/her confirmation, such Proposal shall be disqualified and rejected for further evaluation, and may be subject to sanctions in accordance with

	Clause 5 of this ITC.
a. Extension of Validity Period	**12.4.** The Client will make its best effort to complete the negotiations within the proposal's validity period. However, should the need arise, the Client may request, in writing, all Consultants who submitted Proposals prior to the submission deadline to extend the Proposals' validity. **12.5.** If the Consultant agrees to extend the validity of its Proposal, it shall be done without any change in the original Proposal and with the confirmation of the availability of the Key Experts. **12.6.** The Consultant has the right to refuse to extend the validity of its Proposal in which case such Proposal will not be further evaluated.
b. Substitution of Key Experts at Validity Extension	**12.7.** If any of the Key Experts become unavailable for the extended validity period, the Consultant shall provide a written adequate justification and evidence satisfactory to the Client together with the substitution request. In such case, a replacement Key Expert shall have equal or better qualifications and experience than those of the originally proposed Key Expert. The technical evaluation score, however, will remain to be based on the evaluation of the CV of the original Key Expert. **12.8.** If the Consultant fails to provide a replacement Key Expert with equal or better qualifications, or if the provided reasons for the replacement or justification are unacceptable to the Client, such Proposal will be rejected with the prior Bank's no objection.
c. Sub-Contracting	**12.9.** The Consultant shall not subcontract the whole of the Services.
13. Clarification and Amendment of RFP	**13.1.** The Consultant may request a clarification of any part of the RFP during the period indicated in the **Data Sheet** before the Proposals' submission deadline. Any request for clarification must be sent in writing, or by standard electronic means, to the Client's address indicated in the **Data Sheet**. The Client will respond in writing, or by standard electronic means, and will send written copies of the response (including an explanation of the query but without identifying its source) to all shortlisted Consultants. Should the Client deem it necessary to amend the RFP as a result of a clarification, it shall do so following the procedure described below: 13.1.1. At any time before the proposal submission deadline, the Client may amend the RFP by issuing an amendment in writing or by standard electronic means. The amendment shall be sent to all shortlisted Consultants and will be binding on them. The shortlisted Consultants shall acknowledge receipt of

	all amendments in writing. 13.1.2. If the amendment is substantial, the Client may extend the proposal submission deadline to give the shortlisted Consultants reasonable time to take an amendment into account in their Proposals. **13.2.** The Consultant may submit a modified Proposal or a modification to any part of it at any time prior to the proposal submission deadline. No modifications to the Technical or Financial Proposal shall be accepted after the deadline.
14. Preparation of Proposals – Specific Considerations	**14.1.** While preparing the Proposal, the Consultant must give particular attention to the following: 14.1.1. If a shortlisted Consultant considers that it may enhance its expertise for the assignment by associating with other consultants in the form of a Joint Venture or as Sub-consultants, it may do so with either (a) non-shortlisted Consultant(s), or (b) shortlisted Consultants if permitted in the **Data Sheet**. In all such cases a shortlisted Consultant must obtain the written approval of the Client prior to the submission of the Proposal. When associating with non-shortlisted firms in the form of a joint venture or a sub-consultancy, the shortlisted Consultant shall be a lead member. If shortlisted Consultants associate with each other, any of them can be a lead member. 14.1.2. The Client may indicate in the **Data Sheet** the estimated Key Experts' time input (expressed in person-month) or the Client's estimated total cost of the assignment, but not both. This estimate is indicative and the Proposal shall be based on the Consultant's own estimates for the same. 14.1.3. If stated in the **Data Sheet**, the Consultant shall include in its Proposal at least the same time input (in the same unit as indicated in the **Data Sheet**) of Key Experts, failing which the Financial Proposal will be adjusted for the purpose of comparison of proposals and decision for award in accordance with the procedure in the **Data Sheet**. 14.1.4. For assignments under the Fixed-Budget selection method, the estimated Key Experts' time input is not disclosed. Total available budget, with an indication whether it is inclusive or exclusive of taxes, is given in the **Data Sheet**, and the Financial Proposal shall not exceed this budget.
15. Technical Proposal Format and	**15.1.** The Technical Proposal shall not include any financial information. A Technical Proposal containing material financial

Content	information shall be declared non-responsive. 15.1.1 Consultant shall not propose alternative Key Experts. Only one CV shall be submitted for each Key Expert position. Failure to comply with this requirement will make the Proposal non-responsive. **15.2.** Depending on the nature of the assignment, the Consultant is required to submit a Full Technical Proposal (FTP), or a Simplified Technical Proposal (STP) as indicated in the **Data Sheet** and using the Standard Forms provided in Section 3 of the RFP.
16. Financial Proposal	**16.1.** The Financial Proposal shall be prepared using the Standard Forms provided in Section 4 of the RFP. It shall list all costs associated with the assignment, including (a) remuneration for Key Experts and Non-Key Experts, (b) reimbursable expenses indicated in the **Data Sheet**.
a. Price Adjustment	**16.2.** For assignments with a duration exceeding 18 months, a price adjustment provision for foreign and/or local inflation for remuneration rates applies if so stated in the **Data Sheet**.
b. Taxes	**16.3.** The Consultant and its Sub-consultants and Experts are responsible for meeting all tax liabilities arising out of the Contract unless stated otherwise in the **Data Sheet**. Information on taxes in the Client's country is provided in the **Data Sheet**.
c. Currency of Proposal	**16.4.** The Consultant may express the price for its Services in the currency or currencies as stated in the **Data Sheet**. If indicated in the **Data Sheet**, the portion of the price representing local cost shall be stated in the national currency.
d. Currency of Payment	**16.5.** Payment under the Contract shall be made in the currency or currencies in which the payment is requested in the Proposal.

C. Submission, Opening and Evaluation

17. Submission, Sealing, and Marking of Proposals	17.1 The Consultant shall submit a signed and complete Proposal comprising the documents and forms in accordance with Clause 10 (Documents Comprising Proposal). The submission can be done by mail or by hand. If specified in the **Data Sheet**, the Consultant has the option of submitting its Proposals electronically. 17.2 An authorized representative of the Consultant shall sign the original submission letters in the required format for both the Technical Proposal and, if applicable, the Financial Proposal and shall initial all pages of both. The authorization shall be in the form

	of a written power of attorney attached to the Technical Proposal. 17.2.1 A Proposal submitted by a Joint Venture shall be signed by all members so as to be legally binding on all members, or by an authorized representative who has a written power of attorney signed by each member's authorized representative. 17.3 Any modifications, revisions, interlineations, erasures, or overwriting shall be valid only if they are signed or initialed by the person signing the Proposal. 17.4 The signed Proposal shall be marked "ORIGINAL", and its copies marked "COPY" as appropriate. The number of copies is indicated in the **Data Sheet**. All copies shall be made from the signed original. If there are discrepancies between the original and the copies, the original shall prevail. 17.5 The original and all the copies of the Technical Proposal shall be placed inside of a sealed envelope clearly marked "**TECHNICAL PROPOSAL**", "[Name of the Assignment]", reference number, name and address of the Consultant, and with a warning "**DO NOT OPEN UNTIL [INSERT THE DATE AND THE TIME OF THE TECHNICAL PROPOSAL SUBMISSION DEADLINE]**." 17.6 Similarly, the original Financial Proposal (if required for the applicable selection method) shall be placed inside of a sealed envelope clearly marked "**FINANCIAL PROPOSAL**" followed by the name of the assignment, reference number, name and address of the Consultant, and with a warning "**DO NOT OPEN WITH THE TECHNICAL PROPOSAL**." 17.7 The sealed envelopes containing the Technical and Financial Proposals shall be placed into one outer envelope and sealed. This outer envelope shall bear the submission address, RFP reference number, the name of the assignment, Consultant's name and the address, and shall be clearly marked "**DO NOT OPEN BEFORE** [insert the time and date of the submission deadline indicated in the Data Sheet]". 17.8 If the envelopes and packages with the Proposal are not sealed and marked as required, the Client will assume no responsibility for the misplacement, loss, or premature opening of the Proposal. 17.9 The Proposal or its modifications must be sent to the address indicated in the **Data Sheet** and received by the Client no later than the deadline indicated in the **Data Sheet**, or any

	extension to this deadline. Any Proposal or its modification received by the Client after the deadline shall be declared late and rejected, and promptly returned unopened.
18. Confidentiality	18.1 From the time the Proposals are opened to the time the Contract is awarded, the Consultant should not contact the Client on any matter related to its Technical and/or Financial Proposal. Information relating to the evaluation of Proposals and award recommendations shall not be disclosed to the Consultants who submitted the Proposals or to any other party not officially concerned with the process, until the publication of the Contract award information. 18.2 Any attempt by shortlisted Consultants or anyone on behalf of the Consultant to influence improperly the Client in the evaluation of the Proposals or Contract award decisions may result in the rejection of its Proposal, and may be subject to the application of prevailing Bank's sanctions procedures. 18.3 Notwithstanding the above provisions, from the time of the Proposals' opening to the time of Contract award publication, if a Consultant wishes to contact the Client or the Bank on any matter related to the selection process, it should do so only in writing.
19. Opening of Technical Proposals	19.1 The Client's evaluation committee shall conduct the opening of the Technical Proposals in the presence of the shortlisted Consultants' authorized representatives who choose to attend (in person, or online if this option is offered in the **Data Sheet**). The opening date, time and the address are stated in the **Data Sheet**. The envelopes with the Financial Proposal shall remain sealed and shall be securely stored with a reputable public auditor or independent authority until they are opened in accordance with Clause 23 of the ITC. 19.2 At the opening of the Technical Proposals the following shall be read out: (i) the name and the country of the Consultant or, in case of a Joint Venture, the name of the Joint Venture, the name of the lead member and the names and the countries of all members; (ii) the presence or absence of a duly sealed envelope with the Financial Proposal; (iii) any modifications to the Proposal submitted prior to proposal submission deadline; and (iv) any other information deemed appropriate or as indicated in the **Data Sheet**.
20. Proposals Evaluation	20.1 Subject to provision of Clause 15.1 of the ITC, the evaluators of the Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is concluded and the Bank issues its "no objection", if applicable.

	20.2 The Consultant is not permitted to alter or modify its Proposal in any way after the proposal submission deadline except as permitted under Clause 12.7 of this ITC. While evaluating the Proposals, the Client will conduct the evaluation solely on the basis of the submitted Technical and Financial Proposals.
21. Evaluation of Technical Proposals	21.1 The Client's evaluation committee shall evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and the RFP, applying the evaluation criteria, sub-criteria, and point system specified in the **Data Sheet**. Each responsive Proposal will be given a technical score. A Proposal shall be rejected at this stage if it does not respond to important aspects of the RFP or if it fails to achieve the minimum technical score indicated in the **Data Sheet**.
22. Financial Proposals for QBS	22.1 Following the ranking of the Technical Proposals, when the selection is based on quality only (QBS), the top-ranked Consultant is invited to negotiate the Contract. 22.2 If Financial Proposals were invited together with the Technical Proposals, only the Financial Proposal of the technically top-ranked Consultant is opened by the Client's evaluation committee. All other Financial Proposals are returned unopened after the Contract negotiations are successfully concluded and the Contract is signed.
23. Public Opening of Financial Proposals (for QCBS, FBS, and LCS methods)	23.1 After the technical evaluation is completed and the Bank has issued its no objection (if applicable), the Client shall notify those Consultants whose Proposals were considered non-responsive to the RFP and TOR or did not meet the minimum qualifying technical score (and shall provide information relating to the Consultant's overall technical score, as well as scores obtained for each criterion and sub-criterion) that their Financial Proposals will be returned unopened after completing the selection process and Contract signing. The Client shall simultaneously notify in writing those Consultants that have achieved the minimum overall technical score and inform them of the date, time and location for the opening of the Financial Proposals. The opening date should allow the Consultants sufficient time to make arrangements for attending the opening. The Consultant's attendance at the opening of the Financial Proposals (in person, or online if such option is indicated in the **Data Sheet**) is optional and is at the Consultant's choice. 23.2 The Financial Proposals shall be opened by the Client's evaluation committee in the presence of the representatives of those Consultants whose proposals have passed the minimum technical score. At the opening, the names of the Consultants, and the overall

	technical scores, including the break-down by criterion, shall be read aloud. The Financial Proposals will then be inspected to confirm that they have remained sealed and unopened. These Financial Proposals shall be then opened, and the total prices read aloud and recorded. Copies of the record shall be sent to all Consultants who submitted Proposals and to the Bank.
24. Correction of Errors	24.1 Activities and items described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, and no corrections are made to the Financial Proposal.
a. Time-Based Contracts	24.1.1 If a Time-Based contract form is included in the RFP, the Client's evaluation committee will (a) correct any computational or arithmetical errors, and (b) adjust the prices if they fail to reflect all inputs included for the respective activities or items in the Technical Proposal. In case of discrepancy between (i) a partial amount (sub-total) and the total amount, or (ii) between the amount derived by multiplication of unit price with quantity and the total price, or (iii) between words and figures, the former will prevail. In case of discrepancy between the Technical and Financial Proposals in indicating quantities of input, the Technical Proposal prevails and the Client's evaluation committee shall correct the quantification indicated in the Financial Proposal so as to make it consistent with that indicated in the Technical Proposal, apply the relevant unit price included in the Financial Proposal to the corrected quantity, and correct the total Proposal cost.
b. Lump-Sum Contracts	24.2 If a Lump-Sum contract form is included in the RFP, the Consultant is deemed to have included all prices in the Financial Proposal, so neither arithmetical corrections nor price adjustments shall be made. The total price, net of taxes understood as per Clause ITC 25 below, specified in the Financial Proposal (Form FIN-1) shall be considered as the offered price.
25. Taxes	25.1 The Client's evaluation of the Consultant's Financial Proposal shall exclude taxes and duties in the Client's country in accordance with the instructions in the **Data Sheet**.
26. Conversion to Single Currency	26.1 For the evaluation purposes, prices shall be converted to a single currency using the selling rates of exchange, source and date indicated in the **Data Sheet**.
27. Combined Quality and Cost Evaluation	

a. Quality- and Cost-Based Selection (QCBS)	27.1 In the case of QCBS, the total score is calculated by weighting the technical and financial scores and adding them as per the formula and instructions in the **Data Sheet**. The Consultant achieving the highest combined technical and financial score will be invited for negotiations.
b. Fixed-Budget Selection (FBS)	27.2 In the case of FBS, those Proposals that exceed the budget indicated in Clause 14.1.4 of the **Data Sheet** shall be rejected. 27.3 The Client will select the Consultant that submitted the highest-ranked Technical Proposal that does not exceed the budget indicated in the RFP, and invite such Consultant to negotiate the Contract.

c. Least-Cost Selection	27.4 In the case of Least-Cost Selection (LCS), the Client will select the Consultant with the lowest evaluated total price among those consultants that achieved the minimum technical score, and invite such Consultant to negotiate the Contract.
D. Negotiations and Award	
28. Negotiations	28.1 The negotiations will be held at the date and address indicated in the **Data Sheet** with the Consultant's representative(s) who must have written power of attorney to negotiate and sign a Contract on behalf of the Consultant. 28.2 The Client shall prepare minutes of negotiations that are signed by the Client and the Consultant's authorized representative.
a. Availability of Key Experts	28.3 The invited Consultant shall confirm the availability of all Key Experts included in the Proposal as a pre-requisite to the negotiations, or, if applicable, a replacement in accordance with Clause 12 of the ITC. Failure to confirm the Key Experts' availability may result in the rejection of the Consultant's Proposal and the Client proceeding to negotiate the Contract with the next-ranked Consultant. 28.4 Notwithstanding the above, the substitution of Key Experts at the negotiations may be considered if due solely to circumstances outside the reasonable control of and not foreseeable by the Consultant, including but not limited to death or medical incapacity. In such case, the Consultant shall offer a substitute Key Expert within the period of time specified in the letter of invitation to negotiate the Contract, who shall have equivalent or better qualifications and experience than the original candidate.
b. Technical negotiations	28.5 The negotiations include discussions of the Terms of Reference (TORs), the proposed methodology, the Client's inputs, the special conditions of the Contract, and finalizing the "Description of Services" part of the Contract. These discussions shall not substantially alter the original scope of services under the TOR or the terms of the contract, lest the quality of the final product, its price, or the relevance of the initial evaluation be affected.
c. Financial negotiations	28.6 The negotiations include the clarification of the Consultant's tax liability in the Client's country and how it should be reflected in the Contract. 28.7 If the selection method included cost as a factor in the evaluation, the total price stated in the Financial Proposal for a

	Lump-Sum contract shall not be negotiated. 28.8 In the case of a Time-Based contract, unit rates negotiations shall not take place, except when the offered Key Experts and Non-Key Experts' remuneration rates are much higher than the typically charged rates by consultants in similar contracts. In such case, the Client may ask for clarifications and, if the fees are very high, ask to change the rates after consultation with the Bank. The format for (i) providing information on remuneration rates in the case of Quality Based Selection; and (ii) clarifying remuneration rates' structure under Clause 28.8 above, is provided in Appendix A to the Financial Form FIN-3: Financial Negotiations – Breakdown of Remuneration Rates.
29. Conclusion of Negotiations	29.1 The negotiations are concluded with a review of the finalized draft Contract, which then shall be initialed by the Client and the Consultant's authorized representative. 29.2 If the negotiations fail, the Client shall inform the Consultant in writing of all pending issues and disagreements and provide a final opportunity to the Consultant to respond. If disagreement persists, the Client shall terminate the negotiations informing the Consultant of the reasons for doing so. After having obtained the Bank's no objection, the Client will invite the next-ranked Consultant to negotiate a Contract. Once the Client commences negotiations with the next-ranked Consultant, the Client shall not reopen the earlier negotiations.
30. Award of Contract	30.1 After completing the negotiations the Client shall obtain the Bank's no objection to the negotiated draft Contract, if applicable; sign the Contract; publish the award information as per the instructions in the **Data Sheet**; and promptly notify the other shortlisted Consultants. 30.2 The Consultant is expected to commence the assignment on the date and at the location specified in the **Data Sheet**.

TECHNICAL PROPOSAL SUBMISSION FORM

{Location, Date}

To:

[Name and address of Client]

Dear Sirs:

We, the undersigned, offer to provide the consulting services for Providing Technical Assistance to National Institute of Urban Affairs in Carrying out surveys in 116 cities of India in order to assess Liveability Standards for each of them in accordance with your Request for Proposals dated *[Insert Date]* and our Proposal. *on the QCBS selection method stated in the RFP:* "We are hereby submitting our Proposal, which includes this Technical Proposal and a Financial Proposal sealed in a separate envelope"

{If the Consultant is a joint venture, insert the following*:* We are submitting our Proposal a joint venture with: {Insert a list with full name and the legal address of each member, and indicate the lead member}. We have attached a copy {insert: "of our letter of intent to form a joint venture" or, if a JV is already formed, "of the JV agreement"} signed by every participating member, which details the likely legal structure of and the confirmation of joint and severable liability of the members of the said joint venture.

{OR

If the Consultant's Proposal includes Sub-consultants, insert the following: We are submitting our Proposal with the following firms as Sub-consultants: {Insert a list with full name and address of each Sub-consultant.}

We hereby declare that:

(a) All the information and statements made in this Proposal are true and we accept that any misinterpretation or misrepresentation contained in this Proposal may lead to our disqualification by the Client and/or may be sanctioned by the Bank.

(b) Our Proposal shall be valid and remain binding upon us for the period of time specified in the Data Sheet, Clause 12.1.

(c) We have no conflict of interest in accordance with ITC 3.

(d) We meet the eligibility requirements as stated in ITC 6, and we confirm our understanding of our obligation to abide by the Bank's policy in regard to corrupt and fraudulent practices as per ITC 5.

(e) We, along with any of our sub-consultants, subcontractors, suppliers, or service providers for any part of the contract, are not subject to, and not controlled by any entity or individual that is subject to, a temporary suspension or a debarment imposed by a member of the World Bank Group or a debarment imposed by the World Bank Group in accordance with the Agreement for Mutual Enforcement of Debarment Decisions between the World Bank and other development banks. Further, we are not ineligible under the Employer's country laws or official regulations or pursuant to a decision of the United Nations Security Council;

(f) In competing for (and, if the award is made to us, in executing) the Contract, we undertake to observe the laws against fraud and corruption, including bribery, in force in the country of the Client.

(g) Except as stated in the Data Sheet, Clause 12.1, we undertake to negotiate a Contract on the basis of the proposed Key Experts. We accept that the substitution of Key Experts for reasons other than those stated in ITC Clause 12 and ITC Clause 28.4 may lead to the termination of Contract negotiations.

(h) Our Proposal is binding upon us and subject to any modifications resulting from the Contract negotiations.

We undertake, if our Proposal is accepted and the Contract is signed, to initiate the Services related to the assignment no later than the date indicated in Clause 30.2 of the Data Sheet.

We understand that the Client is not bound to accept any Proposal that the Client receives.

We remain,

Yours sincerely,

FORM TECH-2
CONSULTANT'S ORGANIZATION AND EXPERIENCE

Form TECH-2: a brief description of the Consultant's organization and an outline of the recent experience of the Consultant that is most relevant to the assignment. In the case of a joint venture, information on similar assignments shall be provided for each partner. For each assignment, the outline should indicate the names of the Consultant's Key Experts and Sub-consultants who participated, the duration of the assignment, the contract amount (total and, if it was done in a form of a joint venture or a sub-consultancy, the amount paid to the Consultant), and the Consultant's role/involvement.

A - Consultant's Organization

1. Provide here a brief description of the background and organization of your company, and – in case of a joint venture – of each member for this assignment.

2. Include organizational chart, a list of Board of Directors, and beneficial ownership

B - Consultant's Experience

1**. List only previous similar assignments successfully completed[2] in the last *10 (ten)* years. (Please give details of not more than 10 assignments)**

2. List only those assignments for which the Consultant was legally contracted by the Client as a company or was one of the joint venture partners. Assignments completed by the Consultant's individual experts working privately or through other consulting firms cannot be claimed as the relevant experience of the Consultant, or that of the Consultant's partners or sub-consultants, but can be claimed by the Experts themselves in their CVs. The Consultant should be prepared to substantiate the claimed experience by presenting copies of relevant documents and references if so requested by the Client.

---

[2] The Claims of completion shall be self-certified. A copy of agreement along with or showing the scope of the work is required to be submitted. Substantially completed assignments shall be considered in case the Applicant has completed and submitted Draft Final Report or equivalent deliverable. The client may seek clarifications, if required

FORM TECH-3

COMMENTS AND SUGGESTIONS ON THE TERMS OF REFERENCE, COUNTERPART STAFF, AND FACILITIES TO BE PROVIDED BY THE CLIENT

Form TECH-3: comments and suggestions on the Terms of Reference that could improve the quality/effectiveness of the assignment; and on requirements for counterpart staff and facilities, which are provided by the Client, including: administrative support, office space, local transportation, equipment, data, etc.

A - On the Terms of Reference

{Improvements to the Terms of Reference, if any}

B - On Counterpart Staff and Facilities

{Comments on counterpart staff and facilities to be provided by the Client. For example, administrative support, office space, local transportation, equipment, data, background reports, etc., if any}

FORM TECH-4

DESCRIPTION OF APPROACH, METHODOLOGY, AND WORK PLAN IN RESPONDING TO THE TERMS OF REFERENCE

Form TECH-4: a description of the approach, methodology and work plan for performing the assignment, including a detailed description of the proposed methodology and staffing for training, if the Terms of Reference specify training as a specific component of the assignment.

{Suggested structure of your Technical Proposal (in FTP format):

a) Technical Approach and Methodology
b) Work Plan
c) Organization and Staffing}

a) ***Technical Approach and Methodology.*** {Please explain your understanding of the objectives of the assignment as outlined in the Terms of Reference (TORs), the technical approach, and the methodology you would adopt for implementing the tasks to deliver the expected output(s), and the degree of detail of such output. **Please do not repeat/copy the TORs in here.**}

b) ***Work Plan.*** {Please outline the plan for the implementation of the main activities/tasks of the assignment, their content and duration, phasing and interrelations, milestones (including interim approvals by the Client), and tentative delivery dates of the reports. The proposed work plan should be consistent with the technical approach and methodology, showing your understanding of the TOR and ability to translate them into a feasible working plan. A list of the final documents (including reports) to be delivered as final output(s) should be included here. The work plan should be consistent with the Work Schedule Form.

Broad guidance (indicator-wise) on data collection methods, likely sources of secondary data, and standards for sampling size and regimen to be followed for physical surveys is given in "Methodology for Collection and Computation of Liveability Standards in Cities", which may be downloaded from http://smartcities.gov.in/content/innerpage/otherstoolkit.php.

As part of their methodology, Consultants should indicate
o A complete list of data proposed to be collected in a tabular format, based on the documents on Liveability Index as stated above, indicating source for each dataset as well as an approximate timeline and format for the same
o The proposed strategies that will be employed in cases where data is not available from the sources indicated in the document.
o The Methodology should also indicate the technology to be used for data collection and ensuring data veracity
The final methodology to be adopted will be finalized in discussion with NIUA at the time of preparation of city inception reports.}

d) ***Organization and Staffing.*** {Please describe the structure and composition of your team, including the list of the Key Experts, Non-Key Experts and relevant technical and administrative support staff

Three levels of teams will be mobilized for the assignment as provided in 7.6 (Section 7 Terms of Reference).

Details of members of the Core Team will be evaluated as part of (iii) Key Experts' qualifications and competence for the Assignment.

The composition of the Analytics Team and Field Teams with names, qualification and name of institution with which they are accredited must also be provided.

Submission of such data for the Analytics and Field Teams is mandatory but will not receive any marks for purposes of technical evaluation.}

Under the ITC 6.3.2 (b): None

Section 6. Bank Policy – Corrupt and Fraudulent Practices

Guidelines for Selection and Employment of Consultants under IBRD Loans and IDA Credits & Grants by World Bank Borrowers, dated January 2011:

"**Fraud and Corruption**

1.23 It is the Bank's policy to require that Borrowers (including beneficiaries of Bank loans), consultants, and their agents (whether declared or not), sub-contractors, sub-consultants, service providers, or suppliers, and any personnel thereof, observe the highest standard of ethics during the selection and execution of Bank-financed contracts [footnote: In this context, any action taken by a consultant or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, to influence the selection process or contract execution for undue advantage is improper.]. In pursuance of this policy, the Bank:

(a) defines, for the purposes of this provision, the terms set forth below as follows:

  (i) "corrupt practice" is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party[4];

  (ii) "fraudulent practice" is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation[5];

  (iii) "collusive practices" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party[6];

  (iv) "coercive practices" is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party[7];

---

[4] For the purpose of this sub-paragraph, "another party" refers to a public official acting in relation to the selection process or contract execution. In this context "public official" includes World Bank staff and employees of other organizations taking or reviewing selection decisions.

[5] For the purpose of this sub-paragraph, "party" refers to a public official; the terms "benefit" and "obligation" relate to the selection process or contract execution; and the "act or omission" is intended to influence the selection process or contract execution.

[6] For the purpose of this sub-paragraph, "parties" refers to participants in the procurement or selection process (including public officials) attempting either themselves, or through another person or entity not participating in the procurement or selection process, to simulate competition or to establish prices at artificial, non-competitive levels, or are privy to each other's bid prices or other conditions.

[7] For the purpose of this sub-paragraph, "party" refers to a participant in the selection process or contract execution.

(v) “obstructive practice” is

(aa) deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede a Bank investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation, or

(bb) acts intended to materially impede the exercise of the Bank’s inspection and audit rights;

(b) will reject a proposal for award if it determines that the consultant recommended for award or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;

(c) will declare mis-procurement and cancel the portion of the Loan allocated to a contract if it determines at any time that representatives of the Borrower or of a recipient of any part of the proceeds of the Loan were engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices during the selection process or the implementation of the contract in question, without the Borrower having taken timely and appropriate action satisfactory to the Bank to address such practices when they occur, including by failing to inform the Bank in a timely manner they knew of the practices;

(d) will sanction a firm or an individual at any time, in accordance with prevailing Bank’s sanctions procedures[8], including by publicly declaring such firm or an ineligible, either indefinitely or for a stated period of time: (i) to be awarded a Bank-financed contract, and (ii) to be a nominated[9] sub-consultant, supplier, or service provider of an otherwise eligible firm being awarded a Bank-financed contract.

---

[8] A firm or an individual may be declared ineligible to be awarded a Bank-financed contract upon (i) completion of the Bank’s sanctions proceedings as per its sanctions procedures, including inter alia: cross-debarment as agreed with other International Financial Institutions, including Multilateral Development Banks, and through the application of the World Bank Group corporate administrative procurement sanctions procedures for fraud and corruption; and (ii) as a result of temporary suspension or early temporary suspension in connection with an ongoing sanctions proceedings. See footnote 12 and paragraph 8 of Appendix 1 of these Guidelines.

[9] A nominated sub-consultant, supplier, or service provider is one which has been either (i) included by the consultant in its proposal because it brings specific and critical experience and know-how that are accounted for in the technical evaluation of the consultant’s proposal for the particular services; or (ii) appointed by the Borrower.

Section 7. Terms of Reference

7.1 Background

i. The Government of India along with State and Local Governments is implementing several flagship Urban Missions for improving various aspects of urban development in Indian cities. An underlying goal of these initiatives is to make Indian cities more ‘Liveable’. This will mean not only providing good quality core infrastructure and services, but also developing cities with ample opportunities for work, entertainment and cultural activities, improved social infrastructure and economic opportunity;

ii. In order to do this through a structured approach it is important to create a common minimum framework, which cities can use to assess their ‘Liveability’ and measure their progress over time. In this context, the Ministry of Urban Development has developed a set of ‘Liveability Standards in Cities’. These will act as a guiding framework for cities to chart their pathway towards liveability and result in a systematic improvement in the quality of life of citizens in Indian cities. The ‘Liveability Standards in Cities’ document can be downloaded from http://smartcities.gov.in/content/innerpage/otherstoolkit.php;

iii. A total of 79 Liveability Standards are proposed across 15 different categories. The Ministry proposes to conduct an ‘Annual Assessment of Liveability Standards in Cities’ and develop a ‘City Liveability Index’. This is an ambitious national project requiring yearly compilation of a large number of datasets across the various Liveability Standards;

iv. A total of 116 cities will be covered in Year 1 (list of cities for Year 1 is provided at Annexure XX), and the coverage of cities may be extended in subsequent years. The following classification of cities will be used for the purpose of the study

Classification*		**Population range**
1	Small Towns	Less than 50,000 population
2	Medium Towns	Population ≥ 50,000 < 5 lakh
3	Large Towns	Population ≥ 5 lakh < 1 million
4	Metropolitan Cities	Population ≥ 1 million < 5 million
5	Megapolis	Population ≥ 5 million

* *Based on the Classification given in the URDPFI guidelines, 2014*

v. Given the magnitude of data collection and field surveys required, the National Institute of Urban Affairs (an autonomous body under Ministry of Urban Development) wishes to engage the services of a reputed national/international agency/institution for **Assessment of Liveability Standards** (the **'Assignment'**) across all cities included in the study. This will cover all relevant data required by the NIUA for computing the 79 Liveability Standards. The data generated from the assignment will be used by the NIUA for calculating the City Liveability Index of cities on an annual basis;

vi. The contract will initially be valid for activities in Year 1 (as defined in Clause 7.5), and may be extended for a further period of 2 years upon successful completion of activities in Year 1, at the discretion of the NIUA;

vii. Remuneration paid in local currency pursuant to the rates submitted in Form Fin-2 shall be adjusted every 12 months (and, for the first time, with effect for the remuneration earned in the 13th calendar month after the date of the Contract) by applying the following formula:

$$R_i=R_0 \text{ x } (I_i/I_0)$$

Where R_i is the adjusted remuneration, R_0 is the remuneration payable on the basis of the rates set forth in Form Fin-2 for remuneration payable in local currency in the first year. Similarly, R_0 and will be considered as the remuneration for the second year for calculation of the adjusted remuneration for the third year. I_i is the CPI (Urban) for Delhi as published by the Director General / Central Statistical Office, Ministry of Statistics and Programme Implementation, Government of India, for the month in which the adjustment is to have effect and I_0 is the CPI (Urban) for Delhi as published by the authority named above for the month of the date of the contract.

7.2 Objective of the Assignment

i. Compile reliable and high quality data for all cities included in the study, as required by the NIUA for the computation of Liveability Indexes and as prescribed in the 'Liveability Standards in Cities' document;

ii. Develop a robust electronic database of datasets that can be used to assess the progress of cities on an annual basis.

7.3 Description of Tasks

The Tasks to be performed and key activities under the assignment will include:

Initiation Activities

i. Conduct a Reconnaissance Study of all cities included in the project (as per Annexure X). The study shall inter-alia include:
   a. City-level kick-off meetings with key officials from City governments, Smart City SPVs, various departments and utilities, DISCOMs etc. for assessing data availability and alternate sources, preferred timelines, key nodal officers etc.;
   b. Study of city demography, socio-economic stratification and geography that has a bearing on sample size and distribution;
   c. Study of existing reports, studies, alternative data sources etc.;

ii. Prepare and submit to the NIUA, an Inception Report, including inter-alia the following:
   a. Detailed Plan of Action including likely sources of data, proposed field surveys, sample size and distribution, nodal officers etc. for each city as discussed and finalized with NIUA;
   b. Proposed timelines for city field visits as discussed and finalized with NIUA and State/City governments;
   c. Specific survey and raw data collection formats for the 79 standards as finalized in discussion with NIUA;

iii. Convey the finalized schedule and Plan of Action to cities allowing them to mobilise support for the activities. A Minimum of 15 days of preparation period must be given to cities before data collection and surveys;

Data Collection and Field Surveys

iv. Mobilize Field Teams (with adequate and qualified manpower as indicated in Clause 7.6) for obtaining data required for all 79 Standards;

v. Collect data for all indicators based on the methodology finalized in discussion with the NIUA. It may be noted that broad guidance (indicator-wise) on data collection methods, likely sources of secondary data, and standards for sampling size and regimen to be followed for physical surveys is given in "Methodology for Collection and Computation of Liveability Standards in Cities", which may be downloaded from http://smartcities.gov.in/content/innerpage/otherstoolkit.php. Where data is not

available from the sources indicated in the document, alternate methodology will be suggested by the agency and finalized in discussion with NIUA at the time of preparation of city inception reports.

vi. Maintain and submit all raw data and data collection forms to NIUA without any editing and/or masking (including particulars such as names of respondents, exact address and contact details, date and time of survey, and GPS coordinates in case of samples taken for pollution etc.);

vii. Conduct analysis of the raw data through the Analytics Team (with adequate and qualified manpower as indicated in Clause 7.6) and prepare aggregate data sets for all 79 standards for each of the cities;

viii. The authenticity of data shall be ensured through visual backup like photographs etc and using geo-tagging technology through hand held devices.

ix. The team at the National level will also conduct audit of the results.

x. Submit Draft City Assessment Report to the NIUA (separate for each city), including inter-alia the following:
   a. Database of aggregate data in the format discussed and finalized with NIUA;
   b. All raw data and data sheets (digital format);
   c. Sources of data, assumptions (if any), record of discussions with key stakeholders, minutes of city kickoff meeting and other relevant documentation;

xi. Submit Final City Assessment Report to the NIUA after including any recommendations of the NIUA and after suitably incorporating any valid feedback received from cities/states with the approval of the NIUA;

xii. Develop and maintain a digital database of all data sets collected every year for each city. The format should be finalized in consultation with the NIUA and enable examination of raw data as well as aggregated numbers on a year-on-year basis;

Other support activities

xiii. Provide support in organizing national/regional workshops that maybe organized as part of this exercise by MoUD/NIUA.

xiv. Provide all necessary support to the NIUA or other reputed third-party agency(ies) appointed by the NIUA for undertaking verification of the data;

xv. Provide any technical support as required by the NIUA or its assigned team during the development of scoring sheets and city indexes for the various Standards;

xvi. Conduct a National workshop (1-day) on behalf of NIUA for disseminating the findings of the Ministry. Costs for the workshop must be included in the proposal.

7.4 Results to be achieved

9. Authorized Representatives	9.1. Any action required or permitted to be taken, and any document required or permitted to be executed under this Contract by the Client or the Consultant may be taken or executed by the officials specified in the **SCC.**
10. Corrupt and Fraudulent Practices	10.1. The Bank requires compliance with its policy in regard to corrupt and fraudulent practices as set forth in **Attachment 1** to the GCC.
a. Commissions and Fees	10.2. The Client requires the Consultant to disclose any commissions, gratuities or fees that may have been paid or are to be paid to agents or any other party with respect to the selection process or execution of the Contract. The information disclosed must

	include at least the name and address of the agent or other party, the amount and currency, and the purpose of the commission, gratuity or fee. Failure to disclose such commissions, gratuities or fees may result in termination of the Contract and/or sanctions by the Bank.

B. COMMENCEMENT, COMPLETION, MODIFICATION AND TERMINATION OF CONTRACT

11. Effectiveness of Contract	11.1. This Contract shall come into force and effect on the date (the “Effective Date”) of the Client’s notice to the Consultant instructing the Consultant to begin carrying out the Services. This notice shall confirm that the effectiveness conditions, if any, listed in the **SCC** have been met.
12. Termination of Contract for Failure to Become Effective	12.1. If this Contract has not become effective within such time period after the date of Contract signature as specified in the **SCC**, either Party may, by not less than twenty two (22) days written notice to the other Party, declare this Contract to be null and void, and in the event of such a declaration by either Party, neither Party shall have any claim against the other Party with respect hereto.
13. Commencement of Services	13.1. The Consultant shall confirm availability of Key Experts and begin carrying out the Services not later than the number of days after the Effective Date specified in the **SCC**.
14. Expiration of Contract	14.1. Unless terminated earlier pursuant to Clause GCC 19 hereof, this Contract shall expire at the end of such time period after the Effective Date as specified in the **SCC**.
15. Entire Agreement	15.1. This Contract contains all covenants, stipulations and provisions agreed by the Parties. No agent or representative of either Party has authority to make, and the Parties shall not be bound by or be liable for, any statement, representation, promise or agreement not set forth herein.
16. Modifications or Variations	16.1. Any modification or variation of the terms and conditions of this Contract, including any modification or variation of the scope of the Services, may only be made by written agreement between the Parties. However, each Party shall give due consideration to any proposals for modification or variation made by the other Party. 16.2. In cases of substantial modifications or variations, the prior written consent of the Bank is required.
17. Force Majeure	
a. Definition	17.1. For the purposes of this Contract, “Force Majeure” means an event which is beyond the reasonable control of a Party, is not

	foreseeable, is unavoidable, and makes a Party's performance of its obligations hereunder impossible or so impractical as reasonably to be considered impossible under the circumstances, and subject to those requirements, includes, but is not limited to, war, riots, civil disorder, earthquake, fire, explosion, storm, flood or other adverse weather conditions, strikes, lockouts or other industrial action confiscation or any other action by Government agencies. 17.2. Force Majeure shall not include (i) any event which is caused by the negligence or intentional action of a Party or such Party's Experts, Sub-consultants or agents or employees, nor (ii) any event which a diligent Party could reasonably have been expected to both take into account at the time of the conclusion of this Contract, and avoid or overcome in the carrying out of its obligations hereunder. 17.3. Force Majeure shall not include insufficiency of funds or failure to make any payment required hereunder.
b. No Breach of Contract	17.4. The failure of a Party to fulfill any of its obligations hereunder shall not be considered to be a breach of, or default under, this Contract insofar as such inability arises from an event of Force Majeure, provided that the Party affected by such an event has taken all reasonable precautions, due care and reasonable alternative measures, all with the objective of carrying out the terms and conditions of this Contract.
c. Measures to be Taken	17.5. A Party affected by an event of Force Majeure shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall take all reasonable measures to minimize the consequences of any event of Force Majeure. 17.6. A Party affected by an event of Force Majeure shall notify the other Party of such event as soon as possible, and in any case not later than fourteen (14) calendar days following the occurrence of such event, providing evidence of the nature and cause of such event, and shall similarly give written notice of the restoration of normal conditions as soon as possible. 17.7. Any period within which a Party shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a result of Force Majeure. 17.8. During the period of their inability to perform the Services as a result of an event of Force Majeure, the Consultant, upon instructions by the Client, shall either:

	(a) demobilize, in which case the Consultant shall be reimbursed for additional costs they reasonably and necessarily incurred, and, if required by the Client, in reactivating the Services; or (b) continue with the Services to the extent reasonably possible, in which case the Consultant shall continue to be paid under the terms of this Contract and be reimbursed for additional costs reasonably and necessarily incurred. 17.9. In the case of disagreement between the Parties as to the existence or extent of Force Majeure, the matter shall be settled according to Clauses GCC 44 & 45.
18. Suspension	18.1. The Client may, by written notice of suspension to the Consultant, suspend all payments to the Consultant hereunder if the Consultant fails to perform any of its obligations under this Contract, including the carrying out of the Services, provided that such notice of suspension (i) shall specify the nature of the failure, and (ii) shall request the Consultant to remedy such failure within a period not exceeding thirty (30) calendar days after receipt by the Consultant of such notice of suspension.
19. Termination	19.1. This Contract may be terminated by either Party as per provisions set up below:
a. By the Client	19.1.1. The Client may terminate this Contract in case of the occurrence of any of the events specified in paragraphs (a) through (f) of this Clause. In such an occurrence the Client shall give at least thirty (30) calendar days' written notice of termination to the Consultant in case of the events referred to in (a) through (d); at least sixty (60) calendar days' written notice in case of the event referred to in (e); and at least five (5) calendar days' written notice in case of the event referred to in (f): (a) If the Consultant fails to remedy a failure in the performance of its obligations hereunder, as specified in a notice of suspension pursuant to Clause GCC 18; (b) If the Consultant becomes (or, if the Consultant consists of more than one entity, if any of its members becomes) insolvent or bankrupt or enter into any agreements with their creditors for relief of debt or take advantage of any law for the benefit of debtors or go into liquidation or receivership whether compulsory or voluntary; (c) If the Consultant fails to comply with any final decision reached as a result of arbitration proceedings pursuant to

	Clause GCC 45.1; (d) If, as the result of Force Majeure, the Consultant is unable to perform a material portion of the Services for a period of not less than sixty (60) calendar days; (e) If the Client, in its sole discretion and for any reason whatsoever, decides to terminate this Contract; (f) If the Consultant fails to confirm availability of Key Experts as required in Clause GCC 13. 19.1.2. Furthermore, if the Client determines that the Consultant has engaged in corrupt, fraudulent, collusive, coercive or obstructive practices, in competing for or in executing the Contract, then the Client may, after giving fourteen (14) calendar days written notice to the Consultant, terminate the Consultant's employment under the Contract.
b. By the Consultant	19.1.3. The Consultant may terminate this Contract, by not less than thirty (30) calendar days’ written notice to the Client, in case of the occurrence of any of the events specified in paragraphs (a) through (d) of this Clause. (a) If the Client fails to pay any money due to the Consultant pursuant to this Contract and not subject to dispute pursuant to Clause GCC 45.1 within forty-five (45) calendar days after receiving written notice from the Consultant that such payment is overdue. (b) If, as the result of Force Majeure, the Consultant is unable to perform a material portion of the Services for a period of not less than sixty (60) calendar days. (c) If the Client fails to comply with any final decision reached as a result of arbitration pursuant to Clause GCC 45.1. (d) If the Client is in material breach of its obligations pursuant to this Contract and has not remedied the same within forty-five (45) days (or such longer period as the Consultant may have subsequently approved in writing) following the receipt by the Client of the Consultant’s notice specifying such breach.
c. Cessation of Rights and Obligations	19.1.4. Upon termination of this Contract pursuant to Clauses GCC 12 or GCC 19 hereof, or upon expiration of this Contract pursuant to Clause GCC 14, all rights and obligations of the Parties hereunder shall cease, except (i) such rights and

	obligations as may have accrued on the date of termination or expiration, (ii) the obligation of confidentiality set forth in Clause GCC 22, (iii) the Consultant's obligation to permit inspection, copying and auditing of their accounts and records set forth in Clause GCC 25, and (iv) any right which a Party may have under the Applicable Law.
d. Cessation of Services	19.1.5. Upon termination of this Contract by notice of either Party to the other pursuant to Clauses GCC 19a or GCC 19b, the Consultant shall, immediately upon dispatch or receipt of such notice, take all necessary steps to bring the Services to a close in a prompt and orderly manner and shall make every reasonable effort to keep expenditures for this purpose to a minimum. With respect to documents prepared by the Consultant and equipment and materials furnished by the Client, the Consultant shall proceed as provided, respectively, by Clauses GCC 27 or GCC 28.
e. Payment upon Termination	19.1.6. Upon termination of this Contract, the Client shall make the following payments to the Consultant: (a) payment for Services satisfactorily performed prior to the effective date of termination; and (b) in the case of termination pursuant to paragraphs (d) and (e) of Clause GCC 19.1.1, reimbursement of any reasonable cost incidental to the prompt and orderly termination of this Contract, including the cost of the return travel of the Experts.

C. OBLIGATIONS OF THE CONSULTANT

20. General	
a. Standard of Performance	20.1 The Consultant shall perform the Services and carry out the Services with all due diligence, efficiency and economy, in accordance with generally accepted professional standards and practices, and shall observe sound management practices, and employ appropriate technology and safe and effective equipment, machinery, materials and methods. The Consultant shall always act, in respect of any matter relating to this Contract or to the Services, as a faithful adviser to the Client, and shall at all times support and safeguard the Client's legitimate interests in any dealings with the third parties. 20.2. The Consultant shall employ and provide such qualified and experienced Experts and Sub-consultants as are required to carry out the Services.

	20.3. The Consultant may subcontract part of the Services to an extent and with such Key Experts and Sub-consultants as may be approved in advance by the Client. Notwithstanding such approval, the Consultant shall retain full responsibility for the Services.
b. Law Applicable to Services	20.4. The Consultant shall perform the Services in accordance with the Contract and the Applicable Law and shall take all practicable steps to ensure that any of its Experts and Sub-consultants, comply with the Applicable Law. 20.5. Throughout the execution of the Contract, the Consultant shall comply with the import of goods and services prohibitions in the Client's country when (a) as a matter of law or official regulations, the Borrower's country prohibits commercial relations with that country; or (b) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Borrower's Country prohibits any import of goods from that country or any payments to any country, person, or entity in that country. 20.6. The Client shall notify the Consultant in writing of relevant local customs, and the Consultant shall, after such notification, respect such customs.
21. Conflict of Interests	21.1. The Consultant shall hold the Client's interests paramount, without any consideration for future work, and strictly avoid conflict with other assignments or their own corporate interests.
a. Consultant Not to Benefit from Commissions, Discounts, etc.	21.1.1 The payment of the Consultant pursuant to GCC F (Clauses GCC 38 through 42) shall constitute the Consultant's only payment in connection with this Contract and, subject to Clause GCC 21.1.3, the Consultant shall not accept for its own benefit any trade commission, discount or similar payment in connection with activities pursuant to this Contract or in the discharge of its obligations hereunder, and the Consultant shall use its best efforts to ensure that any Sub-consultants, as well as the Experts and agents of either of them, similarly shall not receive any such additional payment. 21.1.2 Furthermore, if the Consultant, as part of the Services, has the responsibility of advising the Client on the procurement of goods, works or services, the Consultant shall comply with the Bank's Applicable Guidelines, and shall at all times exercise such responsibility in the best interest of the Client. Any

	discounts or commissions obtained by the Consultant in the exercise of such procurement responsibility shall be for the account of the Client.
b. Consultant and Affiliates Not to Engage in Certain Activities	21.1.3 The Consultant agrees that, during the term of this Contract and after its termination, the Consultant and any entity affiliated with the Consultant, as well as any Sub-consultants and any entity affiliated with such Sub-consultants, shall be disqualified from providing goods, works or non-consulting services resulting from or directly related to the Consultant's Services for the preparation or implementation of the project, unless otherwise indicated in the **SCC**.
c. Prohibition of Conflicting Activities	21.1.4 The Consultant shall not engage, and shall cause its Experts as well as its Sub-consultants not to engage, either directly or indirectly, in any business or professional activities that would conflict with the activities assigned to them under this Contract.
d. Strict Duty to Disclose Conflicting Activities	21.1.5 The Consultant has an obligation and shall ensure that its Experts and Sub-consultants shall have an obligation to disclose any situation of actual or potential conflict that impacts their capacity to serve the best interest of their Client, or that may reasonably be perceived as having this effect. Failure to disclose said situations may lead to the disqualification of the Consultant or the termination of its Contract.
22. Confidentiality	22.1 Except with the prior written consent of the Client, the Consultant and the Experts shall not at any time communicate to any person or entity any confidential information acquired in the course of the Services, nor shall the Consultant and the Experts make public the recommendations formulated in the course of, or as a result of, the Services.
23. Liability of the Consultant	23.1 Subject to additional provisions, if any, set forth in the **SCC**, the Consultant's liability under this Contract shall be provided by the Applicable Law.
24. Insurance to be Taken out by the Consultant	24.1 The Consultant (i) shall take out and maintain, and shall cause any Sub-consultants to take out and maintain, at its (or the Sub-consultants', as the case may be) own cost but on terms and conditions approved by the Client, insurance against the risks, and for the coverage specified in the **SCC,** and (ii) at the Client's request, shall provide evidence to the Client showing that such insurance has been taken out and maintained and that the current premiums therefore have been paid. The Consultant shall ensure that such insurance is in place prior to commencing the Services as stated in

	Clause GCC 13.
25. Accounting, Inspection and Auditing	25.1 The Consultant shall keep, and shall make all reasonable efforts to cause its Sub-consultants to keep, accurate and systematic accounts and records in respect of the Services and in such form and detail as will clearly identify relevant time changes and costs. 25.2 The Consultant shall permit and shall cause its Sub-consultants to permit, the Bank and/or persons appointed by the Bank to inspect the Site and/or all accounts and records relating to the performance of the Contract and the submission of the Proposal to provide the Services, and to have such accounts and records audited by auditors appointed by the Bank if requested by the Bank. The Consultant's attention is drawn to Clause GCC 10 which provides, inter alia, that acts intended to materially impede the exercise of the Bank's inspection and audit rights provided for under this Clause GCC25.2 constitute a prohibited practice subject to contract termination (as well as to a determination of ineligibility under the Bank's prevailing sanctions procedures.)
26. Reporting Obligations	26.1 The Consultant shall submit to the Client the reports and documents specified in **Appendix A**, in the form, in the numbers and within the time periods set forth in the said Appendix.
27. The Consultant shall, not later than upon termination or expiration of this Contract, deliver all such documents to the Client, together with a detailed inventory thereof. The Consultant may retain a copy of such documents, data and/or software but shall not use the same for purposes unrelated to this Contract without prior written approval of the Client. 27.2 If license agreements are necessary or appropriate between the Consultant and third parties for purposes of development of the plans, drawings, specifications, designs, databases, other documents and software, the Consultant shall obtain the Client's prior written approval to such agreements, and the Client shall be entitled at its discretion to require recovering the expenses related to the development of the program(s) concerned. Other restrictions about the future use of these documents and software, if any, shall be specified in the **SCC**.
28. Equipment, Vehicles and	28.1 Equipment, vehicles and materials made available to the Consultant by the Client, or purchased by the Consultant wholly or partly with funds provided by the Client, shall be the property of the

Materials	Client and shall be marked accordingly. Upon termination or expiration of this Contract, the Consultant shall make available to the Client an inventory of such equipment, vehicles and materials and shall dispose of such equipment, vehicles and materials in accordance with the Client's instructions. While in possession of such equipment, vehicles and materials, the Consultant, unless otherwise instructed by the Client in writing, shall insure them at the expense of the Client in an amount equal to their full replacement value. 28.2 Any equipment or materials brought by the Consultant or its Experts into the Client's country for the use either for the project or personal use shall remain the property of the Consultant or the Experts concerned, as applicable.

D. CONSULTANT'S EXPERTS AND SUB-CONSULTANTS

29. Description of Key Experts	29.1 The title, agreed job description, minimum qualification and estimated period of engagement to carry out the Services of each of the Consultant's Key Experts are described in **Appendix B.**
30. Replacement of Key Experts	30.1 Except as the Client may otherwise agree in writing, no changes shall be made in the Key Experts. 30.2 Notwithstanding the above, the substitution of Key Experts during Contract execution may be considered only based on the Consultant's written request and due to circumstances outside the reasonable control of the Consultant, including but not limited to death or medical incapacity. In such case, the Consultant shall forthwith provide as a replacement, a person of equivalent or better qualifications and experience, and at the same rate of remuneration.
31. Removal of Experts or Sub-consultants	31.1 If the Client finds that any of the Experts or Sub-consultant has committed serious misconduct or has been charged with having committed a criminal action, or shall the Client determine that Consultant's Expert of Sub-consultant have engaged in corrupt, fraudulent, collusive, coercive or obstructive practice while performing the Services, the Consultant shall, at the Client's written request, provide a replacement. 31.2 In the event that any of Key Experts, Non-Key Experts or Sub-consultants is found by the Client to be incompetent or incapable in discharging assigned duties, the Client, specifying the grounds therefore, may request the Consultant to provide a replacement. 31.3 Any replacement of the removed Experts or Sub-consultants shall possess better qualifications and experience and shall be acceptable to the Client.

	31.4 The Consultant shall bear all costs arising out of or incidental to any removal and/or replacement of such Experts.

E. OBLIGATIONS OF THE CLIENT

32. Assistance and Exemptions	32.1 Unless otherwise specified in the **SCC**, the Client shall use its best efforts to: (a) Assist the Consultant with obtaining work permits and such other documents as shall be necessary to enable the Consultant to perform the Services. (b) Assist the Consultant with promptly obtaining, for the Experts and, if appropriate, their eligible dependents, all necessary entry and exit visas, residence permits, exchange permits and any other documents required for their stay in the Client's country while carrying out the Services under the Contract. (c) Facilitate prompt clearance through customs of any property required for the Services and of the personal effects of the Experts and their eligible dependents. (c) Issue to officials, agents and representatives of the Government all such instructions and information as may be necessary or appropriate for the prompt and effective implementation of the Services. (e) Assist the Consultant, any Sub-consultants and the Experts of either of them with obtaining the privilege, pursuant to the applicable law in the Client's country, of bringing into the Client's country reasonable amounts of foreign currency for the purposes of the Services or for the personal use of the Experts and of withdrawing any such amounts as may be earned therein by the Experts in the execution of the Services. (f) Provide to the Consultant any such other assistance as may be specified in the **SCC**.
33. Access to Project Site	33.1 The Client warrants that the Consultant shall have, free of charge, unimpeded access to the project site in respect of which access is required for the performance of the Services. The Client

	will be responsible for any damage to the project site or any property thereon resulting from such access and will indemnify the Consultant and each of the experts in respect of liability for any such damage, unless such damage is caused by the willful default or negligence of the Consultant or any Sub-consultants or the Experts of either of them.
34. Change in the Applicable Law Related to Taxes and Duties	34.1 If, after the date of this Contract, there is any change in the applicable law in the Client's country with respect to taxes and duties which increases or decreases the cost incurred by the Consultant in performing the Services, then the remuneration and reimbursable expenses otherwise payable to the Consultant under this Contract shall be increased or decreased accordingly by agreement between the Parties hereto, and corresponding adjustments shall be made to the Contract price amount specified in Clause GCC 38.1
35. Services, Facilities and Property of the Client	35.1 The Client shall make available to the Consultant and the Experts, for the purposes of the Services and free of any charge, the services, facilities and property described in the Terms of Reference (**Appendix A)** at the times and in the manner specified in said **Appendix A.**
36. Counterpart Personnel	36.1 The Client shall make available to the Consultant free of charge such professional and support counterpart personnel, to be nominated by the Client with the Consultant's advice, if specified in **Appendix A**. 36.2 Professional and support counterpart personnel, excluding Client's liaison personnel, shall work under the exclusive direction of the Consultant. If any member of the counterpart personnel fails to perform adequately any work assigned to such member by the Consultant that is consistent with the position occupied by such member, the Consultant may request the replacement of such member, and the Client shall not unreasonably refuse to act upon such request.
37. Payment Obligation	37.1 In consideration of the Services performed by the Consultant under this Contract, the Client shall make such payments to the Consultant for the deliverables specified in **Appendix A** and in such manner as is provided by GCC F below.

F. PAYMENTS TO THE CONSULTANT

38. Contract Price	38.1 The Contract price is fixed and is set forth in the **SCC.** The Contract price breakdown is provided in **Appendix C**. 38.2 Any change to the Contract price specified in Clause 38.1 can

	be made only if the Parties have agreed to the revised scope of Services pursuant to Clause GCC 16 and have amended in writing the Terms of Reference in **Appendix A**.
39. Taxes and Duties	39.1 The Consultant, Sub-consultants and Experts are responsible for meeting any and all tax liabilities arising out of the Contract unless it is stated otherwise in the **SCC**. 39.2 As an exception to the above and as stated in the **SCC**, all local identifiable indirect taxes (itemized and finalized at Contract negotiations) are reimbursed to the Consultant or are paid by the Client on behalf of the Consultant.
40. Currency of Payment	40.1 Any payment under this Contract shall be made in the currency(ies) of the Contract.
41. Mode of Billing and Payment	41.1 The total payments under this Contract shall not exceed the Contract price set forth in Clause GCC 38.1. 41.2 The payments under this Contract shall be made in lump-sum installments against deliverables specified in **Appendix A**. The payments will be made according to the payment schedule stated in the **SCC**. 41.2.1 *Advance payment:* No advance payment would be made to the consultant. 41.2.2 *The Lump-Sum Installment Payments.* The Client shall pay the Consultant within sixty (60) days after the receipt by the Client of the deliverable(s) and the cover invoice for the related lump-sum installment payment. The payment can be withheld if the Client does not approve the submitted deliverable(s) as satisfactory in which case the Client shall provide comments to the Consultant within the same sixty (60) days period. The Consultant shall thereupon promptly make any necessary corrections, and thereafter the foregoing process shall be repeated. 41.2.3 *The Final Payment* .The final payment under this Clause shall be made only after the final report l have been submitted by the Consultant and approved as satisfactory by the Client. The Services shall then be deemed completed and finally accepted by the Client. The last lump-sum installment shall be deemed approved for payment by the Client within ninety (90) calendar days after receipt of the final report by the Client unless the Client, within such ninety (90) calendar day period, gives written notice to the Consultant specifying in detail deficiencies in the Services, the final report. The Consultant shall thereupon

	promptly make any necessary corrections, and thereafter the foregoing process shall be repeated. 41.2.4 All payments under this Contract shall be made to the accounts of the Consultant specified in the **SCC**. 41.2.4 With the exception of the final payment under 41.2.3 above, payments do not constitute acceptance of the whole Services nor relieve the Consultant of any obligations hereunder.
42. Interest on Delayed Payments	42.1 If the Client had delayed payments beyond fifteen (15) days after the due date stated in Clause GCC 41.2.2 , interest shall be paid to the Consultant on any amount due by, not paid on, such due date for each day of delay at the annual rate stated in the **SCC.**

G. FAIRNESS AND GOOD FAITH

43. Good Faith	43.1 The Parties undertake to act in good faith with respect to each other’s rights under this Contract and to adopt all reasonable measures to ensure the realization of the objectives of this Contract.

H. SETTLEMENT OF DISPUTES

44. Amicable Settlement	44.1 The Parties shall seek to resolve any dispute amicably by mutual consultation. 44.2 If either Party objects to any action or inaction of the other Party, the objecting Party may file a written Notice of Dispute to the other Party providing in detail the basis of the dispute. The Party receiving the Notice of Dispute will consider it and respond in writing within fourteen (14) days after receipt. If that Party fails to respond within fourteen (14) days, or the dispute cannot be amicably settled within fourteen (14) days following the response of that Party, Clause GCC 45.1 shall apply.
45. Dispute Resolution	45.1 Any dispute between the Parties arising under or related to this Contract that cannot be settled amicably may be referred to by either Party to the adjudication/arbitration in accordance with the provisions specified in the **SCC**.

II. General Conditions

Attachment 1: Bank's Policy – Corrupt and Fraudulent Practices

Guidelines for Selection and Employment of Consultants under IBRD Loans and IDA Credits & Grants by World Bank Borrowers, dated January 2011:

"**Fraud and Corruption**

1.23 It is the Bank's policy to require that Borrowers (including beneficiaries of Bank loans), consultants, and their agents (whether declared or not), sub-contractors, sub-consultants, service providers, or suppliers, and any personnel thereof, observe the highest standard of ethics during the selection and execution of Bank-financed contracts [footnote: In this context, any action taken by a consultant or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, to influence the selection process or contract execution for undue advantage is improper.]. In pursuance of this policy, the Bank:

(a) defines, for the purposes of this provision, the terms set forth below as follows:

(i) "corrupt practice" is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party[1];

(ii) "fraudulent practice" is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation[2];

(iii) "collusive practices" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party[3];

(iv) "coercive practices" is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party[4];

---

[1] For the purpose of this sub-paragraph, "another party" refers to a public official acting in relation to the selection process or contract execution. In this context "public official" includes World Bank staff and employees of other organizations taking or reviewing selection decisions.

[2] For the purpose of this sub-paragraph, "party" refers to a public official; the terms "benefit" and "obligation" relate to the selection process or contract execution; and the "act or omission" is intended to influence the selection process or contract execution.

[3] For the purpose of this sub-paragraph, "parties" refers to participants in the procurement or selection process (including public officials) attempting either themselves, or through another person or entity not participating in the procurement or selection process, to simulate competition or to establish prices at artificial, non-competitive levels, or are privy to each other's bid prices or other conditions.

(v) "obstructive practice" is

(aa) deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede a Bank investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation, or

(bb) acts intended to materially impede the exercise of the Bank's inspection and audit rights;

(b) will reject a proposal for award if it determines that the consultant recommended for award or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;

(c) will declare misprocurement and cancel the portion of the Loan allocated to a contract if it determines at any time that representatives of the Borrower or of a recipient of any part of the proceeds of the Loan were engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices during the selection process or the implementation of the contract in question, without the Borrower having taken timely and appropriate action satisfactory to the Bank to address such practices when they occur, including by failing to inform the Bank in a timely manner they knew of the practices;

(d) will sanction a firm or an individual at any time, in accordance with prevailing Bank's sanctions procedures[5], including by publicly declaring such firm or an ineligible, either indefinitely or for a stated period of time: (i) to be awarded a Bank-financed contract, and (ii) to be a nominated[6] sub-consultant, supplier, or service provider of an otherwise eligible firm being awarded a Bank-financed contract.

---

[4] For the purpose of this sub-paragraph, "party" refers to a participant in the selection process or contract execution.

[5] A firm or an individual may be declared ineligible to be awarded a Bank-financed contract upon (i) completion of the Bank's sanctions proceedings as per its sanctions procedures, including inter alia: cross-debarment as agreed with other International Financial Institutions, including Multilateral Development Banks, and through the application of the World Bank Group corporate administrative procurement sanctions procedures for fraud and corruption; and (ii) as a result of temporary suspension or early temporary suspension in connection with an ongoing sanctions proceedings. See footnote 12 and paragraph 8 of Appendix 1 of these Guidelines.

[6] A nominated sub-consultant, supplier, or service provider is one which has been either (i) included by the consultant in its proposal because it brings specific and critical experience and know-how that are accounted for in the technical evaluation of the consultant's proposal for the particular services; or (ii) appointed by the Borrower.

IV. Appendices

APPENDIX A – TERMS OF REFERENCE

1. Background

i. The Government of India along with State and Local Governments is implementing several flagship Urban Missions for improving various aspects of urban development in Indian cities. An underlying goal of these initiatives is to make Indian cities more ‘Liveable’. This will mean not only providing good quality core infrastructure and services, but also developing cities with ample opportunities for work, entertainment and cultural activities, improved social infrastructure and economic opportunity;

ii. In order to do this through a structured approach it is important to create a common minimum framework, which cities can use to assess their ‘Liveability’ and measure their progress over time. In this context, the Ministry of Urban Development has developed a set of ‘Liveability Standards in Cities’. These will act as a guiding framework for cities to chart their pathway towards liveability and result in a systematic improvement in the quality of life of citizens in Indian cities. The ‘Liveability Standards in Cities’ document can be downloaded from http://smartcities.gov.in/content/innerpage/otherstoolkit.php;

iii. A total of 79 Liveability Standards are proposed across 15 different categories. The Ministry proposes to conduct an ‘Annual Assessment of Liveability Standards in Cities’ and develop a ‘City Liveability Index’. This is an ambitious national project requiring yearly compilation of a large number of datasets across the various Liveability Standards;

iv. A total of 116 cities will be covered in Year 1 (list of cities for Year 1 is provided at Appendix D), and the coverage of cities may be extended in subsequent years. The following classification of cities will be used for the purpose of the study

Classification*		Population range
1	Small Towns	Less than 50,000 population
2	Medium Towns	Population ≥ 50,000 < 5 lakh
3	Large Towns	Population ≥ 5 lakh < 1 million

4	Metropolitan Cities	Population ≥ 1 million < 5 million
5	Megapolis	Population ≥ 5 million

** Based on the Classification given in the URDPFI guidelines, 2014*

v. Given the magnitude of data collection and field surveys required, the National Institute of Urban Affairs (an autonomous body under Ministry of Urban Development) wishes to engage the services of a reputed national/international agency/institution for **Assessment of Liveability Standards** (the **'Assignment'**) across all cities included in the study. This will cover all relevant data required by the NIUA for computing the 79 Liveability Standards. The data generated from the assignment will be used by the NIUA for calculating the City Liveability Index of cities on an annual basis;

vi. The contract will initially be valid for activities in Year 1 (as defined in Clause 7.5), and may be extended for a further period of 2 years upon successful completion of activities in Year 1, at the discretion of the NIUA;

vii. Remuneration paid in local currency pursuant to the rates submitted in Form Fin-2 shall be adjusted every 12 months (and, for the first time, with effect for the remuneration earned in the 13th calendar month after the date of the Contract) by applying the following formula:

$R_i=R_0 \ x \ (I_i/I_0)$

Where R_i is the adjusted remuneration, R_0 is the remuneration payable on the basis of the rates set forth in Form Fin-2 for remuneration payable in local currency in the first year. Similarly, R_0 and will be considered as the remuneration for the second year for calculation of the adjusted remuneration for the third year. I_i is the CPI (Urban) for Delhi as published by the Director General / Central Statistical Office, Ministry of Statistics and Programme Implementation, Government of India, for the month in which the adjustment is to have effect and I_0 is the CPI (Urban) for Delhi as published by the authority named above for the month of the date of the contract.

2. Objective of the Assignment

i. Compile reliable and high quality data for all cities included in the study, as required by the NIUA for the computation of Liveability Indexes and as prescribed in the 'Liveability Standards in Cities' document;

ii. Develop a robust electronic database of datasets that can be used to assess the progress of cities on an annual basis.

3. Description of Tasks

The Tasks to be performed and key activities under the assignment will include:

Initiation Activities

i. Conduct a Reconnaissance Study of all cities included in the project (as per Appendix D). The study shall inter-alia include:
   a. City-level kick-off meetings with key officials from City governments, Smart City SPVs, various departments and utilities, DISCOMs etc. for assessing data availability and alternate sources, preferred timelines, key nodal officers etc.;
   b. Study of city demography, socio-economic stratification and geography that has a bearing on sample size and distribution;
   c. Study of existing reports, studies, alternative data sources etc.;

ii. Prepare and submit to the NIUA, an Inception Report, including inter-alia the following:
   a. Detailed Plan of Action including likely sources of data, proposed field surveys, sample size and distribution, nodal officers etc. for each city as discussed and finalized with NIUA;
   b. Proposed timelines for city field visits as discussed and finalized with NIUA and State/City governments;
   c. Specific survey and raw data collection formats for the 79 standards as finalized in discussion with NIUA;

iii. Convey the finalized schedule and Plan of Action to cities allowing them to mobilise support for the activities. A Minimum of 15 days of preparation period must be given to cities before data collection and surveys;

Data Collection and Field Surveys

iv. Mobilize Field Teams (with adequate and qualified manpower as indicated in Clause 7.6) for obtaining data required for all 79 Standards;

v. Collect data for all indicators based on the methodology finalized in discussion with the NIUA. It may be noted that broad guidance (indicator-wise) on data collection

methods, likely sources of secondary data, and standards for sampling size and regimen to be followed for physical surveys is given in "Methodology for Collection and Computation of Liveability Standards in Cities", which may be downloaded from http://smartcities.gov.in/content/innerpage/otherstoolkit.php. Where data is not available from the sources indicated in the document, alternate methodology will be suggested by the agency and finalized in discussion with NIUA at the time of preparation of city inception reports.

vi. Maintain and submit all raw data and data collection forms to NIUA without any editing and/or masking (including particulars such as names of respondents, exact address and contact details, date and time of survey, and GPS coordinates in case of samples taken for pollution etc.);

vii. Conduct analysis of the raw data through the Analytics Team (with adequate and qualified manpower as indicated in Clause 7.6) and prepare aggregate data sets for all 79 standards for each of the cities;

viii. The authenticity of data shall be ensured through visual backup like photographs etc and using geo-tagging technology through hand held devices.

ix. The team at the National level will also conduct audit of the results.

x. Submit Draft City Assessment Report to the NIUA (separate for each city), including inter-alia the following:

  a. Database of aggregate data in the format discussed and finalized with NIUA;
  b. All raw data and data sheets (digital format);
  c. Sources of data, assumptions (if any), record of discussions with key stakeholders, minutes of city kickoff meeting and other relevant documentation;

xi. Submit Final City Assessment Report to the NIUA after including any recommendations of the NIUA and after suitably incorporating any valid feedback received from cities/states with the approval of the NIUA;

xii. Develop and maintain a digital database of all data sets collected every year for each city. The format should be finalized in consultation with the NIUA and enable examination of raw data as well as aggregated numbers on a year-on-year basis;

Other support activities

xiii. Provide support in organizing national/regional workshops that maybe organized as part of this exercise by MoUD/NIUA.

xiv. Provide all necessary support to the NIUA or other reputed third-party agency(ies) appointed by the NIUA for undertaking verification of the data;

xv. Provide any technical support as required by the NIUA or its assigned team during the development of scoring sheets and city indexes for the various Standards;

xvi. Conduct a National workshop (1-day) on behalf of NIUA for disseminating the findings of the Ministry. Costs for the workshop must be included in the proposal.

4. Results to be achieved

The Assignment will result in the creation of a robust database (updated annually) of critical datasets across 79 different Liveability parameters in Indian Cities. This will form the basis for the NIUA to compute an annual City Liveability Index of cities. This can also act as a repository of critical data for encouraging research on cities in India.

5. Timelines and Deliverables for Year 1*

Report	**Time line**	**Documents**	**Deliverables and Contents**
Inception Report	1 months from start date as per contract	Hard copies, and Electronic version	Including: a. Dear Madam,

Please find enclosed herewith a RFP for shortlisting of firms for assessment of livability of selected cities out of 79 indicators. At present, 116 cities have been identified and the same may be varied.

As communicated earlier, the procurement will be done by NIUA, which is an Institute under Ministry of Urban Development (MoUD), Government of India, on behalf of the MoUD. The REOI was already issued by NIUA. The RFP will be issued to the shortlisted firms. The payment for the assignment for the first round will be made by the Ministry directly to the selected agency on successful completion of assignment and duly certified by NIUA out of CBUD funds.

You are requested to convey no objection/comments of World bank at the earliest.

Regards,

G Vijay Kumar

Dear Mr. Kumar:

Thank you for the below attached email for the selection of Consultant for Assessment of livability index, to be procured by NIUA (on behalf of MoUD), subject to following :

(i) The PMU provides hand holding support to NIUA for the procurement process

(ii) Bank's Guidelines for Selection of Consultants – January 2011, updated July 2014 is followed

(iii) Bank's standard format for REoI, RFP, TER and Contract Agreement is used

(iv) Use of STEP for the procurement process

From the below email, we observe that the REoI has already been advertised. Since this is a prior review contract, the REoI and subsequent steps, needs to be cleared by Bank (through STEP). You may kindly advise the Client to send the documents through STEP for Bank's review.

Section 1. Letter of Invitation

RFP No. CBUD/FIN/34 **Credit No**.4997-IN

New Delhi ____/ March/2017

Dear Mr. /Ms.:

1. The Government of India (hereinafter called "Borrower") has received financing from the International Development Association (IDA) (the "Bank") in the form of a credit (hereinafter called "credit") toward the cost of Capacity Building for Urban Development (CBUD) Project. The Ministry of Urban Development (MoUD), Government of India, an implementing agency of the Client, intends to apply a portion of the proceeds of this credit to eligible payments under the contract for which this Request for Proposals is issued. Payments by the Bank will be made only at the request of the *Ministry of Urban Development* (client) and upon approval by the Bank, and will be subject, in all respects, to the terms and conditions of the financing agreement. The financing agreement prohibits a withdrawal from the credit account for the purpose of any payment to persons or entities, or for any import of goods, if such payment or import, to the knowledge of the Bank, is prohibited by a decision of the United Nations Security council taken under Chapter VII of the Charter of the United Nations. No party other than the Borrower shall derive any rights from the financing agreement or have any claims to the proceeds of the credit.

   The Client now invites proposals to provide the following consulting services (hereinafter called "Services"): "Selection of Consulting Firms for Conducting Surveys for Assessment of Liveability Indices for 116 cities in India". More details on the Services are provided in the Terms of Reference (Section 7).

(t) “Proposal” means the Technical Proposal and the Financial Proposal of the Consultant. (u) “RFP” means the Request for Proposals to be prepared by the Client for the selection of Consultants, based on the SRFP. (v) “SRFP” means the Standard Request for Proposals, which must be used by the Client as the basis for the preparation of the RFP. (w) “Services” means the work to be performed by the Consultant pursuant to the Contract. (x) “Sub-consultant” means an entity to whom the Consultant intends to subcontract any part of the Services while remaining responsible to the Client during the performance of the Contract. (y) “TORs” (this Section 7 of the RFP) means the Terms of Reference that explain the objectives, scope of work, activities, and tasks to be performed, respective responsibilities of the Client and the Consultant, and expected results and deliverables of the assignment.
2. Introduction	2.1 The Client named in the **Data Sheet** intends to select a Consultant from those listed in the Letter of Invitation, in accordance with the method of selection specified in the **Data Sheet**. 2.2 The shortlisted Consultants are invited to submit a Technical Proposal and a Financial Proposal, or a Technical Proposal only, as specified in the **Data Sheet**, for consulting services required for the assignment named in the **Data Sheet**. The Proposal will be the basis for negotiating and ultimately signing the Contract with the selected Consultant. 2.3 The Consultants should familiarize themselves with the local conditions and take them into account in preparing their Proposals, including attending a pre-proposal conference if one is specified in the **Data Sheet**. Attending any such pre-proposal conference is optional and is at the Consultants’ expense.

	2.4 The Client will timely provide, at no cost to the Consultants, the inputs, relevant project data, and reports required for the preparation of the Consultant's Proposal as specified in the **Data Sheet**.
3. Conflict of Interest	3.1 The Consultant is required to provide professional, objective, and impartial advice, at all times holding the Client's interests paramount, strictly avoiding conflicts with other assignments or its own corporate interests, and acting without any consideration for future work. 3.2 The Consultant has an obligation to disclose to the Client any situation of actual or potential conflict that impacts its capacity to serve the best interest of its Client. Failure to disclose such situations may lead to the disqualification of the Consultant or the termination of its Contract and/or sanctions by the Bank. 3.2.1 Without limitation on the generality of the foregoing, the Consultant shall not be hired under the circumstances set forth below:
a. Conflicting activities	(i) Conflict between consulting activities and procurement of goods, works or non-consulting services: a firm that has been engaged by the Client to provide goods, works, or non-consulting services for a project, or any of its Affiliates, shall be disqualified from providing consulting services resulting from or directly related to those goods, works, or non-consulting services. Conversely, a firm hired to provide consulting services for the preparation or implementation of a project, or any of its Affiliates, shall be disqualified from subsequently providing goods or works or non-consulting services resulting from or directly related to the consulting services for such preparation or implementation.
b. Conflicting assignments	(ii) Conflict among consulting assignments: a Consultant (including its Experts and Sub-consultants) or any of its Affiliates shall not be hired for any assignment that, by its nature, may be in conflict with another assignment of the Consultant for the same or for another Client.
c. Conflicting relationships	(iii) Relationship with the Client's staff: a Consultant (including its Experts and Sub-consultants) that has a close business or family relationship with a professional staff of the Borrower (or of the Client, or of implementing agency, or of a recipient of a part of the Bank's financing) who are directly or indirectly involved in any part of (i) the preparation of the Terms of Reference for the assignment, (ii) the selection process for the Contract, or (iii) the supervision of the Contract, may not be awarded a Contract, unless the conflict

	stemming from this relationship has been resolved in a manner acceptable to the Bank throughout the selection process and the execution of the Contract.
4. Unfair Competitive Advantage	4.1 Fairness and transparency in the selection process require that the Consultants or their Affiliates competing for a specific assignment do not derive a competitive advantage from having provided consulting services related to the assignment in question. To that end, the Client shall indicate in the **Data Sheet** and make available to all shortlisted Consultants together with this RFP all information that would in that respect give such Consultant any unfair competitive advantage over competing Consultants.
5. Corrupt and Fraudulent Practices	5.1 The Bank requires compliance with its policy in regard to corrupt and fraudulent practices as set forth in Section 6. 5.2 In further pursuance of this policy, Consultant shall permit and shall cause its agents, Experts, Sub-consultants, sub-contractors, services providers, or suppliers to permit the Bank to inspect all accounts, records, and other documents relating to the submission of the Proposal and contract performance (in case of an award), and to have them audited by auditors appointed by the Bank.
6. Eligibility	6.1 The Bank permits consultants (individuals and firms, including Joint Ventures and their individual members) from all countries to offer consulting services for Bank-financed projects. 6.2 Furthermore, it is the Consultant's responsibility to ensure that its Experts, joint venture members, Sub-consultants, agents (declared or not), sub-contractors, service providers, suppliers and/or their employees meet the eligibility requirements as established by the Bank in the Applicable Guidelines. 6.3 As an exception to the foregoing Clauses 6.1 and 6.2 above:
a. Sanctions	6.3.1 A firm or an individual sanctioned by the Bank in accordance with the above Clause 5.1 or in accordance with "Anti-Corruption Guidelines" shall be ineligible to be awarded a Bank-financed contract, or to benefit from a Bank-financed contract, financially or otherwise, during such period of time as the Bank shall determine. The list of debarred firms and individuals is available at the electronic address specified in the **Data Sheet**.
b. Prohibitions	6.3.2 Firms and individuals of a country or goods manufactured in a country may be ineligible if so indicated in Section 5 (Eligible Countries) and:

	(a) as a matter of law or official regulations, the Borrower's country prohibits commercial relations with that country, provided that the Bank is satisfied that such exclusion does not preclude effective competition for the provision of Services required; or (b) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Borrower's Country prohibits any import of goods from that country or any payments to any country, person, or entity in that country.
c. Restrictions for Government-owned Enterprises	6.3.3 Government-owned enterprises or institutions in the Borrower's country shall be eligible only if they can establish that they (i) are legally and financially autonomous, (ii) operate under commercial law, and (iii) that they are not dependent agencies of the Client To establish eligibility, the government-owned enterprise or institution should provide all relevant documents (including its charter) sufficient to demonstrate that it is a legal entity separate from the government; it does not currently receive any substantial subsidies or budget support; it is not obligated to pass on its surplus to the government; it can acquire rights and liabilities, borrow funds, and can be liable for repayment of debts and be declared bankrupt; and it is not competing for a contract to be awarded by the government department or agency which, under the applicable laws or regulations, is its reporting or supervisory authority or has the ability to exercise influence or control over it.
d. Restrictions for public employees	6.3.4 Government officials and civil servants of the Borrower's country are not eligible to be included as Experts in the Consultant's Proposal unless such engagement does not conflict with any employment or other laws, regulations, or policies of the Borrower's country, and they (i) are on leave of absence without pay, or have resigned or retired; (ii) are not being hired by the same agency they were working for before going on leave of absence without pay, resigning, or retiring (in case of resignation or retirement, for a period of at least 6 (six) months, or the period established by statutory provisions applying to civil servants or government employees in the Borrower's country,

	whichever is longer. Experts who are employed by the government-owned universities, educational or research institutions are not eligible unless they have been full time employees of their institutions for a year or more prior to being included in Consultant's Proposal.; and (iii) their hiring would not create a conflict of interest.
B. Preparation of Proposals	
7. General Considerations	**7.1.** In preparing the Proposal, the Consultant is expected to examine the RFP in detail. Material deficiencies in providing the information requested in the RFP may result in rejection of the Proposal.
8. Cost of Preparation of Proposal	**8.1.** The Consultant shall bear all costs associated with the preparation and submission of its Proposal, and the Client shall not be responsible or liable for those costs, regardless of the conduct or outcome of the selection process. The Client is not bound to accept any proposal, and reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Consultant.
9. Language	**9.1.** The Proposal, as well as all correspondence and documents relating to the Proposal exchanged between the Consultant and the Client, shall be written in the language(s) specified in the **Data Sheet**.
10. Documents Comprising the Proposal	**10.1.** The Proposal shall comprise the documents and forms listed in the **Data Sheet**. **10.2.** If specified in the **Data Sheet**, the Consultant shall include a statement of an undertaking of the Consultant to observe, in competing for and executing a contract, the Client country's laws against fraud and corruption (including bribery). **10.3.** The Consultant shall furnish information on commissions, gratuities, and fees, if any, paid or to be paid to agents or any other party relating to this Proposal and, if awarded, Contract execution, as requested in the Financial Proposal submission form (Section 4).
11. Only One Proposal	**11.1.** The Consultant (including the individual members of any Joint Venture) shall submit only one Proposal, either in its own name or as part of a Joint Venture in another Proposal. If a Consultant, including any Joint Venture member, submits or participates in more than one proposal, all such proposals shall be disqualified and rejected. This does not, however, preclude a Sub-consultant, or the Consultant's staff from participating as Key Experts and Non-Key Experts in more than one Proposal when circumstances justify and if stated in the **Data Sheet**.

12. Proposal Validity	**12.1. The Data Sheet** indicates the period during which the Consultant's Proposal must remain valid after the Proposal submission deadline. **12.2.** During this period, the Consultant shall maintain its original Proposal without any change, including the availability of the Key Experts, the proposed rates and the total price. **12.3.** If it is established that any Key Expert nominated in the Consultant's Proposal was not available at the time of Proposal submission or was included in the Proposal without his/her confirmation, such Proposal shall be disqualified and rejected for further evaluation, and may be subject to sanctions in accordance with Clause 5 of this ITC.
a. Extension of Validity Period	**12.4.** The Client will make its best effort to complete the negotiations within the proposal's validity period. However, should the need arise, the Client may request, in writing, all Consultants who submitted Proposals prior to the submission deadline to extend the Proposals' validity. **12.5.** If the Consultant agrees to extend the validity of its Proposal, it shall be done without any change in the original Proposal and with the confirmation of the availability of the Key Experts. **12.6.** The Consultant has the right to refuse to extend the validity of its Proposal in which case such Proposal will not be further evaluated.
b. Substitution of Key Experts at Validity Extension	**12.7.** If any of the Key Experts become unavailable for the extended validity period, the Consultant shall provide a written adequate justification and evidence satisfactory to the Client together with the substitution request. In such case, a replacement Key Expert shall have equal or better qualifications and experience than those of the originally proposed Key Expert. The technical evaluation score, however, will remain to be based on the evaluation of the CV of the original Key Expert. **12.8.** If the Consultant fails to provide a replacement Key Expert with equal or better qualifications, or if the provided reasons for the replacement or justification are unacceptable to the Client, such Proposal will be rejected with the prior Bank's no objection.
c. Sub-Contracting	**12.9.** The Consultant shall not subcontract the whole of the Services.
13. Clarification and	**13.1.** The Consultant may request a clarification of any part of the RFP during the period indicated in the **Data Sheet** before the Proposals' submission deadline. Any request for clarification must be sent in

Amendment of RFP	writing, or by standard electronic means, to the Client's address indicated in the **Data Sheet**. The Client will respond in writing, or by standard electronic means, and will send written copies of the response (including an explanation of the query but without identifying its source) to all shortlisted Consultants. Should the Client deem it necessary to amend the RFP as a result of a clarification, it shall do so following the procedure described below: 13.1.1. At any time before the proposal submission deadline, the Client may amend the RFP by issuing an amendment in writing or by standard electronic means. The amendment shall be sent to all shortlisted Consultants and will be binding on them. The shortlisted Consultants shall acknowledge receipt of all amendments in writing. 13.1.2. If the amendment is substantial, the Client may extend the proposal submission deadline to give the shortlisted Consultants reasonable time to take an amendment into account in their Proposals. **13.2.** The Consultant may submit a modified Proposal or a modification to any part of it at any time prior to the proposal submission deadline. No modifications to the Technical or Financial Proposal shall be accepted after the deadline.
14. **Preparation of Proposals – Specific Considerations**	**14.1.** While preparing the Proposal, the Consultant must give particular attention to the following: 14.1.1. If a shortlisted Consultant considers that it may enhance its expertise for the assignment by associating with other consultants in the form of a Joint Venture or as Sub-consultants, it may do so with either (a) non-shortlisted Consultant(s), or (b) shortlisted Consultants if permitted in the **Data Sheet**. In all such cases a shortlisted Consultant must obtain the written approval of the Client prior to the submission of the Proposal. When associating with non-shortlisted firms in the form of a joint venture or a sub-consultancy, the shortlisted Consultant shall be a lead member. If shortlisted Consultants associate with each other, any of them can be a lead member. 14.1.2. The Client may indicate in the **Data Sheet** the estimated Key Experts' time input (expressed in person-month) or the Client's estimated total cost of the assignment, but not both. This estimate is indicative and the Proposal shall be based on the Consultant's own estimates for the same. 14.1.3. If stated in the **Data Sheet**, the Consultant shall include in its Proposal at least the same time input (in the same unit as

	indicated in the **Data Sheet**) of Key Experts, failing which the Financial Proposal will be adjusted for the purpose of comparison of proposals and decision for award in accordance with the procedure in the **Data Sheet**. 14.1.4. For assignments under the Fixed-Budget selection method, the estimated Key Experts' time input is not disclosed. Total available budget, with an indication whether it is inclusive or exclusive of taxes, is given in the **Data Sheet**, and the Financial Proposal shall not exceed this budget.
15. Technical Proposal Format and Content	**15.1.** The Technical Proposal shall not include any financial information. A Technical Proposal containing material financial information shall be declared non-responsive. 15.1.1 Consultant shall not propose alternative Key Experts. Only one CV shall be submitted for each Key Expert position. Failure to comply with this requirement will make the Proposal non-responsive. **15.2.** Depending on the nature of the assignment, the Consultant is required to submit a Full Technical Proposal (FTP), or a Simplified Technical Proposal (STP) as indicated in the **Data Sheet** and using the Standard Forms provided in Section 3 of the RFP.
16. Financial Proposal	**16.1.** The Financial Proposal shall be prepared using the Standard Forms provided in Section 4 of the RFP. It shall list all costs associated with the assignment, including (a) remuneration for Key Experts and Non-Key Experts, (b) reimbursable expenses indicated in the **Data Sheet**.
a. Price Adjustment	**16.2.** For assignments with a duration exceeding 18 months, a price adjustment provision for foreign and/or local inflation for remuneration rates applies if so stated in the **Data Sheet**.
b. Taxes	**16.3.** The Consultant and its Sub-consultants and Experts are responsible for meeting all tax liabilities arising out of the Contract unless stated otherwise in the **Data Sheet**. Information on taxes in the Client's country is provided in the **Data Sheet**.
c. Currency of Proposal	**16.4.** The Consultant may express the price for its Services in the currency or currencies as stated in the **Data Sheet**. If indicated in the **Data Sheet**, the portion of the price representing local cost shall be stated in the national currency.
d. Currency of Payment	**16.5.** Payment under the Contract shall be made in the currency or currencies in which the payment is requested in the Proposal.

C. Submission, Opening and Evaluation

17. Submission, Sealing, and Marking of Proposals

17.1 The Consultant shall submit a signed and complete Proposal comprising the documents and forms in accordance with Clause 10 (Documents Comprising Proposal). The submission can be done by mail or by hand. If specified in the **Data Sheet**, the Consultant has the option of submitting its Proposals electronically.

17.2 An authorized representative of the Consultant shall sign the original submission letters in the required format for both the Technical Proposal and, if applicable, the Financial Proposal and shall initial all pages of both. The authorization shall be in the form of a written power of attorney attached to the Technical Proposal.

> 17.2.1 A Proposal submitted by a Joint Venture shall be signed by all members so as to be legally binding on all members, or by an authorized representative who has a written power of attorney signed by each member’s authorized representative.

17.3 Any modifications, revisions, interlineations, erasures, or overwriting shall be valid only if they are signed or initialed by the person signing the Proposal.

17.4 The signed Proposal shall be marked “ORIGINAL”, and its copies marked “COPY” as appropriate. The number of copies is indicated in the **Data Sheet**. All copies shall be made from the signed original. If there are discrepancies between the original and the copies, the original shall prevail.

17.5 The original and all the copies of the Technical Proposal shall be placed inside of a sealed envelope clearly marked “**TECHNICAL PROPOSAL**”, “[Name of the Assignment]“, reference number, name and address of the Consultant, and with a warning “**DO NOT OPEN UNTIL [INSERT THE DATE AND THE TIME OF THE TECHNICAL PROPOSAL SUBMISSION DEADLINE]**.”

17.6 Similarly, the original Financial Proposal (if required for the applicable selection method) shall be placed inside of a sealed envelope clearly marked “**FINANCIAL PROPOSAL**” followed by the name of the assignment, reference number, name and address of the Consultant, and with a warning “**DO NOT OPEN WITH THE TECHNICAL PROPOSAL**.”

17.7 The sealed envelopes containing the Technical and Financial Proposals shall be placed into one outer envelope and sealed. This outer envelope shall bear the submission address, RFP reference

	number, the name of the assignment, Consultant's name and the address, and shall be clearly marked "**DO NOT OPEN BEFORE** [insert the time and date of the submission deadline indicated in the Data Sheet]". 17.8 If the envelopes and packages with the Proposal are not sealed and marked as required, the Client will assume no responsibility for the misplacement, loss, or premature opening of the Proposal. 17.9 The Proposal or its modifications must be sent to the address indicated in the **Data Sheet** and received by the Client no later than the deadline indicated in the **Data Sheet**, or any extension to this deadline. Any Proposal or its modification received by the Client after the deadline shall be declared late and rejected, and promptly returned unopened.
18. Confidentiality	18.1 From the time the Proposals are opened to the time the Contract is awarded, the Consultant should not contact the Client on any matter related to its Technical and/or Financial Proposal. Information relating to the evaluation of Proposals and award recommendations shall not be disclosed to the Consultants who submitted the Proposals or to any other party not officially concerned with the process, until the publication of the Contract award information. 18.2 Any attempt by shortlisted Consultants or anyone on behalf of the Consultant to influence improperly the Client in the evaluation of the Proposals or Contract award decisions may result in the rejection of its Proposal, and may be subject to the application of prevailing Bank's sanctions procedures. 18.3 Notwithstanding the above provisions, from the time of the Proposals' opening to the time of Contract award publication, if a Consultant wishes to contact the Client or the Bank on any matter related to the selection process, it should do so only in writing.
19. Opening of Technical Proposals	19.1 The Client's evaluation committee shall conduct the opening of the Technical Proposals in the presence of the shortlisted Consultants' authorized representatives who choose to attend (in person, or online if this option is offered in the **Data Sheet**). The opening date, time and the address are stated in the **Data Sheet**. The envelopes with the Financial Proposal shall remain sealed and shall be securely stored with a reputable public auditor or independent authority until they are opened in accordance with Clause 23 of the ITC.

	19.2 At the opening of the Technical Proposals the following shall be read out: (i) the name and the country of the Consultant or, in case of a Joint Venture, the name of the Joint Venture, the name of the lead member and the names and the countries of all members; (ii) the presence or absence of a duly sealed envelope with the Financial Proposal; (iii) any modifications to the Proposal submitted prior to proposal submission deadline; and (iv) any other information deemed appropriate or as indicated in the **Data Sheet**.
20. Proposals Evaluation	20.1 Subject to provision of Clause 15.1 of the ITC, the evaluators of the Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is concluded and the Bank issues its “no objection”, if applicable. 20.2 The Consultant is not permitted to alter or modify its Proposal in any way after the proposal submission deadline except as permitted under Clause 12.7 of this ITC. While evaluating the Proposals, the Client will conduct the evaluation solely on the basis of the submitted Technical and Financial Proposals.
21. Evaluation of Technical Proposals	21.1 The Client’s evaluation committee shall evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and the RFP, applying the evaluation criteria, sub-criteria, and point system specified in the **Data Sheet**. Each responsive Proposal will be given a technical score. A Proposal shall be rejected at this stage if it does not respond to important aspects of the RFP or if it fails to achieve the minimum technical score indicated in the **Data Sheet**.
22. Financial Proposals for QBS	22.1 Following the ranking of the Technical Proposals, when the selection is based on quality only (QBS), the top-ranked Consultant is invited to negotiate the Contract. 22.2 If Financial Proposals were invited together with the Technical Proposals, only the Financial Proposal of the technically top-ranked Consultant is opened by the Client’s evaluation committee. All other Financial Proposals are returned unopened after the Contract negotiations are successfully concluded and the Contract is signed.
23. Public Opening of Financial Proposals (for QCBS, FBS, and LCS methods)	23.1 After the technical evaluation is completed and the Bank has issued its no objection (if applicable), the Client shall notify those Consultants whose Proposals were considered non-responsive to the RFP and TOR or did not meet the minimum qualifying technical score (and shall provide information relating to the Consultant’s overall technical score, as well as scores obtained for each criterion and sub-criterion) that their Financial Proposals will be returned unopened after completing the selection process and Contract signing. The Client shall simultaneously notify in writing those

	Consultants that have achieved the minimum overall technical score and inform them of the date, time and location for the opening of the Financial Proposals. The opening date should allow the Consultants sufficient time to make arrangements for attending the opening. The Consultant's attendance at the opening of the Financial Proposals (in person, or online if such option is indicated in the **Data Sheet**) is optional and is at the Consultant's choice. 23.2 The Financial Proposals shall be opened by the Client's evaluation committee in the presence of the representatives of those Consultants whose proposals have passed the minimum technical score. At the opening, the names of the Consultants, and the overall technical scores, including the break-down by criterion, shall be read aloud. The Financial Proposals will then be inspected to confirm that they have remained sealed and unopened. These Financial Proposals shall be then opened, and the total prices read aloud and recorded. Copies of the record shall be sent to all Consultants who submitted Proposals and to the Bank.
24. Correction of Errors	24.1 Activities and items described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, and no corrections are made to the Financial Proposal.
a. Time-Based Contracts	24.1.1 If a Time-Based contract form is included in the RFP, the Client's evaluation committee will (a) correct any computational or arithmetical errors, and (b) adjust the prices if they fail to reflect all inputs included for the respective activities or items in the Technical Proposal. In case of discrepancy between (i) a partial amount (sub-total) and the total amount, or (ii) between the amount derived by multiplication of unit price with quantity and the total price, or (iii) between words and figures, the former will prevail. In case of discrepancy between the Technical and Financial Proposals in indicating quantities of input, the Technical Proposal prevails and the Client's evaluation committee shall correct the quantification indicated in the Financial Proposal so as to make it consistent with that indicated in the Technical Proposal, apply the relevant unit price included in the Financial Proposal to the corrected quantity, and correct the total Proposal cost.
b. Lump-Sum Contracts	24.2 If a Lump-Sum contract form is included in the RFP, the Consultant is deemed to have included all prices in the Financial Proposal, so neither arithmetical corrections nor price adjustments shall be made. The total price, net of taxes understood as per Clause

	ITC 25 below, specified in the Financial Proposal (Form FIN-1) shall be considered as the offered price.
25. Taxes	25.1 The Client's evaluation of the Consultant's Financial Proposal shall exclude taxes and duties in the Client's country in accordance with the instructions in the **Data Sheet**.
26. Conversion to Single Currency	26.1 For the evaluation purposes, prices shall be converted to a single currency using the selling rates of exchange, source and date indicated in the **Data Sheet**.
27. Combined Quality and Cost Evaluation	
a. Quality- and Cost-Based Selection (QCBS)	27.1 In the case of QCBS, the total score is calculated by weighting the technical and financial scores and adding them as per the formula and instructions in the **Data Sheet**. The Consultant achieving the highest combined technical and financial score will be invited for negotiations.
b. Fixed-Budget Selection (FBS)	27.2 In the case of FBS, those Proposals that exceed the budget indicated in Clause 14.1.4 of the **Data Sheet** shall be rejected. 27.3 The Client will select the Consultant that submitted the highest-ranked Technical Proposal that does not exceed the budget indicated in the RFP, and invite such Consultant to negotiate the Contract.

c. Least-Cost Selection	27.4 In the case of Least-Cost Selection (LCS), the Client will select the Consultant with the lowest evaluated total price among those consultants that achieved the minimum technical score, and invite such Consultant to negotiate the Contract.
D. Negotiations and Award	
28. Negotiations	28.1 The negotiations will be held at the date and address indicated in the **Data Sheet** with the Consultant's representative(s) who must have written power of attorney to negotiate and sign a Contract on behalf of the Consultant. 28.2 The Client shall prepare minutes of negotiations that are signed by the Client and the Consultant's authorized representative.
a. Availability of Key Experts	28.3 The invited Consultant shall confirm the availability of all Key Experts included in the Proposal as a pre-requisite to the negotiations, or, if applicable, a replacement in accordance with Clause 12 of the ITC. Failure to confirm the Key Experts' availability may result in the rejection of the Consultant's Proposal and the Client proceeding to negotiate the Contract with the next-ranked Consultant. 28.4 Notwithstanding the above, the substitution of Key Experts at the negotiations may be considered if due solely to circumstances outside the reasonable control of and not foreseeable by the Consultant, including but not limited to death or medical incapacity. In such case, the Consultant shall offer a substitute Key Expert within the period of time specified in the letter of invitation to negotiate the Contract, who shall have equivalent or better qualifications and experience than the original candidate.
b. Technical negotiations	28.5 The negotiations include discussions of the Terms of Reference (TORs), the proposed methodology, the Client's inputs, the special conditions of the Contract, and finalizing the "Description of Services" part of the Contract. These discussions shall not substantially alter the original scope of services under the TOR or the terms of the contract, lest the quality of the final product, its price, or the relevance of the initial evaluation be affected.
c. Financial negotiations	28.6 The negotiations include the clarification of the Consultant's tax liability in the Client's country and how it should be reflected in the Contract. 28.7 If the selection method included cost as a factor in the evaluation, the total price stated in the Financial Proposal for a Lump-Sum contract shall not be negotiated.

	28.8 In the case of a Time-Based contract, unit rates negotiations shall not take place, except when the offered Key Experts and Non-Key Experts' remuneration rates are much higher than the typically charged rates by consultants in similar contracts. In such case, the Client may ask for clarifications and, if the fees are very high, ask to change the rates after consultation with the Bank. The format for (i) providing information on remuneration rates in the case of Quality Based Selection; and (ii) clarifying remuneration rates' structure under Clause 28.8 above, is provided in Appendix A to the Financial Form FIN-3: Financial Negotiations – Breakdown of Remuneration Rates.
29. Conclusion of Negotiations	29.1 The negotiations are concluded with a review of the finalized draft Contract, which then shall be initialed by the Client and the Consultant's authorized representative. 29.2 If the negotiations fail, the Client shall inform the Consultant in writing of all pending issues and disagreements and provide a final opportunity to the Consultant to respond. If disagreement persists, the Client shall terminate the negotiations informing the Consultant of the reasons for doing so. After having obtained the Bank's no objection, the Client will invite the next-ranked Consultant to negotiate a Contract. Once the Client commences negotiations with the next-ranked Consultant, the Client shall not reopen the earlier negotiations.
30. Award of Contract	30.1 After completing the negotiations the Client shall obtain the Bank's no objection to the negotiated draft Contract, if applicable; sign the Contract; publish the award information as per the instructions in the **Data Sheet**; and promptly notify the other shortlisted Consultants. 30.2 The Consultant is expected to commence the assignment on the date and at the location specified in the **Data Sheet**.

Section 6. Bank Policy – Corrupt and Fraudulent Practices

Guidelines for Selection and Employment of Consultants under IBRD Loans and IDA Credits & Grants by World Bank Borrowers, dated January 2011:

“**Fraud and Corruption**

1.23 It is the Bank’s policy to require that Borrowers (including beneficiaries of Bank loans), consultants, and their agents (whether declared or not), sub-contractors, sub-consultants, service providers, or suppliers, and any personnel thereof, observe the highest standard of ethics during the selection and execution of Bank-financed contracts [footnote: In this context, any action taken by a consultant or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, to influence the selection process or contract execution for undue advantage is improper.]. In pursuance of this policy, the Bank:

(a) defines, for the purposes of this provision, the terms set forth below as follows:

  (i) “corrupt practice” is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party[4];

  (ii) “fraudulent practice” is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation[5];

  (iii) “collusive practices” is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party[6];

  (iv) “coercive practices” is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party[7];

---

[4] For the purpose of this sub-paragraph, “another party” refers to a public official acting in relation to the selection process or contract execution. In this context “public official” includes World Bank staff and employees of other organizations taking or reviewing selection decisions.

[5] For the purpose of this sub-paragraph, “party” refers to a public official; the terms “benefit” and “obligation” relate to the selection process or contract execution; and the “act or omission” is intended to influence the selection process or contract execution.

[6] For the purpose of this sub-paragraph, “parties” refers to participants in the procurement or selection process (including public officials) attempting either themselves, or through another person or entity not participating in the procurement or selection process, to simulate competition or to establish prices at artificial, non-competitive levels, or are privy to each other’s bid prices or other conditions.

[7] For the purpose of this sub-paragraph, “party” refers to a participant in the selection process or contract execution.

(v) "obstructive practice" is

(aa) deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede a Bank investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation, or

(bb) acts intended to materially impede the exercise of the Bank's inspection and audit rights;

(b) will reject a proposal for award if it determines that the consultant recommended for award or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;

(c) will declare misprocurement and cancel the portion of the Loan allocated to a contract if it determines at any time that representatives of the Borrower or of a recipient of any part of the proceeds of the Loan were engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices during the selection process or the implementation of the contract in question, without the Borrower having taken timely and appropriate action satisfactory to the Bank to address such practices when they occur, including by failing to inform the Bank in a timely manner they knew of the practices;

(d) will sanction a firm or an individual at any time, in accordance with prevailing Bank's sanctions procedures[8], including by publicly declaring such firm or an ineligible, either indefinitely or for a stated period of time: (i) to be awarded a Bank-financed contract, and (ii) to be a nominated[9] sub-consultant, supplier, or service provider of an otherwise eligible firm being awarded a Bank-financed contract.

---

[8] A firm or an individual may be declared ineligible to be awarded a Bank-financed contract upon (i) completion of the Bank's sanctions proceedings as per its sanctions procedures, including inter alia: cross-debarment as agreed with other International Financial Institutions, including Multilateral Development Banks, and through the application of the World Bank Group corporate administrative procurement sanctions procedures for fraud and corruption; and (ii) as a result of temporary suspension or early temporary suspension in connection with an ongoing sanctions proceedings. See footnote 12 and paragraph 8 of Appendix 1 of these Guidelines.

[9] A nominated sub-consultant, supplier, or service provider is one which has been either (i) included by the consultant in its proposal because it brings specific and critical experience and know-how that are accounted for in the technical evaluation of the consultant's proposal for the particular services; or (ii) appointed by the Borrower.

Section 7. Terms of Reference

7.1 Background

i. The Government of India along with State and Local Governments is implementing several flagship Urban Missions for improving various aspects of urban development in Indian cities. An underlying goal of these initiatives is to make Indian cities more 'Liveable'. This will mean not only providing good quality core infrastructure and services, but also developing cities with ample opportunities for work, entertainment and cultural activities, improved social infrastructure and economic opportunity;

ii. In order to do this through a structured approach it is important to create a common minimum framework, which cities can use to assess their 'Liveability' and measure their progress over time. In this context, the Ministry of Urban Development has developed a set of 'Liveability Standards in Cities'. These will act as a guiding framework for cities to chart their pathway towards liveability and result in a systematic improvement in the quality of life of citizens in Indian cities. The draft 'Liveability Standards in Cities' are attached at Annexure X;

iii. A total of 79 different Liveability Standards are proposed across 15 different categories. The Ministry proposes to conduct an 'Annual Assessment of Liveability in Cities' across the various standards and develop a 'City Liveability Index' – an annual index of the liveability standards in Indian cities. This is an ambitious national project requiring yearly compilation of a large number of datasets across the various Liveability Standards;

iv. A total of 116 cities will be covered in Year 1 (list of cities for Year 1 is provided at Annexure XX), and the coverage of cities may be extended in subsequent years. The following classification of cities will be used for the purpose of the study

Classification*		Population range
1	Small Towns	Less than 50,000 population
2	Medium Towns	Population ≥ 50,000 < 5 lakh
3	Large Towns	Population ≥ 5 lakh < 1 million
4	Metropolitan Cities	Population ≥ 1 million < 5 million
5	Megapolis	Population ≥ 5 million

* *Based on the Classification given in the URDPFI guidelines, 2014*

v. Given the magnitude of data collection and field surveys required, the MoUD wishes to engage the services of a reputed national/international agency/institution for **Conducting a study and field survey of Liveability Standards** (the **'Assignment'**) across all cities included in the study. This will cover all relevant data required by the MoUD for computing the 79 Liveability

Standards. The data generated from the assignment will be used by the MoUD for calculating the City Liveability Index of cities on an annual basis;

vi. The contract will be valid for activities in Year 1 (as defined in Clause 7.5) only.

7.2 Objective of the Assignment

i. Compile reliable and high quality data for all cities included in the study, as required by the MoUD for the computation of Liveability Indexes and as prescribed in the ‘Liveability Standards in Cities’ document;

ii. Develop a robust electronic database of datasets that can be used to assess the progress of cities on an annual basis.

7.3 Description of Tasks

The Tasks to be performed and key activities under the assignment will include:

Initiation Activities

i. Conduct State-level workshops (1-day each) on behalf of MoUD. Cost for such workshops must be included in the proposal. The workshops shall achieve the following:

   a. Familiarise States and City governments regarding the overall programme, process that will be followed for data collection, and likely timelines;

   b. Provide State and City governments with a detailed list of data points needed, likely areas of support and information on how the cities should prepare for the surveys;

   c. Help in preparing a preliminary time-line for city meetings and field visits based on preferences indicated by states and cities;

ii. Conduct a Reconnaissance Study of all cities included in the project (as per Annexure X). The study shall inter-alia include:

   a. City-level kick-off meetings with key officials from City governments, Smart City SPVs, various departments and utilities, DISCOMs etc. for assessing data availability and sources, preferred timelines, key nodal officers etc.;

   b. Study of city demography, socio-economic stratification and geography that has a bearing on sample size and distribution;

   c. Study of existing reports, studies, alternative data sources etc.;

iii. Prepare and submit to the MoUD, an Inception Report (separate for all cities included in the study), including inter-alia the following:

   a. Detailed Plan of Action including likely sources of data, proposed field surveys, sample size and distribution, nodal officers etc.;

b. Proposed timelines for city field visits as discussed and finalized with MoUD and State/City governments;

c. Specific survey and raw data collection formats for the 79 standards as finalized in discussion with MoUD;

iv. Convey the finalized schedule and Plan of Action to cities allowing them to mobilise support for the activities. A Minimum of 15 days of preparation period must be given to cities before data collection and surveys;

Data Collection and Field Surveys

v. Mobilize Field Teams (with adequate and qualified manpower as indicated in Clause 7.6) for obtaining data required for all 79 Standards;

vi. Conduct field surveys for a statistically relevant sample as per nationally/internationally accepted standards for sampling size and distribution. The method for determining sample size and distribution should be as proposed in the bid during RfP stage and finalized in consultation with the MoUD as part of the Inception Report;

vii. Maintain and submit all raw data and data collection forms to MoUD without any editing and/or masking (including particulars such as names of respondents, exact address and contact details, date and time of survey, and GPS coordinates in case of samples taken for pollution etc.);

viii. Conduct analysis of the raw data through the Analytics Team ((with adequate and qualified manpower as indicated in Clause 7.6) and prepare aggregate data sets for all 79 standards for each of the cities;

ix. Submit Draft City Assessment Report to the MoUD (separate for each city), including inter-alia the following:

a. Database of aggregate data in the format attached at Annexure X;

b. All raw data and data sheets;

c. Sources of data, assumptions (if any), record of discussions with key stakeholders, minutes of city kickoff meeting and other relevant documentation;

x. Submit Draft City Assessment Report to respective city and state governments for inviting comments and suggestions (if any). A period of 15 days shall be given to cities to submit their responses, after which the data will be deemed to be accepted by the city;

xi. Submit Final City Assessment Report to the MoUD after including any recommendations of the MoUD and after suitably incorporating any valid feedback received from cities/states with the approval of the MoUD;

xii. Develop and maintain a digital database of all data sets collected every year for each city. The format should be finalized in consultation with the MoUD and enable examination of raw data as well as aggregated numbers on a year-on-year basis;

Other support activities

xiii. Provide all necessary support to the NIUA or other reputed third-party agency(ies) appointed by the MoUD for undertaking verification of the data submitted by the Consultant;

xiv. Provide any technical support as required by the MoUD or its assigned team during the development of scoring sheets and city indexes for the various Standards;

xv. Conduct a National workshop (1-day) on behalf of MoUD for disseminating the findings of the Ministry. Costs for the workshop must be included in the proposal.

7.4 Results to be achieved

The Assignment will result in the creation of a robust database (updated annually) of critical datasets across 79 different Liveability parameters in Indian Cities. This will form the basis for the Ministry to compute an annual City Liveability Index of cities. This can also act as a repository of critical data for encouraging research on cities in India.

7.5 Timelines and Deliverables for Year 1*

Report	Time line	Documents	Deliverables and Contents
Inception Report	8 weeks from start date as per contract	Hard copies, and Electronic version	Separate for each city, including: a. Detailed Plan of Action including likely sources of data, proposed field surveys, sample size and distribution, nodal officers etc.; b. Proposed timelines for city field visits as discussed and finalized with MoUD and State/City governments; c. Specific survey and raw data collection formats for the 79 standards as finalized in discussion with MoUD;

Report	Time line	Documents	Deliverables and Contents
Draft City Assessment Report	12 weeks from start date as per contract	Hard Copies, and Electronic version	Separate for each city, including: a. Database of aggregate data in the format attached at Annexure X; b. All raw data and data sheets; c. Sources of data, assumptions (if any), record of discussions with key stakeholders, minutes of city kickoff meeting and other relevant documentation;
Final City Assessment Report	20 weeks from start date as per contract	Hard Copies, and Electronic version	Separate report for each city. The Reports should include all recommendations of the MoUD on the Draft Reports. The Report should also incorporate any valid suggestions/feedback received from cities/states with the approval of the MoUD.

***** Timelines for subsequent years will be as decided by MoUD

7.6 Team Composition and Qualification Requirement for key Experts

The assignment is to be undertaken by a full-time Team Leader supported by a Core team of experts and an Analytics Team. Actual data collection and field surveys will be done through city-level Field Teams.

i. **Core Team (full-time):** Given that the assignment requires a deep understanding of the urban sector, as well as of economics, statistics and field studies, the Team Leader and the Core Team of experts must have suitable skills for undertaking the assignment and successfully completing the tasks enumerated. Dear G. Vijay Kumar;

India-P099979: Capacity Building for Urban Development Project , Ln./Cr # IDA-49970
No-Objection to Shortlist for Shortlisting of Consulting Firms For Assessment of Liveability in Selected Cities – Quality And Cost-Based Selection – Reference No. IN-MOUD-27866-CS-QCBS

We have reviewed the shortlist evaluation report for the above-mentioned consulting services, submitted to the Bank on 2017/10/30. Based on the information provided, the Bank has no objection to the following qualified consultants being included in the shortlist.

However, we observe that there are 2 firms from outside India, in the longlist. As per Bank's Consultant's guidelines, para 2.6 : "Short lists shall comprise six firms with a wide geographic spread, with no more than two firms from any one country unless there are no other qualified firms identified to meet this requirement".

In view of above, MoUD is advised to include the 2 foreign firms along with the 6 shortlisted firms, provided the 2 foreign firms are qualified, irrespective of the marks given.

The following consultants may be held ‘in reserve’ in case any of the shortlisted consultants withdraws during the period allowed for submission of proposals.

Name of Consultant/Firm	**Country**
To be completed by preparer	

In order to avoid any perception of preference or ranking please ensure the names of the consultants and their countries of registration are included in the invitation (RFP) in alphabetical order. We look forward to receiving the draft RFP which should include this shortlist for our review and no objection.

Dear Madam,

We have already provided six shortlisted firms which were recommended by the Procurement Committee of CBUD and approved by the Project Director, CBUD, Ministry of Housing and Urban Affairs.

No other firms {(including foreign firms) among 28 applications} have been qualified for shortlisting.

We have already submitted the Request for Proposal (RFP) and Standard Form of Contract in STEP on 10th November 2017 and awaiting the consent/approval from the World Bank for further uploading the same on www.eprocure.gov.in and thereby issuing the RFP to the 6 six shortlisted firms.

You are requested to give the concurrence/views at the earliest.

Dear Madam,

Reference is invited to your email dated 14th November 2017.

In this regard, it is to inform you that the criteria for evaluation of applications as per approved REOI is given below. According to this, minimum of 75 marks were fixed for qualification of firms.

a) The Applications will be evaluated on the basis of the following parameters for each of the three respective areas:

S.No.	Parameter	Maximum Marks
1.	General Experience of the Firm	**10**
2.	Financial Strength of the Firm	**15**
3.	Staff having experience of carrying out similar assignments and having performed tasks related to the assignment	**25**
4	Experience of the Firm in implementing assignments related to market research and surveys for Central/ State governments/ departments, para-statals, ULBs and multilateral agencies	**10**
5	Specific experience of the Firm in implementing assignments related to market research and field surveys in the urban areas detailed in Annexure 1 to section 2.12 for Central/ State governments/ departments, para-statals, ULBs and multilateral agencies.	**20**
6	Experience of Applicant in implementing assignments related to development of indices, preparation of national/international reports related to the areas mentioned in the Annexure 1 to section 2.12	**20**
	Total	**100**

(Note: The projects mentioned in the evaluation criteria 4,5 and 6 are mutually exclusive and will not be counted in more than one category for the purpose of evaluation)

a) The Applicants (firm) who secure a score of 75 marks or more out of 100 shall be considered for shortlisting.

The REOI was issued with approval of the World Bank. Based on the Evaluation Criteria, only six firms have been qualified, all of which are registered/incorporated in India. Further, out of 28 responses, only one firm i.e. Ecorys Netherlands BV is registered out of India and could obtain only 65 marksand could not qualify as per evaluation criteria.

In view of the above, urgent response is requested from the World Bank through STEP on issuing RFP to the six shortlisted firms.

Interim Response has been issued by Vasudha Thawakar for Short List and Draft Request for Proposals for India - P099979 - Capacity Building for Urban Development Project - IN-MOUD-27866-CS-QCBS

Dear Mr. Kumar,

Please find attached herewith comments on RFP.

Based on your recommendation that the foreign firm from The Netherlands is not qualified for the assignment, we are fine with the Shortlist.

Kindly incorporate the comments and resend the RFP for Bank's review and no objection. We note that MOUD would like to follow e-procurement and the RFP will need to be modified to suit the same.

Warm Regards,

Vasudha Thawakar

SUMMARY DESCRIPTION

STANDARD REQUEST FOR PROPOSALS (for Selection of Consulting Firms for Assessment of Liveability Indices for 116 cities in India)

PART I – SELECTION PROCEDURES AND REQUIREMENTS

Section 1: Letter of Invitation (LOI)

This Section is a template of a letter from the Client addressed to a shortlisted consulting firm inviting it to submit a proposal for a consulting assignment. The LOI includes a list of all shortlisted firms to whom similar letters of invitation are sent, and a reference to the selection method and applicable guidelines or policies of the financing institution that govern the selection and award process.

Section 2: Instructions to Consultants and Data Sheet

This Section consists of two parts: “Instructions to Consultants” and “Data Sheet”. “Instructions to Consultants” contains provisions that are to be used without modifications. “Data Sheet” contains information specific to each selection and corresponds to the clauses in “Instructions to Consultants” that call for selection-specific information to be added. This Section provides information to help shortlisted consultants prepare their proposals. Information is also provided on the submission, opening and evaluation of proposals, contract negotiation and award of contract. Information in the Data Sheet indicates whether a Full Technical Proposal (FTP) or a Simplified Technical Proposal (STP) shall be used.

Section 3: Technical Proposal – Standard Forms

This Section includes the forms for FTP and STP that are to be completed by the shortlisted consultants and submitted in accordance with the requirements of Section 2.

Section 4: Financial Proposal – Standard Forms

This Section includes the financial forms that are to be completed by the shortlisted consultants, including the consultant’s costing of its technical proposal, which are to be submitted in accordance with the requirements of Section 2.

Section 5: Eligible Countries

This Section contains information regarding eligible countries.

Section 6: Bank’s Policy – Corrupt and Fraudulent Practices

This Section provides shortlisted consultants with the reference to the Bank’s policy in regard to corrupt and fraudulent practices applicable to the selection process. This Section is also incorporated in the standard forms of contract (Section 8) as Attachment 1.

Section 7: Terms of Reference (TORs)

This Section describes the scope of services, objectives, goals, specific tasks required to implement the assignment, and relevant background information; provides details on the required qualifications of the key experts; and lists the expected deliverables. This Section shall not be used to over-write provisions in Section 2.

PART II – CONDITIONS OF CONTRACT AND CONTRACT FORMS

Section 8: Standard Forms of Contract

This Section includes two types of standard contract forms for large or complex assignments: a Time-Based Contract and a Lump-Sum Contract. Each type includes General Conditions of Contract (“GCC”) that shall not be modified, and Special Conditions of Contract (“SCC”). The SCC include clauses specific to each contract to supplement the General Conditions.

Each standard form of contract incorporates “Bank’s Policy – Corrupt and Fraudulent Practices” (Section 6 of Part I) in a form of Attachment 1.

2. Introduction

2.1 The Client named in the **Data Sheet** intends to select a Consultant from those listed in the Letter of Invitation, in accordance with the method of selection specified in the **Data Sheet**.

2.2 The shortlisted Consultants are invited to submit a Technical Proposal and a Financial Proposal, or a Technical Proposal only, as specified in the **Data Sheet**, for consulting services required for the assignment named in the **Data Sheet**. The Proposal will be the basis for negotiating and ultimately signing the Contract with the selected Consultant.

2.3 The Consultants should familiarize themselves with the local conditions and take them into account in preparing their Proposals, including attending a pre-proposal conference if one is specified in the **Data Sheet**. Attending any such pre-proposal conference is optional and is at the Consultants' expense.

2.4 The Client will timely provide, at no cost to the Consultants, the inputs, relevant project data, and reports required for the preparation of the Consultant's Proposal as specified in the **Data Sheet**.

3. Conflict of Interest

3.1 The Consultant is required to provide professional, objective, and impartial advice, at all times holding the Client's interests paramount, strictly avoiding conflicts with other assignments or its own corporate interests, and acting without any consideration for future work.

3.2 The Consultant has an obligation to disclose to the Client any situation of actual or potential conflict that impacts its capacity to serve the best interest of its Client. Failure to disclose such situations may lead to the disqualification of the Consultant or the termination of its Contract and/or sanctions by the Bank.

3.2.1 Without limitation on the generality of the foregoing, and unless stated otherwise in the **Data Sheet**, the Consultant shall not be hired under the circumstances set forth below:

a. Conflicting activities

(i) Conflict between consulting activities and procurement of goods, works or non-consulting services: a firm that has been engaged by the Client to provide goods, works, or non-consulting services for a project, or any of its Affiliates, shall be disqualified from providing consulting services resulting from or directly related to those goods, works, or non-consulting services. Conversely, a firm hired to provide consulting services for the preparation or implementation of a project, or any of its Affiliates, shall be disqualified from subsequently providing goods or works or non-consulting services resulting from or directly related to the consulting services for such preparation or implementation.

b. Conflicting assignments

(ii) Conflict among consulting assignments: a Consultant (including its Experts and Sub-consultants) or any of its Affiliates shall not be hired for any assignment that, by its nature, may be in conflict with another assignment of the Consultant for the same or for another Client.

c. Conflicting relationships

(iii) Relationship with the Client's staff: a Consultant (including its Experts and Sub-consultants) that has a close business or family relationship with a professional staff of the Borrower (or of the Client, or of implementing agency, or of a recipient of a part of the Bank's financing) who are directly or indirectly involved in any part of (i) the preparation of the Terms of Reference for the assignment, (ii) the selection process for the Contract, or (iii) the supervision of the Contract, may not be awarded a Contract, unless the conflict stemming from this relationship has been resolved in a manner acceptable to the Bank throughout the selection process and the execution of the Contract.

4. Unfair Competitive Advantage

4.1 Fairness and transparency in the selection process require that the Consultants or their Affiliates competing for a specific assignment do not derive a competitive advantage from having provided consulting services related to the assignment in question. To that end, the Client shall indicate in the **Data Sheet** and make available to all shortlisted Consultants together with this e-RFP all information that would in that respect give such Consultant any unfair competitive advantage over competing Consultants.

5. Corrupt and Fraudulent Practices

5.1 The Bank requires compliance with its policy in regard to corrupt and fraudulent practices as set forth in Section 6.

5.2 In further pursuance of this policy, Consultant shall permit and shall cause its agents, Experts, Sub-consultants, sub-contractors, services providers, or suppliers to permit the Bank to inspect all accounts, records, and other documents relating to the submission of the Proposal and contract performance (in case of an award), and to have them audited by auditors appointed by the Bank.

6. Eligibility

6.1 The Bank permits consultants (individuals and firms, including Joint Ventures and their individual members) from all countries to offer consulting services for Bank-financed projects.

6.2 Furthermore, it is the Consultant’s responsibility to ensure that its Experts, joint venture members, Sub-consultants, agents (declared or not), sub-contractors, service providers, suppliers and/or their employees meet the eligibility requirements as established by the Bank in the Applicable Guidelines.

6.3 As an exception to the foregoing Clauses 6.1 and 6.2 above:

a. Sanctions

6.3.1 A firm or an individual sanctioned by the Bank in accordance with the above Clause 5.1 or in accordance with “Anti-Corruption Guidelines” shall be ineligible to be awarded a Bank-financed contract, or to benefit from a Bank-financed contract, financially or otherwise, during such period of time as the Bank shall determine. The list of debarred firms and individuals is available at the electronic address specified in the **Data Sheet**.

b. Prohibitions

6.3.2 Firms and individuals of a country or goods manufactured in a country may be ineligible if so indicated in Section 5 (Eligible Countries) and:

(a) as a matter of law or official regulations, the Borrower’s country prohibits commercial relations with that country, provided that the Bank is satisfied that such exclusion does not preclude effective competition for the provision of Services required; or

(b) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Borrower’s Country prohibits any import of goods from that country or any payments to any country, person, or entity in that country.

c. Restrictions for Government-owned Enterprises

6.3.3 Government-owned enterprises or institutions in the Borrower’s country shall be eligible only if they can establish that they (i) are legally and financially autonomous, (ii) operate under commercial law, and (iii) that they are not dependent agencies of the Client

To establish eligibility, the government-owned enterprise or institution should provide all relevant documents (including its charter) sufficient to demonstrate that it is a legal entity separate from the government; it does not currently receive any substantial subsidies or budget support; it is not obligated to pass on its surplus to the government; it can acquire rights and liabilities, borrow funds, and can be liable for repayment of debts and be declared bankrupt; and it is not competing for a contract to be awarded by the government department or agency which, under the applicable laws or regulations, is its reporting or supervisory authority or has the ability to exercise influence or control over it.

d. Restrictions for public employees

6.3.4 Government officials and civil servants of the Borrower’s country are not eligible to be included as Experts in the Consultant’s Proposal unless such engagement does not conflict with any employment or other laws, regulations, or policies of the Borrower’s country, and they

(i) are on leave of absence without pay, or have resigned or retired;

(ii) are not being hired by the same agency they were working for before going on leave of absence without pay, resigning, or retiring

> (in case of resignation or retirement, for a period of at least 6 (six) months, or the period established by statutory provisions applying to civil servants or government employees in the Borrower’s country, whichever is longer. Experts who are employed by the government-owned universities, educational or research institutions are not eligible unless they have been full time employees of their institutions for a year or more prior to being included in Consultant’s Proposal.; and

(iii) their hiring would not create a conflict of interest.

B. Preparation of Proposals

7.	**General Considerations**	7.1 In preparing the Proposal, the Consultant is expected to examine the RFP in detail. Material deficiencies in providing the information requested in the RFP may result in rejection of the Proposal.
8.	**Cost of Preparation of Proposal**	8.1 The Consultant shall bear all costs associated with the preparation and submission of its Proposal, and the Client shall not be responsible or liable for those costs, regardless of the conduct or outcome of the selection process. The Client is not bound to accept any proposal, and reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Consultant.
9.	**Language**	9.1 The Proposal, as well as all correspondence and documents relating to the Proposal exchanged between the Consultant and the Client, shall be written in the language(s) specified in the **Data Sheet**.
10.	**Documents Comprising the Proposal**	10.1 The Proposal shall comprise the documents and forms listed in the **Data Sheet**. 10.2 If specified in the **Data Sheet**, the Consultant shall include a statement of an undertaking of the Consultant to observe, in competing for and executing a contract, the Client country's laws against fraud and corruption (including bribery). 10.3 The Consultant shall furnish information on commissions, gratuities, and fees, if any, paid or to be paid to agents or any other party relating to this Proposal and, if awarded, Contract execution, as requested in the Financial Proposal submission form (Section 4).
11.	**Only One Proposal**	11.1 The Consultant (including the individual members of any Joint Venture) shall submit only one Proposal, either in its own name or as part of a Joint Venture in another Proposal. If a Consultant, including any Joint Venture member, submits or participates in more than one proposal, all such proposals shall be disqualified and rejected. This does not, however, preclude a Sub-consultant, or the Consultant's staff from participating as Key Experts and Non-Key Experts in more than one Proposal when circumstances justify and if stated in the **Data Sheet**.
12.	**Proposal Validity**	12.1 **The Data Sheet** indicates the period during which the Consultant's Proposal must remain valid after the Proposal submission deadline.

12.2 During this period, the Consultant shall maintain its original Proposal without any change, including the availability of the Key Experts, the proposed rates and the total price.

12.3 If it is established that any Key Expert nominated in the Consultant's Proposal was not available at the time of Proposal submission or was included in the Proposal without his/her confirmation, such Proposal shall be disqualified and rejected for further evaluation, and may be subject to sanctions in accordance with Clause 5 of this ITC.

a. Extension of Validity Period

12.4 The Client will make its best effort to complete the negotiations within the proposal's validity period. However, should the need arise, the Client may request, by notifying all Consultants who submitted Proposals prior to the submission deadline to extend the Proposals' validity. Mode of notifications is specified in the **Data Sheet.**

12.5 If the Consultant agrees to extend the validity of its Proposal, it shall be done without any change in the original Proposal and with the confirmation of the availability of the Key Experts.

12.6 The Consultant has the right to refuse to extend the validity of its Proposal in which case such Proposal will not be further evaluated.

b. Substitution of Key Experts at Validity Extension

12.7 If any of the Key Experts become unavailable for the extended validity period, the Consultant shall provide a written adequate justification and evidence satisfactory to the Client together with the substitution request. In such case, a replacement Key Expert shall have equal or better qualifications and experience than those of the originally proposed Key Expert. The technical evaluation score, however, will remain to be based on the evaluation of the CV of the original Key Expert.

12.8 If the Consultant fails to provide a replacement Key Expert with equal or better qualifications, or if the provided reasons for the replacement or justification are unacceptable to the Client, such Proposal will be rejected with the prior Bank's no objection.

c. Sub-Contracting

12.9 The Consultant shall not subcontract the whole of the Services.

13. Clarification and Amendment of RFP

13.1 The Consultant may request an online clarification of any part of the RFP during the period and in accordance with the procedure indicated in the **Data Sheet** before the Proposals' submission deadline. The Client will respond online by uploading

the response on the portal (including an explanation of the query but without identifying its source) for information of all shortlisted Consultants. Should the Client deem it necessary to amend the e-RFP as a result of a clarification, it shall do so following the procedure described below:

13.1.1 At any time before the proposal submission deadline, the Client may amend the RFP by issuing an amendment online in accordance with procedure described in Data Sheet The amendment shall be binding on all shortlisted Consultants.

13.1.2 If the amendment is substantial, the Client may extend the proposal submission deadline to give the shortlisted Consultants reasonable time to take an amendment into account in their Proposals.

13.2 The Consultant may submit a modified Proposal or a modification to any part of it at any time prior to the proposal submission deadline, online, in accordance with the procedure described in the **Data Sheet**. No modifications to the Technical or Financial Proposal shall be accepted after the deadline.

14. Preparation of Proposals – Specific Considerations

14.1 While preparing the Proposal, the Consultant must give particular attention to the following:

14.1.1 If a shortlisted Consultant considers that it may enhance its expertise for the assignment by associating with other consultants in the form of a Joint Venture or as Sub-consultants, it may do so with either (a) non-shortlisted Consultant(s), or (b) shortlisted Consultants if permitted in the **Data Sheet**. In all such cases a shortlisted Consultant must obtain the written approval of the Client prior to the submission of the Proposal. When associating with non-shortlisted firms in the form of a joint venture or a sub-consultancy, the shortlisted Consultant shall be a lead member. If shortlisted Consultants associate with each other, any of them can be a lead member.

14.1.2 The Client may indicate in the **Data Sheet** the estimated Key Experts' time input (expressed in person-month) or the Client's estimated total cost of the assignment, but not both. This estimate is indicative and the Proposal shall be based on the Consultant's own estimates for the same.

14.1.3 If stated in the **Data Sheet**, the Consultant shall include in its Proposal at least the same time input (in the same unit as indicated in the **Data Sheet**) of Key Experts,

failing which the Financial Proposal will be adjusted for the purpose of comparison of proposals and decision for award in accordance with the procedure in the **Data Sheet**.

14.1.4 For assignments under the Fixed-Budget selection method, the estimated Key Experts' time input is not disclosed. Total available budget, with an indication whether it is inclusive or exclusive of taxes, is given in the **Data Sheet**, and the Financial Proposal shall not exceed this budget.

15. Technical Proposal Format and Content

15.1 The Technical Proposal shall not include any financial information. A Technical Proposal containing material financial information shall be declared non-responsive.

15.1.1 Consultant shall not propose alternative Key Experts. Only one CV shall be submitted for each Key Expert position. Failure to comply with this requirement will make the Proposal non-responsive.

15.2 Depending on the nature of the assignment, the Consultant is required to submit a Full Technical Proposal (FTP), or a Simplified Technical Proposal (STP) as indicated in the **Data Sheet** and using the Standard Forms provided in Section 3 of the RFP.

16. Financial Proposal

16.1 The Financial Proposal shall be prepared using the Standard Forms provided in Section 4 of the RFP. It shall list all costs associated with the assignment, including (a) remuneration for Key Experts and Non-Key Experts, (b) reimbursable expenses indicated in the **Data Sheet**.

a. Price Adjustment

16.2 For assignments with a duration exceeding 18 months, a price adjustment provision for foreign and/or local inflation for remuneration rates applies if so stated in the **Data Sheet**.

b. Taxes

16.3 The Consultant and its Sub-consultants and Experts are responsible for meeting all tax liabilities arising out of the Contract unless stated otherwise in the **Data Sheet**. Information on taxes in the Client's country is provided in the **Data Sheet**.

c. Currency of Proposal

16.4 The Consultant may express the price for its Services in the currency or currencies as stated in the **Data Sheet**. If indicated in the **Data Sheet**, the portion of the price representing local cost shall be stated in the national currency.

d. Currency of Payment

16.5 Payment under the Contract shall be made in the currency or currencies in which the payment is requested in the Proposal.

C. Submission, Opening and Evaluation

17. Submission of Proposals

11.1 The Consultant shall submit a digitally signed, encrypted and complete Proposal comprising the documents and forms in accordance with Clause 10 (Documents Comprising Proposal). The submission can be done electronically through the website and in accordance with the procedures specified in the **Data Sheet.** Proposals submitted by any other means will be rejected.

11.1 An authorized representative of the Consultant shall digitally sign the submission letters in the required format for both the Technical Proposal and, if applicable, the Financial Proposal. The authorization shall be in the form of a written power of attorney scanned and uploaded together with the Technical Proposal.

17.1.1 In the case of a Joint Venture, submission letters shall be signed by all members so as to be legally binding on all members, or by an authorized representative who has a written power of attorney signed by each member's authorized representative. The submission letters and the power of attorney shall then be scanned and uploaded together with the Technical Proposal.

17.2 Consultants should be aware that the electronic procurement system does not allow for any interlineations, erasures, or overwriting. Any modifications or revisions to the Proposal shall be done in accordance with Clause ITC 13.2.

17.3 The Proposal or its modifications must be uploaded on the portal no later than the deadline indicated in the **Data Sheet**, or any extension to this deadline. The electronic system will not accept any Proposal or its modification for uploading after the deadline.

17.4 Once the Proposal is uploaded on the portal, the system will generate a unique identification number with the stamped submission time. The unique identification number with the time stamp represents an acknowledgement of the Proposal submission. Any other system's functionality requirements are specified in the **Data Sheet**.

18. Confidentiality

18.1 From the time the Proposals are opened to the time the Contract is awarded, the Consultant should not contact the Client on any matter related to its Technical and/or Financial Proposal. Information relating to the evaluation of Proposals and award recommendations shall not be disclosed to the Consultants who submitted the Proposals or to any other party not officially concerned with the process, until the publication of the Contract award information.

18.2 Any attempt by shortlisted Consultants or anyone on behalf of the Consultant to influence improperly the Client in the evaluation of the Proposals or Contract award decisions may result in the rejection of its Proposal, and may be subject to the application of prevailing Bank's sanctions procedures.

18.3 Notwithstanding the above provisions, from the time of the Proposals' opening to the time of Contract award publication, if a Consultant wishes to contact the Client or the Bank on any matter related to the selection process, it should do so only in writing.

19. Online Opening of Technical Proposals

19.1 The Client's evaluation committee shall conduct the opening of the Technical Proposals online immediately after the Proposals' submission deadline and following the procedure described in the Data Sheet. The folder with the Financial Proposal shall remain unopened, encrypted and shall be securely stored on the portal.

19.2 At the opening of the Technical Proposals the following shall be read out and recorded online simultaneously: (i) the name and the country of the Consultant or, in case of a Joint Venture, the name of the Joint Venture, the name of the lead member and the names and the countries of all members; (ii) the presence or absence of a duly sealed envelope with the Financial Proposal; (iii) any modifications to the Proposal submitted prior to proposal submission deadline; and (iv) any other information deemed appropriate or as indicated in the Data Sheet.

20. Proposals Evaluation

20.1 Subject to provision of Clause 15.1 of the ITC, the evaluators of the Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is concluded and the Bank issues its "no objection", if applicable .

20.2 The Consultant is not permitted to alter or modify its Proposal in any way after the proposal submission deadline except as permitted under Clause 12.7 of this ITC. While evaluating the Proposals, the Client will conduct the evaluation solely on the basis of the submitted Technical and Financial Proposals.

21. Evaluation of Technical Proposals

21.1 The Client's evaluation committee shall evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and the RFP, applying the evaluation criteria, sub-criteria, and point system specified in the Data Sheet. Each responsive Proposal will be given a technical score. A Proposal shall be rejected at this stage if it does not respond to important aspects of the RFP or if it fails to achieve the minimum technical score indicated in the Data Sheet.

22. Financial Proposals for QBS

22.1 Following the ranking of the Technical Proposals, when the selection is based on quality only (QBS), the top-ranked Consultant is invited to negotiate the Contract.

22.2 16.2 If Financial Proposals were invited together with the Technical Proposals, only the Financial Proposal of the technically top-ranked Consultant is opened by the Client's evaluation committee. All other Financial Proposals are returned unopened after the Contract negotiations are successfully concluded and the Contract is signed.

23. Online Opening of Financial Proposals (for QCBS, FBS, and LCS methods)

17.1 After the technical evaluation is completed and the Bank has issued its no objection (if applicable), the Client shall notify those Consultants whose Proposals were considered non-responsive to the RFP and TOR or did not meet the minimum qualifying technical score by sending a notification through the means indicated in the **Data Sheet**. The notification shall also include information relating to the Consultant's overall technical score, as well as scores obtained for each criterion and sub-criterion. Financial Proposals of those Consultants whose Technical Proposals did not meet the minimum qualifying score shall not be opened. In such case, a notification to that effect will be sent to the Consultant. The Client shall simultaneously notify those Consultants that have achieved the minimum overall technical score and inform them of the date, time and, if indicated in the **Data Sheet**, location for online opening of the Financial Proposals. The Consultant's attendance at the opening of the Financial Proposals (online, or in person, if such option is indicated in the **Data Sheet**) is optional and is at the Consultant's choice. If the Data Sheet provides an option of attending in person, the opening date should allow the Consultants sufficient time to make arrangements for attending the opening.

23.2 The Financial Proposals shall be opened online by the Client's evaluation committee as described in the Data Sheet. At the opening, the names of the Consultants, and the overall technical scores, including the break-down by criterion, shall be read aloud first and recorded online simultaneously. The Financial Proposals shall be then opened, the total prices read aloud and recorded online simultaneously. The records of the opening shall remain on the portal for the information of the Consultants who submitted Proposals and the Bank, unless the

Data Sheet provides for other means of sending notifications and the results of the financial opening.

24. Correction of Errors

24.1 Activities and items described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, and no corrections are made to the Financial Proposal.

a. Time-Based Contracts

18.1.1 If a Time-Based contract form is included in the e-RFP, the e-procurement system automatically calculates the amount in words from the amount in figures and automatically calculates the total amount In case of discrepancy between (i) a partial amount (sub-total) and the total amount, or (ii) between the amount derived by multiplication of unit price with quantity and the total price, or (iii) between words and figures, the former will prevail. In case of discrepancy between the Technical and Financial Proposals in indicating quantities of input, the Technical Proposal prevails and the Client's evaluation committee shall correct the quantification indicated in the Financial Proposal so as to make it consistent with that indicated in the Technical Proposal, apply the relevant unit price included in the Financial Proposal to the corrected quantity, and correct the total Proposal cost. The evaluation committee will also adjust the prices if they fail to reflect all inputs included for the respective activities or items in the Technical Proposal.

b. Lump-Sum Contracts

18.2 If a Lump-Sum contract form is included in the RFP, the Consultant is deemed to have included all prices in the Financial Proposal, so neither arithmetical corrections nor price adjustments shall be made. The total price, net of taxes understood as per Clause ITC 25 below, specified in the Financial Proposal (Form FIN-1) shall be considered as the offered price.

25. Taxes

19.1 The Client's evaluation of the Consultant's Financial Proposal shall exclude taxes and duties in the Client's country in accordance with the instructions in the **Data Sheet**.

26. Conversion to Single Currency

26.1 For the evaluation purposes, prices shall be converted to a single currency using the selling rates of exchange, source and date indicated in the **Data Sheet**.

27. Combined Quality and Cost Evaluation

a. Quality- and Cost-Based Selection (QCBS)	27.1 In the case of QCBS, the total score is calculated by weighting the technical and financial scores and adding them as per the formula and instructions in the **Data Sheet**. The Consultant achieving the highest combined technical and financial score will be invited for negotiations.
b. Fixed-Budget Selection (FBS)	27.2 In the case of FBS, those Proposals that exceed the budget indicated in Clause 14.1.4 of the **Data Sheet** shall be rejected.
	27.3 The Client will select the Consultant that submitted the highest-ranked Technical Proposal that does not exceed the budget indicated in the RFP, and invite such Consultant to negotiate the Contract.

c. Least-Cost Selection

27.4 In the case of Least-Cost Selection (LCS), the Client will select the Consultant with the lowest evaluated total price among those consultants that achieved the minimum technical score, and invite such Consultant to negotiate the Contract.

D. Negotiations and Award

28. Negotiations

28.1 The negotiations will be held at the date and address indicated in the **Data Sheet** with the Consultant's representative(s) who must have written power of attorney to negotiate and sign a Contract on behalf of the Consultant.

28.2 The Client shall prepare minutes of negotiations that are signed by the Client and the Consultant's authorized representative.

a. Availability of Key Experts

28.3 The invited Consultant shall confirm the availability of all Key Experts included in the Proposal as a pre-requisite to the negotiations, or, if applicable, a replacement in accordance with Clause 12 of the ITC. Failure to confirm the Key Experts' availability may result in the rejection of the Consultant's Proposal and the Client proceeding to negotiate the Contract with the next-ranked Consultant.

28.4 Notwithstanding the above, the substitution of Key Experts at the negotiations may be considered if due solely to circumstances outside the reasonable control of and not foreseeable by the Consultant, including but not limited to death or medical incapacity. In such case, the Consultant shall offer a substitute Key Expert within the period of time specified in the letter of invitation to negotiate the Contract, who shall have equivalent or better qualifications and experience than the original candidate.

b. Technical negotiations

28.5 The negotiations include discussions of the Terms of Reference (TORs), the proposed methodology, the Client's inputs, the special conditions of the Contract, and finalizing the "Description of Services" part of the Contract. These discussions shall not substantially alter the original scope of services under the TOR or the terms of the contract, lest the quality of the final product, its price, or the relevance of the initial evaluation be affected.

c. Financial negotiations

28.6 The negotiations include the clarification of the Consultant's tax liability in the Client's country and how it should be reflected in the Contract.

28.7 If the selection method included cost as a factor in the evaluation, the total price stated in the Financial Proposal for a Lump-Sum contract shall not be negotiated.

28.8 In the case of a Time-Based contract, unit rates negotiations shall not take place, except when the offered Key Experts and Non-Key Experts' remuneration rates are much higher than the typically charged rates by consultants in similar contracts. In such case, the Client may ask for clarifications and, if the fees are very high, ask to change the rates after consultation with the Bank.

The format for (i) providing information on remuneration rates in the case of Quality Based Selection; and (ii) clarifying remuneration rates' structure under Clause 28.8 above, is provided in Appendix A to the Financial Form FIN-3: Financial Negotiations – Breakdown of Remuneration Rates.

29. Conclusion of Negotiations

29.1 The negotiations are concluded with a review of the finalized draft Contract, which then shall be initialed by the Client and the Consultant's authorized representative.

29.2 If the negotiations fail, the Client shall inform the Consultant in writing of all pending issues and disagreements and provide a final opportunity to the Consultant to respond. If disagreement persists, the Client shall terminate the negotiations informing the Consultant of the reasons for doing so. After having obtained the Bank's no objection, the Client will invite the next-ranked Consultant to negotiate a Contract. Once the Client commences negotiations with the next-ranked Consultant, the Client shall not reopen the earlier negotiations.

30. Award of Contract

30.1 After completing the negotiations the Client shall obtain the Bank's no objection to the negotiated draft Contract, if applicable; sign the Contract; promptly notify the other shortlisted Consultants and publish the award as per the instructions in the **Data Sheet.**

30.2 The Consultant is expected to commence the assignment on the date and at the location specified in the **Data Sheet**.

TECHNICAL PROPOSAL SUBMISSION FORM

{Location, Date}

To: *[Name and address of Client]*

Dear Sirs:

We, the undersigned, offer to provide the consulting services for *[Insert title of assignment]* in accordance with your Request for Proposals dated *[Insert Date]* and our Proposal. *[Select appropriate wording depending on the selection method stated in the RFP:* "We are hereby submitting our Proposal, which includes this Technical Proposal and a Financial Proposal sealed in a separate envelope" *or, if only a Technical Proposal is invited* "We hereby are submitting our Proposal, which includes this Technical Proposal only in a sealed envelope.*"]*.

{If the Consultant is a joint venture, insert the following*:* We are submitting our Proposal a joint venture with: {Insert a list with full name and the legal address of each member, and indicate the lead member}. We have attached a copy {insert: "of our letter of intent to form a joint venture" or, if a JV is already formed, "of the JV agreement"} signed by every participating member, which details the likely legal structure of and the confirmation of joint and severable liability of the members of the said joint venture.

{OR

If the Consultant's Proposal includes Sub-consultants, insert the following: We are submitting our Proposal with the following firms as Sub-consultants: {Insert a list with full name and address of each Sub-consultant.}

We hereby declare that:

(a) All the information and statements made in this Proposal are true and we accept that any misinterpretation or misrepresentation contained in this Proposal may lead to our disqualification by the Client and/or may be sanctioned by the Bank.

(b) Our Proposal shall be valid and remain binding upon us for the period of time specified in the Data Sheet, Clause 12.1.

(c) We have no conflict of interest in accordance with ITC 3.

(d) We meet the eligibility requirements as stated in ITC 6, and we confirm our understanding of our obligation to abide by the Bank's policy in regard to corrupt and fraudulent practices as per ITC 5.

(e) *[Note to Client: Only if required in ITC10.2 (Data Sheet 10.2), include the following:* In competing for (and, if the award is made to us, in executing) the Contract, we undertake to observe the laws against fraud and corruption, including bribery, in force in the country of the Client.*]*

(f) Except as stated in the Data Sheet, Clause 12.1, we undertake to negotiate a Contract on the basis of the proposed Key Experts. We accept that the substitution of Key Experts for reasons other than those stated in ITC Clause 12 and ITC Clause 28.4 may lead to the termination of Contract negotiations.

(g) Our Proposal is binding upon us and subject to any modifications resulting from the Contract negotiations.

We undertake, if our Proposal is accepted and the Contract is signed, to initiate the Services related to the assignment no later than the date indicated in Clause 30.2 of the Data Sheet.

We understand that the Client is not bound to accept any Proposal that the Client receives.

We remain,

Yours sincerely,

CONSULTANT'S ORGANIZATION AND EXPERIENCE

Form TECH-2: a brief description of the Consultant's organization and an outline of the recent experience of the Consultant that is most relevant to the assignment. In the case of a joint venture, information on similar assignments shall be provided for each partner. For each assignment, the outline should indicate the names of the Consultant's Key Experts and Sub-consultants who participated, the duration of the assignment, the contract amount (total and, if it was done in a form of a joint venture or a sub-consultancy, the amount paid to the Consultant), and the Consultant's role/involvement.

A - Consultant's Organization

1. Provide here a brief description of the background and organization of your company, and – in case of a joint venture – of each member for this assignment.

2. Include organizational chart, a list of Board of Directors, and beneficial ownership

B - Consultant's Experience

1. List only previous similar assignments successfully completed in the last *[.....]* years.

2. List only those assignments for which the Consultant was legally contracted by the Client as a company or was one of the joint venture partners. Assignments completed by the Consultant's individual experts working privately or through other consulting firms cannot be claimed as the relevant experience of the Consultant, or that of the Consultant's partners or sub-consultants, but can be claimed by the Experts themselves in their CVs. The Consultant should be prepared to substantiate the claimed experience by presenting copies of relevant documents and references if so requested by the Client.

Appendix A. Financial Negotiations - Breakdown of Remuneration Rates

1. **Review of Remuneration Rates**

1.1. The remuneration rates are made up of salary or a base fee, social costs, overheads, profit, and any premium or allowance that may be paid for assignments away from headquarters or a home office. An attached Sample Form can be used to provide a breakdown of rates.

1.2. If the RFP requests submission of a technical proposal only, the Sample Form is used by the selected Consultant to prepare for the negotiations of the Contract. If the RFP requests submission of the financial proposal, the Sample Form shall be completed and attached to the Financial Form-3. Agreed (at the negotiations) breakdown sheets shall form part of the negotiated Contract and included in its Appendix D or C.

1.3. At the negotiations the firm shall be prepared to disclose its audited financial statements for the last three years, to substantiate its rates, and accept that its proposed rates and other financial matters are subject to scrutiny. The Client is charged with the custody of government funds and is expected to exercise prudence in the expenditure of these funds.

1.4. Rate details are discussed below:

(i) Salary is the gross regular cash salary or fee paid to the individual in the firm's home office. It shall not contain any premium for work away from headquarters or bonus (except where these are included by law or government regulations).

(ii) Bonuses are normally paid out of profits. To avoid double counting, any bonuses shall not normally be included in the "Salary" and should be shown separately. Where the Consultant's accounting system is such that the percentages of social costs and overheads are based on total revenue, including bonuses, those percentages shall be adjusted downward accordingly. Where national policy requires that 13 months' pay be given for 12 months' work, the profit element need not be adjusted downward. Any discussions on bonuses shall be supported by audited documentation, which shall be treated as confidential.

(iii) Social Charges are the costs of non-monetary benefits and may include, inter alia, social security (including pension, medical, and life insurance costs) and the cost of a paid sick and/or annual leave. In this regard, a paid leave during public holidays or an annual leave taken during an assignment if no Expert's replacement has been provided is not considered social charges.

(iv) Cost of Leave. The principles of calculating the cost of total days leave per annum as a percentage of basic salary is normally calculated as follows:

$$\text{Leave cost as percentage of salary} = \frac{\text{total days leave x 100}}{[365 - w - ph - v - s]}$$

Where w = weekends, ph = public holidays, v = vacation, and s = sick leave.

Please note that leave can be considered as a social cost only if the Client is not charged for the leave taken.

(v) Overheads are the Consultant's business costs that are not directly related to the execution of the assignment and shall not be reimbursed as separate items under the Contract. Typical items are home office costs (non-billable time, time of senior Consultant's staff monitoring the project, rent of headquarters' office, support staff, research, staff training, marketing, etc.), the cost of Consultant's personnel not currently employed on revenue-earning projects, taxes on business activities, and business promotion costs. During negotiations, audited financial statements, certified as correct by an independent auditor and supporting the last three years' overheads, shall be available for discussion, together with detailed lists of items making up the overheads and the percentage by which each relates to basic salary. The Client does not accept an add-on margin for social charges, overhead expenses, etc. for Experts who are not permanent employees of the Consultant. In such case, the Consultant shall be entitled only to administrative costs and a fee on the monthly payments charged for sub-contracted Experts.

(vi) Profit is normally based on the sum of the Salary, Social costs, and Overheads. If any bonuses paid on a regular basis are listed, a corresponding reduction shall be made in the profit amount. Profit shall not be allowed on travel or any other reimbursable expenses.

(vii) Away from Home Office Allowance or Premium or Subsistence Allowances. Some Consultants pay allowances to Experts working away from headquarters or outside of the home office. Such allowances are calculated as a percentage of salary (or a fee) and shall not draw overheads or profit. Sometimes, by law, such allowances may draw social costs. In this case, the amount of this social cost shall still be shown under social costs, with the net allowance shown separately.

UNDP standard rates for the particular country may be used as reference to determine subsistence allowances.

Consultant's Representations Regarding Costs and Charges

We hereby confirm that:

(a) the basic fees indicated in the attached table are taken from the firm's payroll records and reflect the current rates of the Experts listed which have not been raised other than within the normal annual pay increase policy as applied to all the Consultant's Experts;

(b) attached are true copies of the latest pay slips of the Experts listed;

(c) the away- from- home office allowances indicated below are those that the Consultant has agreed to pay for this assignment to the Experts listed;

(d) the factors listed in the attached table for social charges and overhead are based on the firm's average cost experiences for the latest three years as represented by the firm's financial statements; and

(e) said factors for overhead and social charges do not include any bonuses or other means of profit-sharing.

Section 6. Bank Policy – Corrupt and Fraudulent Practices

(this Section 6 shall not be modified)

Guidelines for Selection and Employment of Consultants under IBRD Loans and IDA Credits & Grants by World Bank Borrowers, dated January 2011:

"**Fraud and Corruption**

1.23 It is the Bank's policy to require that Borrowers (including beneficiaries of Bank loans), consultants, and their agents (whether declared or not), sub-contractors, sub-consultants, service providers, or suppliers, and any personnel thereof, observe the highest standard of ethics during the selection and execution of Bank-financed contracts [footnote: In this context, any action taken by a consultant or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, to influence the selection process or contract execution for undue advantage is improper.]. In pursuance of this policy, the Bank:

(a) defines, for the purposes of this provision, the terms set forth below as follows:

- (i) "corrupt practice" is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party[1];
- (ii) "fraudulent practice" is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation[2];
- (iii) "collusive practices" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party[3];

---

[1] For the purpose of this sub-paragraph, "another party" refers to a public official acting in relation to the selection process or contract execution. In this context "public official" includes World Bank staff and employees of other organizations taking or reviewing selection decisions.

[2] For the purpose of this sub-paragraph, "party" refers to a public official; the terms "benefit" and "obligation" relate to the selection process or contract execution; and the "act or omission" is intended to influence the selection process or contract execution.

[3] For the purpose of this sub-paragraph, "parties" refers to participants in the procurement or selection process (including public officials) attempting either themselves, or through another person or entity not participating in the procurement or selection process, to simulate competition or to establish prices at artificial, non-competitive levels, or are privy to each other's bid prices or other conditions.

(iv) "coercive practices" is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party[4];

(v) "obstructive practice" is

(aa) deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede a Bank investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation, or

(bb) acts intended to materially impede the exercise of the Bank's inspection and audit rights;

(b) will reject a proposal for award if it determines that the consultant recommended for award or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;

(c) will declare misprocurement and cancel the portion of the Loan allocated to a contract if it determines at any time that representatives of the Borrower or of a recipient of any part of the proceeds of the Loan were engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices during the selection process or the implementation of the contract in question, without the Borrower having taken timely and appropriate action satisfactory to the Bank to address such practices when they occur, including by failing to inform the Bank in a timely manner they knew of the practices;

(d) will sanction a firm or an individual at any time, in accordance with prevailing Bank's sanctions procedures[5], including by publicly declaring such firm or an ineligible, either indefinitely or for a stated period of time: (i) to be awarded a Bank-financed contract, and (ii) to be a nominated[6] sub-consultant, supplier, or service provider of an otherwise eligible firm being awarded a Bank-financed contract.

---

[4] For the purpose of this sub-paragraph, "party" refers to a participant in the selection process or contract execution.

[5] A firm or an individual may be declared ineligible to be awarded a Bank-financed contract upon (i) completion of the Bank's sanctions proceedings as per its sanctions procedures, including inter alia: cross-debarment as agreed with other International Financial Institutions, including Multilateral Development Banks, and through the application of the World Bank Group corporate administrative procurement sanctions procedures for fraud and corruption; and (ii) as a result of temporary suspension or early temporary suspension in connection with an ongoing sanctions proceedings. See footnote 12 and paragraph 8 of Appendix 1 of these Guidelines.

[6] A nominated sub-consultant, supplier, or service provider is one which has been either (i) included by the consultant in its proposal because it brings specific and critical experience and know-how that are accounted for in the technical evaluation of the consultant's proposal for the particular services; or (ii) appointed by the Borrower.

Section 7. Terms of Reference

7.1 Background

i. The Government of India along with State and Local Governments is implementing several flagship Urban Missions for improving various aspects of urban development in Indian cities. An underlying goal of these initiatives is to make Indian cities more 'Liveable'. This will mean not only providing good quality core infrastructure and services, but also developing cities with ample opportunities for work, entertainment and cultural activities, improved social infrastructure and economic opportunity;

ii. In order to do this through a structured approach it is important to create a common minimum framework, which cities can use to assess their 'Liveability' and measure their progress over time. In this context, the Ministry of Housing and Urban Affairs has developed a set of 'Liveability Standards in Cities'. These will act as a guiding framework for cities to chart their pathway towards liveability and result in a systematic improvement in the quality of life of citizens in Indian cities. The draft 'Liveability Standards in Cities' as at http://smartcities.gov.in/upload/uploadfiles/files/LiveabilityStandards.pdf ;

iii. A total of 79 different Liveability Standards are proposed across 15 different categories. The Ministry proposes to conduct an 'Annual Assessment of Liveability in Cities' across the various standards and develop a 'City Liveability Index' – an annual index of the liveability standards in Indian cities. This is an ambitious national project requiring yearly compilation of a large number of datasets across the various Liveability Standards;

iv. A total of 116 cities will be covered in Year 1 (list of cities for Year 1 is provided at Annexure A), and the coverage of cities may be extended in subsequent years. The following classification of cities will be used for the purpose of the study

Classification*		**Population range**
1	Small Towns	Less than 50,000 population
2	Medium Towns	Population ≥ 50,000 < 5 lakh
3	Large Towns	Population ≥ 5 lakh < 1 million

4	Metropolitan Cities	Population ≥ 1 million < 5 million
5	Megapolis	Population ≥ 5 million

** Based on the Classification given in the URDPFI guidelines, 2014*

V. Given the magnitude of data collection and field surveys required, the MoHUA wishes to engage the services of a reputed national/international agency/institution for **Conducting a study and field survey of Liveability Standards** (the **'Assignment'**) across all cities included in the study. This will cover all relevant data required by the MoHUA for computing the 79 Liveability Standards. The data generated from the assignment will be used by the MoHUA for calculating the City Liveability Index of cities on an annual basis;

VI. The contract will be valid for activities in Year 1 (as defined in Clause 7.5) only.

7.2 *Objective of the Assignment*

i. Compile reliable and high quality data for all cities included in the study, as required by the MoHUA for the computation of Liveability Indexes and as prescribed in the 'Liveability Standards in Cities' document;

ii. Develop a robust electronic database of datasets that can be used to assess the progress of cities on an annual basis.

7.3 *Description of Tasks*

The Tasks to be performed and key activities under the assignment will include:

Initiation Activities

i. Conduct State-level workshops (1-day each) on behalf of MoHUA Cost for such workshops must be included in the proposal. The workshops shall achieve the following:

   a. Familiarise States and City governments regarding the overall programme, process that will be followed for data collection, and likely timelines;

   b. Provide State and City governments with a detailed list of data points needed, likely areas of support and information on how the cities should prepare for the surveys;

   c. Help in preparing a preliminary time-line for city meetings and field visits based on preferences indicated by states and cities;

ii. Conduct a Reconnaissance Study of all cities included in the project (as per Annexure A). The study shall inter-alia include:

  a. City-level kick-off meetings with key officials from City governments, Smart City SPVs, various departments and utilities, DISCOMs etc. for assessing data availability and sources, preferred timelines, key nodal officers etc.;

  b. Study of city demography, socio-economic stratification and geography that has a bearing on sample size and distribution;

  c. Study of existing reports, studies, alternative data sources etc.

iii. Prepare and submit to the MoHUA, an Inception Report (separate for all cities included in the study), including inter-alia the following:

  a. Detailed Plan of Action including likely sources of data, proposed field surveys, sample size and distribution, nodal officers etc.;

  b. Proposed timelines for city field visits as discussed and finalized with MoHUA and State/City governments;

  c. Specific survey and raw data collection formats for the 79 standards as finalized in discussion with MoHUA;

iv. Convey the finalized schedule and Plan of Action to cities allowing them to mobilise support for the activities. A Minimum of 15 days of preparation period must be given to cities before data collection and surveys;

Data Collection and Field Surveys

v. Mobilize Field Teams (with adequate and qualified manpower as indicated in Clause 7.6) for obtaining data required for all 79 Standards;

vi. Conduct field surveys for a statistically relevant sample as per nationally/internationally accepted standards for sampling size and distribution. The method for determining sample size and distribution should be as proposed in the bid during RfP stage and finalized in consultation with the MoHUA as part of the Inception Report;

vii. Maintain and submit all raw data and data collection forms to MoHUA without any editing and/or masking (including particulars such as names of respondents, exact address and contact details, date and time of survey, and GPS coordinates in case of samples taken for pollution etc.);

viii. Conduct analysis of the raw data through the Analytics Team ((with adequate and qualified manpower as indicated in Clause 7.6) and prepare aggregate data sets for all 79 standards for each of the cities adopting the methodology as prescribed in http://smartcities.gov.in/upload/uploadfiles/files/MethodologicalReportFinal.pdf

ix. Submit Draft City Assessment Report to the MoHUA (separate for each city), including inter-alia the following:

   a. Database of aggregate data in the format as mutually agreed
   b. All raw data and data sheets;
   c. Sources of data, assumptions (if any), record of discussions with key stakeholders, minutes of city kickoff meeting and other relevant documentation;

x. Submit Draft City Assessment Report to respective city and state governments for inviting comments and suggestions (if any). A period of 15 days shall be given to cities to submit their responses, after which the data will be deemed to be accepted by the city,

xi. Submit Final City Assessment Report to the MoHUA after including any recommendations of the MoHUA and after suitably incorporating any valid feedback received from cities/states with the approval of the MoHUA;

xii. Develop and maintain a digital database of all data sets collected every year for each city. The format should be finalized in consultation with the MoHUA and enable examination of raw data as well as aggregated numbers on a year-on-year basis;

Other support activities

xiii. Provide all necessary support to the NIUA or other reputed third-party agency(ies) appointed by the MoHUA for undertaking verification of the data submitted by the Consultant;

xiv. Provide any technical support as required by the MoHUA or its assigned team during the development of scoring sheets and city indexes for the various Standards;

xv. Conduct a National workshop (1-day) on behalf of MoHUA for disseminating the findings of the Ministry. Costs for the workshop must be included in the proposal.

7.4 *Results to be achieved*

The Assignment will result in the creation of a robust database (updated annually) of critical datasets across 79 different Liveability parameters in Indian Cities. This will form the basis for the Ministry to compute an annual City Liveability Index of cities. This can also act as a repository of critical data for encouraging research on cities in India.

7.5 *Timelines and Deliverables for Year 1**

Report	Time line	Documents	Deliverables and Contents
Inception Report	8 weeks from start date as per contract	Hard copies, and Electronic version	Separate for each city, including: a. Detailed Plan of Action, Minutes of state level workshops, , city meetings including likely sources of data, proposed field surveys, sample size and distribution, nodal officers etc.; b. Proposed timelines for city field visits as discussed and finalized with MoHUA and State/City governments; c. Specific survey and raw data collection formats for the 79 standards as finalized in discussion with MoHUA;
Draft City Assessment Report	12 weeks from start date as per contract	Hard Copies, and Electronic version	Separate for each city, including: a. Database of aggregate data in the format as mutually agreed.b. All raw data and data sheets; c. Sources of data, assumptions (if any), record of discussions with key stakeholders, minutes of city kickoff meeting and other
Final City Assessment Report	20 weeks from start date as per contract	Hard Copies, and Electronic version	Separate report for each city. The Reports should include all recommendations of the MoHUA on the Draft Reports. The Report should also incorporate any valid suggestions/feedback received from cities/states with the approval of the MoHUA.

***** Timelines for subsequent years will be as decided by MoHUA

7.6 *Team Composition and Qualification Requirement for key Experts*

a. **Team (full-time):** Given that the assignment requires a deep understanding of the urban sector, as well as of economics, statistics and field studies, the Team Leader and the Core Team of experts must have suitable skills for undertaking the assignment and successfully completing the tasks enumerated. The Team Leader should bring to the table a strong mix of academic accomplishments, urban sector experience and experience of leading similar national/international assignments.

b. **Analytics Team (full-time):** should be manned with experts capable of analysing large data sets, checking and correcting for errors and inconsistencies, development and management of digital databases and preparation of reports. The team should therefore include adequate number of IT specialist(s), database management/ MIS expert(s), urban economics/planning specialists for **Core** data analysis and verification.

c. **Field Teams per city:** should be manned with adequate number of persons (depending upon city size, stratification and geography) capable of conducting field surveys and extracting credible secondary data from various city/state departments and utilities. Each team should therefore include adequate number of qualified urban professionals for extracting secondary data from various sources, persons with market/field research experience and data processors/ data entry operators. Each team should be led by a suitably experienced Urban Specialist (Urban Planner/ Urban Economist) with at least 10 years of experience in the urban sector and at least 5 years of experience in secondary and primary data collection and analysis. The Core Team proposed should be able to demonstrate the qualifications and experience as prescribed in table below:

7.7 *Core Team (CV to be evaluated)*

Position	**Minimum Qualifications & skills**	**Minimum Experience**
Team Leader	Qualification - Bachelor's Degree in Engineering/Architecture/Planning/Economics/Management with post-graduate degree in Planning/Management or equivalent from a recognized University In-depth knowledge of all aspects of urban sector, including governance-related, socio-economic, environmental and engineering aspects Proven academic credibility in terms of published papers, articles etc. Experience of leading national level urban research assignments Experience of leading national/international	At least 20 years of which at least last 10 years must have been for the Urban Sector
Urban Management Specialist/ Planning Expert	Bachelor's Degree in Engineering/Architecture/Planning with post- graduate degree in Management or equivalent from a recognized University Good knowledge of urban sector Experience of playing a core role in similar national/international data collection and ranking assignments	At least 15 years of experience in the Urban Sector
Market Research Specialist	Master's Degree in Management from a recognized University Good knowledge of mobilization and organization for market research Experience of leading national/international field research assignments	At least 15 years of which at least last 7 years must have been in the field of Market Research
Statistician	Master's Degree in Statistics from a recognized University Good knowledge of urban data sources and urban data analysis Experience of statistically designing and managing sample surveys	At least 15 years of which at least last 5 years must have been for the Urban Sector

7.8 *TA management and counterpart staff*

The assignment will be contracted by the MoHUA (erstwhile MOUD) for carrying out the assignment.

Items to be provided by the MoHUA

a. The MoHUA will set up a Coordinating Team at the national level for providing guidance and support to the Core Team for executing the assignment;
b. Provide support for organizing various State and city level workshops and meetings;.
c. Provide feedback from time to time for finalizing deliverables;
d. Set up a monitoring system for timely validation of data and finalization of aggregate data.

Items to be provided by the agency

In addition to the results and deliverables listed above, the Consultant will:

a. Provide for all manpower, materials and equipment necessary for carrying out the assignment;
b. Provide all resources for report production and necessary translations;
c. Provide all Computers and software required by the teams for carrying out the tasks;
d. Arrange for all transportation and travelling required for the teams including Investigations.

PART II

Section 8. Conditions of Contract and Contract Forms

Foreword

1. Part II includes two types of standard Contract forms for Consulting Services (a Time-Based Contract and a Lump-Sum Contract) that are based on the contract forms included in the harmonized Standard Request for Proposals (Master Document for Selection of Consultants prepared by participating Multilateral Development Banks (MDBs).

2. **Time-Based Contract**. This type of contract is appropriate when it is difficult to define or fix the scope and the duration of the services, either because they are related to activities carried out by others for which the completion period may vary, or because the input of the consultants required for attaining the objectives of the assignment is difficult to assess. In time-based contracts the Consultant provides services on a timed basis according to quality specifications, and Consultant's remuneration is determined on the basis of the time actually spent by the Consultant in carrying out the Services and is based on (i) agreed upon unit rates for the Consultant's experts multiplied by the actual time spent by the experts in executing the assignment, and (ii) reimbursable expenses using actual expenses and/or agreed unit prices. This type of contract requires the Client to closely supervise the Consultant and to be involved in the daily execution of the assignment.

3. **Lump-Sum Contract.** This type of contract is used mainly for assignments in which the scope and the duration of the Services and the required output of the Consultant are clearly defined. Payments are linked to outputs (deliverables) such as reports, drawings, bill of quantities, bidding documents, or software programs. Lump-sum contracts are easier to administer because they operate on the principle of a fixed price for a fixed scope, and payments are due on clearly specified outputs and milestones. Nevertheless, quality control of the Consultant's outputs by the Client is paramount.

4. The templates are designed for use in assignments with consulting firms and shall not be used for contracting of individual experts. These standard Contract forms are to be used for complex and/or large value assignments, and/or for contracts above US$300,000 equivalent or more unless otherwise approved by the Bank.

II. General Conditions of Contract

A. GENERAL PROVISIONS

1. Definitions

1.1. Unless the context otherwise requires, the following terms whenever used in this Contract have the following meanings:

(a) "Applicable Guidelines" means the Guidelines for Selection and Employment of Consultants under IBRD Loans and IDA Credits & Grants by World Bank Borrowers, dated January 2011 ("Consultants' Guidelines").

(b) "Applicable Law" means the laws and any other instruments having the force of law in the Client's country, or in such other country as may be specified in the **Special Conditions of Contract (SCC)**, as they may be issued and in force from time to time.

(c) "Bank" means the International Bank for Reconstruction and Development (IBRD) or the International Development Association (IDA).

(d) "Borrower" means the Government, Government agency or other entity that signs the financing agreement with the Bank.

(e) "Client" means the implementing agency that signs the Contract for the Services with the Selected Consultant.

(f) "Consultant" means a legally-established professional consulting firm or entity selected by the Client to provide the Services under the signed Contract.

(g) "Contract" means the legally binding written agreement signed between the Client and the Consultant and which includes all the attached documents listed in its paragraph 1 of the Form of Contract (the General Conditions (GCC), the Special Conditions (SCC), and the Appendices).

(h) "Day" means a working day unless indicated otherwise.

(i) "Effective Date" means the date on which this Contract comes into force and effect pursuant to Clause GCC 11.

(j) "Experts" means, collectively, Key Experts, Non-Key Experts, or any other personnel of the Consultant, Sub-consultant or JV member(s) assigned by the Consultant to perform the Services or any part thereof under the Contract.

(k) "Foreign Currency" means any currency other than the currency of the Client's country.

(l) "GCC" means these General Conditions of Contract.

(m) "Government" means the government of the Client's country.

(n) "Joint Venture (JV)" means an association with or without a legal personality distinct from that of its members, of more than one entity where one member has the authority to conduct all businesses for and on behalf of any and all the members of the JV, and where the members of the JV are jointly and severally liable to the Client for the performance of the Contract.

(o) "Key Expert(s)" means an individual professional whose skills, qualifications, knowledge and experience are critical to the performance of the Services under the Contract and whose Curricula Vitae (CV) was taken into account in the technical evaluation of the Consultant's proposal.

(p) "Local Currency" means the currency of the Client's country.

(q) "Non-Key Expert(s)" means an individual professional provided by the Consultant or its Sub-consultant to perform the Services or any part thereof under the Contract.

(r) "Party" means the Client or the Consultant, as the case may be, and "Parties" means both of them.

(s) "SCC" means the Special Conditions of Contract by which the GCC may be amended or supplemented but not over-written.

(t) "Services" means the work to be performed by the Consultant pursuant to this Contract, as described in Appendix A hereto.

(u) "Sub-consultants" means an entity to whom/which the Consultant subcontracts any part of the Services while remaining solely liable for the execution of the Contract.

(v) "Third Party" means any person or entity other than the Government, the Client, the Consultant or a Sub-consultant.

2. Relationship between the Parties

2.1. Nothing contained herein shall be construed as establishing a relationship of master and servant or of principal and agent as between the Client and the Consultant. The Consultant, subject to this Contract, has complete charge of the Experts and Sub-consultants, if any, performing the Services and shall be fully responsible for the Services performed by them or on their behalf hereunder.

3. Law Governing Contract	3.1. This Contract, its meaning and interpretation, and the relation between the Parties shall be governed by the Applicable Law.
4. Language	4.1. This Contract has been executed in the language specified in the **SCC**, which shall be the binding and controlling language for all matters relating to the meaning or interpretation of this Contract.
5. Headings	5.1. The headings shall not limit, alter or affect the meaning of this Contract.
6. Communications	6.1. Any communication required or permitted to be given or made pursuant to this Contract shall be in writing in the language specified in Clause GCC 4. Any such notice, request or consent shall be deemed to have been given or made when delivered in person to an authorized representative of the Party to whom the communication is addressed, or when sent to such Party at the address specified in the **SCC**. 6.2. A Party may change its address for notice hereunder by giving the other Party any communication of such change to the address specified in the **SCC**.
7. Location	7.1. The Services shall be performed at such locations as are specified in **Appendix A** hereto and, where the location of a particular task is not so specified, at such locations, whether in the Government's country or elsewhere, as the Client may approve.
8. Authority of Member in Charge	8.1. In case the Consultant is a Joint Venture, the members hereby authorize the member specified in the **SCC** to act on their behalf in exercising all the Consultant's rights and obligations towards the Client under this Contract, including without limitation the receiving of instructions and payments from the Client.
9. Authorized Representatives	9.1. Any action required or permitted to be taken, and any document required or permitted to be executed under this Contract by the Client or the Consultant may be taken or executed by the officials specified in the **SCC.**
10. Corrupt and Fraudulent Practices	10.1. The Bank requires compliance with its policy in regard to corrupt and fraudulent practices as set forth in **Attachment 1** to the GCC.
a. Commissions and Fees	10.2. The Client requires the Consultant to disclose any commissions or fees that may have been paid or are to be paid to agents or any other party with respect to the selection process or execution of the Contract. The information disclosed must include at least the name and address of the agent or other party, the amount and currency, and the purpose of the commission, gratuity or fee. Failure

to disclose such commissions, gratuities or fees may result in termination of the Contract and/or sanctions by the Bank.

B. COMMENCEMENT, COMPLETION, MODIFICATION AND TERMINATION OF CONTRACT

11. Effectiveness of Contract

11.1. This Contract shall come into force and effect on the date (the "Effective Date") of the Client's notice to the Consultant instructing the Consultant to begin carrying out the Services. This notice shall confirm that the effectiveness conditions, if any, listed in the **SCC** have been met.

12. Termination of Contract for Failure to Become Effective

12.1. If this Contract has not become effective within such time period after the date of Contract signature as specified in the **SCC**, either Party may, by not less than twenty two (22) days written notice to the other Party, declare this Contract to be null and void, and in the event of such a declaration by either Party, neither Party shall have any claim against the other Party with respect hereto.

13. Commencement of Services

13.1. The Consultant shall confirm availability of Key Experts and begin carrying out the Services not later than the number of days after the Effective Date specified in the **SCC**.

14. Expiration of Contract

14.1. Unless terminated earlier pursuant to Clause GCC 19 hereof, this Contract shall expire at the end of such time period after the Effective Date as specified in the **SCC**.

15. Entire Agreement

15.1. This Contract contains all covenants, stipulations and provisions agreed by the Parties. No agent or representative of either Party has authority to make, and the Parties shall not be bound by or be liable for, any statement, representation, promise or agreement not set forth herein.

16. Modifications or Variations

16.1. Any modification or variation of the terms and conditions of this Contract, including any modification or variation of the scope of the Services, may only be made by written agreement between the Parties. However, each Party shall give due consideration to any proposals for modification or variation made by the other Party.

16.2. In cases of substantial modifications or variations, the prior written consent of the Bank is required.

17. Force Majeure

a. Definition

17.1. For the purposes of this Contract, "Force Majeure" means an event which is beyond the reasonable control of a Party, is not foreseeable, is unavoidable, and makes a Party's performance of its obligations hereunder impossible or so impractical as reasonably to

be considered impossible under the circumstances, and subject to those requirements, includes, but is not limited to, war, riots, civil disorder, earthquake, fire, explosion, storm, flood or other adverse weather conditions, strikes, lockouts or other industrial action confiscation or any other action by Government agencies.

17.2. Force Majeure shall not include (i) any event which is caused by the negligence or intentional action of a Party or such Party's Experts, Sub-consultants or agents or employees, nor (ii) any event which a diligent Party could reasonably have been expected to both take into account at the time of the conclusion of this Contract, and avoid or overcome in the carrying out of its obligations hereunder.

17.3. Force Majeure shall not include insufficiency of funds or failure to make any payment required hereunder.

b. No Breach of Contract

17.4. The failure of a Party to fulfill any of its obligations hereunder shall not be considered to be a breach of, or default under, this Contract insofar as such inability arises from an event of Force Majeure, provided that the Party affected by such an event has taken all reasonable precautions, due care and reasonable alternative measures, all with the objective of carrying out the terms and conditions of this Contract.

c. Measures to be Taken

17.5. A Party affected by an event of Force Majeure shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall take all reasonable measures to minimize the consequences of any event of Force Majeure.

17.6. A Party affected by an event of Force Majeure shall notify the other Party of such event as soon as possible, and in any case not later than fourteen (14) calendar days following the occurrence of such event, providing evidence of the nature and cause of such event, and shall similarly give written notice of the restoration of normal conditions as soon as possible.

17.7. Any period within which a Party shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a result of Force Majeure.

17.8. During the period of their inability to perform the Services as a result of an event of Force Majeure, the Consultant, upon instructions by the Client, shall either:

(a) demobilize, in which case the Consultant shall be reimbursed for additional costs they reasonably and

necessarily incurred, and, if required by the Client, in reactivating the Services; or

(b) continue with the Services to the extent reasonably possible, in which case the Consultant shall continue to be paid under the terms of this Contract and be reimbursed for additional costs reasonably and necessarily incurred.

17.9. In the case of disagreement between the Parties as to the existence or extent of Force Majeure, the matter shall be settled according to Clauses GCC 48 & 49.

18. Suspension

18.1. The Client may, by written notice of suspension to the Consultant, suspend all payments to the Consultant hereunder if the Consultant fails to perform any of its obligations under this Contract, including the carrying out of the Services, provided that such notice of suspension (i) shall specify the nature of the failure, and (ii) shall request the Consultant to remedy such failure within a period not exceeding thirty (30) calendar days after receipt by the Consultant of such notice of suspension.

19. Termination

19. 1 This Contract may be terminated by either Party as per provisions set up below:

a. By the Client

19.1.1 The Client may terminate this Contract in case of the occurrence of any of the events specified in paragraphs (a) through (f) of this Clause. In such an occurrence the Client shall give at least thirty (30) calendar days' written notice of termination to the Consultant in case of the events referred to in (a) through (d); at least sixty (60) calendar days' written notice in case of the event referred to in (e); and at least five (5) calendar days' written notice in case of the event referred to in (f):

(a) If the Consultant fails to remedy a failure in the performance of its obligations hereunder, as specified in a notice of suspension pursuant to Clause GCC 18;

(b) If the Consultant becomes (or, if the Consultant consists of more than one entity, if any of its members becomes) insolvent or bankrupt or enter into any agreements with their creditors for relief of debt or take advantage of any law for the benefit of debtors or go into liquidation or receivership whether compulsory or voluntary;

(c) If the Consultant fails to comply with any final decision reached as a result of arbitration proceedings pursuant to Clause GCC 49.1;

(d) If, as the result of Force Majeure, the Consultant is unable to perform a material portion of the Services for a period of not less than sixty (60) calendar days;

(e) If the Client, in its sole discretion and for any reason whatsoever, decides to terminate this Contract;

(f) If the Consultant fails to confirm availability of Key Experts as required in Clause GCC 13.

19.1.2 Furthermore, if the Client determines that the Consultant has engaged in corrupt, fraudulent, collusive, coercive or obstructive practices, in competing for or in executing the Contract, then the Client may, after giving fourteen (14) calendar days written notice to the Consultant, terminate the Consultant's employment under the Contract.

b. By the Consultant

19.1.3 The Consultant may terminate this Contract, by not less than thirty (30) calendar days' written notice to the Client, in case of the occurrence of any of the events specified in paragraphs (a) through (d) of this Clause.

(a) If the Client fails to pay any money due to the Consultant pursuant to this Contract and not subject to dispute pursuant to Clauses GCC 49.1 within forty-five (45) calendar days after receiving written notice from the Consultant that such payment is overdue.

(b) If, as the result of Force Majeure, the Consultant is unable to perform a material portion of the Services for a period of not less than sixty (60) calendar days.

(c) If the Client fails to comply with any final decision reached as a result of arbitration pursuant to Clause GCC 49.1.

(d) If the Client is in material breach of its obligations pursuant to this Contract and has not remedied the same within forty-five (45) days (or such longer period as the Consultant may have subsequently approved in writing) following the receipt by the Client of the Consultant's notice specifying such breach.

c. Cessation of Rights and Obligations

19.1.4 Upon termination of this Contract pursuant to Clauses GCC 12 or GCC 19 hereof, or upon expiration of this Contract pursuant to Clause GCC 14, all rights and obligations of the Parties hereunder shall cease, except (i) such rights and obligations as may have accrued on the date of termination or expiration, (ii) the obligation of confidentiality set forth in Clause GCC 22, (iii) the Consultant's obligation to permit

inspection, copying and auditing of their accounts and records set forth in Clause GCC 25, and (iv) any right which a Party may have under the Applicable Law.

d. Cessation of Services

19.1.5 Upon termination of this Contract by notice of either Party to the other pursuant to Clauses GCC 19a or GCC 19b, the Consultant shall, immediately upon dispatch or receipt of such notice, take all necessary steps to bring the Services to a close in a prompt and orderly manner and shall make every reasonable effort to keep expenditures for this purpose to a minimum. With respect to documents prepared by the Consultant and equipment and materials furnished by the Client, the Consultant shall proceed as provided, respectively, by Clauses GCC 27 or GCC 28.

e. Payment upon Termination

19.1.6 Upon termination of this Contract, the Client shall make the following payments to the Consultant:

(a) remuneration for Services satisfactorily performed prior to the effective date of termination, and reimbursable expenditures for expenditures actually incurred prior to the effective date of termination; and pursuant to Clause 42;

(b) in the case of termination pursuant to paragraphs (d) and (e) of Clause GCC 19.1.1, reimbursement of any reasonable cost incidental to the prompt and orderly termination of this Contract, including the cost of the return travel of the Experts.

C. OBLIGATIONS OF THE CONSULTANT

20. General

a. Standard of Performance

20.1 The Consultant shall perform the Services and carry out the Services with all due diligence, efficiency and economy, in accordance with generally accepted professional standards and practices, and shall observe sound management practices, and employ appropriate technology and safe and effective equipment, machinery, materials and methods. The Consultant shall always act, in respect of any matter relating to this Contract or to the Services, as a faithful adviser to the Client, and shall at all times support and safeguard the Client’s legitimate interests in any dealings with the third parties.

20.2 The Consultant shall employ and provide such qualified and experienced Experts and Sub-consultants as are required to carry out the Services.

20.3 The Consultant may subcontract part of the Services to an extent and with such Key Experts and Sub-consultants as may be approved in advance by the Client. Notwithstanding such approval, the Consultant shall retain full responsibility for the Services.

b. Law Applicable to Services

20.4 The Consultant shall perform the Services in accordance with the Contract and the Applicable Law and shall take all practicable steps to ensure that any of its Experts and Sub-consultants, comply with the Applicable Law.

20.5 Throughout the execution of the Contract, the Consultant shall comply with the import of goods and services prohibitions in the Client's country when

(a) as a matter of law or official regulations, the Borrower's country prohibits commercial relations with that country; or

(b) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Borrower's Country prohibits any import of goods from that country or any payments to any country, person, or entity in that country.

20.6 The Client shall notify the Consultant in writing of relevant local customs, and the Consultant shall, after such notification, respect such customs.

21. Conflict of Interests

21.1 The Consultant shall hold the Client's interests paramount, without any consideration for future work, and strictly avoid conflict with other assignments or their own corporate interests.

a. Consultant Not to Benefit from Commissions, Discounts, etc.

21.1.1 The payment of the Consultant pursuant to GCC F (Clauses GCC 41 through 46) shall constitute the Consultant's only payment in connection with this Contract and, subject to Clause GCC 21.1.3, the Consultant shall not accept for its own benefit any trade commission, discount or similar payment in connection with activities pursuant to this Contract or in the discharge of its obligations hereunder, and the Consultant shall use its best efforts to ensure that any Sub-consultants, as well as the Experts and agents of either of them, similarly shall not receive any such additional payment.

21.1.2 Furthermore, if the Consultant, as part of the Services, has the responsibility of advising the Client on the procurement of goods, works or services, the Consultant shall comply with the Bank's Applicable Guidelines, and shall at all times exercise such responsibility in the best interest of the Client. Any discounts or commissions obtained by the Consultant in the exercise of such procurement responsibility shall be for the account of the Client.

b. Consultant and Affiliates Not to Engage in Certain Activities

21.1.3 The Consultant agrees that, during the term of this Contract and after its termination, the Consultant and any entity affiliated with the Consultant, as well as any Sub-consultants and any entity affiliated with such Sub-consultants, shall be disqualified from providing goods, works or non-consulting services resulting from or directly related to the Consultant's Services for the preparation or implementation of the project, unless otherwise indicated in the **SCC**.

c. Prohibition of Conflicting Activities

21.1.4 The Consultant shall not engage, and shall cause its Experts as well as its Sub-consultants not to engage, either directly or indirectly, in any business or professional activities that would conflict with the activities assigned to them under this Contract.

d. Strict Duty to Disclose Conflicting Activities

21.1.5 The Consultant has an obligation and shall ensure that its Experts and Sub-consultants shall have an obligation to disclose any situation of actual or potential conflict that impacts their capacity to serve the best interest of their Client, or that may reasonably be perceived as having this effect. Failure to disclose said situations may lead to the disqualification of the Consultant or the termination of its Contract.

22. Confidentiality

22.1 Except with the prior written consent of the Client, the Consultant and the Experts shall not at any time communicate to any person or entity any confidential information acquired in the course of the Services, nor shall the Consultant and the Experts make public the recommendations formulated in the course of, or as a result of, the Services.

23. Liability of the Consultant

23.1 Subject to additional provisions, if any, set forth in the **SCC**, the Consultant's liability under this Contract shall be as determined under the Applicable Law.

24. Insurance to be Taken out by the Consultant

24.1 The Consultant (i) shall take out and maintain, and shall cause any Sub-consultants to take out and maintain, at its (or the Sub-consultants', as the case may be) own cost but on terms and conditions approved by the Client, insurance against the risks, and for the coverage specified in the **SCC,** and (ii) at the Client's request, shall provide evidence to the Client showing that such insurance has been taken out and maintained and that the current premiums therefore have been paid. The Consultant shall ensure that such insurance is in place prior to commencing the Services as stated in Clause GCC 13.

25. Accounting, Inspection and Auditing

25.1 The Consultant shall keep, and shall make all reasonable efforts to cause its Sub-consultants to keep, accurate and systematic accounts and records in respect of the Services in such form and detail as will clearly identify relevant time changes and costs.

25.2. The Consultant shall permit and shall cause its Sub-consultants to permit, the Bank and/or persons appointed by the Bank to inspect the Site and/or all accounts and records relating to the performance of the Contract and the submission of the Proposal to provide the Services, and to have such accounts and records audited by auditors appointed by the Bank if requested by the Bank. The Consultant's attention is drawn to Clause GCC 10 which provides, inter alia, that acts intended to materially impede the exercise of the Bank's inspection and audit rights provided for under this Clause GCC25.2 constitute a prohibited practice subject to contract termination (as well as to a determination of ineligibility under the Bank's prevailing sanctions procedures.)

26. Reporting Obligations

26.1 The Consultant shall submit to the Client the reports and documents specified in **Appendix A**, in the form, in the numbers and within the time periods set forth in the said Appendix.

27. Proprietary Rights of the Client in Reports and Records

27.1 Unless otherwise indicated in the **SCC**, all reports and relevant data and information such as maps, diagrams, plans, databases, other documents and software, supporting records or material compiled or prepared by the Consultant for the Client in the course of the Services shall be confidential and become and remain the absolute property of the Client. The Consultant shall, not later than upon termination or expiration of this Contract, deliver all such documents to the Client, together with a detailed inventory thereof. The Consultant may retain a copy of such documents, data and/or software but shall not use the same for purposes unrelated to this Contract without prior written approval of the Client.

27.2 If license agreements are necessary or appropriate between the Consultant and third parties for purposes of development of the plans, drawings, specifications, designs, databases, other documents and software, the Consultant shall obtain the Client's prior written approval to such agreements, and the Client shall be entitled at its discretion to require recovering the expenses related to the development of the program(s) concerned. Other restrictions about the future use of these documents and software, if any, shall be specified in the **SCC**.

28. Equipment, Vehicles and Materials

28.1 Equipment, vehicles and materials made available to the Consultant by the Client, or purchased by the Consultant wholly or partly with funds provided by the Client, shall be the property of the Client and shall be marked accordingly. Upon termination or expiration of this Contract, the Consultant shall make available to the

Client an inventory of such equipment, vehicles and materials and shall dispose of such equipment, vehicles and materials in accordance with the Client's instructions. While in possession of such equipment, vehicles and materials, the Consultant, unless otherwise instructed by the Client in writing, shall insure them at the expense of the Client in an amount equal to their full replacement value.

28.2 Any equipment or materials brought by the Consultant or its Experts into the Client's country for the use either for the project or personal use shall remain the property of the Consultant or the Experts concerned, as applicable.

D. CONSULTANT'S EXPERTS AND SUB-CONSULTANTS

29. Description of Key Experts

29.1 The title, agreed job description, minimum qualification and time-input estimates to carry out the Services of each of the Consultant's Key Experts are described in **Appendix B.**

29.2 If required to comply with the provisions of Clause GCC 20a, adjustments with respect to the estimated time-input of Key Experts set forth in **Appendix B** may be made by the Consultant by a written notice to the Client, provided (i) that such adjustments shall not alter the original time-input estimates for any individual by more than 10% or one week, whichever is larger; and (ii) that the aggregate of such adjustments shall not cause payments under this Contract to exceed the ceilings set forth in Clause GCC 41.2.

29.3 If additional work is required beyond the scope of the Services specified in **Appendix A**, the estimated time-input for the Key Experts may be increased by agreement in writing between the Client and the Consultant. In case where payments under this Contract exceed the ceilings set forth in Clause GCC 41.1, the Parties shall sign a Contract amendment.

30. Replacement of Key Experts

30.1 Except as the Client may otherwise agree in writing, no changes shall be made in the Key Experts.

30.2 Notwithstanding the above, the substitution of Key Experts during Contract execution may be considered only based on the Consultant's written request and due to circumstances outside the reasonable control of the Consultant, including but not limited to death or medical incapacity. In such case, the Consultant shall forthwith provide as a replacement, a person of equivalent or better qualifications and experience, and at the same rate of remuneration.

31. Approval of Additional Key Experts

31.1 If during execution of the Contract, additional Key Experts are required to carry out the Services, the Consultant shall submit to the Client for review and approval a copy of their Curricula Vitae (CVs). If the Client does not object in writing (stating the reasons for the objection) within twenty two (22) days from the date of receipt of such CVs, such additional Key Experts shall be deemed to have been approved by the Client.

The rate of remuneration payable to such new additional Key Experts shall be based on the rates for other Key Experts position which require similar qualifications and experience.

32. Removal of Experts or Sub-consultants

32.1 If the Client finds that any of the Experts or Sub-consultant has committed serious misconduct or has been charged with having committed a criminal action, or shall the Client determine that Consultant’s Expert of Sub-consultant have engaged in corrupt, fraudulent, collusive, coercive or obstructive practice while performing the Services, the Consultant shall, at the Client’s written request, provide a replacement.

32.2 In the event that any of Key Experts, Non-Key Experts or Sub-consultants is found by the Client to be incompetent or incapable in discharging assigned duties, the Client, specifying the grounds therefore, may request the Consultant to provide a replacement.

32.3 Any replacement of the removed Experts or Sub-consultants shall possess better qualifications and experience and shall be acceptable to the Client.

33. Replacement/ Removal of Experts – Impact on Payments

33.1 Except as the Client may otherwise agree, (i) the Consultant shall bear all additional travel and other costs arising out of or incidental to any removal and/or replacement, and (ii) the remuneration to be paid for any of the Experts provided as a replacement shall not exceed the remuneration which would have been payable to the Experts replaced or removed.

34. Working Hours, Overtime, Leave, etc.

34.1 Working hours and holidays for Experts are set forth in **Appendix B**. To account for travel time to/from the Client’s country, experts carrying out Services inside the Client’s country shall be deemed to have commenced or finished work in respect of the Services such number of days before their arrival in, or after their departure from, the Client’s country as is specified in **Appendix B**.

34.2 The Experts shall not be entitled to be paid for overtime nor to take paid sick leave or vacation leave except as specified in **Appendix B**, and the Consultant’s remuneration shall be deemed to cover these items.

34.3 Any taking of leave by Key Experts shall be subject to the prior approval by the Consultant who shall ensure that absence for leave purposes will not delay the progress and or impact adequate supervision of the Services.

E. OBLIGATIONS OF THE CLIENT

35. Assistance and Exemptions

35.1 Unless otherwise specified in the **SCC**, the Client shall use its best efforts to:

(a) Assist the Consultant with obtaining work permits and such other documents as shall be necessary to enable the Consultant to perform the Services.

(b) Assist the Consultant with promptly obtaining, for the Experts and, if appropriate, their eligible dependents, all necessary entry and exit visas, residence permits, exchange permits and any other documents required for their stay in the Client's country while carrying out the Services under the Contract.

(c) Facilitate prompt clearance through customs of any property required for the Services and of the personal effects of the Experts and their eligible dependents.

(c) Issue to officials, agents and representatives of the Government all such instructions and information as may be necessary or appropriate for the prompt and effective implementation of the Services.

(d) Assist the Consultant and the Experts and any Sub-consultants employed by the Consultant for the Services with obtaining exemption from any requirement to register or obtain any permit to practice their profession or to establish themselves either individually or as a corporate entity in the Client's country according to the applicable law in the Client's country.

(e) Assist the Consultant, any Sub-consultants and the Experts of either of them with obtaining the privilege, pursuant to the applicable law in the Client's country, of bringing into the Client's country reasonable amounts of foreign currency for the purposes of the Services or for the personal use of the Experts and of withdrawing any such amounts as may be earned therein by the Experts in the execution of the Services.

(f) Provide to the Consultant any such other assistance as may be specified in the **SCC**.

36. Access to Project Site

36.1 The Client warrants that the Consultant shall have, free of charge, unimpeded access to the project site in respect of which access is required for the performance of the Services. The Client will be responsible for any damage to the project site or any property thereon resulting from such access and will indemnify the Consultant and each of the experts in respect of liability for any such damage, unless such damage is caused by the willful default or negligence of the Consultant or any Sub-consultants or the Experts of either of them.

37. Change in the Applicable Law Related to Taxes and Duties

37.1 If, after the date of this Contract, there is any change in the applicable law in the Client's country with respect to taxes and duties which increases or decreases the cost incurred by the Consultant in performing the Services, then the remuneration and reimbursable expenses otherwise payable to the Consultant under this Contract shall be increased or decreased accordingly by agreement between the Parties hereto, and corresponding adjustments shall be made to the ceiling amounts specified in Clause GCC 41.1

38. Services, Facilities and Property of the Client

38.1 The Client shall make available to the Consultant and the Experts, for the purposes of the Services and free of any charge, the services, facilities and property described in the Terms of Reference (**Appendix A)** at the times and in the manner specified in said **Appendix A.**

38.2 In case that such services, facilities and property shall not be made available to the Consultant as and when specified in **Appendix A**, the Parties shall agree on (i) any time extension that it may be appropriate to grant to the Consultant for the performance of the Services, (ii) the manner in which the Consultant shall procure any such services, facilities and property from other sources, and (iii) the additional payments, if any, to be made to the Consultant as a result thereof pursuant to Clause GCC 41.3.

39. Counterpart Personnel

39.1 The Client shall make available to the Consultant free of charge such professional and support counterpart personnel, to be nominated by the Client with the Consultant's advice, if specified in **Appendix A**.

39.2 If counterpart personnel are not provided by the Client to the Consultant as and when specified in **Appendix A**, the Client and the Consultant shall agree on (i) how the affected part of the Services shall be carried out, and (ii) the additional payments, if any, to be made by the Client to the Consultant as a result thereof pursuant to Clause GCC 41.3.

39.3 Professional and support counterpart personnel, excluding Client's liaison personnel, shall work under the exclusive direction of the Consultant. If any member of the counterpart personnel fails to perform adequately any work assigned to such member by the Consultant that is consistent with the position occupied by such member, the Consultant may request the replacement of such member, and the Client shall not unreasonably refuse to act upon such request.

40. Payment Obligation

40.1 In consideration of the Services performed by the Consultant under this Contract, the Client shall make such payments to the Consultant and in such manner as is provided by GCC F below.

F. PAYMENTS TO THE CONSULTANT

41. Ceiling Amount

41.1 An estimate of the cost of the Services is set forth in **Appendix C** (Remuneration) and **Appendix D** (Reimbursable expenses).

41.2 Payments under this Contract shall not exceed the ceilings in foreign currency and in local currency specified in the **SCC**.

41.3 For any payments in excess of the ceilings specified in GCC41.2, an amendment to the Contract shall be signed by the Parties referring to the provision of this Contract that evokes such amendment.

42. Remuneration and Reimbursable Expenses

42.1 The Client shall pay to the Consultant (i) remuneration that shall be determined on the basis of time actually spent by each Expert in the performance of the Services after the date of commencing of Services or such other date as the Parties shall agree in writing; and (ii) reimbursable expenses that are actually and reasonably incurred by the Consultant in the performance of the Services.

42.2 All payments shall be at the rates set forth in **Appendix C** and **Appendix D**.

42.3 Unless the **SCC** provides for the price adjustment of the remuneration rates, said remuneration shall be fixed for the duration of the Contract.

42.4 The remuneration rates shall cover: (i) such salaries and allowances as the Consultant shall have agreed to pay to the Experts as well as factors for social charges and overheads (bonuses or other means of profit-sharing shall not be allowed as an element of overheads), (ii) the cost of backstopping by home office staff not included in the Experts' list in **Appendix B**, (iii) the Consultant's profit, and (iv) any other items as specified in the **SCC**.

42.5 Any rates specified for Experts not yet appointed shall be provisional and shall be subject to revision, with the written approval of the Client, once the applicable remuneration rates and allowances are known.

43. Taxes and Duties

43.1 The Consultant, Sub-consultants and Experts are responsible for meeting any and all tax liabilities arising out of the Contract unless it is stated otherwise in the **SCC**.

43.2 As an exception to the above and as stated in the **SCC**, all local identifiable indirect taxes (itemized and finalized at Contract negotiations) are reimbursed to the Consultant or are paid by the Client on behalf of the Consultant.

44. Currency of Payment

44.1 Any payment under this Contract shall be made in the currency(ies) specified in the **SCC.**

45. Mode of Billing and Payment

45.1 Billings and payments in respect of the Services shall be made as follows:

(a) *Advance payment*. Within the number of days after the Effective Date, the Client shall pay to the Consultant an advance payment as specified in the **SCC**. Unless otherwise indicated in the **SCC**, an advance payment shall be made against an advance payment bank guarantee acceptable to the Client in an amount (or amounts) and in a currency (or currencies) specified in the **SCC**. Such guarantee (i) is to remain effective until the advance payment has been fully set off, and (ii) is to be in the form set forth in **Appendix E**, or in such other form as the Client shall have approved in writing. The advance payments will be set off by the Client in equal installments against the statements for the number of months of the Services specified in the **SCC** until said advance payments have been fully set off.

(b) *The Itemized Invoices.* As soon as practicable and not later than fifteen (15) days after the end of each calendar month during the period of the Services, or after the end of each time interval otherwise indicated in the **SCC**, the Consultant shall submit to the Client, in duplicate, itemized invoices, accompanied by the receipts or other appropriate supporting documents, of the amounts payable pursuant to Clauses GCC 44 and GCC 45 for such interval, or any other period indicated in the **SCC**. Separate invoices shall be submitted for expenses incurred in foreign currency and in local currency. Each invoice shall show remuneration and reimbursable expenses separately.

(c) The Client shall pay the Consultant's invoices within sixty (60) days after the receipt by the Client of such itemized invoices with supporting documents. Only such portion of an invoice that is not satisfactorily supported may be withheld from payment.

Should any discrepancy be found to exist between actual payment and costs authorized to be incurred by the Consultant, the Client may add or subtract the difference from any subsequent payments.

(d) *The Final Payment* .The final payment under this Clause shall be made only after the final report and a final invoice, identified as such, shall have been submitted by the Consultant and approved as satisfactory by the Client. The Services shall be deemed completed and finally accepted by the Client and the final report and final invoice shall be deemed approved by the Client as satisfactory ninety (90) calendar days after receipt of the final report and final invoice by the Client unless the Client, within such ninety (90) calendar day period, gives written notice to the Consultant specifying in detail deficiencies in the Services, the final report or final invoice. The Consultant shall thereupon promptly make any necessary corrections, and thereafter the foregoing process shall be repeated. Any amount that the Client has paid or has caused to be paid in accordance with this Clause in excess of the amounts payable in accordance with the provisions of this Contract shall be reimbursed by the Consultant to the Client within thirty (30) days after receipt by the Consultant of notice thereof. Any such claim by the Client for reimbursement must be made within twelve (12) calendar months after receipt by the Client of a final report and a final invoice approved by the Client in accordance with the above.

(e) All payments under this Contract shall be made to the accounts of the Consultant specified in the **SCC**.

(f) With the exception of the final payment under (d) above, payments do not constitute acceptance of the Services nor relieve the Consultant of any obligations hereunder.

46. Interest on Delayed Payments

46.1 If the Client had delayed payments beyond fifteen (15) days after the due date stated in Clause GCC 45.1 (c), interest shall be paid to the Consultant on any amount due by, not paid on, such due date for each day of delay at the annual rate stated in the **SCC.**

G. FAIRNESS AND GOOD FAITH

47. Good Faith

47.1 The Parties undertake to act in good faith with respect to each other's rights under this Contract and to adopt all reasonable measures to ensure the realization of the objectives of this Contract.

H. SETTLEMENT OF DISPUTES

48. Amicable Settlement

48.1 The Parties shall seek to resolve any dispute amicably by mutual consultation.

48.2 If either Party objects to any action or inaction of the other Party, the objecting Party may file a written Notice of Dispute to the other Party providing in detail the basis of the dispute. The Party receiving the Notice of Dispute will consider it and respond in writing within fourteen (14) days after receipt. If that Party fails to respond within fourteen (14) days, or the dispute cannot be amicably settled within fourteen (14) days following the response of that Party, Clause GCC 49.1 shall apply.

49. Dispute Resolution

49.1 Any dispute between the Parties arising under or related to this Contract that cannot be settled amicably may be referred to by either Party to the adjudication/arbitration in accordance with the provisions specified in the **SCC**.

II. General Conditions

Attachment 1: Bank's Policy – Corrupt and Fraudulent Practices

(the text in this Attachment 1 shall not be modified)

Guidelines for Selection and Employment of Consultants under IBRD Loans and IDA Credits & Grants by World Bank Borrowers, dated January 2011:

"**Fraud and Corruption**

1.23 It is the Bank's policy to require that Borrowers (including beneficiaries of Bank loans), consultants, and their agents (whether declared or not), sub-contractors, sub-consultants, service providers, or suppliers, and any personnel thereof, observe the highest standard of ethics during the selection and execution of Bank-financed contracts [footnote: In this context, any action taken by a consultant or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, to influence the selection process or contract execution for undue advantage is improper.]. In pursuance of this policy, the Bank:

(a) defines, for the purposes of this provision, the terms set forth below as follows:

  (i) "corrupt practice" is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party[7];

  (ii) "fraudulent practice" is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation[8];

  (iii) "collusive practices" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party[9];

---

[7] *For the purpose of this sub-paragraph, "another party" refers to a public official acting in relation to the selection process or contract execution. In this context "public official" includes World Bank staff and employees of other organizations taking or reviewing selection decisions.*

[8] *For the purpose of this sub-paragraph, "party" refers to a public official; the terms "benefit" and "obligation" relate to the selection process or contract execution; and the "act or omission" is intended to influence the selection process or contract execution.*

[9] *For the purpose of this sub-paragraph, "parties" refers to participants in the procurement or selection process (including public officials) attempting either themselves, or through another person or entity not participating in the procurement or selection process, to simulate competition or to establish prices at artificial, non-competitive levels, or are privy to each other's bid prices or other conditions.*

(iv) "coercive practices" is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party[10];

(v) "obstructive practice" is

(aa) deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede a Bank investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation, or

(bb) acts intended to materially impede the exercise of the Bank's inspection and audit rights;

(b) will reject a proposal for award if it determines that the consultant recommended for award or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;

(c) will declare misprocurement and cancel the portion of the Loan allocated to a contract if it determines at any time that representatives of the Borrower or of a recipient of any part of the proceeds of the Loan were engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices during the selection process or the implementation of the contract in question, without the Borrower having taken timely and appropriate action satisfactory to the Bank to address such practices when they occur, including by failing to inform the Bank in a timely manner they knew of the practices;

(d) will sanction a firm or an individual at any time, in accordance with prevailing Bank's sanctions procedures[11], including by publicly declaring such firm or an ineligible, either indefinitely or for a stated period of time: (i) to be awarded a Bank-financed contract, and (ii) to be a nominated[12] sub-consultant, supplier, or service provider of an otherwise eligible firm being awarded a Bank-financed contract.

---

[10] For the purpose of this sub-paragraph, "party" refers to a participant in the selection process or contract execution.

[11] A firm or an individual may be declared ineligible to be awarded a Bank-financed contract upon (i) completion of the Bank's sanctions proceedings as per its sanctions procedures, including inter alia: cross-debarment as agreed with other International Financial Institutions, including Multilateral Development Banks, and through the application of the World Bank Group corporate administrative procurement sanctions procedures for fraud and corruption; and (ii) as a result of temporary suspension or early temporary suspension in connection with an ongoing sanctions proceedings. See footnote 12 and paragraph 8 of Appendix 1 of these Guidelines.

[12] A nominated sub-consultant, supplier, or service provider is one which has been either (i) included by the consultant in its proposal because it brings specific and critical experience and know-how that are accounted for in the technical evaluation of the consultant's proposal for the particular services; or (ii) appointed by the Borrower.

42.3	**Price adjustment on the remuneration …………….** ***[insert "*****applies*****" or "*** **does not apply*****"]*** *[If the Contract is less than 18 months, price adjustment does not apply.* *If the Contract has duration of more than 18 months, a price adjustment provision on the remuneration for foreign and/or local inflation shall be included here. The adjustment should be made every 12 months after the date of the contract for remuneration in foreign currency and – except if there is very high inflation in the Client's country, in which case more frequent adjustments should be provided for – at the same intervals for remuneration in local currency. Remuneration in foreign currency should be adjusted by using the relevant index for salaries in the country of the respective foreign currency (which normally is the country of the Consultant) and remuneration in local currency by using the corresponding index for the Client's country. A sample provision is provided below for guidance:* Payments for remuneration made in [foreign *and/or* local] currency shall be adjusted as follows: (1) Remuneration paid in foreign currency on the basis of the rates set forth in **Appendix C** shall be adjusted every 12 months (and, the first time, with effect for the remuneration earned in the 13th calendar month after the date of the Contract Effectiveness date) by applying the following formula: $R_f = R_{fo} \times \frac{I_f}{I_{fo}}$ {or $R_f = R_{fo} \times \left[\ 0.1 + 0.9 \frac{I_f}{I_{fo}}\ \right]$} where R_f is the adjusted remuneration; R_{fo} is the remuneration payable on the basis of the remuneration rates (**Appendix C**) in foreign currency; I_f is the official index for salaries in the country of the foreign currency for the first month for which the adjustment is supposed to have effect; and I_{fo} is the official index for salaries in the country of the foreign currency for the month of the date of the Contract. The Consultant shall state here the name, source institution, and any necessary identifying characteristics of the official index for salaries corresponding to I_f and I_{fo} in the adjustment formula for

	remuneration paid in foreign currency: [*Insert the name, source institution, and necessary identifying characteristics of the index for foreign currency, e.g. "Consumer Price Index for all Urban Consumers (CPI-U), not seasonally adjusted; U.S. Department of Labor, Bureau of Labor Statistics"*] (2) Remuneration paid in local currency pursuant to the rates set forth in **Appendix D** shall be adjusted every *[insert number]* months (and, for the first time, with effect for the remuneration earned in the *[insert number]*the calendar month after the date of the Contract) by applying the following formula: $R_l = R_{lo} \times \frac{I_l}{I_{lo}}$ {or $R_l = R_{lo} \times [\ 0.1 + 0.9 \frac{I_l}{I_{lo}}\ ]$} where R_l is the adjusted remuneration; R_{lo} is the remuneration payable on the basis of the remuneration rates (**Appendix D**) in local currency; I_l is the official index for salaries in the Client's country for the first month for which the adjustment is to have effect; and I_{lo} is the official index for salaries in the Client's country for the month of the date of the Contract. The Client shall state here the name, source institution, and any necessary identifying characteristics of the official index for salaries corresponding to I_l and I_{lo} in the adjustment formula for remuneration paid in local currency: [*Insert the name, source institution, and necessary identifying characteristics of the index for foreign currency*] (3) Any part of the remuneration that is paid in a currency different from the currency of the official index for salaries used in the adjustment formula, shall be adjusted by a correction factor X_0/X. X_0 is the number of units of currency of the country of the official index, equivalent to one unit of the currency of payment on the date of the contract. X is the number of units of currency of the country of the official index, equivalent to one unit of the currency of payment on the first day of the first month for which the adjustment is supposed to have effect.
43.1 and 43.2	*[The Bank leaves it to the Client to decide whether the Consultant (i) should be exempted from indirect local tax, or (ii) should be reimbursed by the Client for any such tax they might have to pay (or that the Client would pay such tax on behalf of the Consultant]*

The Client warrants that *[choose one applicable option consistent with the ITC 16.3 and the outcome of the Contract's negotiations (Form FIN-2, part B "Indirect Local Tax – Estimates"):*

If ITC16.3 indicates a tax exemption status, include the following: "**the Consultant, the Sub-consultants and the Experts shall be exempt from**"

OR

If ITC16.3 does not indicate the exemption and, depending on whether the Client shall pay the withholding tax or the Consultant has to pay, include the following:

*"***the Client shall pay on behalf of the Consultant, the Sub-consultants and the Experts,***" OR "***the Client shall reimburse the Consultant, the Sub-consultants and the Experts***"]*

any indirect taxes, duties, fees, levies and other impositions imposed, under the applicable law in the Client's country, on the Consultant, the Sub-consultants and the Experts in respect of:

(a) any payments whatsoever made to the Consultant, Sub-consultants and the Experts (other than nationals or permanent residents of the Client's country), in connection with the carrying out of the Services;

(b) any equipment, materials and supplies brought into the Client's country by the Consultant or Sub-consultants for the purpose of carrying out the Services and which, after having been brought into such territories, will be subsequently withdrawn by them;

(c) any equipment imported for the purpose of carrying out the Services and paid for out of funds provided by the Client and which is treated as property of the Client;

(d) any property brought into the Client's country by the Consultant, any Sub-consultants or the Experts (other than nationals or permanent residents of the Client's country), or the eligible dependents of such experts for their personal use and which will subsequently be withdrawn by them upon their respective departure from the Client's country, provided that:

   (i) the Consultant, Sub-consultants and experts shall follow the usual customs procedures of the Client's country in importing property into the Client's country; and

	(ii) **if the Consultant, Sub-consultants or Experts do not withdraw but dispose of any property in the Client's country upon which customs duties and taxes have been exempted, the Consultant, Sub-consultants or Experts, as the case may be, (a) shall bear such customs duties and taxes in conformity with the regulations of the Client's country, or (b) shall reimburse them to the Client if they were paid by the Client at the time the property in question was brought into the Client's country.**
44.1	**The currency [currencies] of payment shall be the following:** *[list currency(ies) which should be the same as in the Financial Proposal, Form FIN-2]*
45.1(a)	*[The advance payment could be in either the foreign currency, or the local currency, or both; select the correct wording in the Clause here below. The advance bank payment guarantee should be in the same currency(ies)]* The following provisions shall apply to the advance payment and the advance bank payment guarantee: (1) An advance payment [of *[insert amount]* in foreign currency] [and of *[insert amount]* in local currency] shall be made within *[insert number]* days after the Effective Date. The advance payment will be set off by the Client in equal installments against the statements for the first *[insert number]* months of the Services until the advance payment has been fully set off. (2) The advance bank payment guarantee shall be in the amount and in the currency of the currency(ies) of the advance payment.
45.1(b)	*[Delete this Clause SCC 45.1(b) if the Consultant shall have to submit its itemized statements monthly. Otherwise, the following text can be used to indicate the required intervals:* **The Consultant shall submit to the Client itemized statements at time intervals of __________________** *[e.g. "every quarter", "every six months", "every two weeks", etc.]*.

46.1	**The interest rate is**: *[insert rate]*.
49.	*[In contracts with foreign consultants, the Bank requires that the international commercial arbitration in a neutral venue is used.]* **Disputes shall be settled by arbitration in accordance with the following provisions:** 1. Selection of Arbitrators. Each dispute submitted by a Party to arbitration shall be heard by a sole arbitrator or an arbitration panel composed of three (3) arbitrators, in accordance with the following provisions: (a) Where the Parties agree that the dispute concerns a technical matter, they may agree to appoint a sole arbitrator or, failing agreement on the identity of such sole arbitrator within thirty (30) days after receipt by the other Party of the proposal of a name for such an appointment by the Party who initiated the proceedings, either Party may apply to *[name an appropriate international professional body, e.g., the Federation Internationale des Ingenieurs-Conseil (FIDIC) of Lausanne, Switzerland]* for a list of not fewer than five (5) nominees and, on receipt of such list, the Parties shall alternately strike names therefrom, and the last remaining nominee on the list shall be the sole arbitrator for the matter in dispute. If the last remaining nominee has not been determined in this manner within sixty (60) days of the date of the list, *[insert the name of the same professional body as above]* shall appoint, upon the request of either Party and from such list or otherwise, a sole arbitrator for the matter in dispute. (b) Where the Parties do not agree that the dispute concerns a technical matter, the Client and the Consultant shall each appoint one (1) arbitrator, and these two arbitrators shall jointly appoint a third arbitrator, who shall chair the arbitration panel. If the arbitrators named by the Parties do not succeed in appointing a third arbitrator within thirty (30) days after the latter of the two (2) arbitrators named by the Parties has been appointed, the third arbitrator shall, at the request of either Party, be appointed by *[name an appropriate international appointing authority, e.g., the Secretary General of the Permanent Court of Arbitration,*

	The Hague; the Secretary General of the International Centre for Settlement of Investment Disputes, Washington, D.C.; the International Chamber of Commerce, Paris; etc.]. (c) If, in a dispute subject to paragraph (b) above, one Party fails to appoint its arbitrator within thirty (30) days after the other Party has appointed its arbitrator, the Party which has named an arbitrator may apply to the *[name the same appointing authority as in said paragraph (b)]* to appoint a sole arbitrator for the matter in dispute, and the arbitrator appointed pursuant to such application shall be the sole arbitrator for that dispute.
	2. Rules of Procedure. Except as otherwise stated herein, arbitration proceedings shall be conducted in accordance with the rules of procedure for arbitration of the United Nations Commission on International Trade Law (UNCITRAL) as in force on the date of this Contract. 3. Substitute Arbitrators. If for any reason an arbitrator is unable to perform his/her function, a substitute shall be appointed in the same manner as the original arbitrator. 4. Nationality and Qualifications of Arbitrators. The sole arbitrator or the third arbitrator appointed pursuant to paragraphs 1(a) through 1(c) above shall be an internationally recognized legal or technical expert with extensive experience in relation to the matter in dispute and shall not be a national of the Consultant's home country *[**Note**: If the Consultant consists of more than one entity, add:* or of the home country of any of their members or Parties*]* or of the Government's country. For the purposes of this Clause, "home country" means any of: (a) the country of incorporation of the Consultant *[**Note**: If the Consultant consists of more than one entity, add:* or of any of their members or Parties*]*; or (b) the country in which the Consultant's [or any of their members' or Parties'] principal place of business is located; or (c) the country of nationality of a majority of the Consultant's [or of any members' or Parties'] shareholders; or

	(d) the country of nationality of the Sub-consultants concerned, where the dispute involves a subcontract.
	5. Miscellaneous. In any arbitration proceeding hereunder: (a) proceedings shall, unless otherwise agreed by the Parties, be held in *[select a country which is neither the Client's country nor the Consultant's country]*; (b) the *[type of language]* language shall be the official language for all purposes; and (c) the decision of the sole arbitrator or of a majority of the arbitrators (or of the third arbitrator if there is no such majority) shall be final and binding and shall be enforceable in any court of competent jurisdiction, and the Parties hereby waive any objections to or claims of immunity in respect of such enforcement.

IV. Appendices

APPENDIX A – TERMS OF REFERENCE

[This Appendix shall include the final Terms of Reference (TORs) worked out by the Client and the Consultant during the negotiations; dates for completion of various tasks; location of performance for different tasks; detailed reporting requirements; Client's input, including counterpart personnel assigned by the Client to work on the Consultant's team; specific tasks that require prior approval by the Client.

APPENDIX E - FORM OF ADVANCE PAYMENTS GUARANTEE

[See Clause GCC 45.1 (a) and SCC 45.1(a)]

Bank Guarantee for Advance Payment

______________________________ *[Bank's Name, and Address of Issuing Branch or Office]*

Beneficiary: _________________ *[Name and Address of Client]*

Date: ________________

ADVANCE PAYMENT GUARANTEE No.: _________________

We have been informed that ____________ *[name of Consultant or a name of the Joint Venture, same as appears on the signed Contract]* (hereinafter called "the Consultant") has entered into Contract No. _____________ *[reference number of the contract]* dated ____________ with you, for the provision of __________________ *[brief description of Services]* (hereinafter called "the Contract").

Furthermore, we understand that, according to the conditions of the Contract, an advance payment in the sum of ___________ *[amount in figures]* (___________) *[amount in words]* is to be made against an advance payment guarantee.

At the request of the Consultant, we _______________ *[name of bank]* hereby irrevocably undertake to pay you any sum or sums not exceeding in total an amount of ___________ *[amount in figures]* (___________) *[amount in words]*[1] upon receipt by us of your first demand in writing accompanied by a written statement stating that the Consultant are in breach of their obligation under the Contract because the Consultant have used the advance payment for purposes other than toward providing the Services under the Contract.

It is a condition for any claim and payment under this guarantee to be made that the advance payment referred to above must have been received by the Consultant on their account number ___________ at _________________ *[name and address of bank]*.

The maximum amount of this guarantee shall be progressively reduced by the amount of the advance payment repaid by the Consultant as indicated in copies of certified monthly statements which shall be presented to us. This guarantee shall expire, at the latest, upon our receipt of the monthly payment certificate indicating that the Consultant has made full repayment of the

amount of the advance payment, or on the __ day of ___________, 2___,[2] whichever is earlier. Consequently, any demand for payment under this guarantee must be received by us at this office on or before that date.

---

[1] The Guarantor shall insert an amount representing the amount of the advance payment and denominated either in the currency(ies) of the advance payment as specified in the Contract, or in a freely convertible currency acceptable to the Client.

This guarantee is subject to the Uniform Rules for Demand Guarantees, ICC Publication No. 458.

II. General Conditions of Contract

A. GENERAL PROVISIONS

1. Definitions

1.1. Unless the context otherwise requires, the following terms whenever used in this Contract have the following meanings:

(a) "Applicable Guidelines" means Guidelines for Selection and Employment of Consultants under IBRD Loans and IDA Credits & Grants by World Bank Borrowers, dated January 2011.

(b) "Applicable Law" means the laws and any other instruments having the force of law in the Client's country, or in such other country as may be specified in the **Special Conditions of Contract (SCC)**, as they may be issued and in force from time to time.

(c) "Bank" means the International Bank for Reconstruction and Development (IBRD) or the International Development Association (IDA).

(d) "Borrower" means the Government, Government agency or other entity that signs the financing agreement with the Bank.

(e) "Client" means the implementing agency that signs the Contract for the Services with the Selected Consultant.

(f) "Consultant" means a legally-established professional consulting firm or entity selected by the Client to provide the Services under the signed Contract.

(g) "Contract" means the legally binding written agreement signed between the Client and the Consultant and which includes all the attached documents listed in its paragraph 1 of the Form of Contract (the General Conditions (GCC), the Special Conditions (SCC), and the Appendices).

(h) "Day" means a working day unless indicated otherwise.

(i) "Effective Date" means the date on which this Contract comes into force and effect pursuant to Clause GCC 11.

(j) "Experts" means, collectively, Key Experts, Non-Key Experts, or any other personnel of the Consultant, Sub-consultant or JV member(s) assigned by the Consultant to perform the Services or any part thereof under the Contract.

(k) “Foreign Currency” means any currency other than the currency of the Client’s country.

(l) “GCC” means these General Conditions of Contract.

(m) “Government” means the government of the Client’s country.

(n) “Joint Venture (JV)” means an association with or without a legal personality distinct from that of its members, of more than one entity where one member has the authority to conduct all businesses for and on behalf of any and all the members of the JV, and where the members of the JV are jointly and severally liable to the Client for the performance of the Contract.

(o) “Key Expert(s)” means an individual professional whose skills, qualifications, knowledge and experience are critical to the performance of the Services under the Contract and whose Curricula Vitae (CV) was taken into account in the technical evaluation of the Consultant’s proposal.

(p) “Local Currency” means the currency of the Client’s country.

(q) “Non-Key Expert(s)” means an individual professional provided by the Consultant or its Sub-consultant to perform the Services or any part thereof under the Contract.

(r) “Party” means the Client or the Consultant, as the case may be, and “Parties” means both of them.

(s) “SCC” means the Special Conditions of Contract by which the GCC may be amended or supplemented but not over-written.

(t) “Services” means the work to be performed by the Consultant pursuant to this Contract, as described in Appendix A hereto.

(u) “Sub-consultants” means an entity to whom/which the Consultant subcontracts any part of the Services while remaining solely liable for the execution of the Contract.

(v) “Third Party” means any person or entity other than the Government, the Client, the Consultant or a Sub-consultant.

2. Relationship between the Parties

2.1. Nothing contained herein shall be construed as establishing a relationship of master and servant or of principal and agent as between the Client and the Consultant. The Consultant, subject to this Contract, has complete charge of the Experts and Sub-consultants, if any, performing the Services and shall be fully responsible for the Services performed by them or on their behalf hereunder.

3. Law Governing Contract

3.1. This Contract, its meaning and interpretation, and the relation between the Parties shall be governed by the Applicable Law.

4. Language

4.1. This Contract has been executed in the language specified in the **SCC**, which shall be the binding and controlling language for all matters relating to the meaning or interpretation of this Contract.

5. Headings

5.1. The headings shall not limit, alter or affect the meaning of this Contract.

6. Communications

6.1. Any communication required or permitted to be given or made pursuant to this Contract shall be in writing in the language specified in Clause GCC 4. Any such notice, request or consent shall be deemed to have been given or made when delivered in person to an authorized representative of the Party to whom the communication is addressed, or when sent to such Party at the address specified in the **SCC**.

6.2. A Party may change its address for notice hereunder by giving the other Party any communication of such change to the address specified in the **SCC**.

7. Location

7.1. The Services shall be performed at such locations as are specified in **Appendix A** hereto and, where the location of a particular task is not so specified, at such locations, whether in the Government's country or elsewhere, as the Client may approve.

8. Authority of Member in Charge

8.1. In case the Consultant is a Joint Venture, the members hereby authorize the member specified in the **SCC** to act on their behalf in exercising all the Consultant's rights and obligations towards the Client under this Contract, including without limitation the receiving of instructions and payments from the Client.

9. Authorized Representatives

9.1. Any action required or permitted to be taken, and any document required or permitted to be executed under this Contract by the Client or the Consultant may be taken or executed by the officials specified in the **SCC.**

10. Corrupt and Fraudulent Practices

10.1. The Bank requires compliance with its policy in regard to corrupt and fraudulent practices as set forth in **Attachment 1** to the GCC.

a. Commissions and Fees

10.2. The Client requires the Consultant to disclose any commissions, gratuities or fees that may have been paid or are to be paid to agents or any other party with respect to the selection process or execution of the Contract. The information disclosed must include at least the name and address of the agent or other party, the amount and currency, and the purpose of the commission, gratuity or fee.

Failure to disclose such commissions, gratuities or fees may result in termination of the Contract and/or sanctions by the Bank.

B. COMMENCEMENT, COMPLETION, MODIFICATION AND TERMINATION OF CONTRACT

11. Effectiveness of Contract

11.1. This Contract shall come into force and effect on the date (the "Effective Date") of the Client's notice to the Consultant instructing the Consultant to begin carrying out the Services. This notice shall confirm that the effectiveness conditions, if any, listed in the **SCC** have been met.

12. Termination of Contract for Failure to Become Effective

12.1. If this Contract has not become effective within such time period after the date of Contract signature as specified in the **SCC**, either Party may, by not less than twenty two (22) days written notice to the other Party, declare this Contract to be null and void, and in the event of such a declaration by either Party, neither Party shall have any claim against the other Party with respect hereto.

13. Commencement of Services

13.1. The Consultant shall confirm availability of Key Experts and begin carrying out the Services not later than the number of days after the Effective Date specified in the **SCC**.

14. Expiration of Contract

14.1. Unless terminated earlier pursuant to Clause GCC 19 hereof, this Contract shall expire at the end of such time period after the Effective Date as specified in the **SCC**.

15. Entire Agreement

15.1. This Contract contains all covenants, stipulations and provisions agreed by the Parties. No agent or representative of either Party has authority to make, and the Parties shall not be bound by or be liable for, any statement, representation, promise or agreement not set forth herein.

16. Modifications or Variations

16.1. Any modification or variation of the terms and conditions of this Contract, including any modification or variation of the scope of the Services, may only be made by written agreement between the Parties. However, each Party shall give due consideration to any proposals for modification or variation made by the other Party.

16.2. In cases of substantial modifications or variations, the prior written consent of the Bank is required.

17. Force Majeure

a. Definition

17.1. For the purposes of this Contract, "Force Majeure" means an event which is beyond the reasonable control of a Party, is not foreseeable, is unavoidable, and makes a Party's performance of its obligations hereunder impossible or so impractical as reasonably to

be considered impossible under the circumstances, and subject to those requirements, includes, but is not limited to, war, riots, civil disorder, earthquake, fire, explosion, storm, flood or other adverse weather conditions, strikes, lockouts or other industrial action confiscation or any other action by Government agencies.

17.2. Force Majeure shall not include (i) any event which is caused by the negligence or intentional action of a Party or such Party's Experts, Sub-consultants or agents or employees, nor (ii) any event which a diligent Party could reasonably have been expected to both take into account at the time of the conclusion of this Contract, and avoid or overcome in the carrying out of its obligations hereunder.

17.3. Force Majeure shall not include insufficiency of funds or failure to make any payment required hereunder.

b. No Breach of Contract

17.4. The failure of a Party to fulfill any of its obligations hereunder shall not be considered to be a breach of, or default under, this Contract insofar as such inability arises from an event of Force Majeure, provided that the Party affected by such an event has taken all reasonable precautions, due care and reasonable alternative measures, all with the objective of carrying out the terms and conditions of this Contract.

c. Measures to be Taken

17.5. A Party affected by an event of Force Majeure shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall take all reasonable measures to minimize the consequences of any event of Force Majeure.

17.6. A Party affected by an event of Force Majeure shall notify the other Party of such event as soon as possible, and in any case not later than fourteen (14) calendar days following the occurrence of such event, providing evidence of the nature and cause of such event, and shall similarly give written notice of the restoration of normal conditions as soon as possible.

17.7. Any period within which a Party shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a result of Force Majeure.

17.8. During the period of their inability to perform the Services as a result of an event of Force Majeure, the Consultant, upon instructions by the Client, shall either:

(a) demobilize, in which case the Consultant shall be reimbursed for additional costs they reasonably and

necessarily incurred, and, if required by the Client, in reactivating the Services; or

(b) continue with the Services to the extent reasonably possible, in which case the Consultant shall continue to be paid under the terms of this Contract and be reimbursed for additional costs reasonably and necessarily incurred.

17.9. In the case of disagreement between the Parties as to the existence or extent of Force Majeure, the matter shall be settled according to Clauses GCC 44 & 45.

18. Suspension

18.1. The Client may, by written notice of suspension to the Consultant, suspend all payments to the Consultant hereunder if the Consultant fails to perform any of its obligations under this Contract, including the carrying out of the Services, provided that such notice of suspension (i) shall specify the nature of the failure, and (ii) shall request the Consultant to remedy such failure within a period not exceeding thirty (30) calendar days after receipt by the Consultant of such notice of suspension.

19. Termination

19.1. This Contract may be terminated by either Party as per provisions set up below:

a. By the Client

19.1.1. The Client may terminate this Contract in case of the occurrence of any of the events specified in paragraphs (a) through (f) of this Clause. In such an occurrence the Client shall give at least thirty (30) calendar days' written notice of termination to the Consultant in case of the events referred to in (a) through (d); at least sixty (60) calendar days' written notice in case of the event referred to in (e); and at least five (5) calendar days' written notice in case of the event referred to in (f):

(a) If the Consultant fails to remedy a failure in the performance of its obligations hereunder, as specified in a notice of suspension pursuant to Clause GCC 18;

(b) If the Consultant becomes (or, if the Consultant consists of more than one entity, if any of its members becomes) insolvent or bankrupt or enter into any agreements with their creditors for relief of debt or take advantage of any law for the benefit of debtors or go into liquidation or receivership whether compulsory or voluntary;

(c) If the Consultant fails to comply with any final decision reached as a result of arbitration proceedings pursuant to Clause GCC 45.1;

(d) If, as the result of Force Majeure, the Consultant is unable to perform a material portion of the Services for a period of not less than sixty (60) calendar days;

(e) If the Client, in its sole discretion and for any reason whatsoever, decides to terminate this Contract;

(f) If the Consultant fails to confirm availability of Key Experts as required in Clause GCC 13.

19.1.2. Furthermore, if the Client determines that the Consultant has engaged in corrupt, fraudulent, collusive, coercive or obstructive practices, in competing for or in executing the Contract, then the Client may, after giving fourteen (14) calendar days written notice to the Consultant, terminate the Consultant's employment under the Contract.

b. By the Consultant

19.1.3. The Consultant may terminate this Contract, by not less than thirty (30) calendar days' written notice to the Client, in case of the occurrence of any of the events specified in paragraphs (a) through (d) of this Clause.

(a) If the Client fails to pay any money due to the Consultant pursuant to this Contract and not subject to dispute pursuant to Clause GCC 45.1 within forty-five (45) calendar days after receiving written notice from the Consultant that such payment is overdue.

(b) If, as the result of Force Majeure, the Consultant is unable to perform a material portion of the Services for a period of not less than sixty (60) calendar days.

(c) If the Client fails to comply with any final decision reached as a result of arbitration pursuant to Clause GCC 45.1.

(d) If the Client is in material breach of its obligations pursuant to this Contract and has not remedied the same within forty-five (45) days (or such longer period as the Consultant may have subsequently approved in writing) following the receipt by the Client of the Consultant's notice specifying such breach.

c. Cessation of Rights and Obligations

19.1.4. Upon termination of this Contract pursuant to Clauses GCC 12 or GCC 19 hereof, or upon expiration of this Contract pursuant to Clause GCC 14, all rights and obligations of the Parties hereunder shall cease, except (i) such rights and obligations as may have accrued on the date of termination or expiration, (ii) the obligation of confidentiality set forth in Clause GCC 22, (iii) the Consultant's obligation to permit

inspection, copying and auditing of their accounts and records set forth in Clause GCC 25, and (iv) any right which a Party may have under the Applicable Law.

d. Cessation of Services

19.1.5. Upon termination of this Contract by notice of either Party to the other pursuant to Clauses GCC 19a or GCC 19b, the Consultant shall, immediately upon dispatch or receipt of such notice, take all necessary steps to bring the Services to a close in a prompt and orderly manner and shall make every reasonable effort to keep expenditures for this purpose to a minimum. With respect to documents prepared by the Consultant and equipment and materials furnished by the Client, the Consultant shall proceed as provided, respectively, by Clauses GCC 27 or GCC 28.

e. Payment upon Termination

19.1.6. Upon termination of this Contract, the Client shall make the following payments to the Consultant:

(a) payment for Services satisfactorily performed prior to the effective date of termination; and

(b) in the case of termination pursuant to paragraphs (d) and (e) of Clause GCC 19.1.1, reimbursement of any reasonable cost incidental to the prompt and orderly termination of this Contract, including the cost of the return travel of the Experts.

C. OBLIGATIONS OF THE CONSULTANT

20. General

a. Standard of Performance

20.1 The Consultant shall perform the Services and carry out the Services with all due diligence, efficiency and economy, in accordance with generally accepted professional standards and practices, and shall observe sound management practices, and employ appropriate technology and safe and effective equipment, machinery, materials and methods. The Consultant shall always act, in respect of any matter relating to this Contract or to the Services, as a faithful adviser to the Client, and shall at all times support and safeguard the Client’s legitimate interests in any dealings with the third parties.

20.2. The Consultant shall employ and provide such qualified and experienced Experts and Sub-consultants as are required to carry out the Services.

20.3. The Consultant may subcontract part of the Services to an extent and with such Key Experts and Sub-consultants as may be

approved in advance by the Client. Notwithstanding such approval, the Consultant shall retain full responsibility for the Services.

b. Law Applicable to Services

20.4. The Consultant shall perform the Services in accordance with the Contract and the Applicable Law and shall take all practicable steps to ensure that any of its Experts and Sub-consultants, comply with the Applicable Law.

20.5. Throughout the execution of the Contract, the Consultant shall comply with the import of goods and services prohibitions in the Client's country when

(a) as a matter of law or official regulations, the Borrower's country prohibits commercial relations with that country; or

(b) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Borrower's Country prohibits any import of goods from that country or any payments to any country, person, or entity in that country.

20.6. The Client shall notify the Consultant in writing of relevant local customs, and the Consultant shall, after such notification, respect such customs.

21. Conflict of Interests

21.1. The Consultant shall hold the Client's interests paramount, without any consideration for future work, and strictly avoid conflict with other assignments or their own corporate interests.

a. Consultant Not to Benefit from Commissions, Discounts, etc.

21.1.1 The payment of the Consultant pursuant to GCC F (Clauses GCC 38 through 42) shall constitute the Consultant's only payment in connection with this Contract and, subject to Clause GCC 21.1.3, the Consultant shall not accept for its own benefit any trade commission, discount or similar payment in connection with activities pursuant to this Contract or in the discharge of its obligations hereunder, and the Consultant shall use its best efforts to ensure that any Sub-consultants, as well as the Experts and agents of either of them, similarly shall not receive any such additional payment.

21.1.2 Furthermore, if the Consultant, as part of the Services, has the responsibility of advising the Client on the procurement of goods, works or services, the Consultant shall comply with the Bank's Applicable Guidelines, and shall at all times exercise such responsibility in the best interest of the Client. Any discounts or commissions obtained by the Consultant in the exercise of such procurement responsibility shall be for the account of the Client.

b. Consultant and Affiliates Not to Engage in Certain Activities

21.1.3 The Consultant agrees that, during the term of this Contract and after its termination, the Consultant and any entity affiliated with the Consultant, as well as any Sub-consultants and any entity affiliated with such Sub-consultants, shall be disqualified from providing goods, works or non-consulting services resulting from or directly related to the Consultant's Services for the preparation or implementation of the project, unless otherwise indicated in the **SCC**.

c. Prohibition of Conflicting Activities

21.1.4 The Consultant shall not engage, and shall cause its Experts as well as its Sub-consultants not to engage, either directly or indirectly, in any business or professional activities that would conflict with the activities assigned to them under this Contract.

d. Strict Duty to Disclose Conflicting Activities

21.1.5 The Consultant has an obligation and shall ensure that its Experts and Sub-consultants shall have an obligation to disclose any situation of actual or potential conflict that impacts their capacity to serve the best interest of their Client, or that may reasonably be perceived as having this effect. Failure to disclose said situations may lead to the disqualification of the Consultant or the termination of its Contract.

22. Confidentiality

22.1 Except with the prior written consent of the Client, the Consultant and the Experts shall not at any time communicate to any person or entity any confidential information acquired in the course of the Services, nor shall the Consultant and the Experts make public the recommendations formulated in the course of, or as a result of, the Services.

23. Liability of the Consultant

23.1 Subject to additional provisions, if any, set forth in the **SCC**, the Consultant's liability under this Contract shall be provided by the Applicable Law.

24. Insurance to be Taken out by the Consultant

24.1 The Consultant (i) shall take out and maintain, and shall cause any Sub-consultants to take out and maintain, at its (or the Sub-consultants', as the case may be) own cost but on terms and conditions approved by the Client, insurance against the risks, and for the coverage specified in the **SCC,** and (ii) at the Client's request, shall provide evidence to the Client showing that such insurance has been taken out and maintained and that the current premiums therefore have been paid. The Consultant shall ensure that such insurance is in place prior to commencing the Services as stated in Clause GCC 13.

25. Accounting, Inspection and Auditing

25.1 The Consultant shall keep, and shall make all reasonable efforts to cause its Sub-consultants to keep, accurate and systematic accounts and records in respect of the Services and in such form and detail as will clearly identify relevant time changes and costs.

25.2 The Consultant shall permit and shall cause its Sub-consultants to permit, the Bank and/or persons appointed by the Bank to inspect the Site and/or all accounts and records relating to the performance of the Contract and the submission of the Proposal to provide the Services, and to have such accounts and records audited by auditors appointed by the Bank if requested by the Bank. The Consultant's attention is drawn to Clause GCC 10 which provides, inter alia, that acts intended to materially impede the exercise of the Bank's inspection and audit rights provided for under this Clause GCC25.2 constitute a prohibited practice subject to contract termination (as well as to a determination of ineligibility under the Bank's prevailing sanctions procedures.)

26. Reporting Obligations

26.1 The Consultant shall submit to the Client the reports and documents specified in **Appendix A**, in the form, in the numbers and within the time periods set forth in the said Appendix.

27. Proprietary Rights of the Client in Reports and Records

27.1 Unless otherwise indicated in the **SCC**, all reports and relevant data and information such as maps, diagrams, plans, databases, other documents and software, supporting records or material compiled or prepared by the Consultant for the Client in the course of the Services shall be confidential and become and remain the absolute property of the Client. The Consultant shall, not later than upon termination or expiration of this Contract, deliver all such documents to the Client, together with a detailed inventory thereof. The Consultant may retain a copy of such documents, data and/or software but shall not use the same for purposes unrelated to this Contract without prior written approval of the Client.

27.2 If license agreements are necessary or appropriate between the Consultant and third parties for purposes of development of the plans, drawings, specifications, designs, databases, other documents and software, the Consultant shall obtain the Client's prior written approval to such agreements, and the Client shall be entitled at its discretion to require recovering the expenses related to the development of the program(s) concerned. Other restrictions about the future use of these documents and software, if any, shall be specified in the **SCC**.

28. Equipment, Vehicles and Materials

28.1 Equipment, vehicles and materials made available to the Consultant by the Client, or purchased by the Consultant wholly or partly with funds provided by the Client, shall be the property of the Client and shall be marked accordingly. Upon termination or expiration of this Contract, the Consultant shall make available to the

Client an inventory of such equipment, vehicles and materials and shall dispose of such equipment, vehicles and materials in accordance with the Client's instructions. While in possession of such equipment, vehicles and materials, the Consultant, unless otherwise instructed by the Client in writing, shall insure them at the expense of the Client in an amount equal to their full replacement value.

28.2 Any equipment or materials brought by the Consultant or its Experts into the Client's country for the use either for the project or personal use shall remain the property of the Consultant or the Experts concerned, as applicable.

D. CONSULTANT'S EXPERTS AND SUB-CONSULTANTS

29. Description of Key Experts

29.1 The title, agreed job description, minimum qualification and estimated period of engagement to carry out the Services of each of the Consultant's Key Experts are described in **Appendix B.**

30. Replacement of Key Experts

30.1 Except as the Client may otherwise agree in writing, no changes shall be made in the Key Experts.

30.2 Notwithstanding the above, the substitution of Key Experts during Contract execution may be considered only based on the Consultant's written request and due to circumstances outside the reasonable control of the Consultant, including but not limited to death or medical incapacity. In such case, the Consultant shall forthwith provide as a replacement, a person of equivalent or better qualifications and experience, and at the same rate of remuneration.

31. Removal of Experts or Sub-consultants

31.1 If the Client finds that any of the Experts or Sub-consultant has committed serious misconduct or has been charged with having committed a criminal action, or shall the Client determine that Consultant's Expert of Sub-consultant have engaged in corrupt, fraudulent, collusive, coercive or obstructive practice while performing the Services, the Consultant shall, at the Client's written request, provide a replacement.

31.2 In the event that any of Key Experts, Non-Key Experts or Sub-consultants is found by the Client to be incompetent or incapable in discharging assigned duties, the Client, specifying the grounds therefore, may request the Consultant to provide a replacement.

31.3 Any replacement of the removed Experts or Sub-consultants shall possess better qualifications and experience and shall be acceptable to the Client.

31.4 The Consultant shall bear all costs arising out of or incidental to any removal and/or replacement of such Experts.

E. OBLIGATIONS OF THE CLIENT

32. Assistance and Exemptions

32.1 Unless otherwise specified in the **SCC**, the Client shall use its best efforts to:

(a) Assist the Consultant with obtaining work permits and such other documents as shall be necessary to enable the Consultant to perform the Services.

(b) Assist the Consultant with promptly obtaining, for the Experts and, if appropriate, their eligible dependents, all necessary entry and exit visas, residence permits, exchange permits and any other documents required for their stay in the Client's country while carrying out the Services under the Contract.

(c) Facilitate prompt clearance through customs of any property required for the Services and of the personal effects of the Experts and their eligible dependents.

(c) Issue to officials, agents and representatives of the Government all such instructions and information as may be necessary or appropriate for the prompt and effective implementation of the Services.

(d) Assist the Consultant and the Experts and any Sub-consultants employed by the Consultant for the Services with obtaining exemption from any requirement to register or obtain any permit to practice their profession or to establish themselves either individually or as a corporate entity in the Client's country according to the applicable law in the Client's country.

(e) Assist the Consultant, any Sub-consultants and the Experts of either of them with obtaining the privilege, pursuant to the applicable law in the Client's country, of bringing into the Client's country reasonable amounts of foreign currency for the purposes of the Services or for the personal use of the Experts and of withdrawing any such amounts as may be earned therein by the Experts in the execution of the Services.

(f) Provide to the Consultant any such other assistance as may be specified in the **SCC**.

33. Access to Project Site

33.1 The Client warrants that the Consultant shall have, free of charge, unimpeded access to the project site in respect of which access is required for the performance of the Services. The Client will be

responsible for any damage to the project site or any property thereon resulting from such access and will indemnify the Consultant and each of the experts in respect of liability for any such damage, unless such damage is caused by the willful default or negligence of the Consultant or any Sub-consultants or the Experts of either of them.

34. Change in the Applicable Law Related to Taxes and Duties

34.1 If, after the date of this Contract, there is any change in the applicable law in the Client's country with respect to taxes and duties which increases or decreases the cost incurred by the Consultant in performing the Services, then the remuneration and reimbursable expenses otherwise payable to the Consultant under this Contract shall be increased or decreased accordingly by agreement between the Parties hereto, and corresponding adjustments shall be made to the Contract price amount specified in Clause GCC 38.1

35. Services, Facilities and Property of the Client

35.1 The Client shall make available to the Consultant and the Experts, for the purposes of the Services and free of any charge, the services, facilities and property described in the Terms of Reference (**Appendix A)** at the times and in the manner specified in said **Appendix A.**

36. Counterpart Personnel

36.1 The Client shall make available to the Consultant free of charge such professional and support counterpart personnel, to be nominated by the Client with the Consultant's advice, if specified in **Appendix A**.

36.2 Professional and support counterpart personnel, excluding Client's liaison personnel, shall work under the exclusive direction of the Consultant. If any member of the counterpart personnel fails to perform adequately any work assigned to such member by the Consultant that is consistent with the position occupied by such member, the Consultant may request the replacement of such member, and the Client shall not unreasonably refuse to act upon such request.

37. Payment Obligation

37.1 In consideration of the Services performed by the Consultant under this Contract, the Client shall make such payments to the Consultant for the deliverables specified in **Appendix A** and in such manner as is provided by GCC F below.

F. PAYMENTS TO THE CONSULTANT

38. Contract Price

38.1 The Contract price is fixed and is set forth in the **SCC.** The Contract price breakdown is provided in **Appendix C**.

38.2 Any change to the Contract price specified in Clause 38.1 can be made only if the Parties have agreed to the revised scope of Services

pursuant to Clause GCC 16 and have amended in writing the Terms of Reference in **Appendix A**.

39. Taxes and Duties

39.1 The Consultant, Sub-consultants and Experts are responsible for meeting any and all tax liabilities arising out of the Contract unless it is stated otherwise in the **SCC**.

39.2 As an exception to the above and as stated in the **SCC**, all local identifiable indirect taxes (itemized and finalized at Contract negotiations) are reimbursed to the Consultant or are paid by the Client on behalf of the Consultant.

40. Currency of Payment

40.1 Any payment under this Contract shall be made in the currency(ies) of the Contract.

41. Mode of Billing and Payment

41.1 The total payments under this Contract shall not exceed the Contract price set forth in Clause GCC 38.1.

41.2 The payments under this Contract shall be made in lump-sum installments against deliverables specified in **Appendix A**. The payments will be made according to the payment schedule stated in the **SCC**.

41.2.1 *Advance payment:* Unless otherwise indicated in the **SCC**, an advance payment shall be made against an advance payment bank guarantee acceptable to the Client in an amount (or amounts) and in a currency (or currencies) specified in the **SCC**. Such guarantee (i) is to remain effective until the advance payment has been fully set off, and (ii) is to be in the form set forth in **Appendix D**, or in such other form as the Client shall have approved in writing. The advance payments will be set off by the Client in equal portions against the lump-sum installments specified in the **SCC** until said advance payments have been fully set off.

41.2.2 *The Lump-Sum Installment Payments.* The Client shall pay the Consultant within sixty (60) days after the receipt by the Client of the deliverable(s) and the cover invoice for the related lump-sum installment payment. The payment can be withheld if the Client does not approve the submitted deliverable(s) as satisfactory in which case the Client shall provide comments to the Consultant within the same sixty (60) days period. The Consultant shall thereupon promptly make any necessary corrections, and thereafter the foregoing process shall be repeated.

41.2.3 *The Final Payment* .The final payment under this Clause shall be made only after the final report l have been submitted by the Consultant and approved as satisfactory by the Client. The

Services shall then be deemed completed and finally accepted by the Client. The last lump-sum installment shall be deemed approved for payment by the Client within ninety (90) calendar days after receipt of the final report by the Client unless the Client, within such ninety (90) calendar day period, gives written notice to the Consultant specifying in detail deficiencies in the Services, the final report. The Consultant shall thereupon promptly make any necessary corrections, and thereafter the foregoing process shall be repeated. 41.2.4 All payments under this Contract shall be made to the accounts of the Consultant specified in the **SCC**.

41.2.4 With the exception of the final payment under 41.2.3 above, payments do not constitute acceptance of the whole Services nor relieve the Consultant of any obligations hereunder.

42. Interest on Delayed Payments

42.1 If the Client had delayed payments beyond fifteen (15) days after the due date stated in Clause GCC 41.2.2 , interest shall be paid to the Consultant on any amount due by, not paid on, such due date for each day of delay at the annual rate stated in the **SCC.**

G. FAIRNESS AND GOOD FAITH

43. Good Faith

43.1 The Parties undertake to act in good faith with respect to each other's rights under this Contract and to adopt all reasonable measures to ensure the realization of the objectives of this Contract.

H. SETTLEMENT OF DISPUTES

44. Amicable Settlement

44.1 The Parties shall seek to resolve any dispute amicably by mutual consultation.

44.2 If either Party objects to any action or inaction of the other Party, the objecting Party may file a written Notice of Dispute to the other Party providing in detail the basis of the dispute. The Party receiving the Notice of Dispute will consider it and respond in writing within fourteen (14) days after receipt. If that Party fails to respond within fourteen (14) days, or the dispute cannot be amicably settled within fourteen (14) days following the response of that Party, Clause GCC 49.1 shall apply.

45. Dispute Resolution

45.1 Any dispute between the Parties arising under or related to this Contract that cannot be settled amicably may be referred to by either Party to the adjudication/arbitration in accordance with the provisions specified in the **SCC**.

II. General Conditions

Attachment 1: Bank's Policy – Corrupt and Fraudulent Practices

(the text in this Attachment 1 shall not be modified)

Guidelines for Selection and Employment of Consultants under IBRD Loans and IDA Credits & Grants by World Bank Borrowers, dated January 2011:

"**Fraud and Corruption**

1.23 It is the Bank's policy to require that Borrowers (including beneficiaries of Bank loans), consultants, and their agents (whether declared or not), sub-contractors, sub-consultants, service providers, or suppliers, and any personnel thereof, observe the highest standard of ethics during the selection and execution of Bank-financed contracts [footnote: In this context, any action taken by a consultant or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, to influence the selection process or contract execution for undue advantage is improper.]. In pursuance of this policy, the Bank:

(a) defines, for the purposes of this provision, the terms set forth below as follows:

   (i) "corrupt practice" is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party[13];

   (ii) "fraudulent practice" is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation[14];

   (iii) "collusive practices" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party[15];

---

[13] For the purpose of this sub-paragraph, "another party" refers to a public official acting in relation to the selection process or contract execution. In this context "public official" includes World Bank staff and employees of other organizations taking or reviewing selection decisions.

[14] For the purpose of this sub-paragraph, "party" refers to a public official; the terms "benefit" and "obligation" relate to the selection process or contract execution; and the "act or omission" is intended to influence the selection process or contract execution.

[15] For the purpose of this sub-paragraph, "parties" refers to participants in the procurement or selection process (including public officials) attempting either themselves, or through another person or entity not participating in the procurement or selection process, to simulate competition or to establish prices at artificial, non-competitive levels, or are privy to each other's bid prices or other conditions.

(iv) “coercive practices” is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party[16];

(v) “obstructive practice” is

(aa) deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede a Bank investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation, or

(bb) acts intended to materially impede the exercise of the Bank’s inspection and audit rights;

(b) will reject a proposal for award if it determines that the consultant recommended for award or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;

(c) will declare misprocurement and cancel the portion of the Loan allocated to a contract if it determines at any time that representatives of the Borrower or of a recipient of any part of the proceeds of the Loan were engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices during the selection process or the implementation of the contract in question, without the Borrower having taken timely and appropriate action satisfactory to the Bank to address such practices when they occur, including by failing to inform the Bank in a timely manner they knew of the practices;

(d) will sanction a firm or an individual at any time, in accordance with prevailing Bank’s sanctions procedures[17], including by publicly declaring such firm or an ineligible, either indefinitely or for a stated period of time: (i) to be awarded a Bank-financed contract, and (ii) to be a nominated[18] sub-consultant, supplier, or service provider of an otherwise eligible firm being awarded a Bank-financed contract.

---

[16] For the purpose of this sub-paragraph, “party” refers to a participant in the selection process or contract execution.

[17] A firm or an individual may be declared ineligible to be awarded a Bank-financed contract upon (i) completion of the Bank’s sanctions proceedings as per its sanctions procedures, including inter alia: cross-debarment as agreed with other International Financial Institutions, including Multilateral Development Banks, and through the application of the World Bank Group corporate administrative procurement sanctions procedures for fraud and corruption; and (ii) as a result of temporary suspension or early temporary suspension in connection with an ongoing sanctions proceedings. See footnote 12 and paragraph 8 of Appendix 1 of these Guidelines.

[18] A nominated sub-consultant, supplier, or service provider is one which has been either (i) included by the consultant in its proposal because it brings specific and critical experience and know-how that are accounted for in the technical evaluation of the consultant’s proposal for the particular services; or (ii) appointed by the Borrower.

45.1	*[In contracts with foreign consultants, the Bank requires that the international commercial arbitration in a neutral venue is used.]* **Disputes shall be settled by arbitration in accordance with the following provisions:** 1. Selection of Arbitrators. Each dispute submitted by a Party to arbitration shall be heard by a sole arbitrator or an arbitration panel composed of three (3) arbitrators, in accordance with the following provisions: (a) Where the Parties agree that the dispute concerns a technical matter, they may agree to appoint a sole arbitrator or, failing agreement on the identity of such sole arbitrator within thirty (30) days after receipt by the other Party of the proposal of a name for such an appointment by the Party who initiated the proceedings, either Party may apply to *Council of Arbitrators, New Delhi* for a list of not fewer than five (5) nominees and, on receipt of such list, the Parties shall alternately strike names therefrom, and the last remaining nominee on the list shall be the sole arbitrator for the matter in dispute. If the last remaining nominee has not been determined in this manner within sixty (60) days of the date of the list, *Council of Arbitrator, New Delhi* shall appoint, upon the request of either Party and from such list or otherwise, a sole arbitrator for the matter in dispute. (b) Where the Parties do not agree that the dispute concerns a technical matter, the Client and the Consultant shall each appoint one (1) arbitrator, and these two arbitrators shall jointly appoint a third arbitrator, who shall chair the arbitration panel. If the arbitrators named by the Parties do not succeed in appointing a third arbitrator within thirty (30) days after the latter of the two (2) arbitrators named by the Parties has been appointed, the third arbitrator shall, at the request of either Party, be appointed by *Secretary, Council of Arbitration, New Delhi*

	(c) If, in a dispute subject to paragraph (b) above, one Party fails to appoint its arbitrator within thirty (30) days after the other Party has appointed its arbitrator, the Party which has named an arbitrator may apply to the *Secretary, Indian Council of Arbitration, New Delhi* to appoint a sole arbitrator for the matter in dispute, and the arbitrator appointed pursuant to such application shall be the sole arbitrator for that dispute.
A	2. Rules of Procedure. Except as otherwise stated herein, arbitration proceedings shall be conducted in accordance with the rules of procedure for arbitration of the United Nations Commission on International Trade Law (UNCITRAL) as in force on the date of this Contract. 3. Substitute Arbitrators. If for any reason an arbitrator is unable to perform his/her function, a substitute shall be appointed in the same manner as the original arbitrator. 4. Nationality and Qualifications of Arbitrators. The sole arbitrator or the third arbitrator appointed pursuant to paragraphs 1(a) through 1(c) above shall be an internationally recognized legal or technical expert with extensive experience in relation to the matter in dispute and shall not be a national of the Consultant's home country *[If the Consultant consists of more than one entity, add:* or of the home country of any of their members or Parties*]* or of the Government's country. For the purposes of this Clause, "home country" means any of: (a) the country of incorporation of the Consultant *[If the Consultant consists of more than one entity, add:* or of any of their members or Parties*]*; or (b) the country in which the Consultant's [or any of their members' or Parties'] principal place of business is located; or (c) the country of nationality of a majority of the Consultant's [or of any members' or Parties'] shareholders; or (d) the country of nationality of the Sub-consultants concerned, where the dispute involves a subcontract.
	5. Miscellaneous. In any arbitration proceeding hereunder:

	(a) proceedings shall, unless otherwise agreed by the Parties, be held in *[select a country which is neither the Client's country nor the Consultant's country]*; (b) the *[type of language]* language shall be the official language for all purposes; and (c) the decision of the sole arbitrator or of a majority of the arbitrators (or of the third arbitrator if there is no such majority) shall be final and binding and shall be enforceable in any court of competent jurisdiction, and the Parties hereby waive any objections to or claims of immunity in respect of such enforcement.

APPENDIX D - FORM OF ADVANCE PAYMENTS GUARANTEE

[See Clause GCC 41.2.1 and SCC 41.2.1]

Bank Guarantee for Advance Payment

______________________________ *[Bank's Name, and Address of Issuing Branch or Office]*

Beneficiary: _________________ *[Name and Address of Client]*

Date: ________________

ADVANCE PAYMENT GUARANTEE No.: _________________

We have been informed that ____________ *[name of Consultant or a name of the Joint Venture, same as appears on the signed Contract]* (hereinafter called "the Consultant") has entered into Contract No. _____________ *[reference number of the contract]* dated ____________ with you, for the provision of __________________ *[brief description of Services]* (hereinafter called "the Contract").

Furthermore, we understand that, according to the conditions of the Contract, an advance payment in the sum of ___________ *[amount in figures]* (___________) *[amount in words]* is to be made against an advance payment guarantee.

At the request of the Consultant, we _______________ *[name of bank]* hereby irrevocably undertake to pay you any sum or sums not exceeding in total an amount of ___________ *[amount in figures]* (___________) *[amount in words]*[1] upon receipt by us of your first demand in writing accompanied by a written statement stating that the Consultant are in breach of their obligation under the Contract because the Consultant have used the advance payment for purposes other than toward providing the Services under the Contract.

It is a condition for any claim and payment under this guarantee to be made that the advance payment referred to above must have been received by the Consultant on their account number ___________ at _________________ *[name and address of bank]*.

The maximum amount of this guarantee shall be progressively reduced by the amount of the advance payment repaid by the Consultant as indicated in copies of certified monthly statements which shall be presented to us. This guarantee shall expire, at the latest, upon our receipt of the monthly payment certificate indicating that the Consultant has made full repayment of the

amount of the advance payment, or on the __ day of ___________, 2___,[2] whichever is earlier. Consequently, any demand for payment under this guarantee must be received by us at this office on or before that date.

---

[1] The Guarantor shall insert an amount representing the amount of the advance payment and denominated either in the currency(ies) of the advance payment as specified in the Contract, or in a freely convertible currency acceptable to the Client.

This guarantee is subject to the Uniform Rules for Demand Guarantees, ICC Publication No. 458.

____

[signature(s)]

Note: All italicized text is for indicative purposes only to assist in preparing this form and shall be deleted from the final product.

---

[2] Insert the expected expiration date. In the event of an extension of the time for completion of the Contract, the Client would need to request an extension of this guarantee from the Guarantor. Such request must be in writing and must be made prior to the expiration date established in the guarantee. In preparing this guarantee, the Client might consider adding the following text to the form, at the end of the penultimate paragraph: "The Guarantor agrees to a one-time extension of this guarantee for a period not to exceed [six months][one year], in response to the Client's written request for such extension, such request to be presented to the Guarantor before the expiry of the guarantee."

(14) SCC 27.2 : Insert relevant option

(15) SCC 32.1 (a) through (e) : and 32.1 (f) Either delete these clauses from SCC or insert relevant changes/additions.

(16) SCC 39.1 & 39.2 : insert relevant option.

(17) SCC 41.2.1 : Either insert advance percentage which typically should not exceed 10% or if not applicable then delete the clause from SCC.

(18) SCC 42.1 - Indicate the interest rate for delay in payments. For payments in local currency it should be equivalent to the rate of inflation (Please indicate in percentage).

For payments in foreign currency, it should be LIBOR + 2%.

(19) SCC 45.1 Delete the instructions in brackets.

(20) SCC 45.1 (2) : At the end of the para please mention that for any dispute between a domestic Consultant, the proceedings, shall be in accordance with Indian Arbitration Act 1996.

(21) SCC Clause 45.1 5 (a) Please replace with the following : “The proceedings shall, unless otherwise agreed by the Parties, be held in a neutral venue or mutually agreed venue.

In order to avoid any perception of preference or ranking please ensure the names of the consultants and their countries of registration are included in the invitation (RFP) in alphabetical order. Please send the RFP to the qualified consultants ensuring they are given at least 28 days (4 weeks) for the submission of their proposals.

We look forward to receiving in due course the technical evaluation report for our review and no objection.

Best Regards,

Vasudha Thawakar

SUMMARY DESCRIPTION

STANDARD REQUEST FOR PROPOSALS (for Selection of Consulting Firms for Assessment of Liveability Indices for 116 cities in India)

PART I – SELECTION PROCEDURES AND REQUIREMENTS

Section 1: Letter of Invitation (LOI)

This Section is a template of a letter from the Client addressed to a shortlisted consulting firm inviting it to submit a proposal for a consulting assignment. The LOI includes a list of all shortlisted firms to whom similar letters of invitation are sent, and a reference to the selection method and applicable guidelines or policies of the financing institution that govern the selection and award process.

Section 2: Instructions to Consultants and Data Sheet

This Section consists of two parts: “Instructions to Consultants” and “Data Sheet”. “Instructions to Consultants” contains provisions that are to be used without modifications. “Data Sheet” contains information specific to each selection and corresponds to the clauses in “Instructions to Consultants” that call for selection-specific information to be added. This Section provides information to help shortlisted consultants prepare their proposals. Information is also provided on the submission, opening and evaluation of proposals, contract negotiation and award of contract. Information in the Data Sheet indicates whether a Full Technical Proposal (FTP) or a Simplified Technical Proposal (STP) shall be used.

Section 3: Technical Proposal – Standard Forms

This Section includes the forms for FTP and STP that are to be completed by the shortlisted consultants and submitted in accordance with the requirements of Section 2.

Section 4: Financial Proposal – Standard Forms

This Section includes the financial forms that are to be completed by the shortlisted consultants, including the consultant’s costing of its technical proposal, which are to be submitted in accordance with the requirements of Section 2.

Section 5: Eligible Countries

This Section contains information regarding eligible countries.

Section 6: Bank’s Policy – Corrupt and Fraudulent Practices

This Section provides shortlisted consultants with the reference to the Bank's policy in regard to corrupt and fraudulent practices applicable to the selection process. This Section is also incorporated in the standard forms of contract (Section 8) as Attachment 1.

Section 7: Terms of Reference (TORs)

This Section describes the scope of services, objectives, goals, specific tasks required to implement the assignment, and relevant background information; provides details on the required qualifications of the key experts; and lists the expected deliverables. This Section shall not be used to over-write provisions in Section 2.

PART II – CONDITIONS OF CONTRACT AND CONTRACT FORMS

Section 8: Standard Forms of Contract

This Section includes two types of standard contract forms for large or complex assignments: a Time-Based Contract and a Lump-Sum Contract. Each type includes General Conditions of Contract ("GCC") that shall not be modified, and Special Conditions of Contract ("SCC"). The SCC include clauses specific to each contract to supplement the General Conditions.

Each standard form of contract incorporates "Bank's Policy – Corrupt and Fraudulent Practices" (Section 6 of Part I) in a form of Attachment 1.

2. Introduction

2.1 The Client named in the **Data Sheet** intends to select a Consultant from those listed in the Letter of Invitation, in accordance with the method of selection specified in the **Data Sheet**.

2.2 The shortlisted Consultants are invited to submit a Technical Proposal and a Financial Proposal, or a Technical Proposal only, as specified in the **Data Sheet**, for consulting services required for the assignment named in the **Data Sheet**. The Proposal will be the basis for negotiating and ultimately signing the Contract with the selected Consultant.

2.3 The Consultants should familiarize themselves with the local conditions and take them into account in preparing their Proposals, including attending a pre-proposal conference if one is specified in the **Data Sheet**. Attending any such pre-proposal conference is optional and is at the Consultants' expense.

2.4 The Client will timely provide, at no cost to the Consultants, the inputs, relevant project data, and reports required for the preparation of the Consultant's Proposal as specified in the **Data Sheet**.

3. Conflict of Interest

3.1 The Consultant is required to provide professional, objective, and impartial advice, at all times holding the Client's interests paramount, strictly avoiding conflicts with other assignments or its own corporate interests, and acting without any consideration for future work.

3.2 The Consultant has an obligation to disclose to the Client any situation of actual or potential conflict that impacts its capacity to serve the best interest of its Client. Failure to disclose such situations may lead to the disqualification of the Consultant or the termination of its Contract and/or sanctions by the Bank.

3.2.1 Without limitation on the generality of the foregoing, and unless stated otherwise in the **Data Sheet**, the Consultant shall not be hired under the circumstances set forth below:

a. Conflicting activities

(i) Conflict between consulting activities and procurement of goods, works or non-consulting services: a firm that has been engaged by the Client to provide goods, works, or non-consulting services for a project, or any of its Affiliates, shall be disqualified from providing consulting services resulting from or directly related to those goods, works, or non-consulting services. Conversely, a firm hired to provide consulting services for the preparation or implementation of a project, or any of its Affiliates, shall be disqualified from subsequently providing goods or works or non-consulting services resulting from or directly related to the consulting services for such preparation or implementation.

b. Conflicting assignments

(ii) Conflict among consulting assignments: a Consultant (including its Experts and Sub-consultants) or any of its Affiliates shall not be hired for any assignment that, by its nature, may be in conflict with another assignment of the Consultant for the same or for another Client.

c. Conflicting relationships

(iii) Relationship with the Client's staff: a Consultant (including its Experts and Sub-consultants) that has a close business or family relationship with a professional staff of the Borrower (or of the Client, or of implementing agency, or of a recipient of a part of the Bank's financing) who are directly or indirectly involved in any part of (i) the preparation of the Terms of Reference for the assignment, (ii) the selection process for the Contract, or (iii) the supervision of the Contract, may not be awarded a Contract, unless the conflict stemming from this relationship has been resolved in a manner acceptable to the Bank throughout the selection process and the execution of the Contract.

4. Unfair Competitive Advantage

4.1 Fairness and transparency in the selection process require that the Consultants or their Affiliates competing for a specific assignment do not derive a competitive advantage from having provided consulting services related to the assignment in question. To that end, the Client shall indicate in the **Data Sheet** and make available to all shortlisted Consultants together with this e-RFP all information that would in that respect give such Consultant any unfair competitive advantage over competing Consultants.

5. Corrupt and Fraudulent Practices

5.1 The Bank requires compliance with its policy in regard to corrupt and fraudulent practices as set forth in Section 6.

5.2 In further pursuance of this policy, Consultant shall permit and shall cause its agents, Experts, Sub-consultants, sub-contractors,

services providers, or suppliers to permit the Bank to inspect all accounts, records, and other documents relating to the submission of the Proposal and contract performance (in case of an award), and to have them audited by auditors appointed by the Bank.

6. Eligibility

6.1 The Bank permits consultants (individuals and firms, including Joint Ventures and their individual members) from all countries to offer consulting services for Bank-financed projects.

6.2 Furthermore, it is the Consultant's responsibility to ensure that its Experts, joint venture members, Sub-consultants, agents (declared or not), sub-contractors, service providers, suppliers and/or their employees meet the eligibility requirements as established by the Bank in the Applicable Guidelines.

6.3 As an exception to the foregoing Clauses 6.1 and 6.2 above:

a. Sanctions

6.3.1 A firm or an individual sanctioned by the Bank in accordance with the above Clause 5.1 or in accordance with "Anti-Corruption Guidelines" shall be ineligible to be awarded a Bank-financed contract, or to benefit from a Bank-financed contract, financially or otherwise, during such period of time as the Bank shall determine. The list of debarred firms and individuals is available at the electronic address specified in the **Data Sheet**.

b. Prohibitions

6.3.2 Firms and individuals of a country or goods manufactured in a country may be ineligible if so indicated in Section 5 (Eligible Countries) and:

(a) as a matter of law or official regulations, the Borrower's country prohibits commercial relations with that country, provided that the Bank is satisfied that such exclusion does not preclude effective competition for the provision of Services required; or

(b) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Borrower's Country prohibits any import of goods from that country or any payments to any country, person, or entity in that country.

c. Restrictions for Government-owned Enterprises

6.3.3 Government-owned enterprises or institutions in the Borrower's country shall be eligible only if they can establish that they (i) are legally and financially autonomous, (ii)

operate under commercial law, and (iii) that they are not dependent agencies of the Client

To establish eligibility, the government-owned enterprise or institution should provide all relevant documents (including its charter) sufficient to demonstrate that it is a legal entity separate from the government; it does not currently receive any substantial subsidies or budget support; it is not obligated to pass on its surplus to the government; it can acquire rights and liabilities, borrow funds, and can be liable for repayment of debts and be declared bankrupt; and it is not competing for a contract to be awarded by the government department or agency which, under the applicable laws or regulations, is its reporting or supervisory authority or has the ability to exercise influence or control over it.

d. Restrictions for public employees

6.3.4 Government officials and civil servants of the Borrower’s country are not eligible to be included as Experts in the Consultant’s Proposal unless such engagement does not conflict with any employment or other laws, regulations, or policies of the Borrower’s country, and they

(i) are on leave of absence without pay, or have resigned or retired;

(ii) are not being hired by the same agency they were working for before going on leave of absence without pay, resigning, or retiring

> (in case of resignation or retirement, for a period of at least 6 (six) months, or the period established by statutory provisions applying to civil servants or government employees in the Borrower’s country, whichever is longer. Experts who are employed by the government-owned universities, educational or research institutions are not eligible unless they have been full time employees of their institutions for a year or more prior to being included in Consultant’s Proposal.; and

(iii) their hiring would not create a conflict of interest.

B. Preparation of Proposals

7.	**General Considerations**	7.1 In preparing the Proposal, the Consultant is expected to examine the RFP in detail. Material deficiencies in providing the information requested in the RFP may result in rejection of the Proposal.
8.	**Cost of Preparation of Proposal**	8.1 The Consultant shall bear all costs associated with the preparation and submission of its Proposal, and the Client shall not be responsible or liable for those costs, regardless of the conduct or outcome of the selection process. The Client is not bound to accept any proposal, and reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Consultant.
9.	**Language**	9.1 The Proposal, as well as all correspondence and documents relating to the Proposal exchanged between the Consultant and the Client, shall be written in the language(s) specified in the **Data Sheet**.
10.	**Documents Comprising the Proposal**	10.1 The Proposal shall comprise the documents and forms listed in the **Data Sheet**. 10.2 If specified in the **Data Sheet**, the Consultant shall include a statement of an undertaking of the Consultant to observe, in competing for and executing a contract, the Client country's laws against fraud and corruption (including bribery). 10.3 The Consultant shall furnish information on commissions, gratuities, and fees, if any, paid or to be paid to agents or any other party relating to this Proposal and, if awarded, Contract execution, as requested in the Financial Proposal submission form (Section 4).
11.	**Only One Proposal**	11.1 The Consultant (including the individual members of any Joint Venture) shall submit only one Proposal, either in its own name or as part of a Joint Venture in another Proposal. If a Consultant, including any Joint Venture member, submits or participates in more than one proposal, all such proposals shall be disqualified and rejected. This does not, however, preclude a Sub-consultant, or the Consultant's staff from participating as Key Experts and Non-Key Experts in more than one Proposal when circumstances justify and if stated in the **Data Sheet**.
12.	**Proposal Validity**	12.1 **The Data Sheet** indicates the period during which the Consultant's Proposal must remain valid after the Proposal submission deadline.

12.2 During this period, the Consultant shall maintain its original Proposal without any change, including the availability of the Key Experts, the proposed rates and the total price.

12.3 If it is established that any Key Expert nominated in the Consultant's Proposal was not available at the time of Proposal submission or was included in the Proposal without his/her confirmation, such Proposal shall be disqualified and rejected for further evaluation, and may be subject to sanctions in accordance with Clause 5 of this ITC.

a. Extension of Validity Period

12.4 The Client will make its best effort to complete the negotiations within the proposal's validity period. However, should the need arise, the Client may request, by notifying all Consultants who submitted Proposals prior to the submission deadline to extend the Proposals' validity. Mode of notifications is specified in the **Data Sheet.**

12.5 If the Consultant agrees to extend the validity of its Proposal, it shall be done without any change in the original Proposal and with the confirmation of the availability of the Key Experts.

12.6 The Consultant has the right to refuse to extend the validity of its Proposal in which case such Proposal will not be further evaluated.

b. Substitution of Key Experts at Validity Extension

12.7 If any of the Key Experts become unavailable for the extended validity period, the Consultant shall provide a written adequate justification and evidence satisfactory to the Client together with the substitution request. In such case, a replacement Key Expert shall have equal or better qualifications and experience than those of the originally proposed Key Expert. The technical evaluation score, however, will remain to be based on the evaluation of the CV of the original Key Expert.

12.8 If the Consultant fails to provide a replacement Key Expert with equal or better qualifications, or if the provided reasons for the replacement or justification are unacceptable to the Client, such Proposal will be rejected with the prior Bank's no objection.

c. Sub-Contracting

12.9 The Consultant shall not subcontract the whole of the Services.

13. Clarification and Amendment of RFP

13.1 The Consultant may request an online clarification of any part of the RFP during the period and in accordance with the procedure indicated in the **Data Sheet** before the Proposals' submission deadline. The Client will respond online by uploading

the response on the portal (including an explanation of the query but without identifying its source) for information of all shortlisted Consultants. Should the Client deem it necessary to amend the e-RFP as a result of a clarification, it shall do so following the procedure described below:

13.1.1 At any time before the proposal submission deadline, the Client may amend the RFP by issuing an amendment online in accordance with procedure described in Data Sheet The amendment shall be binding on all shortlisted Consultants.

13.1.2 If the amendment is substantial, the Client may extend the proposal submission deadline to give the shortlisted Consultants reasonable time to take an amendment into account in their Proposals.

13.2 The Consultant may submit a modified Proposal or a modification to any part of it at any time prior to the proposal submission deadline, online, in accordance with the procedure described in the **Data Sheet**. No modifications to the Technical or Financial Proposal shall be accepted after the deadline.

14. Preparation of Proposals – Specific Considerations

14.1 While preparing the Proposal, the Consultant must give particular attention to the following:

14.1.1 If a shortlisted Consultant considers that it may enhance its expertise for the assignment by associating with other consultants in the form of a Joint Venture or as Sub-consultants, it may do so with either (a) non-shortlisted Consultant(s), or (b) shortlisted Consultants if permitted in the **Data Sheet**. In all such cases a shortlisted Consultant must obtain the written approval of the Client prior to the submission of the Proposal. When associating with non-shortlisted firms in the form of a joint venture or a sub-consultancy, the shortlisted Consultant shall be a lead member. If shortlisted Consultants associate with each other, any of them can be a lead member.

14.1.2 The Client may indicate in the **Data Sheet** the estimated Key Experts' time input (expressed in person-month) or the Client's estimated total cost of the assignment, but not both. This estimate is indicative and the Proposal shall be based on the Consultant's own estimates for the same.

14.1.3 If stated in the **Data Sheet**, the Consultant shall include in its Proposal at least the same time input (in the same unit as indicated in the **Data Sheet**) of Key Experts,

failing which the Financial Proposal will be adjusted for the purpose of comparison of proposals and decision for award in accordance with the procedure in the **Data Sheet**.

14.1.4 For assignments under the Fixed-Budget selection method, the estimated Key Experts' time input is not disclosed. Total available budget, with an indication whether it is inclusive or exclusive of taxes, is given in the **Data Sheet**, and the Financial Proposal shall not exceed this budget.

15. Technical Proposal Format and Content

15.1 The Technical Proposal shall not include any financial information. A Technical Proposal containing material financial information shall be declared non-responsive.

15.1.1 Consultant shall not propose alternative Key Experts. Only one CV shall be submitted for each Key Expert position. Failure to comply with this requirement will make the Proposal non-responsive.

15.2 Depending on the nature of the assignment, the Consultant is required to submit a Full Technical Proposal (FTP), or a Simplified Technical Proposal (STP) as indicated in the **Data Sheet** and using the Standard Forms provided in Section 3 of the RFP.

16. Financial Proposal

16.1 The Financial Proposal shall be prepared using the Standard Forms provided in Section 4 of the RFP. It shall list all costs associated with the assignment, including (a) remuneration for Key Experts and Non-Key Experts, (b) reimbursable expenses indicated in the **Data Sheet**.

a. Price Adjustment

16.2 For assignments with a duration exceeding 18 months, a price adjustment provision for foreign and/or local inflation for remuneration rates applies if so stated in the **Data Sheet**.

b. Taxes

16.3 The Consultant and its Sub-consultants and Experts are responsible for meeting all tax liabilities arising out of the Contract unless stated otherwise in the **Data Sheet**. Information on taxes in the Client's country is provided in the **Data Sheet**.

c. Currency of Proposal

16.4 The Consultant may express the price for its Services in the currency or currencies as stated in the **Data Sheet**. If indicated in the **Data Sheet**, the portion of the price representing local cost shall be stated in the national currency.

d. Currency of Payment

16.5 Payment under the Contract shall be made in the currency or currencies in which the payment is requested in the Proposal.

C. Submission, Opening and Evaluation

17. Submission of Proposals

17.1 The Consultant shall submit a digitally signed, encrypted and complete Proposal comprising the documents and forms in accordance with Clause 10 (Documents Comprising Proposal). The submission can be done electronically through the website and in accordance with the procedures specified in the **Data Sheet.** Proposals submitted by any other means will be rejected.

17.2 An authorized representative of the Consultant shall digitally sign the submission letters in the required format for both the Technical Proposal and, if applicable, the Financial Proposal. The authorization shall be in the form of a written power of attorney scanned and uploaded together with the Technical Proposal.

17.2.1 In the case of a Joint Venture, submission letters shall be signed by all members so as to be legally binding on all members, or by an authorized representative who has a written power of attorney signed by each member's authorized representative. The submission letters and the power of attorney shall then be scanned and uploaded together with the Technical Proposal.

17.3 Consultants should be aware that the electronic procurement system does not allow for any interlineations, erasures, or overwriting. Any modifications or revisions to the Proposal shall be done in accordance with Clause ITC 13.2.

17.4 The Proposal or its modifications must be uploaded on the portal no later than the deadline indicated in the **Data Sheet**, or any extension to this deadline. The electronic system will not accept any Proposal or its modification for uploading after the deadline.

17.5 Once the Proposal is uploaded on the portal, the system will generate a unique identification number with the stamped submission time. The unique identification number with the time stamp represents an acknowledgement of the Proposal submission. Any other system's functionality requirements are specified in the **Data Sheet**.

18. Confidentiality

18.1 From the time the Proposals are opened to the time the Contract is awarded, the Consultant should not contact the Client on any matter related to its Technical and/or Financial Proposal. Information relating to the evaluation of Proposals and award

recommendations shall not be disclosed to the Consultants who submitted the Proposals or to any other party not officially concerned with the process, until the publication of the Contract award information.

18.2 Any attempt by shortlisted Consultants or anyone on behalf of the Consultant to influence improperly the Client in the evaluation of the Proposals or Contract award decisions may result in the rejection of its Proposal, and may be subject to the application of prevailing Bank's sanctions procedures.

18.3 Notwithstanding the above provisions, from the time of the Proposals' opening to the time of Contract award publication, if a Consultant wishes to contact the Client or the Bank on any matter related to the selection process, it should do so only in writing.

19. Online Opening of Technical Proposals

19.1 The Client's evaluation committee shall conduct the opening of the Technical Proposals online immediately after the Proposals' submission deadline and following the procedure described in the Data Sheet. The folder with the Financial Proposal shall remain unopened, encrypted and shall be securely stored on the portal.

19.2 At the opening of the Technical Proposals the following shall be read out and recorded online simultaneously: (i) the name and the country of the Consultant or, in case of a Joint Venture, the name of the Joint Venture, the name of the lead member and the names and the countries of all members; (ii) the presence or absence of a duly sealed envelope with the Financial Proposal; (iii) any modifications to the Proposal submitted prior to proposal submission deadline; and (iv) any other information deemed appropriate or as indicated in the Data Sheet.

20. Proposals Evaluation

20.1 Subject to provision of Clause 15.1 of the ITC, the evaluators of the Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is concluded and the Bank issues its "no objection", if applicable .

20.2 The Consultant is not permitted to alter or modify its Proposal in any way after the proposal submission deadline except as permitted under Clause 12.7 of this ITC. While evaluating the Proposals, the Client will conduct the evaluation solely on the basis of the submitted Technical and Financial Proposals.

21. Evaluation of Technical Proposals

21.1 The Client's evaluation committee shall evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and the RFP, applying the evaluation criteria, sub-criteria, and point system specified in the Data Sheet. Each responsive Proposal will be given a technical score. A Proposal shall be rejected at this stage if it does not respond to important aspects of the RFP or if it fails to achieve the minimum technical score indicated in the Data Sheet.

22. Financial Proposals for QBS

22.1 Following the ranking of the Technical Proposals, when the selection is based on quality only (QBS), the top-ranked Consultant is invited to negotiate the Contract.

22.2 16.2 If Financial Proposals were invited together with the Technical Proposals, only the Financial Proposal of the technically top-ranked Consultant is opened by the Client's evaluation committee. All other Financial Proposals are returned unopened after the Contract negotiations are successfully concluded and the Contract is signed.

23. Online Opening of Financial Proposals (for QCBS, FBS, and LCS methods)

23.1 After the technical evaluation is completed and the Bank has issued its no objection (if applicable), the Client shall notify those Consultants whose Proposals were considered non-responsive to the RFP and TOR or did not meet the minimum qualifying technical score by sending a notification through the means indicated in the **Data Sheet**. The notification shall also include information relating to the Consultant's overall technical score, as well as scores obtained for each criterion and sub-criterion. Financial Proposals of those Consultants whose Technical Proposals did not meet the minimum qualifying score shall not be opened. In such case, a notification to that effect will be sent to the Consultant. The Client shall simultaneously notify those Consultants that have achieved the minimum overall technical score and inform them of the date, time and, if indicated in the **Data Sheet**, location for online opening of the Financial Proposals. The Consultant's attendance at the opening of the Financial Proposals (online, or in person, if such option is indicated in the **Data Sheet**) is optional and is at the Consultant's choice. If the Data Sheet provides an option of attending in person, the opening date should allow the Consultants sufficient time to make arrangements for attending the opening.

23.2 The Financial Proposals shall be opened online by the Client's evaluation committee as described in the Data Sheet. At the opening, the names of the Consultants, and the overall technical scores, including the break-down by criterion, shall be read aloud first and recorded online simultaneously. The Financial Proposals shall be then opened, the total prices read

aloud and recorded online simultaneously. The records of the opening shall remain on the portal for the information of the Consultants who submitted Proposals and the Bank, unless the **Data Sheet** provides for other means of sending notifications and the results of the financial opening.

24. Correction of Errors

24.1 Activities and items described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, and no corrections are made to the Financial Proposal.

a. Time-Based Contracts

24.2 If a Time-Based contract form is included in the e-RFP, the e-procurement system automatically calculates the amount in words from the amount in figures and automatically calculates the total amount In case of discrepancy between (i) a partial amount (sub-total) and the total amount, or (ii) between the amount derived by multiplication of unit price with quantity and the total price, or (iii) between words and figures, the former will prevail. In case of discrepancy between the Technical and Financial Proposals in indicating quantities of input, the Technical Proposal prevails and the Client's evaluation committee shall correct the quantification indicated in the Financial Proposal so as to make it consistent with that indicated in the Technical Proposal, apply the relevant unit price included in the Financial Proposal to the corrected quantity, and correct the total Proposal cost. The evaluation committee will also adjust the prices if they fail to reflect all inputs included for the respective activities or items in the Technical Proposal.

b. Lump-Sum Contracts

24.3 If a Lump-Sum contract form is included in the RFP, the Consultant is deemed to have included all prices in the Financial Proposal, so neither arithmetical corrections nor price adjustments shall be made. The total price, net of taxes understood as per Clause ITC 25 below, specified in the Financial Proposal (Form FIN-1) shall be considered as the offered price.

25. Taxes

The Client's evaluation of the Consultant's Financial Proposal shall exclude taxes and duties in the Client's country in accordance with the instructions in the **Data Sheet**.

26. Conversion to Single Currency

26.1 For the evaluation purposes, prices shall be converted to a single currency using the selling rates of exchange, source and date indicated in the **Data Sheet**.

27. Combined Quality and Cost Evaluation

a. Quality- and Cost-Based Selection (QCBS)

27.1 In the case of QCBS, the total score is calculated by weighting the technical and financial scores and adding them as per the formula and instructions in the **Data Sheet**. The Consultant achieving the highest combined technical and financial score will be invited for negotiations.

b. Fixed-Budget Selection (FBS)

27.2 In the case of FBS, those Proposals that exceed the budget indicated in Clause 14.1.4 of the **Data Sheet** shall be rejected.

27.3 The Client will select the Consultant that submitted the highest-ranked Technical Proposal that does not exceed the budget indicated in the RFP, and invite such Consultant to negotiate the Contract.

c. Least-Cost Selection

27.4 In the case of Least-Cost Selection (LCS), the Client will select the Consultant with the lowest evaluated total price among those consultants that achieved the minimum technical score, and invite such Consultant to negotiate the Contract.

D. Negotiations and Award

28. Negotiations

28.1 The negotiations will be held at the date and address indicated in the **Data Sheet** with the Consultant's representative(s) who must have written power of attorney to negotiate and sign a Contract on behalf of the Consultant.

28.2 The Client shall prepare minutes of negotiations that are signed by the Client and the Consultant's authorized representative.

a. Availability of Key Experts

28.3 The invited Consultant shall confirm the availability of all Key Experts included in the Proposal as a pre-requisite to the negotiations, or, if applicable, a replacement in accordance with Clause 12 of the ITC. Failure to confirm the Key Experts' availability may result in the rejection of the Consultant's Proposal and the Client proceeding to negotiate the Contract with the next-ranked Consultant.

28.4 Notwithstanding the above, the substitution of Key Experts at the negotiations may be considered if due solely to circumstances outside the reasonable control of and not foreseeable by the Consultant, including but not limited to death or medical incapacity. In such case, the Consultant shall offer a substitute Key Expert within the period of time specified in the letter of invitation to negotiate the Contract, who shall have equivalent or better qualifications and experience than the original candidate.

b. Technical negotiations

28.5 The negotiations include discussions of the Terms of Reference (TORs), the proposed methodology, the Client's inputs, the special conditions of the Contract, and finalizing the "Description of Services" part of the Contract. These discussions shall not substantially alter the original scope of services under the TOR or the terms of the contract, lest the quality of the final product, its price, or the relevance of the initial evaluation be affected.

c. Financial negotiations

28.6 The negotiations include the clarification of the Consultant's tax liability in the Client's country and how it should be reflected in the Contract.

28.7 If the selection method included cost as a factor in the evaluation, the total price stated in the Financial Proposal for a Lump-Sum contract shall not be negotiated.

28.8 In the case of a Time-Based contract, unit rates negotiations shall not take place, except when the offered Key Experts and Non-Key Experts' remuneration rates are much higher than the typically charged rates by consultants in similar contracts. In such case, the Client may ask for clarifications and, if the fees are very high, ask to change the rates after consultation with the Bank.

The format for (i) providing information on remuneration rates in the case of Quality Based Selection; and (ii) clarifying remuneration rates' structure under Clause 28.8 above, is provided in Appendix A to the Financial Form FIN-3: Financial Negotiations – Breakdown of Remuneration Rates.

29. Conclusion of Negotiations

29.1 The negotiations are concluded with a review of the finalized draft Contract, which then shall be initialed by the Client and the Consultant's authorized representative.

29.2 If the negotiations fail, the Client shall inform the Consultant in writing of all pending issues and disagreements and provide a final opportunity to the Consultant to respond. If disagreement persists, the Client shall terminate the negotiations informing the Consultant of the reasons for doing so. After having obtained the Bank's no objection, the Client will invite the next-ranked Consultant to negotiate a Contract. Once the Client commences negotiations with the next-ranked Consultant, the Client shall not reopen the earlier negotiations.

30. Award of Contract

30.1 After completing the negotiations the Client shall obtain the Bank's no objection to the negotiated draft Contract, if applicable; sign the Contract; promptly notify the other shortlisted Consultants and publish the award as per the instructions in the **Data Sheet.**

30.2 The Consultant is expected to commence the assignment on the date and at the location specified in the **Data Sheet**.

FORM TECH-2 (FOR FULL TECHNICAL PROPOSAL ONLY)

CONSULTANT'S ORGANIZATION AND EXPERIENCE

Form TECH-2: a brief description of the Consultant's organization and an outline of the recent experience of the Consultant that is most relevant to the assignment. In the case of a joint venture, information on similar assignments shall be provided for each partner. For each assignment, the outline should indicate the names of the Consultant's Key Experts and Sub-consultants who participated, the duration of the assignment, the contract amount (total and, if it was done in a form of a joint venture or a sub-consultancy, the amount paid to the Consultant), and the Consultant's role/involvement.

A - Consultant's Organization

1. Provide here a brief description of the background and organization of your company, and – in case of a joint venture – of each member for this assignment.

2. Include organizational chart, a list of Board of Directors, and beneficial ownership

B - Consultant's Experience

1. List only previous similar assignments successfully completed in the last *[.....]* years.

2. List only those assignments for which the Consultant was legally contracted by the Client as a company or was one of the joint venture partners. Assignments completed by the Consultant's individual experts working privately or through other consulting firms cannot be claimed as the relevant experience of the Consultant, or that of the Consultant's partners or sub-consultants, but can be claimed by the Experts themselves in their CVs. The Consultant should be prepared to substantiate the claimed experience by presenting copies of relevant documents and references if so requested by the Client.

Appendix A. Financial Negotiations - Breakdown of Remuneration Rates

1. **Review of Remuneration Rates**

1.1. The remuneration rates are made up of salary or a base fee, social costs, overheads, profit, and any premium or allowance that may be paid for assignments away from headquarters or a home office. An attached Sample Form can be used to provide a breakdown of rates.

1.2. If the RFP requests submission of a technical proposal only, the Sample Form is used by the selected Consultant to prepare for the negotiations of the Contract. If the RFP requests submission of the financial proposal, the Sample Form shall be completed and attached to the Financial Form-3. Agreed (at the negotiations) breakdown sheets shall form part of the negotiated Contract and included in its Appendix D or C.

1.3. At the negotiations the firm shall be prepared to disclose its audited financial statements for the last three years, to substantiate its rates, and accept that its proposed rates and other financial matters are subject to scrutiny. The Client is charged with the custody of government funds and is expected to exercise prudence in the expenditure of these funds.

1.4. Rate details are discussed below:

(i) Salary is the gross regular cash salary or fee paid to the individual in the firm's home office. It shall not contain any premium for work away from headquarters or bonus (except where these are included by law or government regulations).

(ii) Bonuses are normally paid out of profits. To avoid double counting, any bonuses shall not normally be included in the "Salary" and should be shown separately. Where the Consultant's accounting system is such that the percentages of social costs and overheads are based on total revenue, including bonuses, those percentages shall be adjusted downward accordingly. Where national policy requires that 13 months' pay be given for 12 months' work, the profit element need not be adjusted downward. Any discussions on bonuses shall be supported by audited documentation, which shall be treated as confidential.

(iii) Social Charges are the costs of non-monetary benefits and may include, inter alia, social security (including pension, medical, and life insurance costs) and the cost of a paid sick and/or annual leave. In this regard, a paid leave during public holidays or an annual leave taken during an assignment if no Expert's replacement has been provided is not considered social charges.

(iv) Cost of Leave. The principles of calculating the cost of total days leave per annum as a percentage of basic salary is normally calculated as follows:

$$\text{Leave cost as percentage of salary} = \frac{\text{total days leave x 100}}{[365 - w - ph - v - s]}$$

Where w = weekends, ph = public holidays, v = vacation, and s = sick leave.

Please note that leave can be considered as a social cost only if the Client is not charged for the leave taken.

(v) Overheads are the Consultant's business costs that are not directly related to the execution of the assignment and shall not be reimbursed as separate items under the Contract. Typical items are home office costs (non-billable time, time of senior Consultant's staff monitoring the project, rent of headquarters' office, support staff, research, staff training, marketing, etc.), the cost of Consultant's personnel not currently employed on revenue-earning projects, taxes on business activities, and business promotion costs. During negotiations, audited financial statements, certified as correct by an independent auditor and supporting the last three years' overheads, shall be available for discussion, together with detailed lists of items making up the overheads and the percentage by which each relates to basic salary. The Client does not accept an add-on margin for social charges, overhead expenses, etc. for Experts who are not permanent employees of the Consultant. In such case, the Consultant shall be entitled only to administrative costs and a fee on the monthly payments charged for sub-contracted Experts.

(vi) Profit is normally based on the sum of the Salary, Social costs, and Overheads. If any bonuses paid on a regular basis are listed, a corresponding reduction shall be made in the profit amount. Profit shall not be allowed on travel or any other reimbursable expenses.

(vii) Away from Home Office Allowance or Premium or Subsistence Allowances. Some Consultants pay allowances to Experts working away from headquarters or outside of the home office. Such allowances are calculated as a percentage of salary (or a fee) and shall not draw overheads or profit. Sometimes, by law, such allowances may draw social costs. In this case, the amount of this social cost shall still be shown under social costs, with the net allowance shown separately.

UNDP standard rates for the particular country may be used as reference to determine subsistence allowances.

Consultant's Representations Regarding Costs and Charges

We hereby confirm that:

(a) the basic fees indicated in the attached table are taken from the firm's payroll records and reflect the current rates of the Experts listed which have not been raised other than within the normal annual pay increase policy as applied to all the Consultant's Experts;

(b) attached are true copies of the latest pay slips of the Experts listed;

(c) the away- from- home office allowances indicated below are those that the Consultant has agreed to pay for this assignment to the Experts listed;

(d) the factors listed in the attached table for social charges and overhead are based on the firm's average cost experiences for the latest three years as represented by the firm's financial statements; and

(e) said factors for overhead and social charges do not include any bonuses or other means of profit-sharing.

In reference to ITC6.3.2, for the information of shortlisted Consultants, at the present time firms, goods and services from the following countries are excluded from this selection:

Under the ITC 6.3.2 (a): ________________ [list country/countries following approval by the Bank to apply the restriction *or* state "none"]

Under the ITC 6.3.2 (b): ________________ [list country/countries *or* indicate "none"]

Section 6. Bank Policy – Corrupt and Fraudulent Practices

(this Section 6 shall not be modified)

Guidelines for Selection and Employment of Consultants under IBRD Loans and IDA Credits & Grants by World Bank Borrowers, dated January 2011:

"**Fraud and Corruption**

1.23 It is the Bank's policy to require that Borrowers (including beneficiaries of Bank loans), consultants, and their agents (whether declared or not), sub-contractors, sub-consultants, service providers, or suppliers, and any personnel thereof, observe the highest standard of ethics during the selection and execution of Bank-financed contracts [footnote: In this context, any action taken by a consultant or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, to influence the selection process or contract execution for undue advantage is improper.]. In pursuance of this policy, the Bank:

(a) defines, for the purposes of this provision, the terms set forth below as follows:

(i) "corrupt practice" is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party[1];

(ii) "fraudulent practice" is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation[2];

(iii) "collusive practices" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party[3];

---

[1] For the purpose of this sub-paragraph, "another party" refers to a public official acting in relation to the selection process or contract execution. In this context "public official" includes World Bank staff and employees of other organizations taking or reviewing selection decisions.

[2] For the purpose of this sub-paragraph, "party" refers to a public official; the terms "benefit" and "obligation" relate to the selection process or contract execution; and the "act or omission" is intended to influence the selection process or contract execution.

[3] For the purpose of this sub-paragraph, "parties" refers to participants in the procurement or selection process (including public officials) attempting either themselves, or through another person or entity not participating in the procurement or selection process, to simulate competition or to establish prices at artificial, non-competitive levels, or are privy to each other's bid prices or other conditions.

(iv) "coercive practices" is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party[4];

(v) "obstructive practice" is

(aa) deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede a Bank investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation, or

(bb) acts intended to materially impede the exercise of the Bank's inspection and audit rights;

(b) will reject a proposal for award if it determines that the consultant recommended for award or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;

(c) will declare misprocurement and cancel the portion of the Loan allocated to a contract if it determines at any time that representatives of the Borrower or of a recipient of any part of the proceeds of the Loan were engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices during the selection process or the implementation of the contract in question, without the Borrower having taken timely and appropriate action satisfactory to the Bank to address such practices when they occur, including by failing to inform the Bank in a timely manner they knew of the practices;

(d) will sanction a firm or an individual at any time, in accordance with prevailing Bank's sanctions procedures[5], including by publicly declaring such firm or an ineligible, either indefinitely or for a stated period of time: (i) to be awarded a Bank-financed contract, and (ii) to be a nominated[6] sub-consultant, supplier, or service provider of an otherwise eligible firm being awarded a Bank-financed contract.

---

[4] For the purpose of this sub-paragraph, "party" refers to a participant in the selection process or contract execution.

[5] A firm or an individual may be declared ineligible to be awarded a Bank-financed contract upon (i) completion of the Bank's sanctions proceedings as per its sanctions procedures, including inter alia: cross-debarment as agreed with other International Financial Institutions, including Multilateral Development Banks, and through the application of the World Bank Group corporate administrative procurement sanctions procedures for fraud and corruption; and (ii) as a result of temporary suspension or early temporary suspension in connection with an ongoing sanctions proceedings. See footnote 12 and paragraph 8 of Appendix 1 of these Guidelines.

[6] A nominated sub-consultant, supplier, or service provider is one which has been either (i) included by the consultant in its proposal because it brings specific and critical experience and know-how that are accounted for in the technical evaluation of the consultant's proposal for the particular services; or (ii) appointed by the Borrower.

Section 7. Terms of Reference

7.1 Background

i. The Government of India along with State and Local Governments is implementing several flagship Urban Missions for improving various aspects of urban development in Indian cities. An underlying goal of these initiatives is to make Indian cities more ‘Liveable’. This will mean not only providing good quality core infrastructure and services, but also developing cities with ample opportunities for work, entertainment and cultural activities, improved social infrastructure and economic opportunity;

ii. In order to do this through a structured approach it is important to create a common minimum framework, which cities can use to assess their ‘Liveability’ and measure their progress over time. In this context, the Ministry of Housing and Urban Affairs has developed a set of ‘Liveability Standards in Cities’. These will act as a guiding framework for cities to chart their pathway towards liveability and result in a systematic improvement in the quality of life of citizens in Indian cities. The draft ‘Liveability Standards in Cities’ as at http://smartcities.gov.in/upload/uploadfiles/files/LiveabilityStandards.pdf ;

iii. A total of 79 different Liveability Standards are proposed across 15 different categories. The Ministry proposes to conduct an ‘Annual Assessment of Liveability in Cities’ across the various standards and develop a ‘City Liveability Index’ – an annual index of the liveability standards in Indian cities. This is an ambitious national project requiring yearly compilation of a large number of datasets across the various Liveability Standards;

iv. A total of 116 cities will be covered in Year 1 (list of cities for Year 1 is provided at Annexure A), and the coverage of cities may be extended in subsequent years. The following classification of cities will be used for the purpose of the study

Classification*		**Population range**
1	Small Towns	Less than 50,000 population
2	Medium Towns	Population ≥ 50,000 < 5 lakh
3	Large Towns	Population ≥ 5 lakh < 1 million
4	Metropolitan Cities	Population ≥ 1 million < 5 million
5	Megapolis	Population ≥ 5 million

** Based on the Classification given in the URDPFI guidelines, 2014*

V. Given the magnitude of data collection and field surveys required, the MoHUA wishes to engage the services of a reputed national/international agency/institution for **Conducting a study and field survey of Liveability Standards** (the **'Assignment'**) across all cities included in the study. This will cover all relevant data required by the MoHUA for computing the 79 Liveability Standards. The data generated from the assignment will be used by the MoHUA for calculating the City Liveability Index of cities on an annual basis;

VI. The contract will be valid for activities in Year 1 (as defined in Clause 7.5) only.

7.2 *Objective of the Assignment*

i. Compile reliable and high quality data for all cities included in the study, as required by the MoHUA for the computation of Liveability Indexes and as prescribed in the 'Liveability Standards in Cities' document;

ii. Develop a robust electronic database of datasets that can be used to assess the progress of cities on an annual basis.

7.3 *Description of Tasks*

The Tasks to be performed and key activities under the assignment will include:

Initiation Activities

i. Conduct State-level workshops (1-day each) on behalf of MoHUA Cost for such workshops must be included in the proposal. The workshops shall achieve the following:

  a. Familiarise States and City governments regarding the overall programme, process that will be followed for data collection, and likely timelines;

  b. Provide State and City governments with a detailed list of data points needed, likely areas of support and information on how the cities should prepare for the surveys;

  c. Help in preparing a preliminary time-line for city meetings and field visits based on preferences indicated by states and cities;

ii. Conduct a Reconnaissance Study of all cities included in the project (as per Annexure A). The study shall inter-alia include:

  a. City-level kick-off meetings with key officials from City governments, Smart City SPVs, various departments and utilities, DISCOMs etc. for assessing data availability and sources,

preferred timelines, key nodal officers etc.;

   b. Study of city demography, socio-economic stratification and geography that has a bearing on sample size and distribution;
   c. Study of existing reports, studies, alternative data sources etc.

iii. Prepare and submit to the MoHUA, an Inception Report (separate for all cities included in the study), including inter-alia the following:
   a. Detailed Plan of Action including likely sources of data, proposed field surveys, sample size and distribution, nodal officers etc.;
   b. Proposed timelines for city field visits as discussed and finalized with MoHUA and State/City governments;
   c. Specific survey and raw data collection formats for the 79 standards as finalized in discussion with MoHUA;

iv. Convey the finalized schedule and Plan of Action to cities allowing them to mobilise support for the activities. A Minimum of 15 days of preparation period must be given to cities before data collection and surveys;

Data Collection and Field Surveys

v. Mobilize Field Teams (with adequate and qualified manpower as indicated in Clause 7.6) for obtaining data required for all 79 Standards;

vi. Conduct field surveys for a statistically relevant sample as per nationally/internationally accepted standards for sampling size and distribution. The method for determining sample size and distribution should be as proposed in the bid during RfP stage and finalized in consultation with the MoHUA as part of the Inception Report;

vii. Maintain and submit all raw data and data collection forms to MoHUA without any editing and/or masking (including particulars such as names of respondents, exact address and contact details, date and time of survey, and GPS coordinates in case of samples taken for pollution etc.);

viii. Conduct analysis of the raw data through the Analytics Team ((with adequate and qualified manpower as indicated in Clause 7.6) and prepare aggregate data sets for all 79 standards for each of the cities adopting the methodology as prescribed in http://smartcities.gov.in/upload/uploadfiles/files/MethodologicalReportFinal.pdf

ix. Submit Draft City Assessment Report to the MoHUA (separate for each city), including inter-alia the following:
   a. Database of aggregate data in the format as mutually agreed

b. All raw data and data sheets;

PART II

Section 8. Conditions of Contract and Contract Forms

1. Part II includes two types of standard Contract forms for Consulting Services (a Time-Based Contract and a Lump-Sum Contract) that are based on the contract forms included in the harmonized Standard Request for Proposals (Master Document for Selection of Consultants prepared by participating Multilateral Development Banks (MDBs).

2. **Time-Based Contract**. This type of contract is appropriate when it is difficult to define or fix the scope and the duration of the services, either because they are related to activities carried out by others for which the completion period may vary, or because the input of the consultants required for attaining the objectives of the assignment is difficult to assess. In time-based contracts the Consultant provides services on a timed basis according to quality specifications, and Consultant’s remuneration is determined on the basis of the time actually spent by the Consultant in carrying out the Services and is based on (i) agreed upon unit rates for the Consultant’s experts multiplied by the actual time spent by the experts in executing the assignment, and (ii) reimbursable expenses using actual expenses and/or agreed unit prices. This type of contract requires the Client to closely supervise the Consultant and to be involved in the daily execution of the assignment.

3. **Lump-Sum Contract.** This type of contract is used mainly for assignments in which the scope and the duration of the Services and the required output of the Consultant are clearly defined. Payments are linked to outputs (deliverables) such as reports, drawings, bill of quantities, bidding documents, or software programs. Lump-sum contracts are easier to administer because they operate on the principle of a fixed price for a fixed scope, and payments are due on clearly specified outputs and milestones. Nevertheless, quality control of the Consultant’s outputs by the Client is paramount.

4. The templates are designed for use in assignments with consulting firms and shall not be used for contracting of individual experts. These standard Contract forms are to be used for complex and/or large value assignments, and/or for contracts above US$300,000 equivalent or more unless otherwise approved by the Bank.

II. General Conditions of Contract

A. GENERAL PROVISIONS

1. Definitions

1.1. Unless the context otherwise requires, the following terms whenever used in this Contract have the following meanings:

(a) "Applicable Guidelines" means Guidelines for Selection and Employment of Consultants under IBRD Loans and IDA Credits & Grants by World Bank Borrowers, dated January 2011.

(b) "Applicable Law" means the laws and any other instruments having the force of law in the Client's country, or in such other country as may be specified in the **Special Conditions of Contract (SCC)**, as they may be issued and in force from time to time.

(c) "Bank" means the International Bank for Reconstruction and Development (IBRD) or the International Development Association (IDA).

(d) "Borrower" means the Government, Government agency or other entity that signs the financing agreement with the Bank.

(e) "Client" means the implementing agency that signs the Contract for the Services with the Selected Consultant.

(f) "Consultant" means a legally-established professional consulting firm or entity selected by the Client to provide the Services under the signed Contract.

(g) "Contract" means the legally binding written agreement signed between the Client and the Consultant and which includes all the attached documents listed in its paragraph 1 of the Form of Contract (the General Conditions (GCC), the Special Conditions (SCC), and the Appendices).

(h) "Day" means a working day unless indicated otherwise.

(i) "Effective Date" means the date on which this Contract comes into force and effect pursuant to Clause GCC 11.

(j) "Experts" means, collectively, Key Experts, Non-Key Experts, or any other personnel of the Consultant, Sub-consultant or JV member(s) assigned by the Consultant to perform the Services or any part thereof under the Contract.

(k) “Foreign Currency” means any currency other than the currency of the Client’s country.

(l) “GCC” means these General Conditions of Contract.

(m) “Government” means the government of the Client’s country.

(n) “Joint Venture (JV)” means an association with or without a legal personality distinct from that of its members, of more than one entity where one member has the authority to conduct all businesses for and on behalf of any and all the members of the JV, and where the members of the JV are jointly and severally liable to the Client for the performance of the Contract.

(o) “Key Expert(s)” means an individual professional whose skills, qualifications, knowledge and experience are critical to the performance of the Services under the Contract and whose Curricula Vitae (CV) was taken into account in the technical evaluation of the Consultant’s proposal.

(p) “Local Currency” means the currency of the Client’s country.

(q) “Non-Key Expert(s)” means an individual professional provided by the Consultant or its Sub-consultant to perform the Services or any part thereof under the Contract.

(r) “Party” means the Client or the Consultant, as the case may be, and “Parties” means both of them.

(s) “SCC” means the Special Conditions of Contract by which the GCC may be amended or supplemented but not over-written.

(t) “Services” means the work to be performed by the Consultant pursuant to this Contract, as described in Appendix A hereto.

(u) “Sub-consultants” means an entity to whom/which the Consultant subcontracts any part of the Services while remaining solely liable for the execution of the Contract.

(v) “Third Party” means any person or entity other than the Government, the Client, the Consultant or a Sub-consultant.

2. Relationship between the Parties

2.1. Nothing contained herein shall be construed as establishing a relationship of master and servant or of principal and agent as between the Client and the Consultant. The Consultant, subject to this Contract, has complete charge of the Experts and Sub-consultants, if any, performing the Services and shall be fully responsible for the Services performed by them or on their behalf hereunder.

3. Law Governing Contract

3.1. This Contract, its meaning and interpretation, and the relation between the Parties shall be governed by the Applicable Law.

4. Language

4.1. This Contract has been executed in the language specified in the **SCC**, which shall be the binding and controlling language for all matters relating to the meaning or interpretation of this Contract.

5. Headings

5.1. The headings shall not limit, alter or affect the meaning of this Contract.

6. Communications

6.1. Any communication required or permitted to be given or made pursuant to this Contract shall be in writing in the language specified in Clause GCC 4. Any such notice, request or consent shall be deemed to have been given or made when delivered in person to an authorized representative of the Party to whom the communication is addressed, or when sent to such Party at the address specified in the **SCC**.

6.2. A Party may change its address for notice hereunder by giving the other Party any communication of such change to the address specified in the **SCC**.

7. Location

7.1. The Services shall be performed at such locations as are specified in **Appendix A** hereto and, where the location of a particular task is not so specified, at such locations, whether in the Government's country or elsewhere, as the Client may approve.

8. Authority of Member in Charge

8.1. In case the Consultant is a Joint Venture, the members hereby authorize the member specified in the **SCC** to act on their behalf in exercising all the Consultant's rights and obligations towards the Client under this Contract, including without limitation the receiving of instructions and payments from the Client.

9. Authorized Representatives

9.1. Any action required or permitted to be taken, and any document required or permitted to be executed under this Contract by the Client or the Consultant may be taken or executed by the officials specified in the **SCC.**

10. Corrupt and Fraudulent Practices

10.1. The Bank requires compliance with its policy in regard to corrupt and fraudulent practices as set forth in **Attachment 1** to the GCC.

a. Commissions and Fees

10.2. The Client requires the Consultant to disclose any commissions, gratuities or fees that may have been paid or are to be paid to agents or any other party with respect to the selection process or execution of the Contract. The information disclosed must include at least the name and address of the agent or other party, the amount and currency, and the purpose of the commission, gratuity or fee.

Failure to disclose such commissions, gratuities or fees may result in termination of the Contract and/or sanctions by the Bank.

B. COMMENCEMENT, COMPLETION, MODIFICATION AND TERMINATION OF CONTRACT

11. Effectiveness of Contract

11.1. This Contract shall come into force and effect on the date (the "Effective Date") of the Client's notice to the Consultant instructing the Consultant to begin carrying out the Services. This notice shall confirm that the effectiveness conditions, if any, listed in the **SCC** have been met.

12. Termination of Contract for Failure to Become Effective

12.1. If this Contract has not become effective within such time period after the date of Contract signature as specified in the **SCC**, either Party may, by not less than twenty two (22) days written notice to the other Party, declare this Contract to be null and void, and in the event of such a declaration by either Party, neither Party shall have any claim against the other Party with respect hereto.

13. Commencement of Services

13.1. The Consultant shall confirm availability of Key Experts and begin carrying out the Services not later than the number of days after the Effective Date specified in the **SCC**.

14. Expiration of Contract

14.1. Unless terminated earlier pursuant to Clause GCC 19 hereof, this Contract shall expire at the end of such time period after the Effective Date as specified in the **SCC**.

15. Entire Agreement

15.1. This Contract contains all covenants, stipulations and provisions agreed by the Parties. No agent or representative of either Party has authority to make, and the Parties shall not be bound by or be liable for, any statement, representation, promise or agreement not set forth herein.

16. Modifications or Variations

16.1. Any modification or variation of the terms and conditions of this Contract, including any modification or variation of the scope of the Services, may only be made by written agreement between the Parties. However, each Party shall give due consideration to any proposals for modification or variation made by the other Party.

16.2. In cases of substantial modifications or variations, the prior written consent of the Bank is required.

17. Force Majeure

a. Definition

17.1. For the purposes of this Contract, "Force Majeure" means an event which is beyond the reasonable control of a Party, is not foreseeable, is unavoidable, and makes a Party's performance of its obligations hereunder impossible or so impractical as reasonably to

be considered impossible under the circumstances, and subject to those requirements, includes, but is not limited to, war, riots, civil disorder, earthquake, fire, explosion, storm, flood or other adverse weather conditions, strikes, lockouts or other industrial action confiscation or any other action by Government agencies.

17.2. Force Majeure shall not include (i) any event which is caused by the negligence or intentional action of a Party or such Party's Experts, Sub-consultants or agents or employees, nor (ii) any event which a diligent Party could reasonably have been expected to both take into account at the time of the conclusion of this Contract, and avoid or overcome in the carrying out of its obligations hereunder.

17.3. Force Majeure shall not include insufficiency of funds or failure to make any payment required hereunder.

b. No Breach of Contract

17.4. The failure of a Party to fulfill any of its obligations hereunder shall not be considered to be a breach of, or default under, this Contract insofar as such inability arises from an event of Force Majeure, provided that the Party affected by such an event has taken all reasonable precautions, due care and reasonable alternative measures, all with the objective of carrying out the terms and conditions of this Contract.

c. Measures to be Taken

17.5. A Party affected by an event of Force Majeure shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall take all reasonable measures to minimize the consequences of any event of Force Majeure.

17.6. A Party affected by an event of Force Majeure shall notify the other Party of such event as soon as possible, and in any case not later than fourteen (14) calendar days following the occurrence of such event, providing evidence of the nature and cause of such event, and shall similarly give written notice of the restoration of normal conditions as soon as possible.

17.7. Any period within which a Party shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a result of Force Majeure.

17.8. During the period of their inability to perform the Services as a result of an event of Force Majeure, the Consultant, upon instructions by the Client, shall either:

(a) demobilize, in which case the Consultant shall be reimbursed for additional costs they reasonably and

necessarily incurred, and, if required by the Client, in reactivating the Services; or

(b) continue with the Services to the extent reasonably possible, in which case the Consultant shall continue to be paid under the terms of this Contract and be reimbursed for additional costs reasonably and necessarily incurred.

17.9. In the case of disagreement between the Parties as to the existence or extent of Force Majeure, the matter shall be settled according to Clauses GCC 44 & 45.

18. Suspension

18.1. The Client may, by written notice of suspension to the Consultant, suspend all payments to the Consultant hereunder if the Consultant fails to perform any of its obligations under this Contract, including the carrying out of the Services, provided that such notice of suspension (i) shall specify the nature of the failure, and (ii) shall request the Consultant to remedy such failure within a period not exceeding thirty (30) calendar days after receipt by the Consultant of such notice of suspension.

19. Termination

19.1. This Contract may be terminated by either Party as per provisions set up below:

a. By the Client

19.1.1. The Client may terminate this Contract in case of the occurrence of any of the events specified in paragraphs (a) through (f) of this Clause. In such an occurrence the Client shall give at least thirty (30) calendar days' written notice of termination to the Consultant in case of the events referred to in (a) through (d); at least sixty (60) calendar days' written notice in case of the event referred to in (e); and at least five (5) calendar days' written notice in case of the event referred to in (f):

(a) If the Consultant fails to remedy a failure in the performance of its obligations hereunder, as specified in a notice of suspension pursuant to Clause GCC 18;

(b) If the Consultant becomes (or, if the Consultant consists of more than one entity, if any of its members becomes) insolvent or bankrupt or enter into any agreements with their creditors for relief of debt or take advantage of any law for the benefit of debtors or go into liquidation or receivership whether compulsory or voluntary;

(c) If the Consultant fails to comply with any final decision reached as a result of arbitration proceedings pursuant to Clause GCC 45.1;

(d) If, as the result of Force Majeure, the Consultant is unable to perform a material portion of the Services for a period of not less than sixty (60) calendar days;

(e) If the Client, in its sole discretion and for any reason whatsoever, decides to terminate this Contract;

(f) If the Consultant fails to confirm availability of Key Experts as required in Clause GCC 13.

19.1.2. Furthermore, if the Client determines that the Consultant has engaged in corrupt, fraudulent, collusive, coercive or obstructive practices, in competing for or in executing the Contract, then the Client may, after giving fourteen (14) calendar days written notice to the Consultant, terminate the Consultant's employment under the Contract.

b. By the Consultant

19.1.3. The Consultant may terminate this Contract, by not less than thirty (30) calendar days’ written notice to the Client, in case of the occurrence of any of the events specified in paragraphs (a) through (d) of this Clause.

(a) If the Client fails to pay any money due to the Consultant pursuant to this Contract and not subject to dispute pursuant to Clause GCC 45.1 within forty-five (45) calendar days after receiving written notice from the Consultant that such payment is overdue.

(b) If, as the result of Force Majeure, the Consultant is unable to perform a material portion of the Services for a period of not less than sixty (60) calendar days.

(c) If the Client fails to comply with any final decision reached as a result of arbitration pursuant to Clause GCC 45.1.

(d) If the Client is in material breach of its obligations pursuant to this Contract and has not remedied the same within forty-five (45) days (or such longer period as the Consultant may have subsequently approved in writing) following the receipt by the Client of the Consultant’s notice specifying such breach.

c. Cessation of Rights and Obligations

19.1.4. Upon termination of this Contract pursuant to Clauses GCC 12 or GCC 19 hereof, or upon expiration of this Contract pursuant to Clause GCC 14, all rights and obligations of the Parties hereunder shall cease, except (i) such rights and obligations as may have accrued on the date of termination or expiration, (ii) the obligation of confidentiality set forth in Clause GCC 22, (iii) the Consultant’s obligation to permit

inspection, copying and auditing of their accounts and records set forth in Clause GCC 25, and (iv) any right which a Party may have under the Applicable Law.

d. Cessation of Services

19.1.5. Upon termination of this Contract by notice of either Party to the other pursuant to Clauses GCC 19a or GCC 19b, the Consultant shall, immediately upon dispatch or receipt of such notice, take all necessary steps to bring the Services to a close in a prompt and orderly manner and shall make every reasonable effort to keep expenditures for this purpose to a minimum. With respect to documents prepared by the Consultant and equipment and materials furnished by the Client, the Consultant shall proceed as provided, respectively, by Clauses GCC 27 or GCC 28.

e. Payment upon Termination

19.1.6. Upon termination of this Contract, the Client shall make the following payments to the Consultant:

(a) payment for Services satisfactorily performed prior to the effective date of termination; and

(b) in the case of termination pursuant to paragraphs (d) and (e) of Clause GCC 19.1.1, reimbursement of any reasonable cost incidental to the prompt and orderly termination of this Contract, including the cost of the return travel of the Experts.

C. OBLIGATIONS OF THE CONSULTANT

20. General

a. Standard of Performance

20.1 The Consultant shall perform the Services and carry out the Services with all due diligence, efficiency and economy, in accordance with generally accepted professional standards and practices, and shall observe sound management practices, and employ appropriate technology and safe and effective equipment, machinery, materials and methods. The Consultant shall always act, in respect of any matter relating to this Contract or to the Services, as a faithful adviser to the Client, and shall at all times support and safeguard the Client’s legitimate interests in any dealings with the third parties.

20.2. The Consultant shall employ and provide such qualified and experienced Experts and Sub-consultants as are required to carry out the Services.

20.3. The Consultant may subcontract part of the Services to an extent and with such Key Experts and Sub-consultants as may be

approved in advance by the Client. Notwithstanding such approval, the Consultant shall retain full responsibility for the Services.

b. Law Applicable to Services

20.4. The Consultant shall perform the Services in accordance with the Contract and the Applicable Law and shall take all practicable steps to ensure that any of its Experts and Sub-consultants, comply with the Applicable Law.

20.5. Throughout the execution of the Contract, the Consultant shall comply with the import of goods and services prohibitions in the Client’s country when

(a) as a matter of law or official regulations, the Borrower’s country prohibits commercial relations with that country; or

(b) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Borrower’s Country prohibits any import of goods from that country or any payments to any country, person, or entity in that country.

20.6. The Client shall notify the Consultant in writing of relevant local customs, and the Consultant shall, after such notification, respect such customs.

21. Conflict of Interests

21.1. The Consultant shall hold the Client’s interests paramount, without any consideration for future work, and strictly avoid conflict with other assignments or their own corporate interests.

a. Consultant Not to Benefit from Commissions, Discounts, etc.

21.1.1 The payment of the Consultant pursuant to GCC F (Clauses GCC 38 through 42) shall constitute the Consultant’s only payment in connection with this Contract and, subject to Clause GCC 21.1.3, the Consultant shall not accept for its own benefit any trade commission, discount or similar payment in connection with activities pursuant to this Contract or in the discharge of its obligations hereunder, and the Consultant shall use its best efforts to ensure that any Sub-consultants, as well as the Experts and agents of either of them, similarly shall not receive any such additional payment.

21.1.2 Furthermore, if the Consultant, as part of the Services, has the responsibility of advising the Client on the procurement of goods, works or services, the Consultant shall comply with the Bank’s Applicable Guidelines, and shall at all times exercise such responsibility in the best interest of the Client. Any discounts or commissions obtained by the Consultant in the exercise of such procurement responsibility shall be for the account of the Client.

b. Consultant and Affiliates Not to Engage in Certain Activities

21.1.3 The Consultant agrees that, during the term of this Contract and after its termination, the Consultant and any entity affiliated with the Consultant, as well as any Sub-consultants and any entity affiliated with such Sub-consultants, shall be disqualified from providing goods, works or non-consulting services resulting from or directly related to the Consultant's Services for the preparation or implementation of the project, unless otherwise indicated in the **SCC**.

c. Prohibition of Conflicting Activities

21.1.4 The Consultant shall not engage, and shall cause its Experts as well as its Sub-consultants not to engage, either directly or indirectly, in any business or professional activities that would conflict with the activities assigned to them under this Contract.

d. Strict Duty to Disclose Conflicting Activities

21.1.5 The Consultant has an obligation and shall ensure that its Experts and Sub-consultants shall have an obligation to disclose any situation of actual or potential conflict that impacts their capacity to serve the best interest of their Client, or that may reasonably be perceived as having this effect. Failure to disclose said situations may lead to the disqualification of the Consultant or the termination of its Contract.

22. Confidentiality

22.1 Except with the prior written consent of the Client, the Consultant and the Experts shall not at any time communicate to any person or entity any confidential information acquired in the course of the Services, nor shall the Consultant and the Experts make public the recommendations formulated in the course of, or as a result of, the Services.

23. Liability of the Consultant

23.1 Subject to additional provisions, if any, set forth in the **SCC**, the Consultant's liability under this Contract shall be provided by the Applicable Law.

24. Insurance to be Taken out by the Consultant

24.1 The Consultant (i) shall take out and maintain, and shall cause any Sub-consultants to take out and maintain, at its (or the Sub-consultants', as the case may be) own cost but on terms and conditions approved by the Client, insurance against the risks, and for the coverage specified in the **SCC,** and (ii) at the Client's request, shall provide evidence to the Client showing that such insurance has been taken out and maintained and that the current premiums therefore have been paid. The Consultant shall ensure that such insurance is in place prior to commencing the Services as stated in Clause GCC 13.

25. Accounting, Inspection and Auditing

25.1 The Consultant shall keep, and shall make all reasonable efforts to cause its Sub-consultants to keep, accurate and systematic accounts and records in respect of the Services and in such form and detail as will clearly identify relevant time changes and costs.

25.2 The Consultant shall permit and shall cause its Sub-consultants to permit, the Bank and/or persons appointed by the Bank to inspect the Site and/or all accounts and records relating to the performance of the Contract and the submission of the Proposal to provide the Services, and to have such accounts and records audited by auditors appointed by the Bank if requested by the Bank. The Consultant's attention is drawn to Clause GCC 10 which provides, inter alia, that acts intended to materially impede the exercise of the Bank's inspection and audit rights provided for under this Clause GCC25.2 constitute a prohibited practice subject to contract termination (as well as to a determination of ineligibility under the Bank's prevailing sanctions procedures.)

26. Reporting Obligations

26.1 The Consultant shall submit to the Client the reports and documents specified in **Appendix A**, in the form, in the numbers and within the time periods set forth in the said Appendix.

27. Proprietary Rights of the Client in Reports and Records

27.1 Unless otherwise indicated in the **SCC**, all reports and relevant data and information such as maps, diagrams, plans, databases, other documents and software, supporting records or material compiled or prepared by the Consultant for the Client in the course of the Services shall be confidential and become and remain the absolute property of the Client. The Consultant shall, not later than upon termination or expiration of this Contract, deliver all such documents to the Client, together with a detailed inventory thereof. The Consultant may retain a copy of such documents, data and/or software but shall not use the same for purposes unrelated to this Contract without prior written approval of the Client.

27.2 If license agreements are necessary or appropriate between the Consultant and third parties for purposes of development of the plans, drawings, specifications, designs, databases, other documents and software, the Consultant shall obtain the Client's prior written approval to such agreements, and the Client shall be entitled at its discretion to require recovering the expenses related to the development of the program(s) concerned. Other restrictions about the future use of these documents and software, if any, shall be specified in the **SCC**.

28. Equipment, Vehicles and Materials

28.1 Equipment, vehicles and materials made available to the Consultant by the Client, or purchased by the Consultant wholly or partly with funds provided by the Client, shall be the property of the Client and shall be marked accordingly. Upon termination or expiration of this Contract, the Consultant shall make available to the

Client an inventory of such equipment, vehicles and materials and shall dispose of such equipment, vehicles and materials in accordance with the Client's instructions. While in possession of such equipment, vehicles and materials, the Consultant, unless otherwise instructed by the Client in writing, shall insure them at the expense of the Client in an amount equal to their full replacement value.

28.2 Any equipment or materials brought by the Consultant or its Experts into the Client's country for the use either for the project or personal use shall remain the property of the Consultant or the Experts concerned, as applicable.

D. CONSULTANT'S EXPERTS AND SUB-CONSULTANTS

29. Description of Key Experts

29.1 The title, agreed job description, minimum qualification and estimated period of engagement to carry out the Services of each of the Consultant's Key Experts are described in **Appendix B.**

30. Replacement of Key Experts

30.1 Except as the Client may otherwise agree in writing, no changes shall be made in the Key Experts.

30.2 Notwithstanding the above, the substitution of Key Experts during Contract execution may be considered only based on the Consultant's written request and due to circumstances outside the reasonable control of the Consultant, including but not limited to death or medical incapacity. In such case, the Consultant shall forthwith provide as a replacement, a person of equivalent or better qualifications and experience, and at the same rate of remuneration.

31. Removal of Experts or Sub-consultants

31.1 If the Client finds that any of the Experts or Sub-consultant has committed serious misconduct or has been charged with having committed a criminal action, or shall the Client determine that Consultant's Expert of Sub-consultant have engaged in corrupt, fraudulent, collusive, coercive or obstructive practice while performing the Services, the Consultant shall, at the Client's written request, provide a replacement.

31.2 In the event that any of Key Experts, Non-Key Experts or Sub-consultants is found by the Client to be incompetent or incapable in discharging assigned duties, the Client, specifying the grounds therefore, may request the Consultant to provide a replacement.

31.3 Any replacement of the removed Experts or Sub-consultants shall possess better qualifications and experience and shall be acceptable to the Client.

31.4 The Consultant shall bear all costs arising out of or incidental to any removal and/or replacement of such Experts.

E. OBLIGATIONS OF THE CLIENT

32. Assistance and Exemptions

32.1 Unless otherwise specified in the **SCC**, the Client shall use its best efforts to:

(a) Assist the Consultant with obtaining work permits and such other documents as shall be necessary to enable the Consultant to perform the Services.

(b) Assist the Consultant with promptly obtaining, for the Experts and, if appropriate, their eligible dependents, all necessary entry and exit visas, residence permits, exchange permits and any other documents required for their stay in the Client's country while carrying out the Services under the Contract.

(c) Facilitate prompt clearance through customs of any property required for the Services and of the personal effects of the Experts and their eligible dependents.

(c) Issue to officials, agents and representatives of the Government all such instructions and information as may be necessary or appropriate for the prompt and effective implementation of the Services.

(d) Assist the Consultant and the Experts and any Sub-consultants employed by the Consultant for the Services with obtaining exemption from any requirement to register or obtain any permit to practice their profession or to establish themselves either individually or as a corporate entity in the Client's country according to the applicable law in the Client's country.

(e) Assist the Consultant, any Sub-consultants and the Experts of either of them with obtaining the privilege, pursuant to the applicable law in the Client's country, of bringing into the Client's country reasonable amounts of foreign currency for the purposes of the Services or for the personal use of the Experts and of withdrawing any such amounts as may be earned therein by the Experts in the execution of the Services.

(f) Provide to the Consultant any such other assistance as may be specified in the **SCC**.

33. Access to Project Site

33.1 The Client warrants that the Consultant shall have, free of charge, unimpeded access to the project site in respect of which access is required for the performance of the Services. The Client will be

responsible for any damage to the project site or any property thereon resulting from such access and will indemnify the Consultant and each of the experts in respect of liability for any such damage, unless such damage is caused by the willful default or negligence of the Consultant or any Sub-consultants or the Experts of either of them.

34. Change in the Applicable Law Related to Taxes and Duties

34.1 If, after the date of this Contract, there is any change in the applicable law in the Client's country with respect to taxes and duties which increases or decreases the cost incurred by the Consultant in performing the Services, then the remuneration and reimbursable expenses otherwise payable to the Consultant under this Contract shall be increased or decreased accordingly by agreement between the Parties hereto, and corresponding adjustments shall be made to the Contract price amount specified in Clause GCC 38.1

35. Services, Facilities and Property of the Client

35.1 The Client shall make available to the Consultant and the Experts, for the purposes of the Services and free of any charge, the services, facilities and property described in the Terms of Reference (**Appendix A)** at the times and in the manner specified in said **Appendix A.**

36. Counterpart Personnel

36.1 The Client shall make available to the Consultant free of charge such professional and support counterpart personnel, to be nominated by the Client with the Consultant's advice, if specified in **Appendix A**.

36.2 Professional and support counterpart personnel, excluding Client's liaison personnel, shall work under the exclusive direction of the Consultant. If any member of the counterpart personnel fails to perform adequately any work assigned to such member by the Consultant that is consistent with the position occupied by such member, the Consultant may request the replacement of such member, and the Client shall not unreasonably refuse to act upon such request.

37. Payment Obligation

37.1 In consideration of the Services performed by the Consultant under this Contract, the Client shall make such payments to the Consultant for the deliverables specified in **Appendix A** and in such manner as is provided by GCC F below.

F. PAYMENTS TO THE CONSULTANT

38. Contract Price

38.1 The Contract price is fixed and is set forth in the **SCC.** The Contract price breakdown is provided in **Appendix C**.

38.2 Any change to the Contract price specified in Clause 38.1 can be made only if the Parties have agreed to the revised scope of Services

pursuant to Clause GCC 16 and have amended in writing the Terms of Reference in **Appendix A**.

39. Taxes and Duties

39.1 The Consultant, Sub-consultants and Experts are responsible for meeting any and all tax liabilities arising out of the Contract unless it is stated otherwise in the **SCC**.

39.2 As an exception to the above and as stated in the **SCC**, all local identifiable indirect taxes (itemized and finalized at Contract negotiations) are reimbursed to the Consultant or are paid by the Client on behalf of the Consultant.

40. Currency of Payment

40.1 Any payment under this Contract shall be made in the currency(ies) of the Contract.

41. Mode of Billing and Payment

41.1 The total payments under this Contract shall not exceed the Contract price set forth in Clause GCC 38.1.

41.2 The payments under this Contract shall be made in lump-sum installments against deliverables specified in **Appendix A**. The payments will be made according to the payment schedule stated in the **SCC**.

41.2.1 *Advance payment:* Unless otherwise indicated in the **SCC**, an advance payment shall be made against an advance payment bank guarantee acceptable to the Client in an amount (or amounts) and in a currency (or currencies) specified in the **SCC**. Such guarantee (i) is to remain effective until the advance payment has been fully set off, and (ii) is to be in the form set forth in **Appendix D**, or in such other form as the Client shall have approved in writing. The advance payments will be set off by the Client in equal portions against the lump-sum installments specified in the **SCC** until said advance payments have been fully set off.

41.2.2 *The Lump-Sum Installment Payments.* The Client shall pay the Consultant within sixty (60) days after the receipt by the Client of the deliverable(s) and the cover invoice for the related lump-sum installment payment. The payment can be withheld if the Client does not approve the submitted deliverable(s) as satisfactory in which case the Client shall provide comments to the Consultant within the same sixty (60) days period. The Consultant shall thereupon promptly make any necessary corrections, and thereafter the foregoing process shall be repeated.

41.2.3 *The Final Payment* .The final payment under this Clause shall be made only after the final report l have been submitted by the Consultant and approved as satisfactory by the Client. The

Services shall then be deemed completed and finally accepted by the Client. The last lump-sum installment shall be deemed approved for payment by the Client within ninety (90) calendar days after receipt of the final report by the Client unless the Client, within such ninety (90) calendar day period, gives written notice to the Consultant specifying in detail deficiencies in the Services, the final report. The Consultant shall thereupon promptly make any necessary corrections, and thereafter the foregoing process shall be repeated. 41.2.4 All payments under this Contract shall be made to the accounts of the Consultant specified in the **SCC**.

41.2.4 With the exception of the final payment under 41.2.3 above, payments do not constitute acceptance of the whole Services nor relieve the Consultant of any obligations hereunder.

42. Interest on Delayed Payments

42.1 If the Client had delayed payments beyond fifteen (15) days after the due date stated in Clause GCC 41.2.2 , interest shall be paid to the Consultant on any amount due by, not paid on, such due date for each day of delay at the annual rate stated in the **SCC.**

G. FAIRNESS AND GOOD FAITH

43. Good Faith

43.1 The Parties undertake to act in good faith with respect to each other’s rights under this Contract and to adopt all reasonable measures to ensure the realization of the objectives of this Contract.

H. SETTLEMENT OF DISPUTES

44. Amicable Settlement

44.1 The Parties shall seek to resolve any dispute amicably by mutual consultation.

44.2 If either Party objects to any action or inaction of the other Party, the objecting Party may file a written Notice of Dispute to the other Party providing in detail the basis of the dispute. The Party receiving the Notice of Dispute will consider it and respond in writing within fourteen (14) days after receipt. If that Party fails to respond within fourteen (14) days, or the dispute cannot be amicably settled within fourteen (14) days following the response of that Party, Clause GCC 49.1 shall apply.

45. Dispute Resolution

45.1 Any dispute between the Parties arising under or related to this Contract that cannot be settled amicably may be referred to by either Party to the adjudication/arbitration in accordance with the provisions specified in the **SCC**.

II. General Conditions

Attachment 1: Bank's Policy – Corrupt and Fraudulent Practices

(the text in this Attachment 1 shall not be modified)

Guidelines for Selection and Employment of Consultants under IBRD Loans and IDA Credits & Grants by World Bank Borrowers, dated January 2011:

"**Fraud and Corruption**

1.23 It is the Bank's policy to require that Borrowers (including beneficiaries of Bank loans), consultants, and their agents (whether declared or not), sub-contractors, sub-consultants, service providers, or suppliers, and any personnel thereof, observe the highest standard of ethics during the selection and execution of Bank-financed contracts [footnote: In this context, any action taken by a consultant or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, to influence the selection process or contract execution for undue advantage is improper.]. In pursuance of this policy, the Bank:

(a) defines, for the purposes of this provision, the terms set forth below as follows:

- (i) "corrupt practice" is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party[7];
- (ii) "fraudulent practice" is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation[8];
- (iii) "collusive practices" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party[9];

---

[7] For the purpose of this sub-paragraph, "another party" refers to a public official acting in relation to the selection process or contract execution. In this context "public official" includes World Bank staff and employees of other organizations taking or reviewing selection decisions.

[8] For the purpose of this sub-paragraph, "party" refers to a public official; the terms "benefit" and "obligation" relate to the selection process or contract execution; and the "act or omission" is intended to influence the selection process or contract execution.

[9] For the purpose of this sub-paragraph, "parties" refers to participants in the procurement or selection process (including public officials) attempting either themselves, or through another person or entity not participating in the procurement or selection process, to simulate competition or to establish prices at artificial, non-competitive levels, or are privy to each other's bid prices or other conditions.

(iv) “coercive practices” is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party[10];

(v) “obstructive practice” is

(aa) deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede a Bank investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation, or

(bb) acts intended to materially impede the exercise of the Bank’s inspection and audit rights;

(b) will reject a proposal for award if it determines that the consultant recommended for award or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;

(c) will declare mis procurement and cancel the portion of the Loan allocated to a contract if it determines at any time that representatives of the Borrower or of a recipient of any part of the proceeds of the Loan were engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices during the selection process or the implementation of the contract in question, without the Borrower having taken timely and appropriate action satisfactory to the Bank to address such practices when they occur, including by failing to inform the Bank in a timely manner they knew of the practices;

(d) will sanction a firm or an individual at any time, in accordance with prevailing Bank’s sanctions procedures[11], including by publicly declaring such firm or an ineligible, either indefinitely or for a stated period of time: (i) to be awarded a Bank-financed contract, and (ii) to be a nominated[12] sub-consultant, supplier, or service provider of an otherwise eligible firm being awarded a Bank-financed contract.

---

[10] For the purpose of this sub-paragraph, “party” refers to a participant in the selection process or contract execution.

[11] A firm or an individual may be declared ineligible to be awarded a Bank-financed contract upon (i) completion of the Bank’s sanctions proceedings as per its sanctions procedures, including inter alia: cross-debarment as agreed with other International Financial Institutions, including Multilateral Development Banks, and through the application of the World Bank Group corporate administrative procurement sanctions procedures for fraud and corruption; and (ii) as a result of temporary suspension or early temporary suspension in connection with an ongoing sanctions proceedings. See footnote 12 and paragraph 8 of Appendix 1 of these Guidelines.

[12] A nominated sub-consultant, supplier, or service provider is one which has been either (i) included by the consultant in its proposal because it brings specific and critical experience and know-how that are accounted for in the technical evaluation of the consultant’s proposal for the particular services; or (ii) appointed by the Borrower.

III. Special Conditions of Contract

Given the tight timelines of the assignment, conducting state-level workshops separately for each individual state shall be difficult. We propose that region-level workshops having representation from multiple states be considered for this purpose. 2. We assume that for conducting the workshops, sending out invitations to stakeholders and other logistical issues shall be done by MoHUA. The consultant shall be responsible for conducting the technical aspects of the workshops. 3. It is being assumed that the workshop costs will be restricted to event related costs for venue, facilities, food and other related amenities infrastructure and will not include travel or other participant related costs.	**Already replied at point 18.**

Do we consider data provided by department to be true in all aspects? Kindly clarify.	**As defined in methodology document available on web site**
59.			**Description of Tasks**	**Collection of data related to pollution**: • We understand as per the methodology prescribed by MoHUA that sample tests have to be conducted for air, water and noise pollution to arrive at data required for pollution indices. Pollution data have to be collected throughout the year and have to be averaged for a city to estimate the actual pollution level of the city. This data is normally available at the pollution control board/departments of various states/cities.	**As defined in methodology document available on web site.**

Sl No	Bidder	Page No & Clause	RFP Terms	Clarifications Sought	Clarifications by MoHUA
				Further, given the time allowed for execution of the scope it would be difficult for selected consultant to conduct test samples and arrive at data, more so because it is a cyclical activity. Additionally it is difficult to preempt which cities will need to do monitoring (in case secondary data of same year is not available) and allocate a budget in the survey. Hence, we request that the selected consultant be allowed to collect only whatever data is available with the pollution control board/departments.

Dear G. Vijay Kumar;

India-P099979: Capacity Building for Urban Development Project , Ln./Cr # IDA-49970
No-Objection to Technical Evaluation Report for Shortlisting of Consulting Firms For Assessment of Liveability in Selected Cities – Quality And Cost-Based Selection – Reference No. IN-MOUD-27866-CS-QCBS

We have reviewed the Technical Evaluation Report for the above-mentioned consulting services, submitted to the Bank on 2018/01/09. Based on the information provided, including that sent by email on January 13, 2018 (as per format) the Bank has no objection to the outcome of the evaluation as follows:

Name of Consultant/Firm	Country	Points

Please inform those consultants that have received the minimum passing technical score of the date when financial proposals will be opened. Please ensure you leave sufficient time (at least 7 days) for those firms to make necessary arrangement to attend should they wish. The opening of financial proposals should be made in public.

Please also inform those consultants that failed to achieve the minimum passing technical score of their scores and that their financial proposals will be returned to them unopened after signature of the contract.

We note that there is a significant gap between the two technically qualified firms which is mainly on Approach and methodology scoring. Both qualified firms have issues with reliability of secondary data and for Deloitte even the primary survey is very restricted. This weaknesses could be resolved at the negotiation without any cost implications or quality of deliverables. Subject to this, the evaluation is cleared.

We look forward to receiving the Combined Technical and Financial Evaluation a draft initialed negotiated contract for our review and no objection in due course.

Best Regards,

Vasudha Thawakar

Subject:- REOI for shortlisting of agencies for assessment of liveability index in selected cities.

***

The Government of India along with State and Local Governments is implementing several flagship urban missions for improving various aspects of urban development in Indian cities. An underlying goal of these initiatives is to make Indian cities more 'Liveable. In this context, the Ministry of Urban Development has developed a set of 'Liveability Standards of Cities'. These will act as a guiding framework for cities to chart their pathway towards liveability and result in a systematic improvement in the quality of life of citizens in Indian cities. About 79 standards are proposed across 15 different categories. Based on this framework, the Ministry proposes to conduct an 'Annual Assessment of Liveability and develop a 'City Liveability Index' as well as sub-indices across 15 categories. To start with, only 116 cities will be assessed on liveability during 2017-18.

02. The National Institute of Urban Affairs (NIUA) has been asked to undertake the overall assignment through a professional firm. NIUA will be overall responsible for releasing the Liveability Index every year during 2017 to 2020. The index will be made public on the first day of January starting from 2018. Accordingly, NIUA has prepared an action plan to procure agency/agencies for data collection and other activities connected to the assessment. NIUA will follow GFR in all their procurement processes and payments, operations and CBUD (World Bank Funds) norms during 2017-18. Below are given the details of implementing the framework. The proposal has already been approved by IFD in another file.

03. An agency will be hired by NIUA to provide professionals at the National level (to be located at NIUA) and Regional team to do the assessments of cities. City level assessments including surveys, collection of samples, etc. will be done by data collectors having expertise in different domains .

04. The selection of the agency shall be made through two tier procurement process of the World Bank. In first step REOI will be issued and based on the qualification criteria, as per World Bank procurement process, 6 consulting firms will be shortlisted. In the second step, RFP will be issued to the Shortlisted firms and based on QCBS method of selection, the eligible firm will be selected for carrying out the assignment. The QCBS wil be on the basis of 80:20.

05. The budget for the assignment is estimated at Rs. 16.41 crore. World Bank has also given in principle approval for this assignment *(may be seen at correspondence side)*. IFD has given approval to the assignment in a separate file.

REOI is attached below for concurrence of the IFD please.

The general principle for shortlisting firms through EoI is that more weightage is to be given to past experience of the firms (60%), Experience of Key personnel(25%) and financial strength of Consulting firm 15%. In the REoI no weightage has been given to financial strength of the firm and weightage given to experience of key personnel is only 10.Appropriate weightages may be assigned to different parameters as per Manual of Policy and Procedures for Employment of Consultants.

This is regarding REoI for shortlisting of agencies for assessment of liveability index in selected cities.

The draft REoI was examined in IFD at pg.2/N. and it was suggested that appropriate weightages may be assigned to different parameters as per Manual of Policy and Procedures for Employment of Consultants.

Accordingly, the Programme division has provided weightage as under:

Experience of Key personnel	25%
Experience of Firm	60%
Financial strength of the firm	15%

We may now concur to the proposal.

With reference to RfP, the following clarifications may be furnished by the Division:-

1.Under the heading Instructions to Consultants – E. Data Sheet clause No. 16.2 it has been mentioned that price adjustment provision applies to remuneration rates.It has been mentioned in ToR that reimbursement will be adjusted every twelve months based on a formula. However, this is not normally done and remuneration is fixed for the entire period of contract. This may be revised.

2.Clause 25.1 only the basic contract price and service tax are to be included in the financial bill and not all taxes payable by the Consultants.

3.As per section-7.1(iv) of ToR, 116 cities will be covered in 1st year and the coverage of cities may be extended in subsequent years. As the number of Smart Cities is 100 (number of AMRUT cities 500, what is the criteria for selection of cities for liveability index).

As per the observations of IFD, it has been decided that there will be no adjustment in the price. Appropriate modification has also been made in the updated RFP in the TOR Clause 7.1 (v),(vi),(vii) attached herewith to reflect the same.

2. The Basic Contract Price along with applicable GST will be payable by the client. Appropriate modification has been made to clause 25.1 in the updated RFP attached herewith.

3. The list of 116 Smart Cities represent shortlisted Smart Cities and other million plus cities which may not have been shortlisted. The number of million plus cities may increase in subsequent years and hence the statement that “the number of cities may be extended” has been included. In any case fresh procurement will be undertaken every year for the appointment of an agency(s) for undertaking the study with a fresh list of cities and fresh scope of work.

4. The REOI was issued by MoUD and the evaluation is under process. In a similar way, the RFP is also be issued by MoUD and the necessary modifications have been carried out in the revised RFP. The file may be sent to IFD for their concurrence.

Ministry of Urban Development has already developed a set of 79 standards across 15 categories to assess the liveability standards in cities. However, the need to assess the 'Liveability Index' from budgetary support without any defined outcome is not clear. There is already a service level benchmark for the schemes that are being implemented by the Ministry. The entire scheme of AMRUT rests on the outcome parameters that have been fixed on the foundation of these service level benchmark which has been carried out for 500 Urban Agglomerations by the states. This was an unique exercise in capacity building.

Secondly, MoUD also undertook a massive exercise of competition for Smart Cities which helped the cities spell out, in clear-cut terms, the scale and kind of development they wish for their cities to achieve. Towards this, we had empanelled a large number of consultancy firms to do the hand-holding for the cities, wherein a basic exercise was carried out by the cities along with its citizens and the consultants which realised the inherent lacunae in their cities and determine projects which will make their city 'Smart'. Accordingly, a number of cities and States changed policies to strengthen and enable their existing municipalities and parastatals.

Thirdly, there are also a list of urban reforms which determines the quantum of reform funds and funds of devolution of Finance Commission that the city will receive.

In view of the preceding scenario, wherein the cities already have a number of parameters to achieve with clearly defined measurable outcomes linked directly to funds disbursal and which has third-party verification (Bloomberg and MoUD through objective parameters), it is not prudent to clutter the area with another index which is not linked to any outcome. However, NIUA may carry out its own activity if it so desires.

I am unable to concur to the proposal under MoUD's budget.

The 'Liveability Standards in Cities' is a unique effort initiated by the MoUD for assessing the standards of living in Indian cities. This is the first attempt by any country to systematically identify, track and improve upon critical parameters that define urban quality of life.

02. The framework touches upon all institutional, social, economic and physical aspects that impact the lives of citizens, captured through a detailed set of 79 indicators spread across hitherto unmapped aspects like safety, mixed land use and compactness, availability of open spaces, identity and culture, pollution etc. The framework also covers various traditionally non-urban aspects (not covered under urban missions) which are crucial for making cities more liveable such as health, education, availability of power etc.

03. On the other hand, the indicators adopted under AMRUT and other missions are limited and are meant to be specific milestones for measuring mission progress rather than assess the overall liveability.

04. The Standards have thus been envisioned both as a reference framework as well as a planning tool for cities. The 'City Liveability Index' developed will result in a ranking framework, thereby fostering a competitive environment amongst cities for improving their Liveability. The standards are also strongly linked to the Sustainable Development Goals and successful achievement of standards will contribute to the achievement of such SDGs.

05. The 'Annual Assessment of Liveability Standards' is an ambitious national project that will involve yearly survey (including field surveys) and compilation of a large number of datasets across the various indicators, analysis of such datasets, development of indexes and ranking of cities. This will require extensive human resources and field survey experience, which can be brought in through third party agencies. NIUA will coordinate and provide knowledge support on behalf of the MoUD.

06. The Liveability Standards document (conceptual framework) and the REOI for 'Selection of Consulting firms for assessment of Liveability in 116 cities in India' have both been approved by the IFD earlier.

07. The REOI was issued after concurrence of the IFD and in response, 21 applications were received. Procurement committee duly represented by IFD has shortlisted 6 firms based on their techno-financial capabilities to undertake the assignment. The RfP is in continuation of this process, which has already been concurred by the IFD.

08. It is expected that the implementation of this framework will help cities understand their baseline and pursue tangible outcomes over time,

and result in systematic transformation of Indian Cities over time. The assessment of liveability index was launched by Hon'ble UDM in the National Workshop on Urban Transformation held on 23.06.2017 at Vigyan Bhavan.

09. In light of the above, IFD is requested to reconsider and concur the RfP please.

It has already been pointed out in note#35 that concept of livability standards should have been part of the Smart City proposals. The proposals were prepared by professional agencies keeping in mind the standards of Smart living and Sustainability. It was expected that application of these concepts would improve the livability of these cities. Moreover, the cities are already competing for Smart City ranking, Swachh Sarvekshan ranking, Reforms incentives etc. As noted earlier, it would not be prudent to introduce another index which is not related to any outcome.

It is also not clear as to how the expenditure of Rs. 16.41 crore for this activity could be met out of CBUD funds since the entire amount of Rs 268.4 crores has already been either spent or committed as per the budget allocation of CBUD funds circulated by Smart City Division in May 2015.

It has been indicated in Para-5 in preceding pages that this "is an ambitious project that will involve yearly survey (including field survey) and compilation of a large member of datasets, development of indexes and ranking of cities".

As stated by SCM Division, it will require large scale investment to engage human resources for carrying out field survey, data mining and data interpretation.

Before initiating a permanent ongoing yearly exercise of this scale, which tantamounts in its structure, ambition and expenditure , as a new scheme , it will necessitate an in-principle approval of Ministry of Finance, consultations with NITI Ayog, etc. followed by an EFC . The proposal, is its present format , cannot be considered for concurrence.

The concept of Liveability and the design of the annual assessment of Liveability has been vetted and approved at all levels before initiation of the REOI for the project. The approval of the Hon'ble UDM was received on 10th April 2017, after which the roll out design and modalities were duly vetted and approved by the IFD on 25th April 2017. Based on this the project was publicly launched by hon'ble UDM on 23rd June 2017.

Funding of the assignment under CBUD has been approved by IFD and the project has been acknowledged as one of the items for funding during the last PMB meeting of the CBUD Project. The procurement plan and budget of CBUD have also been duly realigned for this purpose. The REOI for procurement of consultants was also issued after concurrence of the IFD, and 6 firms have been shortlisted by the Procurement Committee. The RfP is in continuation of this process.

This RfP for assessment of Liveability Standards is only for 1 year. The assessment may be repeated in subsequent years on the basis of the outcomes achieved. It is pertinent to note that Swachh Sarvekshan (on similar lines) has been implemented as an initiative of the Ministry, but not as a separate scheme. This is also an annual exercise, which is now being repeated in the second year.

In light of the above, IFD is requested to reconsider and concur the RfP please.

There are two other facts, (1) the Swacch Sarvekshan is similar (not a scheme), and (2) the idea of competition to rank cities based on revenue generation and service levels was also sent in a meeting held on PMO. Please get from Ravinder (CPHEO) and link up.

Reference remarks of AS (UA) above.

As brought out in the above note, *'Swachh Survekshan'* has been rolled out on similar lines as proposed liveability index (not as a scheme).

Moreover, the RoD of the meeting chaired by the Hon'ble PM to discuss the progress of 'Clean Ganga Mission' on 18th May 2017 may also kindly be perused at Annexure *(attached below)*. As per point No.XV of the RoD, it is observed that "*the municipal administration in India needs major reforms to make the cities sustainable in terms of generating own revenue to run the operations of basic utilities. In this regard, MoUD can think of ranking the cities in terms of own revenue generated and performance of key utilities.*"

The Liveability Index is an effort in this direction. The Index aims to assess the performance of cities across four pillars such as institutional, social, economic and physical. The comprehensive assessment will also involve 79 indicators which include data on tax collection, capital expenditure, performance of utilities such as water supply, transportation, power supply, sewerage etc. The assessment of such liveability indicators and ranking of cities is thus, directly linked to the outcome being targeted under the various urban Missions. This kind of ranking will create a competitive

environment among cities to improve their overall performance and quality of life of citizens.

Notes on pre-pages may please be seen

This is not a new scheme, but a contract similar to what SBM has done in the Swacch Sarvekshan Survey. We have also completed the empanelment of six agencies and now the RfP has to be issued to them. Moreover, the Liveability standards are largely impact indicators which the Niti Aayog is monitoring through the IFD.

Most important, based on the approval of IFD, the Hon'ble Minister has announced the start of the survey to assess the Liveability of cities and this fact has also been informed to the PMO in several meetings and communications. After going forward so much retreat will cause great embarrassment to the government and loss of face for all of us.

In view of the above JS&FA may kindly concur.

3. The Programme Div. has informed that this is not a new scheme, but a contract similar to what SBM has done in the Swachh Sarvekshan Survey. Further, it is in advanced stage and the Hon'ble Minister has already announced the start of the survey to assess the Liveability of cities and this fact has also been informed to the PMO in several meetings and communications.

Ref. Discussion with JS&FA

This is regarding draft RfP for hiring a consultancy service by NIUA for "assessment of Liveability Index in selected cities".

2. The proposal was last examined in IFD at p.13/N. and it was observed that since the proposal is an ongoing yearly exercise, which tantamounts in its structure, ambition and expenditure, as a new scheme, it will necessitate an in-principle approval of Ministry of Finance, consultations with NITI Ayog, etc. followed by an EFC.

3. The Programme Div. has stated that this is not a new scheme, but a contract similar to what SBM has done in the Swachh Sarvekshan Survey. It may be mentioned that basic structures of SCM and SBM are very different.While a gap analysis and a Service Level Benchmark is already inbuilt in the Smart City Proposals prepared by various empanelled agencies and cities were selected after comprehensive analysis of the proposals, no such exercise was undertaken for SBM. Swachh Sarvekshan was carried out to gauge the progress of the Mission from the baseline.

4. However, the Division has referred to a meeting chaired by Hon'ble PM, wherein it was noted that the municipal administration in India needs major reforms to make the cities sustainable in terms of generating own revenue to run the operations of basic utilities. In this regard, MoUD can think of ranking the cities in terms of performance of key utilities. The Liveability Index is an effort in this direction.

5. In view of para 4 above and preceding notes of Programme Division , we may concur to the proposal for assessing the Livability Standards of proposed 116 cities for one year. This would also give a fairly good idea of the progress of the Scheme. The estimates may be pruned accordingly.

1 INTRODUCTION

1.1 Background

a) The Government of India along with State and Local Governments is implementing several flagship urban missions for improving various aspects of urban development in Indian cities. An underlying goal of these initiatives is to make Indian cities more 'Liveable. This will not only providing good quality core infrastructure and services, but also developing cities with ample opportunities for work, entertainment and cultural activities, improved social infrastructure and economic opportunities.

b) In order to do this through a structured approach it is important to create a common minimum framework, which cities can use to assess their 'Liveability' and measure their progress over time. In this context Ministry of Urban Development has developed a set of 'Liveability Standards of Cities'. These will act as a guiding framework for cities to chart their pathway towards liveability and result in a systematic improvement in the quality of life of citizens in Indian cities. The draft 'Liveability Standards' are available at Smart City website.

c) A total of 79 different standards are proposed across 15 different categories. The Ministry proposes to conduct an 'Annual Assessment of Liveability in the various standards and develop a 'City Liveability Index' of the liveability standards in selected cities.

d) A total of 114 Cities have been selected. Shortlisting process is being undertaken to identify a panel of consultants who will be eligible for selection to do assessment of liveability standards in selected cities.

1 INTRODUCTION

1.1 Background

a) The Government of India along with State and Local Governments is implementing several flagship urban missions for improving various aspects of urban development in Indian cities. An underlying goal of these initiatives is to make Indian cities more ‘Liveable. This will not only providing good quality core infrastructure and services, but also developing cities with ample opportunities for work, entertainment and cultural activities, improved social infrastructure and economic opportunities.

b) In order to do this through a structured approach it is important to create a common minimum framework, which cities can use to assess their ‘Liveability’ and measure their progress over time. In this context Ministry of Urban Development has developed a set of ‘Liveability Standards of Cities’. These will act as a guiding framework for cities to chart their pathway towards liveability and result in a systematic improvement in the quality of life of citizens in Indian cities. The draft ‘Liveability Standards’ are available at Smart City website.

c) A total of 79 different standards are proposed across 15 different categories. The Ministry proposes to conduct an ‘Annual Assessment of Liveability in the various standards and develop a ‘City Liveability Index’ of the liveability standards in selected cities.

d) A total of 114 Cities have been selected. Shortlisting process is being undertaken to identify a panel of consultants who will be eligible for selection to do assessment of liveability standards in selected cities.

Section 1. Letter of Invitation

RFP No. CBUD/FIN/34 **Credit No**.4997-IN

New Delhi ____/ March/2017

Dear Mr. /Ms.:

1. The Government of India (hereinafter called “Borrower”) has received financing from the International Development Association (IDA) (the “Bank”) in the form of a credit (hereinafter called “credit”) toward the cost of Capacity Building for Urban Development (CBUD) Project. The Ministry of Urban Development (MoUD), Government of India, an implementing agency of the Client, intends to apply a portion of the proceeds of this credit to eligible payments under the contract for which this Request for Proposals is issued. Payments by the Bank will be made only at the request of the *Ministry of Urban Development* (client) and upon approval by the Bank, and will be subject, in all respects, to the terms and conditions of the financing agreement. The financing agreement prohibits a withdrawal from the credit account for the purpose of any payment to persons or entities, or for any import of goods, if such payment or import, to the knowledge of the Bank, is prohibited by a decision of the United Nations Security council taken under Chapter VII of the Charter of the United Nations. No party other than the Borrower shall derive any rights from the financing agreement or have any claims to the proceeds of the credit.

   The Client now invites proposals to provide the following consulting services (hereinafter called “Services”): “Selection of Consulting Firms for Conducting Surveys for Assessment of Liveability Indices for 116 cities in India”. More details on the Services are provided in the Terms of Reference (Section 7).

2. This Request for Proposals (RFP) has been addressed to all eligible Consultants:

3. Deleted.

4. A firm will be selected under Quality and Cost Based Selection method (QCBS) **(Lump Sum)** and in a Proposal format as described in this RFP, in accordance with the policies of the Bank detailed in the Consultants’ Guidelines which can be found at the following website: www.worldbank.org/procure.

5. The RFP includes the following documents:

   Section 1 - Letter of Invitation
   Section 2 - Instructions to Consultants and Data Sheet
   Section 3 - Technical Proposal - Standard Forms
   Section 4 - Financial Proposal - Standard Forms

Section 5 – Eligible Countries
Section 6 – Bank's Policy – Corrupt and Fraudulent Practices
Section 7 - Terms of Reference
Section 8 - Standard Forms of Contract (Time Based)

6. Please inform us by *[insert date]*,in writing by E-mail *[insert e-mail address]*:

   (a) That you have received the Letter of Invitation; and
   (b) Whether you intend to submit a proposal alone or intend to enhance your experience by requesting permission to associate with other firm(s) (if permissible under Section 2, Instructions to Consultants (ITC), Data Sheet 14.1.1).

7. Details on the proposal's submission date, time and address are provided in Clauses 17.7 and 17.9 of the ITC.

Yours sincerely,

Section 2. Instructions to Consultants and Data Sheet

A. General Provisions

1. Definitions	(a) "Affiliate(s)" means an individual or an entity that directly or indirectly controls, is controlled by, or is under common control with the Consultant. (b) "Applicable Guidelines" means the policies of the Bank governing the selection and Contract award process as set forth in this RFP. (c) "Applicable Law" means the laws and any other instruments having the force of law in the Client's country, or in such other country as may be specified in the **Data Sheet**, as they may be issued and in force from time to time. (d) "Bank" means the International Bank for Reconstruction and Development (IBRD) or the International Development Association (IDA). (e) "Borrower" means the Government, Government agency or other entity that signs the *[loan/financing/grant[1]]* agreement with the Bank. (f)"CBUD" means Capacity Building for Urban Development

---

[1] *["loan agreement" term is used for IBRD loans; "financing agreement" is used for IDA credits; and "grant agreement" is used for Recipient-Executed Trust Funds administered by IBRD or IDA]*

	(g) “Client” means the implementing agency that signs the Contract for the Services with the selected Consultant. (h) “Consultant” means a legally-established professional consulting firm or an entity that may provide or provides the Services to the Client under the Contract. (i) “Contract” means a legally binding written agreement signed between the Client and the Consultant and includes all the attached documents listed in its Clause 1 (the General Conditions of Contract (GCC), the Special Conditions of Contract (SCC), and the Appendices). (j) “Data Sheet” means an integral part of the Instructions to Consultants (ITC) Section 2 that is used to reflect specific country and assignment conditions to supplement, but not to over-write, the provisions of the ITC. (k) “Day” means a calendar day. (l) “Experts” means, collectively, Key Experts, Non-Key Experts, or any other personnel of the Consultant, Sub-consultant or Joint Venture member(s). (m) “Government” means Government of India. (n) “Joint Venture (JV)” means an association with or without a legal personality distinct from that of its members, of more than one Consultant where one member has the authority to conduct all business for and on behalf of any and all the members of the JV, and where the members of the JV are jointly and severally liable to the Client for the performance of the Contract. (o) “Key Expert(s)” means an individual professional whose skills, qualifications, knowledge and experience are critical to the performance of the Services under the Contract and whose CV is taken into account in the technical evaluation of the Consultant’s proposal. (p) “ITC” (this Section 2 of the RFP) means the Instructions to Consultants that provides the shortlisted Consultants with all information needed to prepare their Proposals. (q) “LOI” (this Section 1 of the RFP) means the Letter of Invitation being sent by the Client to the shortlisted Consultants. (r) “MoUD” means Ministry of Urban Development

	(s) "Non-Key Expert(s)" means an individual professional provided by the Consultant or its Sub-consultant and who is assigned to perform the Services or any part thereof under the Contract and whose CVs are not evaluated individually. (t) "Proposal" means the Technical Proposal and the Financial Proposal of the Consultant. (u) "RFP" means the Request for Proposals to be prepared by the Client for the selection of Consultants, based on the SRFP. (v) "SRFP" means the Standard Request for Proposals, which must be used by the Client as the basis for the preparation of the RFP. (w) "Services" means the work to be performed by the Consultant pursuant to the Contract. (x) "Sub-consultant" means an entity to whom the Consultant intends to subcontract any part of the Services while remaining responsible to the Client during the performance of the Contract. (y) "TORs" (this Section 7 of the RFP) means the Terms of Reference that explain the objectives, scope of work, activities, and tasks to be performed, respective responsibilities of the Client and the Consultant, and expected results and deliverables of the assignment.
2. Introduction	2.1 The Client named in the **Data Sheet** intends to select a Consultant from those listed in the Letter of Invitation, in accordance with the method of selection specified in the **Data Sheet**. 2.2 The shortlisted Consultants are invited to submit a Technical Proposal and a Financial Proposal, or a Technical Proposal only, as specified in the **Data Sheet**, for consulting services required for the assignment named in the **Data Sheet**. The Proposal will be the basis for negotiating and ultimately signing the Contract with the selected Consultant. 2.3 The Consultants should familiarize themselves with the local conditions and take them into account in preparing their Proposals, including attending a pre-proposal conference if one is specified in the **Data Sheet**. Attending any such pre-proposal conference is optional and is at the Consultants' expense.

	2.4 The Client will timely provide, at no cost to the Consultants, the inputs, relevant project data, and reports required for the preparation of the Consultant's Proposal as specified in the **Data Sheet**.
3. Conflict of Interest	3.1 The Consultant is required to provide professional, objective, and impartial advice, at all times holding the Client's interests paramount, strictly avoiding conflicts with other assignments or its own corporate interests, and acting without any consideration for future work. 3.2 The Consultant has an obligation to disclose to the Client any situation of actual or potential conflict that impacts its capacity to serve the best interest of its Client. Failure to disclose such situations may lead to the disqualification of the Consultant or the termination of its Contract and/or sanctions by the Bank. 3.2.1 Without limitation on the generality of the foregoing, the Consultant shall not be hired under the circumstances set forth below:
a. Conflicting activities	(i) Conflict between consulting activities and procurement of goods, works or non-consulting services: a firm that has been engaged by the Client to provide goods, works, or non-consulting services for a project, or any of its Affiliates, shall be disqualified from providing consulting services resulting from or directly related to those goods, works, or non-consulting services. Conversely, a firm hired to provide consulting services for the preparation or implementation of a project, or any of its Affiliates, shall be disqualified from subsequently providing goods or works or non-consulting services resulting from or directly related to the consulting services for such preparation or implementation.
b. Conflicting assignments	(ii) Conflict among consulting assignments: a Consultant (including its Experts and Sub-consultants) or any of its Affiliates shall not be hired for any assignment that, by its nature, may be in conflict with another assignment of the Consultant for the same or for another Client.
c. Conflicting relationships	(iii) Relationship with the Client's staff: a Consultant (including its Experts and Sub-consultants) that has a close business or family relationship with a professional staff of the Borrower (or of the Client, or of implementing agency, or of a recipient of a part of the Bank's financing) who are directly or indirectly involved in any part of (i) the preparation of the Terms of Reference for the assignment, (ii) the selection process for the Contract, or (iii) the supervision of the Contract, may not be awarded a Contract, unless the conflict

	stemming from this relationship has been resolved in a manner acceptable to the Bank throughout the selection process and the execution of the Contract.
4. Unfair Competitive Advantage	4.1 Fairness and transparency in the selection process require that the Consultants or their Affiliates competing for a specific assignment do not derive a competitive advantage from having provided consulting services related to the assignment in question. To that end, the Client shall indicate in the **Data Sheet** and make available to all shortlisted Consultants together with this RFP all information that would in that respect give such Consultant any unfair competitive advantage over competing Consultants.
5. Corrupt and Fraudulent Practices	5.1 The Bank requires compliance with its policy in regard to corrupt and fraudulent practices as set forth in Section 6. 5.2 In further pursuance of this policy, Consultant shall permit and shall cause its agents, Experts, Sub-consultants, sub-contractors, services providers, or suppliers to permit the Bank to inspect all accounts, records, and other documents relating to the submission of the Proposal and contract performance (in case of an award), and to have them audited by auditors appointed by the Bank.
6. Eligibility	6.1 The Bank permits consultants (individuals and firms, including Joint Ventures and their individual members) from all countries to offer consulting services for Bank-financed projects. 6.2 Furthermore, it is the Consultant’s responsibility to ensure that its Experts, joint venture members, Sub-consultants, agents (declared or not), sub-contractors, service providers, suppliers and/or their employees meet the eligibility requirements as established by the Bank in the Applicable Guidelines. 6.3 As an exception to the foregoing Clauses 6.1 and 6.2 above:
a. Sanctions	6.3.1 A firm or an individual sanctioned by the Bank in accordance with the above Clause 5.1 or in accordance with “Anti-Corruption Guidelines” shall be ineligible to be awarded a Bank-financed contract, or to benefit from a Bank-financed contract, financially or otherwise, during such period of time as the Bank shall determine. The list of debarred firms and individuals is available at the electronic address specified in the **Data Sheet**.
b. Prohibitions	6.3.2 Firms and individuals of a country or goods manufactured in a country may be ineligible if so indicated in Section 5 (Eligible Countries) and:

	(a) as a matter of law or official regulations, the Borrower's country prohibits commercial relations with that country, provided that the Bank is satisfied that such exclusion does not preclude effective competition for the provision of Services required; or (b) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Borrower's Country prohibits any import of goods from that country or any payments to any country, person, or entity in that country.
c. Restrictions for Government-owned Enterprises	6.3.3 Government-owned enterprises or institutions in the Borrower's country shall be eligible only if they can establish that they (i) are legally and financially autonomous, (ii) operate under commercial law, and (iii) that they are not dependent agencies of the Client To establish eligibility, the government-owned enterprise or institution should provide all relevant documents (including its charter) sufficient to demonstrate that it is a legal entity separate from the government; it does not currently receive any substantial subsidies or budget support; it is not obligated to pass on its surplus to the government; it can acquire rights and liabilities, borrow funds, and can be liable for repayment of debts and be declared bankrupt; and it is not competing for a contract to be awarded by the government department or agency which, under the applicable laws or regulations, is its reporting or supervisory authority or has the ability to exercise influence or control over it.
d. Restrictions for public employees	6.3.4 Government officials and civil servants of the Borrower's country are not eligible to be included as Experts in the Consultant's Proposal unless such engagement does not conflict with any employment or other laws, regulations, or policies of the Borrower's country, and they (i) are on leave of absence without pay, or have resigned or retired; (ii) are not being hired by the same agency they were working for before going on leave of absence without pay, resigning, or retiring (in case of resignation or retirement, for a period of at least 6 (six) months, or the period established by statutory provisions applying to civil servants or government employees in the Borrower's country,

	whichever is longer. Experts who are employed by the government-owned universities, educational or research institutions are not eligible unless they have been full time employees of their institutions for a year or more prior to being included in Consultant's Proposal.; and (iii) their hiring would not create a conflict of interest.
B. Preparation of Proposals	
7. General Considerations	**7.1.** In preparing the Proposal, the Consultant is expected to examine the RFP in detail. Material deficiencies in providing the information requested in the RFP may result in rejection of the Proposal.
8. Cost of Preparation of Proposal	**8.1.** The Consultant shall bear all costs associated with the preparation and submission of its Proposal, and the Client shall not be responsible or liable for those costs, regardless of the conduct or outcome of the selection process. The Client is not bound to accept any proposal, and reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Consultant.
9. Language	**9.1.** The Proposal, as well as all correspondence and documents relating to the Proposal exchanged between the Consultant and the Client, shall be written in the language(s) specified in the **Data Sheet**.
10. Documents Comprising the Proposal	**10.1.** The Proposal shall comprise the documents and forms listed in the **Data Sheet**. **10.2.** If specified in the **Data Sheet**, the Consultant shall include a statement of an undertaking of the Consultant to observe, in competing for and executing a contract, the Client country's laws against fraud and corruption (including bribery). **10.3.** The Consultant shall furnish information on commissions, gratuities, and fees, if any, paid or to be paid to agents or any other party relating to this Proposal and, if awarded, Contract execution, as requested in the Financial Proposal submission form (Section 4).
11. Only One Proposal	**11.1.** The Consultant (including the individual members of any Joint Venture) shall submit only one Proposal, either in its own name or as part of a Joint Venture in another Proposal. If a Consultant, including any Joint Venture member, submits or participates in more than one proposal, all such proposals shall be disqualified and rejected. This does not, however, preclude a Sub-consultant, or the Consultant's staff from participating as Key Experts and Non-Key Experts in more than one Proposal when circumstances justify and if stated in the **Data Sheet**.

12. Proposal Validity	**12.1. The Data Sheet** indicates the period during which the Consultant's Proposal must remain valid after the Proposal submission deadline. **12.2.** During this period, the Consultant shall maintain its original Proposal without any change, including the availability of the Key Experts, the proposed rates and the total price. **12.3.** If it is established that any Key Expert nominated in the Consultant's Proposal was not available at the time of Proposal submission or was included in the Proposal without his/her confirmation, such Proposal shall be disqualified and rejected for further evaluation, and may be subject to sanctions in accordance with Clause 5 of this ITC.
a. Extension of Validity Period	**12.4.** The Client will make its best effort to complete the negotiations within the proposal's validity period. However, should the need arise, the Client may request, in writing, all Consultants who submitted Proposals prior to the submission deadline to extend the Proposals' validity. **12.5.** If the Consultant agrees to extend the validity of its Proposal, it shall be done without any change in the original Proposal and with the confirmation of the availability of the Key Experts. **12.6.** The Consultant has the right to refuse to extend the validity of its Proposal in which case such Proposal will not be further evaluated.
b. Substitution of Key Experts at Validity Extension	**12.7.** If any of the Key Experts become unavailable for the extended validity period, the Consultant shall provide a written adequate justification and evidence satisfactory to the Client together with the substitution request. In such case, a replacement Key Expert shall have equal or better qualifications and experience than those of the originally proposed Key Expert. The technical evaluation score, however, will remain to be based on the evaluation of the CV of the original Key Expert. **12.8.** If the Consultant fails to provide a replacement Key Expert with equal or better qualifications, or if the provided reasons for the replacement or justification are unacceptable to the Client, such Proposal will be rejected with the prior Bank's no objection.
c. Sub-Contracting	**12.9.** The Consultant shall not subcontract the whole of the Services.
13. Clarification and	**13.1.** The Consultant may request a clarification of any part of the RFP during the period indicated in the **Data Sheet** before the Proposals' submission deadline. Any request for clarification must be sent in

Amendment of RFP	writing, or by standard electronic means, to the Client's address indicated in the **Data Sheet**. The Client will respond in writing, or by standard electronic means, and will send written copies of the response (including an explanation of the query but without identifying its source) to all shortlisted Consultants. Should the Client deem it necessary to amend the RFP as a result of a clarification, it shall do so following the procedure described below: 13.1.1. At any time before the proposal submission deadline, the Client may amend the RFP by issuing an amendment in writing or by standard electronic means. The amendment shall be sent to all shortlisted Consultants and will be binding on them. The shortlisted Consultants shall acknowledge receipt of all amendments in writing. 13.1.2. If the amendment is substantial, the Client may extend the proposal submission deadline to give the shortlisted Consultants reasonable time to take an amendment into account in their Proposals. **13.2.** The Consultant may submit a modified Proposal or a modification to any part of it at any time prior to the proposal submission deadline. No modifications to the Technical or Financial Proposal shall be accepted after the deadline.
14. Preparation of Proposals – Specific Considerations	**14.1.** While preparing the Proposal, the Consultant must give particular attention to the following: 14.1.1. If a shortlisted Consultant considers that it may enhance its expertise for the assignment by associating with other consultants in the form of a Joint Venture or as Sub-consultants, it may do so with either (a) non-shortlisted Consultant(s), or (b) shortlisted Consultants if permitted in the **Data Sheet**. In all such cases a shortlisted Consultant must obtain the written approval of the Client prior to the submission of the Proposal. When associating with non-shortlisted firms in the form of a joint venture or a sub-consultancy, the shortlisted Consultant shall be a lead member. If shortlisted Consultants associate with each other, any of them can be a lead member. 14.1.2. The Client may indicate in the **Data Sheet** the estimated Key Experts' time input (expressed in person-month) or the Client's estimated total cost of the assignment, but not both. This estimate is indicative and the Proposal shall be based on the Consultant's own estimates for the same. 14.1.3. If stated in the **Data Sheet**, the Consultant shall include in its Proposal at least the same time input (in the same unit as

	indicated in the **Data Sheet**) of Key Experts, failing which the Financial Proposal will be adjusted for the purpose of comparison of proposals and decision for award in accordance with the procedure in the **Data Sheet**. 14.1.4. For assignments under the Fixed-Budget selection method, the estimated Key Experts' time input is not disclosed. Total available budget, with an indication whether it is inclusive or exclusive of taxes, is given in the **Data Sheet**, and the Financial Proposal shall not exceed this budget.
15. Technical Proposal Format and Content	**15.1.** The Technical Proposal shall not include any financial information. A Technical Proposal containing material financial information shall be declared non-responsive. 15.1.1 Consultant shall not propose alternative Key Experts. Only one CV shall be submitted for each Key Expert position. Failure to comply with this requirement will make the Proposal non-responsive. **15.2.** Depending on the nature of the assignment, the Consultant is required to submit a Full Technical Proposal (FTP), or a Simplified Technical Proposal (STP) as indicated in the **Data Sheet** and using the Standard Forms provided in Section 3 of the RFP.
16. Financial Proposal	**16.1.** The Financial Proposal shall be prepared using the Standard Forms provided in Section 4 of the RFP. It shall list all costs associated with the assignment, including (a) remuneration for Key Experts and Non-Key Experts, (b) reimbursable expenses indicated in the **Data Sheet**.
a. Price Adjustment	**16.2.** For assignments with a duration exceeding 18 months, a price adjustment provision for foreign and/or local inflation for remuneration rates applies if so stated in the **Data Sheet**.
b. Taxes	**16.3.** The Consultant and its Sub-consultants and Experts are responsible for meeting all tax liabilities arising out of the Contract unless stated otherwise in the **Data Sheet**. Information on taxes in the Client's country is provided in the **Data Sheet**.
c. Currency of Proposal	**16.4.** The Consultant may express the price for its Services in the currency or currencies as stated in the **Data Sheet**. If indicated in the **Data Sheet**, the portion of the price representing local cost shall be stated in the national currency.
d. Currency of Payment	**16.5.** Payment under the Contract shall be made in the currency or currencies in which the payment is requested in the Proposal.

C. Submission, Opening and Evaluation

17. Submission, Sealing, and Marking of Proposals

17.1 The Consultant shall submit a signed and complete Proposal comprising the documents and forms in accordance with Clause 10 (Documents Comprising Proposal). The submission can be done by mail or by hand. If specified in the **Data Sheet**, the Consultant has the option of submitting its Proposals electronically.

17.2 An authorized representative of the Consultant shall sign the original submission letters in the required format for both the Technical Proposal and, if applicable, the Financial Proposal and shall initial all pages of both. The authorization shall be in the form of a written power of attorney attached to the Technical Proposal.

17.2.1 A Proposal submitted by a Joint Venture shall be signed by all members so as to be legally binding on all members, or by an authorized representative who has a written power of attorney signed by each member's authorized representative.

17.3 Any modifications, revisions, interlineations, erasures, or overwriting shall be valid only if they are signed or initialed by the person signing the Proposal.

17.4 The signed Proposal shall be marked "ORIGINAL", and its copies marked "COPY" as appropriate. The number of copies is indicated in the **Data Sheet**. All copies shall be made from the signed original. If there are discrepancies between the original and the copies, the original shall prevail.

17.5 The original and all the copies of the Technical Proposal shall be placed inside of a sealed envelope clearly marked "**TECHNICAL PROPOSAL**", "[Name of the Assignment]", reference number, name and address of the Consultant, and with a warning "**DO NOT OPEN UNTIL [INSERT THE DATE AND THE TIME OF THE TECHNICAL PROPOSAL SUBMISSION DEADLINE]**."

17.6 Similarly, the original Financial Proposal (if required for the applicable selection method) shall be placed inside of a sealed envelope clearly marked "**FINANCIAL PROPOSAL**" followed by the name of the assignment, reference number, name and address of the Consultant, and with a warning "**DO NOT OPEN WITH THE TECHNICAL PROPOSAL**."

17.7 The sealed envelopes containing the Technical and Financial Proposals shall be placed into one outer envelope and sealed. This outer envelope shall bear the submission address, RFP reference

	number, the name of the assignment, Consultant's name and the address, and shall be clearly marked "**DO NOT OPEN BEFORE** [insert the time and date of the submission deadline indicated in the Data Sheet]". 17.8 If the envelopes and packages with the Proposal are not sealed and marked as required, the Client will assume no responsibility for the misplacement, loss, or premature opening of the Proposal. 17.9 The Proposal or its modifications must be sent to the address indicated in the **Data Sheet** and received by the Client no later than the deadline indicated in the **Data Sheet**, or any extension to this deadline. Any Proposal or its modification received by the Client after the deadline shall be declared late and rejected, and promptly returned unopened.
18. Confidentiality	18.1 From the time the Proposals are opened to the time the Contract is awarded, the Consultant should not contact the Client on any matter related to its Technical and/or Financial Proposal. Information relating to the evaluation of Proposals and award recommendations shall not be disclosed to the Consultants who submitted the Proposals or to any other party not officially concerned with the process, until the publication of the Contract award information. 18.2 Any attempt by shortlisted Consultants or anyone on behalf of the Consultant to influence improperly the Client in the evaluation of the Proposals or Contract award decisions may result in the rejection of its Proposal, and may be subject to the application of prevailing Bank's sanctions procedures. 18.3 Notwithstanding the above provisions, from the time of the Proposals' opening to the time of Contract award publication, if a Consultant wishes to contact the Client or the Bank on any matter related to the selection process, it should do so only in writing.
19. Opening of Technical Proposals	19.1 The Client's evaluation committee shall conduct the opening of the Technical Proposals in the presence of the shortlisted Consultants' authorized representatives who choose to attend (in person, or online if this option is offered in the **Data Sheet**). The opening date, time and the address are stated in the **Data Sheet**. The envelopes with the Financial Proposal shall remain sealed and shall be securely stored with a reputable public auditor or independent authority until they are opened in accordance with Clause 23 of the ITC.

	19.2 At the opening of the Technical Proposals the following shall be read out: (i) the name and the country of the Consultant or, in case of a Joint Venture, the name of the Joint Venture, the name of the lead member and the names and the countries of all members; (ii) the presence or absence of a duly sealed envelope with the Financial Proposal; (iii) any modifications to the Proposal submitted prior to proposal submission deadline; and (iv) any other information deemed appropriate or as indicated in the **Data Sheet**.
20. Proposals Evaluation	20.1 Subject to provision of Clause 15.1 of the ITC, the evaluators of the Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is concluded and the Bank issues its “no objection”, if applicable. 20.2 The Consultant is not permitted to alter or modify its Proposal in any way after the proposal submission deadline except as permitted under Clause 12.7 of this ITC. While evaluating the Proposals, the Client will conduct the evaluation solely on the basis of the submitted Technical and Financial Proposals.
21. Evaluation of Technical Proposals	21.1 The Client’s evaluation committee shall evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and the RFP, applying the evaluation criteria, sub-criteria, and point system specified in the **Data Sheet**. Each responsive Proposal will be given a technical score. A Proposal shall be rejected at this stage if it does not respond to important aspects of the RFP or if it fails to achieve the minimum technical score indicated in the **Data Sheet**.
22. Financial Proposals for QBS	22.1 Following the ranking of the Technical Proposals, when the selection is based on quality only (QBS), the top-ranked Consultant is invited to negotiate the Contract. 22.2 If Financial Proposals were invited together with the Technical Proposals, only the Financial Proposal of the technically top-ranked Consultant is opened by the Client’s evaluation committee. All other Financial Proposals are returned unopened after the Contract negotiations are successfully concluded and the Contract is signed.
23. Public Opening of Financial Proposals (for QCBS, FBS, and LCS methods)	23.1 After the technical evaluation is completed and the Bank has issued its no objection (if applicable), the Client shall notify those Consultants whose Proposals were considered non-responsive to the RFP and TOR or did not meet the minimum qualifying technical score (and shall provide information relating to the Consultant’s overall technical score, as well as scores obtained for each criterion and sub-criterion) that their Financial Proposals will be returned unopened after completing the selection process and Contract signing. The Client shall simultaneously notify in writing those

	Consultants that have achieved the minimum overall technical score and inform them of the date, time and location for the opening of the Financial Proposals. The opening date should allow the Consultants sufficient time to make arrangements for attending the opening. The Consultant's attendance at the opening of the Financial Proposals (in person, or online if such option is indicated in the **Data Sheet**) is optional and is at the Consultant's choice. 23.2 The Financial Proposals shall be opened by the Client's evaluation committee in the presence of the representatives of those Consultants whose proposals have passed the minimum technical score. At the opening, the names of the Consultants, and the overall technical scores, including the break-down by criterion, shall be read aloud. The Financial Proposals will then be inspected to confirm that they have remained sealed and unopened. These Financial Proposals shall be then opened, and the total prices read aloud and recorded. Copies of the record shall be sent to all Consultants who submitted Proposals and to the Bank.
24. Correction of Errors	24.1 Activities and items described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, and no corrections are made to the Financial Proposal.
a. Time-Based Contracts	24.1.1 If a Time-Based contract form is included in the RFP, the Client's evaluation committee will (a) correct any computational or arithmetical errors, and (b) adjust the prices if they fail to reflect all inputs included for the respective activities or items in the Technical Proposal. In case of discrepancy between (i) a partial amount (sub-total) and the total amount, or (ii) between the amount derived by multiplication of unit price with quantity and the total price, or (iii) between words and figures, the former will prevail. In case of discrepancy between the Technical and Financial Proposals in indicating quantities of input, the Technical Proposal prevails and the Client's evaluation committee shall correct the quantification indicated in the Financial Proposal so as to make it consistent with that indicated in the Technical Proposal, apply the relevant unit price included in the Financial Proposal to the corrected quantity, and correct the total Proposal cost.
b. Lump-Sum Contracts	24.2 If a Lump-Sum contract form is included in the RFP, the Consultant is deemed to have included all prices in the Financial Proposal, so neither arithmetical corrections nor price adjustments shall be made. The total price, net of taxes understood as per Clause

	ITC 25 below, specified in the Financial Proposal (Form FIN-1) shall be considered as the offered price.
25. Taxes	25.1 The Client's evaluation of the Consultant's Financial Proposal shall exclude taxes and duties in the Client's country in accordance with the instructions in the **Data Sheet**.
26. Conversion to Single Currency	26.1 For the evaluation purposes, prices shall be converted to a single currency using the selling rates of exchange, source and date indicated in the **Data Sheet**.
27. Combined Quality and Cost Evaluation	
a. Quality- and Cost-Based Selection (QCBS)	27.1 In the case of QCBS, the total score is calculated by weighting the technical and financial scores and adding them as per the formula and instructions in the **Data Sheet**. The Consultant achieving the highest combined technical and financial score will be invited for negotiations.
b. Fixed-Budget Selection (FBS)	27.2 In the case of FBS, those Proposals that exceed the budget indicated in Clause 14.1.4 of the **Data Sheet** shall be rejected. 27.3 The Client will select the Consultant that submitted the highest-ranked Technical Proposal that does not exceed the budget indicated in the RFP, and invite such Consultant to negotiate the Contract.

c. Least-Cost Selection	27.4 In the case of Least-Cost Selection (LCS), the Client will select the Consultant with the lowest evaluated total price among those consultants that achieved the minimum technical score, and invite such Consultant to negotiate the Contract.
D. Negotiations and Award	
28. Negotiations	28.1 The negotiations will be held at the date and address indicated in the **Data Sheet** with the Consultant's representative(s) who must have written power of attorney to negotiate and sign a Contract on behalf of the Consultant. 28.2 The Client shall prepare minutes of negotiations that are signed by the Client and the Consultant's authorized representative.
a. Availability of Key Experts	28.3 The invited Consultant shall confirm the availability of all Key Experts included in the Proposal as a pre-requisite to the negotiations, or, if applicable, a replacement in accordance with Clause 12 of the ITC. Failure to confirm the Key Experts' availability may result in the rejection of the Consultant's Proposal and the Client proceeding to negotiate the Contract with the next-ranked Consultant. 28.4 Notwithstanding the above, the substitution of Key Experts at the negotiations may be considered if due solely to circumstances outside the reasonable control of and not foreseeable by the Consultant, including but not limited to death or medical incapacity. In such case, the Consultant shall offer a substitute Key Expert within the period of time specified in the letter of invitation to negotiate the Contract, who shall have equivalent or better qualifications and experience than the original candidate.
b. Technical negotiations	28.5 The negotiations include discussions of the Terms of Reference (TORs), the proposed methodology, the Client's inputs, the special conditions of the Contract, and finalizing the "Description of Services" part of the Contract. These discussions shall not substantially alter the original scope of services under the TOR or the terms of the contract, lest the quality of the final product, its price, or the relevance of the initial evaluation be affected.
c. Financial negotiations	28.6 The negotiations include the clarification of the Consultant's tax liability in the Client's country and how it should be reflected in the Contract. 28.7 If the selection method included cost as a factor in the evaluation, the total price stated in the Financial Proposal for a Lump-Sum contract shall not be negotiated.

	28.8 In the case of a Time-Based contract, unit rates negotiations shall not take place, except when the offered Key Experts and Non-Key Experts' remuneration rates are much higher than the typically charged rates by consultants in similar contracts. In such case, the Client may ask for clarifications and, if the fees are very high, ask to change the rates after consultation with the Bank. The format for (i) providing information on remuneration rates in the case of Quality Based Selection; and (ii) clarifying remuneration rates' structure under Clause 28.8 above, is provided in Appendix A to the Financial Form FIN-3: Financial Negotiations – Breakdown of Remuneration Rates.
29. Conclusion of Negotiations	29.1 The negotiations are concluded with a review of the finalized draft Contract, which then shall be initialed by the Client and the Consultant's authorized representative. 29.2 If the negotiations fail, the Client shall inform the Consultant in writing of all pending issues and disagreements and provide a final opportunity to the Consultant to respond. If disagreement persists, the Client shall terminate the negotiations informing the Consultant of the reasons for doing so. After having obtained the Bank's no objection, the Client will invite the next-ranked Consultant to negotiate a Contract. Once the Client commences negotiations with the next-ranked Consultant, the Client shall not reopen the earlier negotiations.
30. Award of Contract	30.1 After completing the negotiations the Client shall obtain the Bank's no objection to the negotiated draft Contract, if applicable; sign the Contract; publish the award information as per the instructions in the **Data Sheet**; and promptly notify the other shortlisted Consultants. 30.2 The Consultant is expected to commence the assignment on the date and at the location specified in the **Data Sheet**.

Section 6. Bank Policy – Corrupt and Fraudulent Practices

Guidelines for Selection and Employment of Consultants under IBRD Loans and IDA Credits & Grants by World Bank Borrowers, dated January 2011:

“**Fraud and Corruption**

1.23 It is the Bank’s policy to require that Borrowers (including beneficiaries of Bank loans), consultants, and their agents (whether declared or not), sub-contractors, sub-consultants, service providers, or suppliers, and any personnel thereof, observe the highest standard of ethics during the selection and execution of Bank-financed contracts [footnote: In this context, any action taken by a consultant or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, to influence the selection process or contract execution for undue advantage is improper.]. In pursuance of this policy, the Bank:

(a) defines, for the purposes of this provision, the terms set forth below as follows:

  (i) “corrupt practice” is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party[4];

  (ii) “fraudulent practice” is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation[5];

  (iii) “collusive practices” is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party[6];

  (iv) “coercive practices” is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party[7];

---

[4] For the purpose of this sub-paragraph, “another party” refers to a public official acting in relation to the selection process or contract execution. In this context “public official” includes World Bank staff and employees of other organizations taking or reviewing selection decisions.

[5] For the purpose of this sub-paragraph, “party” refers to a public official; the terms “benefit” and “obligation” relate to the selection process or contract execution; and the “act or omission” is intended to influence the selection process or contract execution.

[6] For the purpose of this sub-paragraph, “parties” refers to participants in the procurement or selection process (including public officials) attempting either themselves, or through another person or entity not participating in the procurement or selection process, to simulate competition or to establish prices at artificial, non-competitive levels, or are privy to each other’s bid prices or other conditions.

[7] For the purpose of this sub-paragraph, “party” refers to a participant in the selection process or contract execution.

(v) "obstructive practice" is

(aa) deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede a Bank investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation, or

(bb) acts intended to materially impede the exercise of the Bank's inspection and audit rights;

(b) will reject a proposal for award if it determines that the consultant recommended for award or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;

(c) will declare misprocurement and cancel the portion of the Loan allocated to a contract if it determines at any time that representatives of the Borrower or of a recipient of any part of the proceeds of the Loan were engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices during the selection process or the implementation of the contract in question, without the Borrower having taken timely and appropriate action satisfactory to the Bank to address such practices when they occur, including by failing to inform the Bank in a timely manner they knew of the practices;

(d) will sanction a firm or an individual at any time, in accordance with prevailing Bank's sanctions procedures[8], including by publicly declaring such firm or an ineligible, either indefinitely or for a stated period of time: (i) to be awarded a Bank-financed contract, and (ii) to be a nominated[9] sub-consultant, supplier, or service provider of an otherwise eligible firm being awarded a Bank-financed contract.

---

[8] A firm or an individual may be declared ineligible to be awarded a Bank-financed contract upon (i) completion of the Bank's sanctions proceedings as per its sanctions procedures, including inter alia: cross-debarment as agreed with other International Financial Institutions, including Multilateral Development Banks, and through the application of the World Bank Group corporate administrative procurement sanctions procedures for fraud and corruption; and (ii) as a result of temporary suspension or early temporary suspension in connection with an ongoing sanctions proceedings. See footnote 12 and paragraph 8 of Appendix 1 of these Guidelines.

[9] A nominated sub-consultant, supplier, or service provider is one which has been either (i) included by the consultant in its proposal because it brings specific and critical experience and know-how that are accounted for in the technical evaluation of the consultant's proposal for the particular services; or (ii) appointed by the Borrower.

Section 7. Terms of Reference

7.1 Background

i. The Government of India along with State and Local Governments is implementing several flagship Urban Missions for improving various aspects of urban development in Indian cities. An underlying goal of these initiatives is to make Indian cities more 'Liveable'. This will mean not only providing good quality core infrastructure and services, but also developing cities with ample opportunities for work, entertainment and cultural activities, improved social infrastructure and economic opportunity;

ii. In order to do this through a structured approach it is important to create a common minimum framework, which cities can use to assess their 'Liveability' and measure their progress over time. In this context, the Ministry of Urban Development has developed a set of 'Liveability Standards in Cities'. These will act as a guiding framework for cities to chart their pathway towards liveability and result in a systematic improvement in the quality of life of citizens in Indian cities. The draft 'Liveability Standards in Cities' are attached at Annexure X;

iii. A total of 79 different Liveability Standards are proposed across 15 different categories. The Ministry proposes to conduct an 'Annual Assessment of Liveability in Cities' across the various standards and develop a 'City Liveability Index' – an annual index of the liveability standards in Indian cities. This is an ambitious national project requiring yearly compilation of a large number of datasets across the various Liveability Standards;

iv. A total of 116 cities will be covered in Year 1 (list of cities for Year 1 is provided at Annexure XX), and the coverage of cities may be extended in subsequent years. The following classification of cities will be used for the purpose of the study

Classification*		Population range
1	Small Towns	Less than 50,000 population
2	Medium Towns	Population ≥ 50,000 < 5 lakh
3	Large Towns	Population ≥ 5 lakh < 1 million
4	Metropolitan Cities	Population ≥ 1 million < 5 million
5	Megapolis	Population ≥ 5 million

* *Based on the Classification given in the URDPFI guidelines, 2014*

v. Given the magnitude of data collection and field surveys required, the MoUD wishes to engage the services of a reputed national/international agency/institution for **Conducting a study and field survey of Liveability Standards** (the **'Assignment'**) across all cities included in the study. This will cover all relevant data required by the MoUD for computing the 79 Liveability

Standards. The data generated from the assignment will be used by the MoUD for calculating the City Liveability Index of cities on an annual basis;

vi. The contract will be valid for activities in Year 1 (as defined in Clause 7.5) only.

7.2 Objective of the Assignment

i. Compile reliable and high quality data for all cities included in the study, as required by the MoUD for the computation of Liveability Indexes and as prescribed in the 'Liveability Standards in Cities' document;

ii. Develop a robust electronic database of datasets that can be used to assess the progress of cities on an annual basis.

7.3 Description of Tasks

The Tasks to be performed and key activities under the assignment will include:

Initiation Activities

i. Conduct State-level workshops (1-day each) on behalf of MoUD. Cost for such workshops must be included in the proposal. The workshops shall achieve the following:

   a. Familiarise States and City governments regarding the overall programme, process that will be followed for data collection, and likely timelines;

   b. Provide State and City governments with a detailed list of data points needed, likely areas of support and information on how the cities should prepare for the surveys;

   c. Help in preparing a preliminary time-line for city meetings and field visits based on preferences indicated by states and cities;

ii. Conduct a Reconnaissance Study of all cities included in the project (as per Annexure X). The study shall inter-alia include:

   a. City-level kick-off meetings with key officials from City governments, Smart City SPVs, various departments and utilities, DISCOMs etc. for assessing data availability and sources, preferred timelines, key nodal officers etc.;

   b. Study of city demography, socio-economic stratification and geography that has a bearing on sample size and distribution;

   c. Study of existing reports, studies, alternative data sources etc.;

iii. Prepare and submit to the MoUD, an Inception Report (separate for all cities included in the study), including inter-alia the following:

   a. Detailed Plan of Action including likely sources of data, proposed field surveys, sample size and distribution, nodal officers etc.;

   b. Proposed timelines for city field visits as discussed and finalized with MoUD and State/City governments;

   c. Specific survey and raw data collection formats for the 79 standards as finalized in discussion with MoUD;

iv. Convey the finalized schedule and Plan of Action to cities allowing them to mobilise support for the activities. A Minimum of 15 days of preparation period must be given to cities before data collection and surveys;

Data Collection and Field Surveys

v. Mobilize Field Teams (with adequate and qualified manpower as indicated in Clause 7.6) for obtaining data required for all 79 Standards;

vi. Conduct field surveys for a statistically relevant sample as per nationally/internationally accepted standards for sampling size and distribution. The method for determining sample size and distribution should be as proposed in the bid during RfP stage and finalized in consultation with the MoUD as part of the Inception Report;

vii. Maintain and submit all raw data and data collection forms to MoUD without any editing and/or masking (including particulars such as names of respondents, exact address and contact details, date and time of survey, and GPS coordinates in case of samples taken for pollution etc.);

viii. Conduct analysis of the raw data through the Analytics Team ((with adequate and qualified manpower as indicated in Clause 7.6) and prepare aggregate data sets for all 79 standards for each of the cities;

ix. Submit Draft City Assessment Report to the MoUD (separate for each city), including inter-alia the following:

   a. Database of aggregate data in the format attached at Annexure X;

   b. All raw data and data sheets;

   c. Sources of data, assumptions (if any), record of discussions with key stakeholders, minutes of city kickoff meeting and other relevant documentation;

x. Submit Draft City Assessment Report to respective city and state governments for inviting comments and suggestions (if any). A period of 15 days shall be given to cities to submit their responses, after which the data will be deemed to be accepted by the city;

xi. Submit Final City Assessment Report to the MoUD after including any recommendations of the MoUD and after suitably incorporating any valid feedback received from cities/states with the approval of the MoUD;

xii. Develop and maintain a digital database of all data sets collected every year for each city. The format should be finalized in consultation with the MoUD and enable examination of raw data as well as aggregated numbers on a year-on-year basis;

Other support activities

xiii. Provide all necessary support to the NIUA or other reputed third-party agency(ies) appointed by the MoUD for undertaking verification of the data submitted by the Consultant;

xiv. Provide any technical support as required by the MoUD or its assigned team during the development of scoring sheets and city indexes for the various Standards;

xv. Conduct a National workshop (1-day) on behalf of MoUD for disseminating the findings of the Ministry. Costs for the workshop must be included in the proposal.

7.4 Results to be achieved

The Assignment will result in the creation of a robust database (updated annually) of critical datasets across 79 different Liveability parameters in Indian Cities. This will form the basis for the Ministry to compute an annual City Liveability Index of cities. This can also act as a repository of critical data for encouraging research on cities in India.

7.5 Timelines and Deliverables for Year 1*

Report	Time line	Documents	Deliverables and Contents
Inception Report	8 weeks from start date as per contract	Hard copies, and Electronic version	Separate for each city, including: a. Detailed Plan of Action including likely sources of data, proposed field surveys, sample size and distribution, nodal officers etc.; b. Proposed timelines for city field visits as discussed and finalized with MoUD and State/City governments; c. Specific survey and raw data collection formats for the 79 standards as finalized in discussion with MoUD;

Report	Time line	Documents	Deliverables and Contents
Draft City Assessment Report	12 weeks from start date as per contract	Hard Copies, and Electronic version	Separate for each city, including: a. Database of aggregate data in the format attached at Annexure X; b. All raw data and data sheets; c. 7.6 Team Composition and Qualification Requirement for key Experts

The assignment is to be undertaken by a full-time Team Leader supported by a Core team of experts and an Analytics Team. Actual data collection and field surveys will be done through city-level Field Teams.

i. **Core Team (full-time):** Given that the assignment requires a deep understanding of the urban sector, as well as of economics, statistics and field studies, the Team Leader and the Core Team of experts must have suitable skills for undertaking the assignment and successfully completing the tasks enumerated. The Team Leader should bring to the table a strong mix of academic accomplishments, urban sector experience and experience of leading similar national/international assignments.

ii. **Analytics Team (full-time):** should be manned with experts capable of analysing large data sets, checking and correcting for errors and inconsistencies, development and management of digital databases and preparation of reports. The team should therefore include adequate number of IT specialist(s), database management/ MIS expert(s), urban economics/planning specialists for data analysis and verification.

iii. **Field Teams per city:** should be manned with adequate number of persons (depending upon city size, stratification and geography) capable of conducting field surveys and extracting credible secondary data from various city/state departments and utilities. Each team should therefore include adequate number of qualified urban professionals for extracting secondary data from various sources, persons with market/field research experience and data processors/ data entry operators. Each team should be led by a suitably experienced Urban Specialist (Urban Planner/ Urban Economist) with at least 10 years of experience in the urban sector and at least 5 years of experience in secondary and primary data collection and analysis

The Core Team proposed should be able to demonstrate the qualifications and experience as prescribed in table below:

7.6.1 Core Team (CV to be evaluated)

Position	**Minimum Qualifications & skills**	**Minimum Experience**
Team Leader	Qualification - Bachelor's Degree in Engineering/Architecture/Planning/Economics/Management with post-graduate degree in Planning/Management or equivalent from a recognized University In-depth knowledge of all aspects of urban sector, including governance-related, socio-economic, environmental and engineering aspects Proven academic credibility in terms of published papers, articles etc. Experience of leading national level urban research assignments Experience of leading national/international ranking assignments	At least 20 years of which at least last 10 years must have been for the Urban Sector
Urban Management Specialist/ Planning Expert	Bachelor's Degree in Engineering/Architecture/Planning with post-graduate degree in Management or equivalent from a recognized University Good knowledge of urban sector Experience of playing a core role in similar national/international data collection and ranking assignments	At least 15 years of experience in the Urban Sector
Market Research Specialist	Master's Degree in Management from a recognized University Good knowledge of mobilization and organization for market research Experience of leading national/international field research assignments	At least 15 years of which at least last 7 years must have been in the field of Market Research
Statistician	Master's Degree in Statistics from a recognized University Good knowledge of urban data sources and urban data analysis Experience of statistically designing and managing sample surveys	At least 15 years of which at least last 5 years must have been for the Urban Sector

7.7 TA management and counterpart staff

The assignment will be contracted by the MoUD for carrying out the assignment.

7.7.1 Items to be provided by the MoUD

a. The MoUD will set up a Coordinating Team at the national level for providing guidance and support to the Core Team for executing the assignment;
b. Provide support for organizing various State and city level workshops and meetings;.
c. Provide feedback from time to time for finalizing deliverables;
d. Set up a monitoring system for timely validation of data and finalization of aggregate data.

7.7.2 Items to be provided by the agency

In addition to the results and deliverables listed above, the Consultant will:

a. Provide for all manpower, materials and equipment necessary for carrying out the assignment;
b. Provide all resources for report production and necessary translations;
c. Provide all Computers and software required by the teams for carrying out the tasks;
d. Arrange for all transportation and travelling required for the teams including Investigations.

Record of Discussions of the Meeting chaired by Hon. PM to discuss the progress of 'Clean Ganga Mission', 18th May 2017, 7 pm, South Block

Prime Minister chaired a meeting to discuss the progress of 'Clean Ganga Mission'. The list of the participants is attached.

2. Secretary, M/o Water Resources, River Development and Ganga Rejuvenation made a brief presentation on the concept. Following decisions were taken after detailed deliberations:

i. The voluntary organizations like that of Mata Amritanandmayee, who have made huge donations towards the cause of cleaning of Ganga, may be appropriately involved in the community awareness programmes.

(Action: NMCG)

ii. A system should be put in place to regularly cross-verify the performance of the Real Time Water Quality Monitoring Stations.

(Action: CPCB)

iii. Amongst the Grossly Polluting Industries (GPIs), those which are complying with the pollution control norms should be publicly felicitated, while names of those which are not complying with the pollution control norms may be prominently displayed at public places.

(Action: NMCG, CPCB)

iv. An effort be made to explore whether different eco-friendly technology could be used for the process of tanning by the tanneries, so as to reduce the pollution load in the Ganga.

(Action:MoWR, NMCG)

v. The big temple trusts in the country could be appealed to participate in the process of cleaning of ghats and banks of Ganga. An appropriate plan be made to allocate defined stretches of Ganga, across its length, to these temple trusts for cleaning.

(Action: NMCG)

vi. The possibility deploying of solar operated trash skimmers for river surface cleaning may be explored.

(Action: NMCG)

vii. The possibility of banning usage of plastic within certain zone from the banks of Ganga may be explored.

(Action:MoEF, NMCG)

viii. The works of construction of ghats and crematoria as well as that of cleaning of ghats etc. should be left to the local municipal / village administration and the State Governments. The NMCG should mainly focus on controlling and reducing the pollution of the river Ganga due to sewage and industrial effluents.

(Action: NMCG)

ix. An attempt be made to organize competition in the 5 States on the parameter of Swachhata in the villages located on the banks of the Ganga.

(Action: MoDWS)

x. Regarding the upcoming turtle sanctuary at Varanasi, a holistic view be taken about the location.

(Action: MoEF, NMCG)

xi. For increasing awareness amongst the citizens visiting Ganga, hoardings containing appropriate messages be put up at suitable places near the banks of the river.

(Action: NMCG)

xii. The administrative capacity of local self-governments along the banks of Ganga needs to be augmented. The Ministry should prepare a proposal on comprehensive reforms in UP Jal Nigam with technical assistance of experts.

(Action:MoWR, NMCG)

xiii. The mission should ensure dissemination of information about the works done and about the ongoing activities.

(Action: NMCG)

xiv. M/o Railways may be appealed to buy the treated and recycled water from the STPs.

(Action:M/oRailways, NMCG)

xv. The municipal administration in India needs major reforms to make the cities sustainable in terms of generating own revenue to run the operations of basic utilities. In this regard, MoUD can think of ranking the cities in terms of own revenue generated and performance of key utilities.

(Action: MoUD)

Dear Madam,

Please find enclosed herewith a REOI for shortlisting of firms for assessment of livability of selected cities out of 79 indicators (may be varied). At present, 114 cities have been identified and the same may be varied.

The procurement will be done by NIUA, which is an Institute under Ministry of Urban Development (MoUD), Government of India, on behalf of the MoUD. The payment for the assignment for the first round will be made by the Ministry directly to the selected agency on successful completion of assignment and duly certified by NIUA out of CBUD funds.

You are requested to convey no objection/comments of World bank at the earliest.

Justification for the Liveability Index Assessment Proposal

The Government of India along with State and Local Governments is implementing several flagship urban missions for improving various aspects of urban development in Indian cities. An underlying goal of these initiatives is to make Indian cities more 'Liveable. In this context, the Ministry of Urban Development has developed a set of 'Liveability Standards of Cities'. These will act as a guiding framework for cities to chart their pathway towards liveability and result in a systematic improvement in the quality of life of citizens in Indian cities. About 79 standards are proposed across 15 different categories. Based on this framework, the Ministry proposes to conduct an 'Annual Assessment of Liveability and develop a 'City Liveability Index' as well as sub-indices across 15 categories. To start with, only 116 cities will be assessed on liveability during 2017-18.

The National Institute of Urban Affairs (NIUA) has been asked to undertake the overall assignment through a professional firm. NIUA will be overall responsible for releasing the Liveability Index every year during 2017 to 2020. The index will be made public on the first day of January starting from 2018. Accordingly, NIUA has prepared an action plan to procure agency/agencies for data collection and other activities connected to the assessment. NIUA will follow GFR in all their procurement processes and payments, operations and CBUD (World Bank Funds) norms during 2017-18. Below are given the details of implementing the framework.

An agency will be hired by NIUA to provide professionals at the National level (to be located at NIUA) and Regional team to do the assessments of cities. City level assessments including surveys, collection of samples, etc. will be done by data collectors having expertise in different domains (e.g. solid waste management, transport) and accredited with or belonging to inspection bodies (such as **Bureau Vertitas** (India) Pvt. Ltd., **TUV SUD South Asia** Pvt. Ltd. etc.) having extensive experience in doing such kind of surveys and assessments.

Regional breakup of 116 cities is given as Annexure below – where it emerges that 9 Regional clusters having 13 cities each are formed, based on which city assessment costs are derived. Suggested indicators that require surveys are also described in Table 2. About 15 indicators are assumed to need surveys and/or laboratory tests which are costed tentatively, as survey sample size and need would vary as per indicator and the city. The agency estimates are based on charge-out rates (manpower + expenses + profits) as have been deployed in Project Management Unit (PMU) teams hired by the Ministry till date. Travel and other cost estimates are based on similar costs in other current projects, market trends and contracts given by the Ministry.

NIUA will deploy a team of 5 professionals to monitor the overall project, maintain quality & integrity of data & standards across cities, and capture lessons from the assessment exercise. This will include development of a standard methodology and software to be used by all the teams, so that the assessment is uniform and indexation is possible. The NIUA team is considered for 9 months (May 2017 to January 2018, inclusive) with the first 3 months given for internal team setup, agency procurement process and a universal software development for the Assessment. The next 6 months will be working in tandem with the different teams. The last month is kept for wrapping up the process for 2017 after the results are announced.

The NIUA team will consist of human resources as given in Table 1 below.

Table 1

Position	Minimum Qualifications & skills	Minimum Experience
Team Leader	Post Graduate degree in Engineering/Planning/Architecture/Economics/ Management/Mathematics/Statistics from a recognised University/Institution. Experience of working in Urban Sector. Experience of leading national/international level Urban Research assignments related to indexing of cities. Managed at least 1 projects of similar nature.	At least 20 years' experience in urban/management/research/ sector
Data Analytics and Indexing Specialist	Post graduate level qualification in Statistics from a recognised University/institution. Experience of data analysis developing composite indexes at national level.	15 years professional experience. Managed/worked in at least 2 assignments of similar nature
Urban Specialist (cross sectoral)	Post Graduate degree in Planning from a recognised university/institution. Experience of planning projects or city development aspects across planning sectors of transport, environment, services, etc.	15 years professional experience. Managed/worked in at least 2 assignments of similar nature
IT Specialist/Software Developer	Post Graduate in Software development from a recognized university/institution. Experience in developing software for Database Management System and data analysis	10 years' experience in the field. Developed at least 2 software for similar nature.

NIUA team will also have an Administrative Officer / Office Manager (qualifications and experience to suit the requirement) to manage the above project and its related matters.

Professionals deployed by Agency at the National level

The National level team to be located at NIUA is considered for 7 months (July 2017 to January 2018, inclusive), of which 6 months are common with the regional teams who will do the assessment of the cities. There are 12 workshops planned overall to be attended by the qualified members of the national level team: 1 each at National level for pre-bid, launch with selected agencies and at closing; and 1 each at each of the 9 Regional Centres midway to ascertain progress. The national team will consist of human resources as given in Table 2 below.

Table 2

The national team will also have Data Entry Operators (4 Nos.).

The national level team will be responsible for aggregating data received from the teams, etc . An important function of the National level team will be quality control to ensure the authenticity of the data collected through surveys. The authenticity of data shall be ensured through visual backup like photographs etc. and using geo-tagging technology through hand held devices. A useful precedence is the *Swacch Sarvekshan*.

Teams for City level assessment aggregated at Regional Cluster levels

The data collection and ground surveys of all the cities will be carried out by teams deployed by the Agency at Regional levels and travelling to the cities in the cluster. Each City team will carry out the assessment of indicators across in 15 categories through verification of secondary data and deployment of necessary surveyors for each city, and the laboratory tests as required in some

indicators. About 15 indicators are assumed to need surveys and/or laboratory tests. Table 2 gives the details.

1 INTRODUCTION

1.1 Background

a) The Government of India along with State and Local Governments is implementing several flagship urban missions for improving various aspects of urban development in Indian cities. An underlying goal of these initiatives is to make Indian cities more 'Liveable. This will not only providing good quality core infrastructure and services, but also developing cities with ample opportunities for work, entertainment and cultural activities, improved social infrastructure and economic opportunities.

b) In order to do this through a structured approach it is important to create a common minimum framework, which cities can use to assess their 'Liveability' and measure their progress over time. In this context Ministry of Urban Development has developed a set of 'Liveability Standards of Cities'. These will act as a guiding framework for cities to chart their pathway towards liveability and result in a systematic improvement in the quality of life of citizens in Indian cities. The draft 'Liveability Standards' are available at Smart City website.

c) A total of 79 different standards are proposed across 15 different categories. The Ministry proposes to conduct an 'Annual Assessment of Liveability in the various standards and develop a 'City Liveability Index' of the liveability standards in selected cities.

d) A total of 114 Cities have been selected. Shortlisting process is being undertaken to identify a panel of consultants who will be eligible for selection to do assessment of liveability standards in selected cities.

Notwithstanding anything to the contrary contained in this REOI, NIUA shall reject a proposal without being liable in any manner whatsoever to the Applicant, if it determines that the Applicant has, directly or indirectly or through an agent, engaged in corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice (collectively the "**Prohibited Practices**") in the Shortlisting Process.

4.2 Without prejudice to the rights of NIUA under Clause 4.1 hereinabove, if an Applicant or Consultant, as the case may be, is found by the NIUA to have directly or indirectly or through an agent, engaged or indulged in any corrupt, fraudulent, coercive, undesirable or restrictive practice during the Shortlisting Process, or after the issue of the notification of Shortlisting, such Applicant or Consultant shall not be eligible to participate in any tender or RFP issued by NIUA during a period of 2 (two) years from the date as the case may be.

4.3 For the purposes of this Section, the following terms shall have the meaning hereinafter respectively assigned to them:

a. "**corrupt practice**" means (i) the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence the action of any person connected with the Shortlisting Process; or (ii) save as provided herein, engaging in any manner whatsoever, whether during the Shortlisting Process or after the issue of the Notification of Shortlisting as the case may be, any person in respect of any matter relating to the Shortlisting or Notification of Shortlisting, who at any time has been or is a legal, financial or technical consultant/ adviser of NIUA in relation to any matter concerning the Project;

b. "**fraudulent practice**" means a misrepresentation or omission of facts or disclosure of incomplete facts, in order to influence the Shortlisting Process;

c. "**coercive practice**" means impairing or harming or threatening to impair or harm, directly or indirectly, any persons or property to influence any person's participation or action in the Shortlisting Process;

d. "**undesirable practice**" means (i) establishing contact with any person connected with or employed or engaged by the NIUA with the objective of canvassing, lobbying or in any manner influencing or attempting to influence the Shortlisting Process; or (ii) having a Conflict of Interest; and

e. "**Restrictive practice**" means forming a cartel or arriving at any understanding or arrangement among Applicants with the objective of

restricting or manipulating a full and fair competition in the Shortlisting Process.

5 Pre-Application Conference

5.1 Pre-Application Conference of the Applicants shall be convened at the designated date, time and place. A maximum of two representatives of each Applicant shall be allowed to participate on production of an authority letter from the Applicant.

5.2 During the course of Pre-Application Conference, the Applicants will be free to seek clarifications and make suggestions for consideration of NIUA. NIUA shall endeavour to provide clarifications and such further information as it may, in its sole discretion, consider appropriate for facilitating a fair, transparent and competitive Shortlisting Process.

6 Miscellaneous

6.1 The Shortlisting Process shall be governed by, and construed in accordance with, the laws of India and the Courts at New Delhi shall have exclusive jurisdiction over all disputes arising under, pursuant to and/or in connection with the Shortlisting Process.

6.2 NIUA, in its sole discretion and without incurring any obligation or liability, reserves the right, at any time, to:

a. Suspend and/or cancel the Shortlisting Process and/or amend and/or supplement the Shortlisting Process or modify the dates or other terms and conditions relating thereto;
b. Consult with any Applicant in order to receive clarification or further information;
c. Retain any information and/or evidence submitted to NIUA by, on behalf of and/or in relation to any Applicant; and/or
d. Independently verify, disqualify, reject and/or accept any and all submissions or other information and/or evidence submitted by or on behalf of any Applicant.

6.3 It shall be deemed that by submitting the Application, the Applicant agrees and releases NIUA, its employees, agents and advisers, irrevocably, unconditionally, fully and finally from any and all liability for claims, losses, damages, costs, expenses or liabilities in any way related to or arising from the exercise of any rights and/or performance of any obligations hereunder, pursuant hereto and/or in connection herewith and waives any and all rights and/or claims it may have in this respect, whether actual or contingent, whether present or future.

6.4 All documents and other information supplied by NIUA or submitted by an Applicant shall remain or become, as the case may be, the property of NIUA. NIUA will not return any submissions made hereunder. Applicants are required to treat all such documents and information as strictly confidential.

6.5 NIUA reserves the right to make inquiries with any of the clients listed by the Applicants in their previous experience record.

REOI FOR SHORTLISTING OF CONSULTING FIRMS FOR ASSESSMENT OF LIVEABILITY IN SELECTED CITIES

RESPONSE TO PRE-BID QUERIES

S.NO	QUERY	RESPONSE
	REGARDING ELIGIBILITY	
	'A business entity' - Government entities, formed by cabinet decisions are not incorporated in companies Act/LLP Act. There should be a provision for such entities.	Explained in Clause 2.2 (b) page 7. As per procurement guidelines, State-owned enterprises are eligible to compete if they are: i. Legally and financially autonomous ii. Operate under commercial law iii. Are not under supervision by the agency contracting them In any case, such entities can participate as a consortium partner
	EMD processing fee required in EOI phase or not?	No
	REGARDING FINANCIAL QUALIFICATION CRITERIA	
	How do you define 'financial strength of the organization'? (What secures full marks?)	Information needs to be provided as per Annexure 4 of the REOI. The Procurement Committee will decide the same.
	Financial strength of the firm (Pg. no. 15, 3.1 b) Vague statement: Is there any lower limit?	
	Elucidation required for 'Financial strength evaluation'.	
	Is there any limit of turnover to apply for this bid?	No
	Valuation of consortium to be for 'lead partner' or consortium as a whole?	Technical criteria valuation will be for all consortium partners. For financial strength Lead partner shall only be evaluated.

	REGARDING SCOPE	
	You give assignment in a single company for PAN India. (Can someone apply for few cities only?)	Single selected agency has to carry out the entire assignment for 116 cities.
	There are 116 cities given in Annexure - 1, whether NIUA is going to split this assignment among many organizations or will it be given to one agency?	
	Would single or multiple agencies be deployed to conduct the research? If multiple, what would be min/max size of deliverables(state wise/zone wise)?	
	Please clarify if this is a single project or how would the cities be packaged if multiple projects.	
	Will you select one agency for 116 cities or there will be multiple agencies?	
	Will the complete assignment be taken by a single firm?	
	In case the number of firms are to be engaged, how would the lot be divided?	
	How many bidders will be considered for contract award for all 130 cities/towns.	
	How many firms are to be selected?	
	Can a consultant bid for few states or it has to bid for all the 116 cities?	
	In the background, 114 cities is mentioned whereas Annexure A has names of 116 cities in the list. So what is the exact number?	116 cities

	Standard of Liveability is defined or it has to be redefined by the consultant?	Please refer to the "Liveability Standards in Cities" along with "Methodology for Collection and Computation of Liveability Standards in Cities " which may be downloaded at http://smartcities.gov.in/content/innerpage/otherstoolkit.php
	Is the methodology and related indices confirmed or are under development?	
	Do you expect us to contribute to development of indices and calculations?	No
	Once the data is submitted, does the research agency gets a role in policy defining?	No
	What all does city inspection report contains?	In case this refers to 'Inception Reports': Refer 1.2.1.b for details on City wise Inception Report
	What is the definition of a city - Municipality area or UA?	Municipal area
	Will there be separate reports for each city?	Yes
	REGARDING TECHNICAL QUALIFICATION CRITERIA	
	What is the type of expertise required for the assignment?	Refer Clause 3.1 of REOI
	Why is accreditation with B.V. or UV SUD or equivalent necessary?	To ensure quality
	Can 'equivalent' in the above query be elucidated?	Please follow the terms of reference.
	Why specific certification required when we have more experiences of Market Research/Field surveys urban slums surveys/socio- economic surveys?	
	Teams consisting of data collectors accredited with or belonging to inspection bodies such as Bureau Vertitas (india) pvt. Ltd., UV SUD South Asia pvt. or of equivalent status and	

	repute (Pg. no. 15, 3.1b) Which all bodies do include under this head? However, it is very difficult to get investigators/team for such a huge assignment	
	Section 3.1(e): Will ISO certifications quality? If yes, please specify how many projects or people to get 30 marks. If no, please specify the kind of accreditation.	
	Consideration of 30 marks in evaluation criteria for accreditation with Bureau veritas / UV SUD is too high. This criterion needs to be dropped to allow wider participation by industry in the project.	No change
	With respect to section 3 (b) of REOI on evaluation parameters, We have significant experience in undertaking field surveys and research and analysis in urban areas including household surveys, property survey and mapping etc. We have well laid out processes for data collection and quality assurance and are ISO 9001-2015 certified. As we mostly use in house survey designers, supervisors and data collectors, we have not worked with external terms specifically accredited by the specific organizations listed in REOI. The specific reference to inspection bodies may be removed in favour of generic quality assurance processes or certification or process demonstration.	
	From 3.1 Evaluation: Within each evaluation parameter, how will the marking be done? Is there any breakup of marks based on no. of assignments?	This will be decided by the Procurement Committee

	From 3.1 - Experience of staff- 25 marks: For how many similar assignments, maximum 25 marks will be awarded?	
	Point 3: Criteria for evaluation 3.1: Evaluation of applications a. What is the min number of experience for general experience? b. What is the minimum of staff having experience for similar assignment c. What is the minimum number of assignments related to market research and field survey in urban areas? d. What is the minimum number of assignments for experience of the firm in implementing assignments for analysis and assessment of data related to governance, transportation etc.	
	What is the score given to each assignment	
	The query is for the 'criteria for evaluation' marked at section 3. Under section 3.1 sub-point b, 4 parameters are grouped in 2 and marked as (3) and (4). The parameters include experience of the firm and the related assignments. The collective staff experience defines the firm's experience thus in that view the pointers are same except the expectations raised for the data collectors to be accredited with inspection bodies. Suggestion: In order to get more reliable data, one pointer should be added or weightage should be given to the consultants who are conducting the field work digitally.	

	Geotag information gives you more accuracy in terms of relying on data collected from that city itself.	
	On evaluation criteria what would be treated as Gold standard for each parameter i.e. what credential will make one eligible for full marks under each? What financial strength criteria will ensure 15 marks? How many projects as reference/experience?	
	Is the surveys held as large scale urban planning assignments will be counted or not?	Eligibility based on project details to be evaluated by the Procurement Committee
	Can we obtain global experience?	Yes
	Can study conducted in domain like governance, transportation, environment, conducted globally be shown in the experience?	Yes
	Is our global experience in similar studies relevant here?	Yes
	Reference Appendix 6 - Pg 28 ; Specific experience of the firm in implementing……….lead firm. Please clarify why pvt. Companies are mentioned and what kind of affiliation/equivalent status needed.	Self-Explanatory
	Reference Appendix 5,7 - Pg 26 and 30; A copy of the work order/agreement.........as per clause 2.19 Work order may not mention the survey work in most of the cases. But projects like PMAY are totally based on ground level survey as per the SOW mentioned by MOHUPA. Please consider these projects as under survey related work.	Project details to be submitted as per REOI

	REGARDING METHODOLOGY	
	Is primary data collection expected or the data needs to be collected from the ULB officials?	Both
	From 1.2 Brief TOR: What should be the methodology for data collection? Is this fixed or we have flexibility to opt for digital or other solutions?	This will be part of the detailed Terms of Reference as part of the Request for Proposal
	Research mode : physical surveys, government data, online research about the city. These need to be defined (for accuracy) and how to submit data (pre defined formats)	
	Please elaborate on secondary data availability from different line departments and primary data collection requirements in the project.	
	Data collection and field survey- What would be the universe/TG selection process?	
	REOI refers to a detailed methodology already developed for this experience. Will the selected consultant be allowed to improvise it?	
	Will usage of 'lateral' or 'proxy' data sources such as satellite imagery to access traffic patterns, built density, green cover, water bodies, open spaces etc, telephone data on mobility patterns etc be supported or encouraged?	
	What does identification of data resources and submission of resources of data mean?	This will be part of the detailed Terms of Reference as part of the Request for Proposal

	Has there been a baseline study conducted on the availability of administrative data across all the indicators mentioned in REOI? If so, will that be made available to the consultants at RFP stage?	No.
	Will data collected previously under other mission and programs viz. Swachh Survekshan etc. be made available for Liveability Index? (Can be very useful and avoid duplication of efforts)	This will be part of the detailed Terms of Reference as part of the Request for Proposal
	Will the government agencies provide support? To what extent? How?	
	Can data collection be a 'computer assisted personal interview' using CAPI devices (hand handled). REOI does mention that 'maintain and submit raw data and data collection forms to NIUA'.	
	Are you okay with digital form of data collection as you mentioned to submit raw data and data collection forms?	
	How is data to be submitted? Digitally or manually?	
	REGARDING DURATION OF ASSIGNMENT	
	What is the duration of this assignment?	This will be part of the detailed Terms of Reference as part of the Request for Proposal
	What would be the expected duration of the project(s)?	
	Once the purpose is defined then the research will make more sense. Also regarding the research - What is the time frame?	
	How much time is available for the actual execution of the project?	

	OTHER QUERIES	
	Define the purpose of research.	Please refer to the "Liveability Standards in Cities" and the "Methodology for Collection and Computation of Liveability Standards in Cities " documents, which can be downloaded from http://smartcities.gov.in/content/innerpage/otherstoolkit.php
	Assuming [that] in data collection for the government, [it is necessary] to identify the core areas which need to be addressed in the city, then the research need to be divided into three main parts - a. Physical structure - infrastructure b. social structure - occupation/education c. governance structure - how are things managed for a common man's life	
	Existing city infrastructure is required? Mapping the existing infrastructure in terms of connectivity, utilities, garbage management, education, employment opportunities and air quality.	
	Social structure : Liveability? What is the basic parameter which needs to be defined?	
	Governance structure : How is a common man's basic life and need governed? Who is accountable and answerable? Does the existing structure meets a common man's need?	
	Please provide the link for accessing liveability standards. Current link redirects to a page where it asks for EOI for Kakinada KMPs.

Section 1. Letter of Invitation

RFP No. CBUD/FIN/34 **Credit No**.4997-IN

New Delhi ____/ March/2017

Dear Mr. /Ms.:

1. The Government of India (hereinafter called "Borrower") has received financing from the International Development Association (IDA) (the "Bank") in the form of a credit (hereinafter called "credit") toward the cost of Capacity Building for Urban Development (CBUD) Project. The National Institute of Urban affairs, (an autonomous body under Ministry of Urban Development), the implementing agency of the Client, intends to apply a portion of the proceeds of this credit to eligible payments under the contract for which this Request for Proposals is issued. Payments by the Bank will be made only at the request of the *Ministry of Urban Development* (client) and upon approval by the Bank, and will be subject, in all respects, to the terms and conditions of the financing agreement. The financing agreement prohibits a withdrawal from the credit account for the purpose of any payment to persons or entities, or for any import of goods, if such payment or import, to the knowledge of the Bank, is prohibited by a decision of the United Nations Security council taken under Chapter VII of the Charter of the United Nations. No party other than the Borrower shall derive any rights from the financing agreement or have any claims to the proceeds of the credit.

   The Client now invites proposals to provide the following consulting services (hereinafter called "Services"): "Selection of Consulting Firms for Assessment of Liveability in 116 Cities cities in India". More details on the Services are provided in the Terms of Reference (Section 7).

2. This Request for Proposal (RFP) has been addressed to all eligible Consultants:

3. Deleted.

4. A firm will be selected under Quality and Cost Based Selection method (QCBS) **(Lump Sum)** and in a Proposal format as described in this RFP, in accordance with the policies of the Bank detailed in the Consultants' Guidelines which can be found at the following website: *www.worldbank.org/procure*.

5. The RFP includes the following documents:

   Section 1 - Letter of Invitation
   Section 2 - Instructions to Consultants and Data Sheet
   Section 3 - Technical Proposal - Standard Forms
   Section 4 - Financial Proposal - Standard Forms

Section 5 – Eligible Countries
Section 6 – Bank’s Policy – Corrupt and Fraudulent Practices
Section 7 - Terms of Reference
Section 8 - Standard Form of Contract (Time Based)

6. Please inform us by *[insert date]*, in writing by E-mail *[insert e-mail address]*:

   (a) That you have received the Letter of Invitation; and
   (b) Whether you intend to submit a proposal alone or intend to enhance your experience by requesting permission to associate with other firm(s) (if permissible under Section 2, Instructions to Consultants (ITC), Data Sheet 14.1.1).

7. Details on the proposal’s submission date, time and address are provided in Clauses 17.7 and 17.9 of the ITC.

Yours sincerely,

Section 2. Instructions to Consultants and Data Sheet

(y) "TORs" (this Section 7 of the RFP) means the Terms of Reference that explain the objectives, scope of work, activities, and tasks to be performed, respective responsibilities of the Client and the Consultant, and expected results and deliverables of the assignment.
2. Introduction	2.1 The Client named in the **Data Sheet** intends to select a Consultant from those listed in the Letter of Invitation, in accordance with the method of selection specified in the **Data Sheet**. 2.2 The shortlisted Consultants are invited to submit a Technical Proposal and a Financial Proposal, or a Technical Proposal only, as specified in the **Data Sheet**, for consulting services required for the assignment named in the **Data Sheet**. The Proposal will be the basis for negotiating and ultimately signing the Contract with the selected Consultant. 2.3 The Consultants should familiarize themselves with the local conditions and take them into account in preparing their Proposals, including attending a pre-proposal conference if one is specified in the **Data Sheet**. Attending any such pre-proposal conference is optional and is at the Consultants' expense. 2.4 The Client will timely provide, at no cost to the Consultants, the inputs, relevant project data, and reports required for the preparation of the Consultant's Proposal as specified in the **Data Sheet**.
3. Conflict of Interest	3.1 The Consultant is required to provide professional, objective, and impartial advice, at all times holding the Client's interests paramount, strictly avoiding conflicts with other assignments or its own corporate interests, and acting without any consideration for future work. 3.2 The Consultant has an obligation to disclose to the Client any situation of actual or potential conflict that impacts its capacity to serve the best interest of its Client. Failure to disclose such situations may lead to the disqualification of the Consultant or the termination of its Contract and/or sanctions by the Bank. 3.2.1 Without limitation on the generality of the foregoing, the Consultant shall not be hired under the circumstances set forth

	below:
a. Conflicting activities	(i) Conflict between consulting activities and procurement of goods, works or non-consulting services: a firm that has been engaged by the Client to provide goods, works, or non-consulting services for a project, or any of its Affiliates, shall be disqualified from providing consulting services resulting from or directly related to those goods, works, or non-consulting services. Conversely, a firm hired to provide consulting services for the preparation or implementation of a project, or any of its Affiliates, shall be disqualified from subsequently providing goods or works or non-consulting services resulting from or directly related to the consulting services for such preparation or implementation.
b. Conflicting assignments	(ii) Conflict among consulting assignments: a Consultant (including its Experts and Sub-consultants) or any of its Affiliates shall not be hired for any assignment that, by its nature, may be in conflict with another assignment of the Consultant for the same or for another Client.
c. Conflicting relationships	(iii) Relationship with the Client's staff: a Consultant (including its Experts and Sub-consultants) that has a close business or family relationship with a professional staff of the Borrower (or of the Client, or of implementing agency, or of a recipient of a part of the Bank's financing) who are directly or indirectly involved in any part of (i) the preparation of the Terms of Reference for the assignment, (ii) the selection process for the Contract, or (iii) the supervision of the Contract, may not be awarded a Contract, unless the conflict stemming from this relationship has been resolved in a manner acceptable to the Bank throughout the selection process and the execution of the Contract.
4. Unfair Competitive Advantage	4.1 Fairness and transparency in the selection process require that the Consultants or their Affiliates competing for a specific assignment do not derive a competitive advantage from having provided consulting services related to the assignment in question. To that end, the Client shall indicate in the **Data Sheet** and make available to all shortlisted Consultants together with this RFP all information that would in that respect give such Consultant any unfair competitive advantage over competing Consultants.
5. Corrupt and Fraudulent Practices	5.1 The Bank requires compliance with its policy in regard to corrupt and fraudulent practices as set forth in Section 6. 5.2 In further pursuance of this policy, Consultant shall permit and shall cause its agents, Experts, Sub-consultants, sub-contractors,

	services providers, or suppliers to permit the Bank to inspect all accounts, records, and other documents relating to the submission of the Proposal and contract performance (in case of an award), and to have them audited by auditors appointed by the Bank.
6. Eligibility	6.1 The Bank permits consultants (individuals and firms, including Joint Ventures and their individual members) from all countries to offer consulting services for Bank-financed projects. 6.2 Furthermore, it is the Consultant's responsibility to ensure that its Experts, joint venture members, Sub-consultants, agents (declared or not), sub-contractors, service providers, suppliers and/or their employees meet the eligibility requirements as established by the Bank in the Applicable Guidelines. 6.3 As an exception to the foregoing Clauses 6.1 and 6.2 above:
a. Sanctions	6.3.1 A firm or an individual sanctioned by the Bank in accordance with the above Clause 5.1 or in accordance with "Anti-Corruption Guidelines" shall be ineligible to be awarded a Bank-financed contract, or to benefit from a Bank-financed contract, financially or otherwise, during such period of time as the Bank shall determine. The list of debarred firms and individuals is available at the electronic address specified in the **Data Sheet**.
b. Prohibitions	6.3.2 Firms and individuals of a country or goods manufactured in a country may be ineligible if so indicated in Section 5 (Eligible Countries) and: (a) as a matter of law or official regulations, the Borrower's country prohibits commercial relations with that country, provided that the Bank is satisfied that such exclusion does not preclude effective competition for the provision of Services required; or (b) by an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, the Borrower's Country prohibits any import of goods from that country or any payments to any country, person, or entity in that country.
c. Restrictions for Government-owned Enterprises	6.3.3 Government-owned enterprises or institutions in the Borrower's country shall be eligible only if they can establish that they (i) are legally and financially autonomous, (ii) operate under commercial law, and (iii) that they are not dependent agencies of the Client

	To establish eligibility, the government-owned enterprise or institution should provide all relevant documents (including its charter) sufficient to demonstrate that it is a legal entity separate from the government; it does not currently receive any substantial subsidies or budget support; it is not obligated to pass on its surplus to the government; it can acquire rights and liabilities, borrow funds, and can be liable for repayment of debts and be declared bankrupt; and it is not competing for a contract to be awarded by the government department or agency which, under the applicable laws or regulations, is its reporting or supervisory authority or has the ability to exercise influence or control over it.
d. Restrictions for public employees	6.3.4 Government officials and civil servants of the Borrower's country are not eligible to be included as Experts in the Consultant's Proposal unless such engagement does not conflict with any employment or other laws, regulations, or policies of the Borrower's country, and they (i) are on leave of absence without pay, or have resigned or retired; (ii) are not being hired by the same agency they were working for before going on leave of absence without pay, resigning, or retiring (in case of resignation or retirement, for a period of at least 6 (six) months, or the period established by statutory provisions applying to civil servants or government employees in the Borrower's country, whichever is longer. Experts who are employed by the government-owned universities, educational or research institutions are not eligible unless they have been full time employees of their institutions for a year or more prior to being included in Consultant's Proposal.; and (iii) their hiring would not create a conflict of interest.
B. Preparation of Proposals	
7. General Considerations	**7.1.** In preparing the Proposal, the Consultant is expected to examine the RFP in detail. Material deficiencies in providing the information requested in the RFP may result in rejection of the Proposal.
8. Cost of	**8.1.** The Consultant shall bear all costs associated with the

Preparation of Proposal	preparation and submission of its Proposal, and the Client shall not be responsible or liable for those costs, regardless of the conduct or outcome of the selection process. The Client is not bound to accept any proposal, and reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Consultant.
9. Language	**9.1.** The Proposal, as well as all correspondence and documents relating to the Proposal exchanged between the Consultant and the Client, shall be written in the language(s) specified in the **Data Sheet**.
10. Documents Comprising the Proposal	**10.1.** The Proposal shall comprise the documents and forms listed in the **Data Sheet**. **10.2.** If specified in the **Data Sheet**, the Consultant shall include a statement of an undertaking of the Consultant to observe, in competing for and executing a contract, the Client country's laws against fraud and corruption (including bribery). **10.3.** The Consultant shall furnish information on commissions, gratuities, and fees, if any, paid or to be paid to agents or any other party relating to this Proposal and, if awarded, Contract execution, as requested in the Financial Proposal submission form (Section 4).
11. Only One Proposal	**11.1.** The Consultant (including the individual members of any Joint Venture) shall submit only one Proposal, either in its own name or as part of a Joint Venture in another Proposal. If a Consultant, including any Joint Venture member, submits or participates in more than one proposal, all such proposals shall be disqualified and rejected. This does not, however, preclude a Sub-consultant, or the Consultant's staff from participating as Key Experts and Non-Key Experts in more than one Proposal when circumstances justify and if stated in the **Data Sheet**.
12. Proposal Validity	**12.1. The Data Sheet** indicates the period during which the Consultant's Proposal must remain valid after the Proposal submission deadline. **12.2.** During this period, the Consultant shall maintain its original Proposal without any change, including the availability of the Key Experts, the proposed rates and the total price. **12.3.** If it is established that any Key Expert nominated in the Consultant's Proposal was not available at the time of Proposal submission or was included in the Proposal without his/her confirmation, such Proposal shall be disqualified and rejected for further evaluation, and may be subject to sanctions in accordance with

	Clause 5 of this ITC.
a. Extension of Validity Period	**12.4.** The Client will make its best effort to complete the negotiations within the proposal's validity period. However, should the need arise, the Client may request, in writing, all Consultants who submitted Proposals prior to the submission deadline to extend the Proposals' validity. **12.5.** If the Consultant agrees to extend the validity of its Proposal, it shall be done without any change in the original Proposal and with the confirmation of the availability of the Key Experts. **12.6.** The Consultant has the right to refuse to extend the validity of its Proposal in which case such Proposal will not be further evaluated.
b. Substitution of Key Experts at Validity Extension	**12.7.** If any of the Key Experts become unavailable for the extended validity period, the Consultant shall provide a written adequate justification and evidence satisfactory to the Client together with the substitution request. In such case, a replacement Key Expert shall have equal or better qualifications and experience than those of the originally proposed Key Expert. The technical evaluation score, however, will remain to be based on the evaluation of the CV of the original Key Expert. **12.8.** If the Consultant fails to provide a replacement Key Expert with equal or better qualifications, or if the provided reasons for the replacement or justification are unacceptable to the Client, such Proposal will be rejected with the prior Bank's no objection.
c. Sub-Contracting	**12.9.** The Consultant shall not subcontract the whole of the Services.
13. Clarification and Amendment of RFP	**13.1.** The Consultant may request a clarification of any part of the RFP during the period indicated in the **Data Sheet** before the Proposals' submission deadline. Any request for clarification must be sent in writing, or by standard electronic means, to the Client's address indicated in the **Data Sheet**. The Client will respond in writing, or by standard electronic means, and will send written copies of the response (including an explanation of the query but without identifying its source) to all shortlisted Consultants. Should the Client deem it necessary to amend the RFP as a result of a clarification, it shall do so following the procedure described below: 13.1.1. At any time before the proposal submission deadline, the Client may amend the RFP by issuing an amendment in writing or by standard electronic means. The amendment shall be sent to all shortlisted Consultants and will be binding on them. The shortlisted Consultants shall acknowledge receipt of

	all amendments in writing. 13.1.2. If the amendment is substantial, the Client may extend the proposal submission deadline to give the shortlisted Consultants reasonable time to take an amendment into account in their Proposals. **13.2.** The Consultant may submit a modified Proposal or a modification to any part of it at any time prior to the proposal submission deadline. No modifications to the Technical or Financial Proposal shall be accepted after the deadline.
14. Preparation of Proposals – Specific Considerations	**14.1.** While preparing the Proposal, the Consultant must give particular attention to the following: 14.1.1. If a shortlisted Consultant considers that it may enhance its expertise for the assignment by associating with other consultants in the form of a Joint Venture or as Sub-consultants, it may do so with either (a) non-shortlisted Consultant(s), or (b) shortlisted Consultants if permitted in the **Data Sheet**. In all such cases a shortlisted Consultant must obtain the written approval of the Client prior to the submission of the Proposal. When associating with non-shortlisted firms in the form of a joint venture or a sub-consultancy, the shortlisted Consultant shall be a lead member. If shortlisted Consultants associate with each other, any of them can be a lead member. 14.1.2. The Client may indicate in the **Data Sheet** the estimated Key Experts' time input (expressed in person-month) or the Client's estimated total cost of the assignment, but not both. This estimate is indicative and the Proposal shall be based on the Consultant's own estimates for the same. 14.1.3. If stated in the **Data Sheet**, the Consultant shall include in its Proposal at least the same time input (in the same unit as indicated in the **Data Sheet**) of Key Experts, failing which the Financial Proposal will be adjusted for the purpose of comparison of proposals and decision for award in accordance with the procedure in the **Data Sheet**. 14.1.4. For assignments under the Fixed-Budget selection method, the estimated Key Experts' time input is not disclosed. Total available budget, with an indication whether it is inclusive or exclusive of taxes, is given in the **Data Sheet**, and the Financial Proposal shall not exceed this budget.
15. Technical Proposal Format and	**15.1.** The Technical Proposal shall not include any financial information. A Technical Proposal containing material financial

Content	information shall be declared non-responsive. 15.1.1 Consultant shall not propose alternative Key Experts. Only one CV shall be submitted for each Key Expert position. Failure to comply with this requirement will make the Proposal non-responsive. **15.2.** Depending on the nature of the assignment, the Consultant is required to submit a Full Technical Proposal (FTP), or a Simplified Technical Proposal (STP) as indicated in the **Data Sheet** and using the Standard Forms provided in Section 3 of the RFP.
16. Financial Proposal	**16.1.** The Financial Proposal shall be prepared using the Standard Forms provided in Section 4 of the RFP. It shall list all costs associated with the assignment, including (a) remuneration for Key Experts and Non-Key Experts, (b) reimbursable expenses indicated in the **Data Sheet**.
a. Price Adjustment	**16.2.** For assignments with a duration exceeding 18 months, a price adjustment provision for foreign and/or local inflation for remuneration rates applies if so stated in the **Data Sheet**.
b. Taxes	**16.3.** The Consultant and its Sub-consultants and Experts are responsible for meeting all tax liabilities arising out of the Contract unless stated otherwise in the **Data Sheet**. Information on taxes in the Client’s country is provided in the **Data Sheet**.
c. Currency of Proposal	**16.4.** The Consultant may express the price for its Services in the currency or currencies as stated in the **Data Sheet**. If indicated in the **Data Sheet**, the portion of the price representing local cost shall be stated in the national currency.
d. Currency of Payment	**16.5.** Payment under the Contract shall be made in the currency or currencies in which the payment is requested in the Proposal.
C. Submission, Opening and Evaluation	
17. Submission, Sealing, and Marking of Proposals	17.1 The Consultant shall submit a signed and complete Proposal comprising the documents and forms in accordance with Clause 10 (Documents Comprising Proposal). The submission can be done by mail or by hand. If specified in the **Data Sheet**, the Consultant has the option of submitting its Proposals electronically. 17.2 An authorized representative of the Consultant shall sign the original submission letters in the required format for both the Technical Proposal and, if applicable, the Financial Proposal and shall initial all pages of both. The authorization shall be in the form

of a written power of attorney attached to the Technical Proposal.

17.2.1 A Proposal submitted by a Joint Venture shall be signed by all members so as to be legally binding on all members, or by an authorized representative who has a written power of attorney signed by each member's authorized representative.

17.3 Any modifications, revisions, interlineations, erasures, or overwriting shall be valid only if they are signed or initialed by the person signing the Proposal.

17.4 The signed Proposal shall be marked "ORIGINAL", and its copies marked "COPY" as appropriate. The number of copies is indicated in the **Data Sheet**. All copies shall be made from the signed original. If there are discrepancies between the original and the copies, the original shall prevail.

17.5 The original and all the copies of the Technical Proposal shall be placed inside of a sealed envelope clearly marked "**TECHNICAL PROPOSAL**", "[Name of the Assignment]", reference number, name and address of the Consultant, and with a warning "**DO NOT OPEN UNTIL [INSERT THE DATE AND THE TIME OF THE TECHNICAL PROPOSAL SUBMISSION DEADLINE]**."

17.6 Similarly, the original Financial Proposal (if required for the applicable selection method) shall be placed inside of a sealed envelope clearly marked "**FINANCIAL PROPOSAL**" followed by the name of the assignment, reference number, name and address of the Consultant, and with a warning "**DO NOT OPEN WITH THE TECHNICAL PROPOSAL**."

17.7 The sealed envelopes containing the Technical and Financial Proposals shall be placed into one outer envelope and sealed. This outer envelope shall bear the submission address, RFP reference number, the name of the assignment, Consultant's name and the address, and shall be clearly marked "**DO NOT OPEN BEFORE** [insert the time and date of the submission deadline indicated in the Data Sheet]".

17.8 If the envelopes and packages with the Proposal are not sealed and marked as required, the Client will assume no responsibility for the misplacement, loss, or premature opening of the Proposal.

17.9 The Proposal or its modifications must be sent to the address indicated in the **Data Sheet** and received by the Client no later than the deadline indicated in the **Data Sheet**, or any

	extension to this deadline. Any Proposal or its modification received by the Client after the deadline shall be declared late and rejected, and promptly returned unopened.
18. Confidentiality	18.1 From the time the Proposals are opened to the time the Contract is awarded, the Consultant should not contact the Client on any matter related to its Technical and/or Financial Proposal. Information relating to the evaluation of Proposals and award recommendations shall not be disclosed to the Consultants who submitted the Proposals or to any other party not officially concerned with the process, until the publication of the Contract award information. 18.2 Any attempt by shortlisted Consultants or anyone on behalf of the Consultant to influence improperly the Client in the evaluation of the Proposals or Contract award decisions may result in the rejection of its Proposal, and may be subject to the application of prevailing Bank's sanctions procedures. 18.3 Notwithstanding the above provisions, from the time of the Proposals' opening to the time of Contract award publication, if a Consultant wishes to contact the Client or the Bank on any matter related to the selection process, it should do so only in writing.
19. Opening of Technical Proposals	19.1 The Client's evaluation committee shall conduct the opening of the Technical Proposals in the presence of the shortlisted Consultants' authorized representatives who choose to attend (in person, or online if this option is offered in the **Data Sheet**). The opening date, time and the address are stated in the **Data Sheet**. The envelopes with the Financial Proposal shall remain sealed and shall be securely stored with a reputable public auditor or independent authority until they are opened in accordance with Clause 23 of the ITC. 19.2 At the opening of the Technical Proposals the following shall be read out: (i) the name and the country of the Consultant or, in case of a Joint Venture, the name of the Joint Venture, the name of the lead member and the names and the countries of all members; (ii) the presence or absence of a duly sealed envelope with the Financial Proposal; (iii) any modifications to the Proposal submitted prior to proposal submission deadline; and (iv) any other information deemed appropriate or as indicated in the **Data Sheet**.
20. Proposals Evaluation	20.1 Subject to provision of Clause 15.1 of the ITC, the evaluators of the Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is concluded and the Bank issues its "no objection", if applicable.

	20.2 The Consultant is not permitted to alter or modify its Proposal in any way after the proposal submission deadline except as permitted under Clause 12.7 of this ITC. While evaluating the Proposals, the Client will conduct the evaluation solely on the basis of the submitted Technical and Financial Proposals.
21. Evaluation of Technical Proposals	21.1 The Client's evaluation committee shall evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and the RFP, applying the evaluation criteria, sub-criteria, and point system specified in the **Data Sheet**. Each responsive Proposal will be given a technical score. A Proposal shall be rejected at this stage if it does not respond to important aspects of the RFP or if it fails to achieve the minimum technical score indicated in the **Data Sheet**.
22. Financial Proposals for QBS	22.1 Following the ranking of the Technical Proposals, when the selection is based on quality only (QBS), the top-ranked Consultant is invited to negotiate the Contract. 22.2 If Financial Proposals were invited together with the Technical Proposals, only the Financial Proposal of the technically top-ranked Consultant is opened by the Client's evaluation committee. All other Financial Proposals are returned unopened after the Contract negotiations are successfully concluded and the Contract is signed.
23. Public Opening of Financial Proposals (for QCBS, FBS, and LCS methods)	23.1 After the technical evaluation is completed and the Bank has issued its no objection (if applicable), the Client shall notify those Consultants whose Proposals were considered non-responsive to the RFP and TOR or did not meet the minimum qualifying technical score (and shall provide information relating to the Consultant's overall technical score, as well as scores obtained for each criterion and sub-criterion) that their Financial Proposals will be returned unopened after completing the selection process and Contract signing. The Client shall simultaneously notify in writing those Consultants that have achieved the minimum overall technical score and inform them of the date, time and location for the opening of the Financial Proposals. The opening date should allow the Consultants sufficient time to make arrangements for attending the opening. The Consultant's attendance at the opening of the Financial Proposals (in person, or online if such option is indicated in the **Data Sheet**) is optional and is at the Consultant's choice. 23.2 The Financial Proposals shall be opened by the Client's evaluation committee in the presence of the representatives of those Consultants whose proposals have passed the minimum technical score. At the opening, the names of the Consultants, and the overall

	technical scores, including the break-down by criterion, shall be read aloud. The Financial Proposals will then be inspected to confirm that they have remained sealed and unopened. These Financial Proposals shall be then opened, and the total prices read aloud and recorded. Copies of the record shall be sent to all Consultants who submitted Proposals and to the Bank.
24. Correction of Errors	24.1 Activities and items described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, and no corrections are made to the Financial Proposal.
a. Time-Based Contracts	24.1.1 If a Time-Based contract form is included in the RFP, the Client's evaluation committee will (a) correct any computational or arithmetical errors, and (b) adjust the prices if they fail to reflect all inputs included for the respective activities or items in the Technical Proposal. In case of discrepancy between (i) a partial amount (sub-total) and the total amount, or (ii) between the amount derived by multiplication of unit price with quantity and the total price, or (iii) between words and figures, the former will prevail. In case of discrepancy between the Technical and Financial Proposals in indicating quantities of input, the Technical Proposal prevails and the Client's evaluation committee shall correct the quantification indicated in the Financial Proposal so as to make it consistent with that indicated in the Technical Proposal, apply the relevant unit price included in the Financial Proposal to the corrected quantity, and correct the total Proposal cost.
b. Lump-Sum Contracts	24.2 If a Lump-Sum contract form is included in the RFP, the Consultant is deemed to have included all prices in the Financial Proposal, so neither arithmetical corrections nor price adjustments shall be made. The total price, net of taxes understood as per Clause ITC 25 below, specified in the Financial Proposal (Form FIN-1) shall be considered as the offered price.
25. Taxes	25.1 The Client's evaluation of the Consultant's Financial Proposal shall exclude taxes and duties in the Client's country in accordance with the instructions in the **Data Sheet**.
26. Conversion to Single Currency	26.1 For the evaluation purposes, prices shall be converted to a single currency using the selling rates of exchange, source and date indicated in the **Data Sheet**.
27. Combined Quality and Cost Evaluation	

a. Quality- and Cost-Based Selection (QCBS)	27.1 In the case of QCBS, the total score is calculated by weighting the technical and financial scores and adding them as per the formula and instructions in the **Data Sheet**. The Consultant achieving the highest combined technical and financial score will be invited for negotiations.
b. Fixed-Budget Selection (FBS)	27.2 In the case of FBS, those Proposals that exceed the budget indicated in Clause 14.1.4 of the **Data Sheet** shall be rejected. 27.3 The Client will select the Consultant that submitted the highest-ranked Technical Proposal that does not exceed the budget indicated in the RFP, and invite such Consultant to negotiate the Contract.

c. Least-Cost Selection	27.4 In the case of Least-Cost Selection (LCS), the Client will select the Consultant with the lowest evaluated total price among those consultants that achieved the minimum technical score, and invite such Consultant to negotiate the Contract.
D. Negotiations and Award	
28. Negotiations	28.1 The negotiations will be held at the date and address indicated in the **Data Sheet** with the Consultant's representative(s) who must have written power of attorney to negotiate and sign a Contract on behalf of the Consultant. 28.2 The Client shall prepare minutes of negotiations that are signed by the Client and the Consultant's authorized representative.
a. Availability of Key Experts	28.3 The invited Consultant shall confirm the availability of all Key Experts included in the Proposal as a pre-requisite to the negotiations, or, if applicable, a replacement in accordance with Clause 12 of the ITC. Failure to confirm the Key Experts' availability may result in the rejection of the Consultant's Proposal and the Client proceeding to negotiate the Contract with the next-ranked Consultant. 28.4 Notwithstanding the above, the substitution of Key Experts at the negotiations may be considered if due solely to circumstances outside the reasonable control of and not foreseeable by the Consultant, including but not limited to death or medical incapacity. In such case, the Consultant shall offer a substitute Key Expert within the period of time specified in the letter of invitation to negotiate the Contract, who shall have equivalent or better qualifications and experience than the original candidate.
b. Technical negotiations	28.5 The negotiations include discussions of the Terms of Reference (TORs), the proposed methodology, the Client's inputs, the special conditions of the Contract, and finalizing the "Description of Services" part of the Contract. These discussions shall not substantially alter the original scope of services under the TOR or the terms of the contract, lest the quality of the final product, its price, or the relevance of the initial evaluation be affected.
c. Financial negotiations	28.6 The negotiations include the clarification of the Consultant's tax liability in the Client's country and how it should be reflected in the Contract. 28.7 If the selection method included cost as a factor in the evaluation, the total price stated in the Financial Proposal for a

	Lump-Sum contract shall not be negotiated. 28.8 In the case of a Time-Based contract, unit rates negotiations shall not take place, except when the offered Key Experts and Non-Key Experts' remuneration rates are much higher than the typically charged rates by consultants in similar contracts. In such case, the Client may ask for clarifications and, if the fees are very high, ask to change the rates after consultation with the Bank. The format for (i) providing information on remuneration rates in the case of Quality Based Selection; and (ii) clarifying remuneration rates' structure under Clause 28.8 above, is provided in Appendix A to the Financial Form FIN-3: Financial Negotiations – Breakdown of Remuneration Rates.
29. Conclusion of Negotiations	29.1 The negotiations are concluded with a review of the finalized draft Contract, which then shall be initialed by the Client and the Consultant's authorized representative. 29.2 If the negotiations fail, the Client shall inform the Consultant in writing of all pending issues and disagreements and provide a final opportunity to the Consultant to respond. If disagreement persists, the Client shall terminate the negotiations informing the Consultant of the reasons for doing so. After having obtained the Bank's no objection, the Client will invite the next-ranked Consultant to negotiate a Contract. Once the Client commences negotiations with the next-ranked Consultant, the Client shall not reopen the earlier negotiations.
30. Award of Contract	30.1 After completing the negotiations the Client shall obtain the Bank's no objection to the negotiated draft Contract, if applicable; sign the Contract; publish the award information as per the instructions in the **Data Sheet**; and promptly notify the other shortlisted Consultants. 30.2 The Consultant is expected to commence the assignment on the date and at the location specified in the **Data Sheet**.

Form TECH-2: a brief description of the Consultant's organization and an outline of the recent experience of the Consultant that is most relevant to the assignment. In the case of a joint venture, information on similar assignments shall be provided for each partner. For each assignment, the outline should indicate the names of the Consultant's Key Experts and Sub-consultants who participated, the duration of the assignment, the contract amount (total and, if it was done in a form of a joint venture or a sub-consultancy, the amount paid to the Consultant), and the Consultant's role/involvement.

A - Consultant's Organization

1. Provide here a brief description of the background and organization of your company, and – in case of a joint venture – of each member for this assignment.

2. Include organizational chart, a list of Board of Directors, and beneficial ownership

B - Consultant's Experience

1**. List only previous similar assignments successfully completed[2] in the last *10 (ten)* years. (Please give details of not more than 10 assignments)**

2. List only those assignments for which the Consultant was legally contracted by the Client as a company or was one of the joint venture partners. Assignments completed by the Consultant's individual experts working privately or through other consulting firms cannot be claimed as the relevant experience of the Consultant, or that of the Consultant's partners or sub-consultants, but can be claimed by the Experts themselves in their CVs. The Consultant should be prepared to substantiate the claimed experience by presenting copies of relevant documents and references if so requested by the Client.

---

[2] The Claims of completion shall be self-certified. A copy of agreement along with or showing the scope of the work is required to be submitted. Substantially completed assignments shall be considered in case the Applicant has completed and submitted Draft Final Report or equivalent deliverable. The client may seek clarifications, if required

Duration	Assignment name/& brief description of main deliverables/outputs	Name of Client & Country of Assignment	Approx. Contract value (in US$ equivalent)/ Amount paid to your firm	Role on the Assignment
{e.g., Jan.2009–Apr.2010}	{e.g., "Improvement quality of..............": designed master plan for rationalization of ....; }	{e.g., Ministry of ......, country}	{e.g., US$1 mill/US$0.5 mill}	{e.g., Lead partner in a JV A&B&C}
{e.g., Jan-May 2008}	{e.g., "Support to sub-national government....." : drafted secondary level regulations on..............}	{e.g., municipality of........., country}	{e.g., US$0.2 mil/US$0.2 mil}	{e.g., sole Consultant}

FORM TECH-3

COMMENTS AND SUGGESTIONS ON THE TERMS OF REFERENCE, COUNTERPART STAFF, AND FACILITIES TO BE PROVIDED BY THE CLIENT

Form TECH-3: comments and suggestions on the Terms of Reference that could improve the quality/effectiveness of the assignment; and on requirements for counterpart staff and facilities, which are provided by the Client, including: administrative support, office space, local transportation, equipment, data, etc.

A - On the Terms of Reference

{Improvements to the Terms of Reference, if any}

B - On Counterpart Staff and Facilities

{Comments on counterpart staff and facilities to be provided by the Client. For example, administrative support, office space, local transportation, equipment, data, background reports, etc., if any}

FORM TECH-4
DESCRIPTION OF APPROACH, METHODOLOGY, AND WORK PLAN IN RESPONDING TO THE TERMS OF REFERENCE

Form TECH-4: a description of the approach, methodology and work plan for performing the assignment, including a detailed description of the proposed methodology and staffing for training, if the Terms of Reference specify training as a specific component of the assignment.

{Suggested structure of your Technical Proposal (in FTP format):

a) Technical Approach and Methodology
b) Work Plan
c) Organization and Staffing}

a) ***Technical Approach and Methodology.*** {Please explain your understanding of the objectives of the assignment as outlined in the Terms of Reference (TORs), the technical approach, and the methodology you would adopt for implementing the tasks to deliver the expected output(s), and the degree of detail of such output. **Please do not repeat/copy the TORs in here.**}

b) ***Work Plan.*** {Please outline the plan for the implementation of the main activities/tasks of the assignment, their content and duration, phasing and interrelations, milestones (including interim approvals by the Client), and tentative delivery dates of the reports. The proposed work plan should be consistent with the technical approach and methodology, showing your understanding of the TOR and ability to translate them into a feasible working plan. A list of the final documents (including reports) to be delivered as final output(s) should be included here. The work plan should be consistent with the Work Schedule Form.

Broad guidance (indicator-wise) on data collection methods, likely sources of secondary data, and standards for sampling size and regimen to be followed for physical surveys is given in "Methodology for Collection and Computation of Liveability Standards in Cities", which may be downloaded from http://smartcities.gov.in/content/innerpage/otherstoolkit.php.

As part of their methodology, Consultants should indicate

o A complete list of data proposed to be collected in a tabular format, based on the documents on Liveability Index as stated above, indicating source for each dataset as well as an approximate timeline and format for the same

o The proposed strategies that will be employed in cases where data is not available from the sources indicated in the document.

o The Methodology should also indicate the technology to be used for data collection and ensuring data veracity

The final methodology to be adopted will be finalized in discussion with NIUA at the time of preparation of city inception reports.}

d) ***Organization and Staffing.*** {Please describe the structure and composition of your team, including the list of the Key Experts, Non-Key Experts and relevant technical and administrative support staff

Three levels of teams will be mobilized for the assignment as provided in 7.6 (Section 7 Terms of Reference).

Details of members of the Core Team will be evaluated as part of (iii) Key Experts' qualifications and competence for the Assignment.

The composition of the Analytics Team and Field Teams with names, qualification and name of institution with which they are accredited must also be provided.

Submission of such data for the Analytics and Field Teams is mandatory but will not receive any marks for purposes of technical evaluation.}

Section 6. Bank Policy – Corrupt and Fraudulent Practices

Guidelines for Selection and Employment of Consultants under IBRD Loans and IDA Credits & Grants by World Bank Borrowers, dated January 2011:

“**Fraud and Corruption**

1.23 It is the Bank’s policy to require that Borrowers (including beneficiaries of Bank loans), consultants, and their agents (whether declared or not), sub-contractors, sub-consultants, service providers, or suppliers, and any personnel thereof, observe the highest standard of ethics during the selection and execution of Bank-financed contracts [footnote: In this context, any action taken by a consultant or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, to influence the selection process or contract execution for undue advantage is improper.]. In pursuance of this policy, the Bank:

(a) defines, for the purposes of this provision, the terms set forth below as follows:

   (i) “corrupt practice” is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party[4];

   (ii) “fraudulent practice” is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation[5];

   (iii) “collusive practices” is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party[6];

   (iv) “coercive practices” is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party[7];

---

[4] For the purpose of this sub-paragraph, “another party” refers to a public official acting in relation to the selection process or contract execution. In this context “public official” includes World Bank staff and employees of other organizations taking or reviewing selection decisions.

[5] For the purpose of this sub-paragraph, “party” refers to a public official; the terms “benefit” and “obligation” relate to the selection process or contract execution; and the “act or omission” is intended to influence the selection process or contract execution.

[6] For the purpose of this sub-paragraph, “parties” refers to participants in the procurement or selection process (including public officials) attempting either themselves, or through another person or entity not participating in the procurement or selection process, to simulate competition or to establish prices at artificial, non-competitive levels, or are privy to each other’s bid prices or other conditions.

[7] For the purpose of this sub-paragraph, “party” refers to a participant in the selection process or contract execution.

(v) “obstructive practice” is

(aa) deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede a Bank investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation, or

(bb) acts intended to materially impede the exercise of the Bank’s inspection and audit rights;

(b) will reject a proposal for award if it determines that the consultant recommended for award or any of its personnel, or its agents, or its sub-consultants, sub-contractors, services providers, suppliers, and/or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;

(c) will declare mis-procurement and cancel the portion of the Loan allocated to a contract if it determines at any time that representatives of the Borrower or of a recipient of any part of the proceeds of the Loan were engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices during the selection process or the implementation of the contract in question, without the Borrower having taken timely and appropriate action satisfactory to the Bank to address such practices when they occur, including by failing to inform the Bank in a timely manner they knew of the practices;

(d) will sanction a firm or an individual at any time, in accordance with prevailing Bank’s sanctions procedures[8], including by publicly declaring such firm or an ineligible, either indefinitely or for a stated period of time: (i) to be awarded a Bank-financed contract, and (ii) to be a nominated[9] sub-consultant, supplier, or service provider of an otherwise eligible firm being awarded a Bank-financed contract.

---

[8] A firm or an individual may be declared ineligible to be awarded a Bank-financed contract upon (i) completion of the Bank’s sanctions proceedings as per its sanctions procedures, including inter alia: cross-debarment as agreed with other International Financial Institutions, including Multilateral Development Banks, and through the application of the World Bank Group corporate administrative procurement sanctions procedures for fraud and corruption; and (ii) as a result of temporary suspension or early temporary suspension in connection with an ongoing sanctions proceedings. See footnote 12 and paragraph 8 of Appendix 1 of these Guidelines.

[9] A nominated sub-consultant, supplier, or service provider is one which has been either (i) included by the consultant in its proposal because it brings specific and critical experience and know-how that are accounted for in the technical evaluation of the consultant’s proposal for the particular services; or (ii) appointed by the Borrower.

Section 7. Terms of Reference

7.1 Background

i. The Government of India along with State and Local Governments is implementing several flagship Urban Missions for improving various aspects of urban development in Indian cities. An underlying goal of these initiatives is to make Indian cities more ‘Liveable’. This will mean not only providing good quality core infrastructure and services, but also developing cities with ample opportunities for work, entertainment and cultural activities, improved social infrastructure and economic opportunity;

ii. In order to do this through a structured approach it is important to create a common minimum framework, which cities can use to assess their ‘Liveability’ and measure their progress over time. In this context, the Ministry of Urban Development has developed a set of ‘Liveability Standards in Cities’. These will act as a guiding framework for cities to chart their pathway towards liveability and result in a systematic improvement in the quality of life of citizens in Indian cities. The ‘Liveability Standards in Cities’ document can be downloaded from http://smartcities.gov.in/content/innerpage/otherstoolkit.php;

iii. A total of 79 Liveability Standards are proposed across 15 different categories. The Ministry proposes to conduct an ‘Annual Assessment of Liveability Standards in Cities’ and develop a ‘City Liveability Index’. This is an ambitious national project requiring yearly compilation of a large number of datasets across the various Liveability Standards;

iv. A total of 116 cities will be covered in Year 1 (list of cities for Year 1 is provided at Annexure XX), and the coverage of cities may be extended in subsequent years. The following classification of cities will be used for the purpose of the study

Classification*		**Population range**
1	Small Towns	Less than 50,000 population
2	Medium Towns	Population ≥ 50,000 < 5 lakh
3	Large Towns	Population ≥ 5 lakh < 1 million
4	Metropolitan Cities	Population ≥ 1 million < 5 million
5	Megapolis	Population ≥ 5 million

* *Based on the Classification given in the URDPFI guidelines, 2014*

v. Given the magnitude of data collection and field surveys required, the National Institute of Urban Affairs (an autonomous body under Ministry of Urban Development) wishes to engage the services of a reputed national/international agency/institution for **Assessment of Liveability Standards** (the **'Assignment'**) across all cities included in the study. This will cover all relevant data required by the NIUA for computing the 79 Liveability Standards. The data generated from the assignment will be used by the NIUA for calculating the City Liveability Index of cities on an annual basis;

vi. The contract will initially be valid for activities in Year 1 (as defined in Clause 7.5), and may be extended for a further period of 2 years upon successful completion of activities in Year 1, at the discretion of the NIUA;

vii. Remuneration paid in local currency pursuant to the rates submitted in Form Fin-2 shall be adjusted every 12 months (and, for the first time, with effect for the remuneration earned in the 13th calendar month after the date of the Contract) by applying the following formula:

$$R_i = R_0 \text{ x } (I_i/I_0)$$

Where R_i is the adjusted remuneration, R_0 is the remuneration payable on the basis of the rates set forth in Form Fin-2 for remuneration payable in local currency in the first year. Similarly, R_0 and will be considered as the remuneration for the second year for calculation of the adjusted remuneration for the third year. I_i is the CPI (Urban) for Delhi as published by the Director General / Central Statistical Office, Ministry of Statistics and Programme Implementation, Government of India, for the month in which the adjustment is to have effect and I_0 is the CPI (Urban) for Delhi as published by the authority named above for the month of the date of the contract.

7.2 Objective of the Assignment

i. Compile reliable and high quality data for all cities included in the study, as required by the NIUA for the computation of Liveability Indexes and as prescribed in the 'Liveability Standards in Cities' document;

ii. Develop a robust electronic database of datasets that can be used to assess the progress of cities on an annual basis.

7.3 Description of Tasks

The Tasks to be performed and key activities under the assignment will include:

Initiation Activities

i. Conduct a Reconnaissance Study of all cities included in the project (as per Annexure X). The study shall inter-alia include:

   a. City-level kick-off meetings with key officials from City governments, Smart City SPVs, various departments and utilities, DISCOMs etc. for assessing data availability and alternate sources, preferred timelines, key nodal officers etc.;

   b. Study of city demography, socio-economic stratification and geography that has a bearing on sample size and distribution;

   c. Study of existing reports, studies, alternative data sources etc.;

ii. Prepare and submit to the NIUA, an Inception Report, including inter-alia the following:

   a. Detailed Plan of Action including likely sources of data, proposed field surveys, sample size and distribution, nodal officers etc. for each city as discussed and finalized with NIUA;

   b. Proposed timelines for city field visits as discussed and finalized with NIUA and State/City governments;

   c. Specific survey and raw data collection formats for the 79 standards as finalized in discussion with NIUA;

iii. Convey the finalized schedule and Plan of Action to cities allowing them to mobilise support for the activities. A Minimum of 15 days of preparation period must be given to cities before data collection and surveys;

Data Collection and Field Surveys

iv. Mobilize Field Teams (with adequate and qualified manpower as indicated in Clause 7.6) for obtaining data required for all 79 Standards;

v. Collect data for all indicators based on the methodology finalized in discussion with the NIUA. It may be noted that broad guidance (indicator-wise) on data collection methods, likely sources of secondary data, and standards for sampling size and regimen to be followed for physical surveys is given in "Methodology for Collection and Computation of Liveability Standards in Cities", which may be downloaded from http://smartcities.gov.in/content/innerpage/otherstoolkit.php. Where data is not

available from the sources indicated in the document, alternate methodology will be suggested by the agency and finalized in discussion with NIUA at the time of preparation of city inception reports.

vi. Maintain and submit all raw data and data collection forms to NIUA without any editing and/or masking (including particulars such as names of respondents, exact address and contact details, date and time of survey, and GPS coordinates in case of samples taken for pollution etc.);

vii. Conduct analysis of the raw data through the Analytics Team (with adequate and qualified manpower as indicated in Clause 7.6) and prepare aggregate data sets for all 79 standards for each of the cities;

viii. The authenticity of data shall be ensured through visual backup like photographs etc and using geo-tagging technology through hand held devices.

ix. The team at the National level will also conduct audit of the results.

x. Submit Draft City Assessment Report to the NIUA (separate for each city), including inter-alia the following:
    a. Database of aggregate data in the format discussed and finalized with NIUA;
    b. All raw data and data sheets (digital format);
    c. Sources of data, assumptions (if any), record of discussions with key stakeholders, minutes of city kickoff meeting and other relevant documentation;

xi. Submit Final City Assessment Report to the NIUA after including any recommendations of the NIUA and after suitably incorporating any valid feedback received from cities/states with the approval of the NIUA;

xii. Develop and maintain a digital database of all data sets collected every year for each city. The format should be finalized in consultation with the NIUA and enable examination of raw data as well as aggregated numbers on a year-on-year basis;

Other support activities

xiii. Provide support in organizing national/regional workshops that maybe organized as part of this exercise by MoUD/NIUA.

xiv. Provide all necessary support to the NIUA or other reputed third-party agency(ies) appointed by the NIUA for undertaking verification of the data;

xv. Provide any technical support as required by the NIUA or its assigned team during the development of scoring sheets and city indexes for the various Standards;

xvi. Conduct a National workshop (1-day) on behalf of NIUA for disseminating the findings of the Ministry. Costs for the workshop must be included in the proposal.

7.4 Results to be achieved

The Assignment will result in the creation of a robust database (updated annually) of critical datasets across 79 different Liveability parameters in Indian Cities. This will form the basis for the NIUA to compute an annual City Liveability Index of cities. This can also act as a repository of critical data for encouraging research on cities in India.

7.5 Timelines and Deliverables for Year 1*

Report	Time line	Documents	Deliverables and Contents
Inception Report	1 months from start date as per contract	Hard copies, and Electronic version	Including: a. Detailed Plan of Action including likely sources of data, proposed field surveys, sample size and distribution, nodal officers etc. for each city as discussed and finalized with NIUA; b. Proposed timelines for city field visits as discussed and finalized with NIUA and State/City governments; c. Specific survey and raw data collection formats for the 78 standards as finalized in discussion with NIUA; d. Details of technology to be used for data collection

Report	Time line	Documents	Deliverables and Contents
			geo-tagging through hand-held devices etc. The inception report must clearly describe data sets targeted to be geo tagged along with a Standard Operating procedure to be used by Surveyors to geo-tag data using Mobile apps e.g., Bhuvan-PMAY app (used in MGNREGA)
Draft City Assessment Report	4 Months from start date as per contract	Hard Copies, and Electronic version	Separate for each city, including: a. Database of aggregate data and calculation for all 79 indicators in a format as discussed and finalized with NIUA; b. All raw data and data sheets (digital format); c. Sources of data, assumptions (if any), record of discussions with key stakeholders, minutes of city kick-off meeting and other relevant documentation;
Final City Assessment Report	5 months from start date as per contract	Hard Copies, and Electronic version	Separate report for each city. The Reports should include all recommendations of the NIUA on the Draft Reports. The Report should also incorporate any valid suggestions/feedback received from cities/states with the approval of the NIUA.

***** Timelines for subsequent years will be as decided by NIUA.

7.6 Team Composition and Qualification Requirement for key Experts

The assignment is to be undertaken by a full-time Team Leader supported by a Core team of experts and an Analytics Team. Actual data collection and field surveys will be done through city-level Field Teams.

i. **Core Team (full-time):** Given that the assignment requires a deep understanding of the urban sector, as well as of economics, statistics and field studies, the Team Leader and the Core Team of experts must have suitable skills for undertaking the assignment and successfully completing the tasks enumerated. The Team Leader should bring to the table a strong mix of academic accomplishments, urban sector experience and experience of leading similar national/international assignments.

ii. **Analytics Team (full-time):** should be manned with experts capable of analysing large data sets, checking and correcting for errors and inconsistencies, development

and management of digital databases and preparation of reports. The team should therefore include adequate number of IT specialist(s), database management/ MIS expert(s), urban economics/planning specialists for data analysis and verification.

iii. **Field Teams per city:** should be manned with adequate number of persons (depending upon city size, stratification and geography) capable of conducting field surveys and extracting credible secondary data from various city/state departments and utilities. Each team should therefore include adequate number of qualified urban professionals having expertise in different domains as indicated in this TOR and accredited with or belonging to inspection bodies (such Bureau Vertitas (India) Pvt. Ltd., TUV SUD South Asia Pvt. Ltd . or equivalent in status and repute) having extensive experience in doing such king of surveys and assessments.

7.6.1 Core Team (CV to be evaluated)

Position	Minimum Qualifications & skills	Minimum Experience

(x) "Third Party" means any person or entity other than the Government, the Client, the Consultant or a Sub-consultant.
2. Relationship between the Parties	2.1. Nothing contained herein shall be construed as establishing a relationship of master and servant or of principal and agent as between the Client and the Consultant. The Consultant, subject to this Contract, has complete charge of the Experts and Sub-consultants, if any, performing the Services and shall be fully responsible for the Services performed by them or on their behalf

	hereunder.
3. Law Governing Contract	3.1. This Contract, its meaning and interpretation, and the relation between the Parties shall be governed by the Applicable Law.
4. Language	4.1. This Contract has been executed in the language specified in the **SCC**, which shall be the binding and controlling language for all matters relating to the meaning or interpretation of this Contract.
5. Headings	5.1. The headings shall not limit, alter or affect the meaning of this Contract.
6. Communications	6.1. Any communication required or permitted to be given or made pursuant to this Contract shall be in writing in the language specified in Clause GCC 4. Any such notice, request or consent shall be deemed to have been given or made when delivered in person to an authorized representative of the Party to whom the communication is addressed, or when sent to such Party at the address specified in the **SCC**. 6.2. A Party may change its address for notice hereunder by giving the other Party any communication of such change to the address specified in the **SCC**.
7. Location	7.1. The Services shall be performed at such locations as are specified in **Appendix A** hereto and, where the location of a particular task is not so specified, at such locations, whether in the Government's country or elsewhere, as the Client may approve.
8. Authority of Member in Charge	8.1. In case the Consultant is a Joint Venture, the members hereby authorize the member specified in the **SCC** to act on their behalf in exercising all the Consultant's rights and obligations towards the Client under this Contract, including without limitation the receiving of instructions and payments from the Client.
9. Authorized Representatives	9.1. Any action required or permitted to be taken, and any document required or permitted to be executed under this Contract by the Client or the Consultant may be taken or executed by the officials specified in the **SCC.**
10. Corrupt and Fraudulent Practices	10.1. The Bank requires compliance with its policy in regard to corrupt and fraudulent practices as set forth in **Attachment 1** to the GCC.
a. Commissions and Fees	10.2. The Client requires the Consultant to disclose any commissions, gratuities or fees that may have been paid or are to be paid to agents or any other party with respect to the selection process or execution of the Contract. The information disclosed must

	include at least the name and address of the agent or other party, the amount and currency, and the purpose of the commission, gratuity or fee. Failure to disclose such commissions, gratuities or fees may result in termination of the Contract and/or sanctions by the Bank.

B. COMMENCEMENT, COMPLETION, MODIFICATION AND TERMINATION OF CONTRACT

11. Effectiveness of Contract	11.1. This Contract shall come into force and effect on the date (the “Effective Date”) of the Client’s notice to the Consultant instructing the Consultant to begin carrying out the Services. This notice shall confirm that the effectiveness conditions, if any, listed in the **SCC** have been met.
12. Termination of Contract for Failure to Become Effective	12.1. If this Contract has not become effective within such time period after the date of Contract signature as specified in the **SCC**, either Party may, by not less than twenty two (22) days written notice to the other Party, declare this Contract to be null and void, and in the event of such a declaration by either Party, neither Party shall have any claim against the other Party with respect hereto.
13. Commencement of Services	13.1. The Consultant shall confirm availability of Key Experts and begin carrying out the Services not later than the number of days after the Effective Date specified in the **SCC**.
14. Expiration of Contract	14.1. Unless terminated earlier pursuant to Clause GCC 19 hereof, this Contract shall expire at the end of such time period after the Effective Date as specified in the **SCC**.
15. Entire Agreement	15.1. This Contract contains all covenants, stipulations and provisions agreed by the Parties. No agent or representative of either Party has authority to make, and the Parties shall not be bound by or be liable for, any statement, representation, promise or agreement not set forth herein.
16. Modifications or Variations	16.1. Any modification or variation of the terms and conditions of this Contract, including any modification or variation of the scope of the Services, may only be made by written agreement between the Parties. However, each Party shall give due consideration to any proposals for modification or variation made by the other Party. 16.2. In cases of substantial modifications or variations, the prior written consent of the Bank is required.
17. Force Majeure	
a. Definition	17.1. For the purposes of this Contract, “Force Majeure” means an event which is beyond the reasonable control of a Party, is not

	foreseeable, is unavoidable, and makes a Party's performance of its obligations hereunder impossible or so impractical as reasonably to be considered impossible under the circumstances, and subject to those requirements, includes, but is not limited to, war, riots, civil disorder, earthquake, fire, explosion, storm, flood or other adverse weather conditions, strikes, lockouts or other industrial action confiscation or any other action by Government agencies. 17.2. Force Majeure shall not include (i) any event which is caused by the negligence or intentional action of a Party or such Party's Experts, Sub-consultants or agents or employees, nor (ii) any event which a diligent Party could reasonably have been expected to both take into account at the time of the conclusion of this Contract, and avoid or overcome in the carrying out of its obligations hereunder. 17.3. Force Majeure shall not include insufficiency of funds or failure to make any payment required hereunder.
b. No Breach of Contract	17.4. The failure of a Party to fulfill any of its obligations hereunder shall not be considered to be a breach of, or default under, this Contract insofar as such inability arises from an event of Force Majeure, provided that the Party affected by such an event has taken all reasonable precautions, due care and reasonable alternative measures, all with the objective of carrying out the terms and conditions of this Contract.
c. Measures to be Taken	17.5. A Party affected by an event of Force Majeure shall continue to perform its obligations under the Contract as far as is reasonably practical, and shall take all reasonable measures to minimize the consequences of any event of Force Majeure. 17.6. A Party affected by an event of Force Majeure shall notify the other Party of such event as soon as possible, and in any case not later than fourteen (14) calendar days following the occurrence of such event, providing evidence of the nature and cause of such event, and shall similarly give written notice of the restoration of normal conditions as soon as possible. 17.7. Any period within which a Party shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a result of Force Majeure. 17.8. During the period of their inability to perform the Services as a result of an event of Force Majeure, the Consultant, upon instructions by the Client, shall either:
